Art: Level 1

GRADE(S): 1+

About the Course

Skills Focus: Students learn “to see correctly, to set down truthfully and freely the facts seen, and to store the mind with definite mental images for future reference” (Glass 13). Draw using large arm movements- differentiating between writing and drawing skills. Be introduced to silhouettes and observational drawing. Begin understanding the medium of soft pastels. Learn foundational concepts in painting such as proper brush etiquette, drawing with a brush through simple brush forms, and controlling watercolor. Students will also learn basic color theory skills such as color mixing. Skills covered are foundational to all preceding visual art skills.

Placement & Combining Tips

If students are in Grade 5 and below and have not had formal art lessons, they should begin with Level 1. However, those with prior art knowledge can take the Level 1-3 fast-track lessons and then continue with Level 4.

Scheduling

Planning & Prep

Permission to print for non-commercial use. See Alveary group use policy to use lessons in a group context.

LINKS: Click text or scan the QR code in the top corner of the lesson plan pages to view online resources associated with the lessons.

Responsibility for previewing all links rests with the teacher. All links were checked at the time of publication; however, websites change frequently and may contain objectionable content. Please report broken links by contacting us through our website.

Art: Level 1
☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33 to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for Levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in Levels 4-8.

©2026 Charlotte Mason Institute® All rights reserved.

☐ Print online images as you need them for lessons. It is very important that students work from printed photos in books or magazines (or printed from the internet), rather than from a device. Computers, iPads, etc., are lightboxes whose illumination affects the way an object is seen. This illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo, it needs to be printed, and they should not work from a screen.

☐ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or on a large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

☐ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.
• Level 1 Palette: Prussian Blue, Hansa Yellow, and Quinacridone Pink

☐ Preview lesson plans to know if you will need a special supply for an upcoming lesson and organize supplies for easy lesson setup. Replenish supplies as needed.

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

Term 1

WEEK 1

20m Art: Level 1 - Lesson 1

Drawing: Introduction

Materials: Drawing, Design, and Craft-Work, white chalk, chalkboard, pencil, and scrap paper (a small piece is fine)

PREP: Read “Introduction” Drawing, Design, and Craft-Work p.1-12 (to “for the sake of its freedom”). View the tutorial and learn some basics to share with students.

Paint or hang a chalkboard on the wall, or lean it against an easel. At the very least, prop the chalkboard in your student's lap, and lean it against the table so that they are working in an upright position as opposed to having their arm anchored on the table. Make sure students are sitting up and not leaning on the board.

If you need help understanding what it means to draw from your shoulder, watch this.
∞ Video Link: Drawing From Your Wrist and Shoulder (Start watching at 4:00 if showing directly to students.)

→ WARM UP
Allow students three to four minutes to draw with the chalk freely, i.e., "free draw." This will begin the habit of warming up at the chalkboard before drawing, even in later levels. Start strong to end strong.

→ INTRO
During our art lessons, we are going to learn how to draw like real artists.

→ PRACTICE
- Ask the student to write his/her name on the scrap paper with the pencil as they normally would.
- Notice the pencil grip, the size of the letters, and what parts of the arm/hand move (mostly hand and wrist).
- Discuss your observations.
- Have the student write his/her name on the upright chalkboard.
- Notice and discuss the differences between the two.
- Which parts of the arm moved then? (whole arm) Model if necessary.
- Tell the students that this is how we are going to draw most of the time: moving the whole arm from the shoulder.
- Allow students to explore the use of the chalk again. Suggest different kinds of marks, i.e., thick marks (chalk on its side), thin marks (on its tip), heavy, light, etc.
- The student may draw or write any words, pictures, or designs desired on the chalkboard for the rest of the lesson time.
- Make sure to remind them to use their shoulder muscles to draw with and not their wrists or elbows.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Teachers, allow students the margin to free draw and explore the medium. Observe how they move their arm while drawing and reinforce moving from the shoulder as opposed to the fingers, wrist, or elbow. Remind students that they have more ability and freedom of movement from their shoulders.

• OCCUPATIONS
Spend time in the afternoon drawing on the chalkboard with white chalk.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 1

WEEK 1

20m Art: Level 1 - Lesson 2

Drawing: Circles

Materials: White chalk, chalkboard

PREP: Watch Video
∞ Video Link: Drawing Circles Art L1 L2

Remember that this video is here to help with understanding what it means to draw from your shoulder.
∞ Video Link: Drawing From Your Wrist and Shoulder

→ RECAP
Ask students to recall what they learned in the last drawing lesson. What part of our body do we focus energy on when drawing? (shoulder)

→ WARM UP
Give students about a one-inch piece of chalk to draw with, and allow them to draw whatever they choose for three or four minutes.

→ PRACTICE
- Have students stand up, stretch out their dominant arm/hand, and draw a circle in the air. What is the smallest circle you can draw? What is the largest circle? (Focus on the shoulder moving as opposed to the wrist or elbow, but don't fixate. Continuing to practice will help this to come more naturally, but will not be perfect in the beginning.)
- Find a medium-sized circle where your arm moves from the top of your head to about your belly button.
- Practice drawing this circle in the air, moving your arm clockwise and then counter-clockwise.
- Draw different-sized circles on the chalkboard using the same process as in the air.
- Model the circles in both directions.
- Have the student practice drawing this circle several times, going in both directions.
- What can you make out of the circles that you have drawn? Snowmen, donuts, wheels, baseballs, etc.?
- Allow students the margin to free draw and explore the medium and new skills for the rest of the lesson time.
- Is there anything in your classroom that has circles? If so, try to draw it.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Teachers, allow students the margin to free draw and explore the medium and new skills. Practice identifying art skills "by the way." Look for things on your nature walk that have a circular shape. Draw them in your nature notebook.
Read Article
∞ **Article Link:** Circles in Nature

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 1

WEEK 2

20m Art: Level 1 - Lesson 3

Drawing: Spirals

Materials: White chalk, chalkboard

→ WARM UP

Practice your large, small, and medium circles in the air in both directions and on the board for three or four minutes. Make sure the same large shoulder muscles are used to draw all sizes of circles.

→ INTRO

Today, we are going to draw a design that starts like a small circle, but then it grows into a big circle. This shape is called a "spiral."
Watch Video
∞ Video Link: Drawing Spiral L1 L3

→ PRACTICE

- Model drawing a spiral in the air in both directions with the student following along.
- Model drawing the spiral shape on the board with the chalk on its side. Do this in both directions.
- Have students do the same thing with the chalk on its side.
- What can you turn your spiral shapes into? A fan, a flower, etc.?
- Allow students the margin to free draw and explore the medium and new skills for the rest of the lesson time.
- Is there anything in the room that is a spiral shape? If so, try to draw it.

→ DISCUSS

What was noticed or discovered?

• OBSERVE & DISCUSS

Practice identifying art skills. Look for things on your nature walk that have a spiral shape to collect/draw in your nature notebook. Does the spiral stay the same width all the way around, or does it start tiny in the middle and then get fatter?

WEEK 2

20m Art: Level 1 - Lesson 4

Drawing: Mass Drawing Squares & Triangles

Materials: Drawing, Design, and Craft-Work, white chalk, and chalkboard

PREP: Read "Mass Drawing" and "Mass Drawing and Silhouette" Drawing, Design, and Craft-Work p.39-40, 42-43
∞ Video Link: Mass Drawing Versus Outline Drawing L1 L4

→ WARM UP

Practice drawing spirals on your chalkboard in both directions using large shoulder movements for three to four minutes.

→ INTRO

Today, we are going to draw squares first, and then triangles with our chalk on its side. This is called a "mass" drawing or "silhouette."
Watch the video together.
∞ Video Link: Mass Drawing Squares L1 L4

• OBSERVE & DISCUSS

Practice identifying art skills. Look for squares and triangles in nature.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

→ PRACTICE
- Teach students how to turn their chalk on its side and do a mass drawing.
- Draw a square in the air in all directions using large shoulder movements.
- Model drawing squares of different sizes on the board.
- What can you turn your squares into?
- Mention that squares have four equal, straight sides and four 90-degree angles.
- Repeat the same process with triangles.
- What can you turn a triangle into?
- Allow students the margin to free draw and explore the medium and new skills for the rest of the lesson time.

→ DISCUSS
What was noticed or discovered?

WEEK 3

20m Art: Level 1 - Lesson 5
Cityscapes

> Materials: White chalk, chalkboard, towels to protect lap, pastels, Art Book, fixative, and pictures of cityscapes

PREP: If you are unfamiliar with soft pastels, watch the tutorial.
∞ Video Link: Tutorial: Pastel Basics #1 L1 L5

→ WARM UP
Practice drawing strokes and shapes on the chalkboard using both the tip and the sides of the chalk for three or four minutes.

→ VIEW & DISCUSS
∞ Link: Cityscape Examples
- Observe and discuss the cityscape examples, pointing out circles, squares, triangles, and spirals (if there are any).
- What other shapes do you see?

∞ Image Link: Paul Klee's Castle and Sun (1928)
- What shapes do you see?

→ VIEW & PRACTICE
∞ Video Link: Cityscapes L1 L5 (This is an example, not to be copied exactly.)
- Give students their Art Books and pastels.
- Students should place towels over their laps, prop their Art Books in their laps, and lean them against the table.
- Have them draw their own cityscapes using circles, squares, triangles, and spirals.
- Remind students to draw the way they have been practicing on the chalkboard, using the pastel on its side to create mass drawings. (They can turn the pastel to use the tip for details like windows and doors.)
- Remind students to draw from their shoulders.

• OBSERVE & DISCUSS
Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

→ DISCUSS
Tell what was noticed or discovered.

WEEK 3

20m Art: Level 1 - Lesson 6
Drawing: Trilliums

Materials: Drawing, Design, and Craft-Work, white chalk, and chalkboard

PREP: View the tutorial to learn how to teach students to draw a trillium.
∞ Video Link: Tutorial: Trilliums L1 L6

→ WARM UP
Draw with big arm muscles on the board. Draw silhouettes of triangles of various sizes.

→ INTRO
Today, we are going to draw a shape that is like a triangle but has curved lines that intersect before coming to a point. This shape is called a "trillium." (Trilliums are difficult to do as a mass drawing, but do keep the chalk on its side while drawing. Next, try it with the point of the chalk.)

→ STUDY, NARRATE, & DISCUSS
"Plate 1" Drawing, Design, and Craft-Work p.11

→ PRACTICE
- Have students draw a trillium in the air.
- Model drawing trilliums of various sizes on the board. Make three dots in a triangular shape. Draw a line that arches in towards the center from dot to dot as seen in the teacher prep video.
- Have students trace your trillium first with their finger and then with the chalk.
- Allow students time to practice doing trilliums on the board.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Practice identifying art skills. Look for triangles on your nature walk. Look for triangles around the classroom. Draw what you see.

WEEK 4

20m Art: Level 1 - Lesson 7
Drawing: Trilliums

Materials: Pastels, towels to protect lap, fixative, and Art Book

→ WARM UP
Draw with big arm muscles on the board. Draw silhouettes of triangles of various sizes.

→ INTRO
Today, we are going to turn trilliums into lilies. Look at the trillium and lily examples and discuss where you see trillium shapes.
∞ Link: Trilliums & Lilies

• OBSERVE & DISCUSS
Practice identifying art skills. Look for trilliums on your nature walk in other flowers you come across. Look for trilliums around the classroom. Draw what you see.

• OCCUPATIONS
Encourage your students to draw lilies using trilliums to give away as gifts to loved ones or to decorate the classroom.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

∞ Link: Trillium Flowers

→ VIEW & PRACTICE
- Watch the tutorial video together. This is an example, not to be copied exactly.

∞ Video Link: Drawing Trilliums L1 L7
- Have students draw a trillium in the air.
- Model turning a trillium shape into a lily for your students.
- Have students turn trillium shapes into lilies in their Art Books using pastels.
- Allow students to decorate the background, add leaves, and change colors as they see fit.
- Add trillium flowers to your pictures if you would like.

→ DISCUSS
What was noticed or discovered?

WEEK 4

20m Art: Level 1 - Lesson 8

Drawing: Free Arm Exercises in Chalk

> Materials: Drawing, Design, and Craft-Work, white chalk, chalkboard, and classroom objects

PREP: Read “Chalk Drawing” p.10-12.

→ NOTE
This drawing lesson will take two class times. Allow students to draw objects from the plate on p.11. Find similar objects from around your classroom to have students draw. Remember, this is like penmanship—the more students practice observing, seeing, and building those muscles, the stronger they will become.

→ RECAP
Recall what muscles should be used for drawing. (shoulder)

→ WARM UP
Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ STUDY, NARRATE, & DISCUSS
Choose an object to begin with. It can be any of them.
“Plate 1” p.11

→ PRACTICE
- Have students draw the overall shape of that object in the air (similar to how they practiced in the last lesson).
- Students should then draw the same object on the board as a silhouette, carefully and with great thought, as in crafting a letter in penmanship.
- Repeat with other objects for the remainder of the lesson.
- Be careful to make sure that students are not rushing through the figures, but working carefully.

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook? Refer to the Nature Notebook course for more information. Try drawing more objects from “Plate 1” on the chalkboard.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 1

→ DISCUSS
What was noticed or discovered?

WEEK 5

20m Art: Level 1 - Lesson 9

Drawing: Free Arm Exercises in Chalk

Materials: Drawing, Design, and Craft-Work, pastels, Art Book, towels, and fixative

→ RECAP
Recall what muscles should be used for drawing (shoulder) and the objects you drew in the last lesson.

→ WARM UP
Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ STUDY, NARRATE, & DISCUSS
Choose a new object to focus on.
"Plate 1" p.11

→ PRACTICE
- Have students draw the overall shape of that object in the air.
- Students should then draw the same object in their Art Books as a silhouette, carefully and with great thought, as in crafting a letter in penmanship.
- Have students look around the classroom to find a similar object.
- Students should then practice drawing that object from life in their Art Books.

→ NOTE
These lessons are challenging for Level 1 students. They are learning new skills, working new muscles, and building new habits. Encourage them not to give up, but to persevere. Modeling drawing alongside your students will encourage them greatly.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook? Refer to the Nature Notebook course for more information.

• OCCUPATIONS
Try finding more objects similar to "Plate 1" and drawing them from life on the chalkboard.

WEEK 5

20m Art: Level 1 - Lesson 10

Drawing: Still Life

Materials: White chalk, chalkboard, and simple objects for still life (think soup can, ball, tissue box, book, etc.)

PREP: Watch Setting Up a Still Life L1 L10
∞ Video Link: Setting Up a Still Life L1 L10 & L5 L26

→ RECAP
Recall what muscles should be used for drawing. (shoulder)

• OBSERVE & DISCUSS
Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 1

→ WARM UP
Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ STUDY, NARRATE, & DISCUSS
∞ Link: Still Life with a Parrot by Frida Kahlo
∞ Link: Still Life with a Coffee Pot by Vincent van Gogh
∞ Link: Still Life in Pastel Student Examples

→ PRACTICE
- Set up a still life from the everyday objects you have drawn each week or new ones you have chosen.
- Have students draw the still life on the board with chalk.
- Remember mass drawing.
- Tell students this is their practice drawing, and next lesson, they will begin a project.

→ DISCUSS
What was noticed or discovered?

WEEK 6

20m Art: Level 1 - Lesson 11

Drawing: Still Life

Materials: 12" x 18" construction paper, pastels, and simple objects for still life

→ RECAP
Recall what muscles should be used for drawing (shoulder) and the still life you drew last week.

→ WARM UP
Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ NOTE
You will need to set the still life up in an area where it can stay for a while for students to work from. This will span lessons 11-13. Encourage students to take their time and fill in the background as well.

→ STUDY, NARRATE, & DISCUSS
∞ Link: Still Life with a Parrot by Frida Kahlo
∞ Link: Still Life with a Coffee Pot by Vincent van Gogh
∞ Link: Still Life in Pastel Student Examples

→ PRACTICE
- Set up a still life. This will need to be observed over the next few lessons, so make sure it can be undisturbed. Consider setting it up on a cookie sheet or board so it can be moved to a safe place.
- Have students draw the overall shapes of the objects in the air.
- Students should then draw the still life objects on their papers, carefully

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook?

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

and with great thought, as in crafting a letter in penmanship.
• Have students fill in their objects and add any details they want to add for interest.

→ DISCUSS
What was noticed or discovered?

WEEK 6

20m Art: Level 1 - Lesson 12
Drawing: Still Life Continued

> Materials: still life project from last lesson, pastels, and simple objects for still life, and 12" x 18" construction paper, smaller pieces of construction paper and/or scraps if needed

→ RECAP
Recall what muscles should be used for drawing (shoulder) and the still life you drew last week.

→ WARM UP
Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ NOTE
Encourage your students to work carefully and diligently. If they go quickly through this project, you can have them do it again, but differently. Give them a new piece of large construction paper, along with a few smaller pieces, a pair of scissors, and some glue. Have them cut the objects out of the smaller pieces of paper and glue them onto the large piece as the still life. Use the pastels to add details to the objects. This will span lessons 11-13. Encourage students to take their time and fill in the background as well.

→ STUDY, NARRATE, & DISCUSS
∞ Link: Still Life with a Parrot by Frida Kahlo
∞ Link: Still Life with a Coffee Pot by Vincent van Gogh
∞ Link: Still Life in Pastel Student Examples

→ PRACTICE
• Continue working on your still life project.
• Students should draw the still life objects on their papers, carefully and with great thought, as in crafting a letter in penmanship.
• Have students fill in their objects and add any details they want to add for interest.

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 1

WEEK 7

20m Art: Level 1 - Lesson 13

Drawing: Still Life Continued

Materials: still life project from last lesson, pastels, and simple objects for still life, and 12" x 18" construction paper, smaller pieces of construction paper and/or scraps if needed

→ RECAP

Recall what muscles should be used for drawing (shoulder) and the still life you drew last week.

→ WARM UP

Draw with big arm muscles on the board for three minutes. Do mass drawings of squares, circles, triangles, spirals, and trilliums.

→ NOTE

Encourage your students to work carefully and diligently. If they go quickly through this project, you can have them do it again, but differently. Give them a new piece of large construction paper along with a few smaller pieces, a pair of scissors, and some glue. Have them cut the objects out of the smaller pieces of paper and glue them onto the large piece as the still life. Use the pastels to add details to the objects. This will span lessons 11-13. Encourage students to take their time and fill in the background as well.

→ STUDY, NARRATE, & DISCUSS

∞ Link: Still Life with a Parrot by Frida Kahlo
∞ Link: Still Life with a Coffee Pot by Vincent van Gogh

→ PRACTICE

- Finish working on your still life project.
- Students should draw the still life objects on their papers, carefully and with great thought, as in crafting a letter in penmanship.
- Have students fill in their objects and add any details they want to add for interest.

→ DISCUSS

What was noticed or discovered?

• OBSERVE & DISCUSS

Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook?

WEEK 7

20m Art: Level 1 - Lesson 14

Drawing: Leaf

Materials: Drawing, Design, and Craft-Work, fresh, green leaves, chalk, and chalkboard

PREP: You may want to refresh on mass drawings and silhouettes. "Mass Drawings" and "Silhouettes" Drawing, Design, and Craft-Work p.39-40, 42-43.

→ NOTE

Gather fresh, green leaves for drawing. You will need to gather new leaves

• OBSERVE & DISCUSS

Practice identifying art skills. Notice and discuss objects on your nature walk. How would you draw them in your notebook?

• OCCUPATIONS

Try finding more objects similar to "Plate 1" and drawing them from life on the chalkboard.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

each time this assignment is given, so that students are not working from dry and crumbly leaves.

→ RECAP
Remind students how to draw with a short piece of chalk on its side (mass drawings).

→ WARM UP
Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
A single leaf (student's choice)
- Elements are what artists use to create artwork. The elements of art are: line, shape, form, space, color, value, and texture.
- Pick out a leaf.
- Think about the shapes you see in the leaf- circle, square, rectangle, triangle, trapezoid, hexagon, etc.
- Describe the lines–zig-zag, curvy, jagged, wavy, smooth, straight, etc.

→ PRACTICE
- Have students draw the overall shape of the leaf in the air.
- Have students draw the leaf from observation on the chalkboard.

WEEK 8

20m Art: Level 1 - Lesson 15
Observational Drawing: Leaf

Materials: Fresh, green leaves, chalk, chalkboard, pastel, Art Book

PREP: Gather fresh, green leaves for drawing. You will need to gather new leaves each time this assignment is given, so that students are not working from dry and crumbly leaves.

→ RECAP
Remind students how to draw with a short piece of chalk on its side (mass drawings).

→ WARM UP
Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
(Remember that good drawing is an effect of right thinking, so help students think through what they are seeing.)
- What are the elements artists use to create artwork that we discussed in the last lesson? The elements of art are: line, shape, form, space, color, value, and texture.
- Pick out a leaf.
- Think about the shapes you see in the leaf- circle, square, rectangle, triangle, trapezoid, hexagon, etc.

• OBSERVE & DISCUSS
Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

	• Describe the lines–zig-zag, curvy, jagged, wavy, smooth, straight, etc. **→ PRACTICE** • Have students draw the overall shape of the leaf in the air. • Students will draw the leaf from observation in their Art Books with pastel. • Spray the drawing with a fixative upon completion, and let it dry before putting the Art Book away. **→ DISCUSS** Tell what was noticed or discovered.	
WEEK 8	**20m Art: Level 1 - Lesson 16** *Drawing: House Plant* Materials: House plant, chalk, and chalkboard PREP: Gather a house plant for drawing. **→ RECAP** Talk about the elements of art and mass drawing. **→ WARM UP** Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes. **→ STUDY, NARRATE, & DISCUSS** A house plant **→ VIEW & PRACTICE** • Watch the tutorial. ∞ Video Link: Drawing a House Plant on the Chalkboard L1 L16 • Have students draw the overall shape of the plant in the air. Focus on the overall shape. • Have students draw the plant on the board as a silhouette, not as an outline. Do this carefully and with much thought. **→ DISCUSS** What was noticed or discovered?	**• OBSERVE & DISCUSS** Practice identifying art skills. Look at leaves on your nature walks. Discuss how you would draw them in a silhouette. **• OCCUPATIONS** Draw silhouettes of other objects on the board.
WEEK 9	**20m Art: Level 1 - Lesson 17** *Drawing: House Plant* Materials: House plant, chalk, chalkboard, pastels, fixative, and Art Book PREP: Gather some house plants for drawing. **→ RECAP** Talk about the elements of art and mass drawing. **→ WARM UP**	**• OBSERVE & DISCUSS** Practice identifying art skills. Look at animals as you can, and discuss how you would draw them in a silhouette. **• OCCUPATIONS** Draw silhouettes of other objects on the board.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
A house plant

→ VIEW & PRACTICE
• Watch the tutorial.
∞ Video Link: Drawing a House Plant in Art Book L1 L17
• Have students draw the overall shape of the plant in the air. Focus on the overall shape.
• Have students draw the plant in their Art Books as a mass drawing, not as an outline. Do this carefully and with much thought.
• Have students draw the houseplant in their Art Books with pastels, carefully and diligently.
• Spray the drawing with a fixative. Allow it to dry completely before putting the Art Book away.

→ DISCUSS
What was noticed or discovered?

WEEK 9

20m Art: Level 1 - Lesson 18

Drawing: Animals

Materials: Photos of animals, chalk, and chalkboard

PREP: Gather photos of animals for students to work from. Look for photos that only include one animal and not a lot of background. It's very important that students work from printed photos in books, magazines, or even printed from the internet, as opposed to working from technology. Computers, iPads, phones, etc., are lightboxes and affect the way an object is seen due to the illumination. This is not controllable and will lead to confusion and frustration.

→ RECAP
Remind students how to draw with a short piece of chalk on its side (mass, AKA silhouette drawings). Discuss the elements of art (from Lesson 14). Remind students that these are the tools artists use to create artwork.

→ WARM UP
Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
• Watch the tutorial.
∞ Video Link: Observational Drawing of an Animal on the Chalkboard L1 L18
• Let the students choose a photo of an animal. Help students to focus on the mass of the animal and not the details, such as fur, wings, dots, stripes, etc.
• Notice the shapes you see in the animal- circle head, triangle nose, oval eyes, etc.

• OBSERVE & DISCUSS
Practice identifying art skills. Look at animals on your nature walks, and discuss how you would draw them in a silhouette.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

• Describe the lines on the animal.

→ PRACTICE
• Have students trace the animal in the photo with a finger.
• Have students draw the overall shape of the animal in the air.
• Have students draw the animal on the board as a silhouette or mass, not as an outline.
• After getting the mass of the animal correct, students can turn the chalk on its point and add eyes, mouth, and nose if visible in the photo.
• Do this carefully and with much thought. Be sure that students are holding the chalk appropriately when doing this.
• After all of the above are completed as well as possible, add details, such as fur, patterns, textures, etc.

→ DISCUSS
What was noticed or discovered?

WEEK 10

20m Art: Level 1 - Lesson 19

Drawing: Animals

Materials: chalk, chalkboard, photos of animals, Art Book, pastels, and fixative

→ RECAP
Recall mass drawings and elements of art.

→ WARM UP
Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
Study the same photo of an animal used in the last lesson. Help students to focus on the mass of the animal and not the details, such as fur, wings, dots, stripes, etc.

→ VIEW & PRACTICE
• Watch the tutorial.
∞ Video Link: Observational Drawing of an Animal in Art Book L1 L19
• Have students draw the overall shape of the animal in the air.
• Have students draw the animal in their Art Books as a silhouette, not as an outline.
• After getting the mass of the animal correct, students can turn the pastel on its point and add eyes, mouth, and nose if visible in the photo.
• Have students draw more animals as time allows.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Practice identifying art skills. Look at animals as you can, and discuss how you would draw them in a silhouette.

Term 1

WEEK 10

20m Art: Level 1 - Lesson 20

Drawing: Water Lily

Materials: Chalk, chalkboard, and a photo of a water lily

PREP: Find or print a photo of a water lily.

→ RECAP

Discuss all of the things you have drawn this term and how you have drawn them. Try to use vocabulary words like mass drawing and elements of art.

→ WARM UP

Draw circles, squares, triangles, and spirals on the board in various sizes, using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS

∞ Image link: Water Lily Photos

• Look first at the photos of the water lilies. What shapes do you see? What lines?

∞ Image Link: Monet's Water Lilies (scroll to bottom)

• Look at Monet's Water Lily paintings. How are they the same or different from the photos? What do you think about his water lilies?

→ PRACTICE

• Looking at the photo, have students draw the overall shape of the water lily in the air.

• Have students draw the water lily on the board as a silhouette, not as an outline. Do this carefully and with much thought.

• After completing your mass drawing, turn your chalk on its point to create details.

→ VIEW & DISCUSS

What was noticed or discovered?

• OBSERVE & DISCUSS

Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

WEEK 11

20m Art: Level 1 - Lesson 21

Drawing: Water Lily

Materials: Photo of a water lily, chalk, chalkboard, pastels, fixative, and Art Book

PREP: Find or print a photo of a water lily.

∞ Image Link: Monet's Water Lilies (scroll to bottom)

→ RECAP

Remind students how to draw with a short piece of chalk on its side (mass, AKA silhouette drawings).

→ WARM UP

Draw circles, squares, triangles, and spirals on the board in various sizes

• OBSERVE & DISCUSS

Practice identifying art skills. Look at leaves on your nature walks, and discuss how you would draw them in a silhouette.

©2026 Charlotte Mason Institute® All rights reserved.

using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
∞ Image Link: Water Lily Photos
What shapes do you see? What lines?

→ PRACTICE
• Using the same water lily photo from last lesson, have students draw the overall shape of the water lily in the air.
• Have students draw the water lily in their Art Books with pastels. Do this carefully and with much thought.
• After completing your mass drawing, turn your pastels on their points to create details.
• Allow students to add to their drawing a background, leaves, and other details as they decide.

→ VIEW & DISCUSS
What was noticed or discovered?

WEEK 11

20m Art: Level 1 - Lesson 22
Drawing: Catch Up or Drawing of Student's Choice

Materials: Chalk, chalkboard

→ CATCH UP
Use this time to catch up on your art lessons. If you don't need to catch up, feel free to use the lesson below.

→ RECAP
Discuss the elements of art that have been presented and applied: line and shape.

→ WARM UP
Draw circles, squares, triangles, and spirals on the board in various sizes using large shoulder movements for three or four minutes.

→ PRACTICE
• Give your students the freedom to choose for themselves what they would like to draw, either on the chalkboard or in their Art Books.
• Encourage them to apply the skills they have learned.
• Show interest in seeing their completed piece, and ask questions. Listen to your students explain. This is important verbal processing, just as in any subject.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Practice identifying art skills all around you every day.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

20m Art: Level 1 - Lesson 25

Brush Drawing: Introduction

Materials: Watercolor palette prepared with Prussian blue, Hansa yellow, and Quinacridone pink, grid paper, and a spray bottle

PREP: Fill one palette space each with colors Prussian blue, Hansa yellow, and Quinacridone pink, and let them dry for several days. Watch the tutorial video.
∞ Video Link: Teacher Tutorial: Preparing and Cleaning Your Palette

→ NOTE
Wet your watercolors with a spray bottle before talking so that they will have time to soften. This should be done at the very beginning of any use of watercolors.

→ INTRO
We have new art supplies like the ones artists use. They cost a lot of money, and it will be important to learn how to take good care of them so they will last a long time.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Tutorial: Brush Care

→ PRACTICE
- Rinse the gum arabic from new brushes and reshape the tip (directions in brush care link).
- Practice loading the brush and making strokes so that the bristles do not splay.
- Ask about the parts of the brush (weasel hair bristles, ferrule, handle, glue inside) and how it is put together (see brush care link).
- Demonstrate the correct way to clean, dry, and reshape the brush using only water. Let students practice.
- Have students choose a paint color. Demonstrate how to load color on the brush using water and make a stroke with the brush correctly. (Don't splay the bristles.)
- Have students explore using different amounts of water.
- What happens when you have too much? Too little? How can you tell when it is just right?
- Allow students to practice making strokes correctly so that the bristles do not splay. Do this on grid paper. Save this grid paper and use it for the next lesson.

→ CLEAN UP
Allow the student to clean, dry, and store the brush. Leave the palette open to dry.

→ DISCUSS
How to use and care for brushes

★ TEACHER TIP
Encourage and remind students to use the skills and techniques learned in art lessons anytime they paint or do nature study. This will help them develop good habits.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for things with a teardrop shape during nature walks.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

20m Art: Level 1 - Lesson 26

Brush Drawing: Vertical Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

PREP: Read the lesson and preview the plate.
"Elementary Brush-Forms Vertical and Horizontal" Brushwork No.1 Model Lesson
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal
There are four different directions of brush-forms to learn in Hudson's first lesson. We will learn one each lesson:
- top left: up to down
- top right: down to up
- bottom left: left to right
- bottom right: right to left

→ VIEW
Tutorial for a refresher on brush care:
∞ Video Link: Tutorial: Brush Care

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to learn a vertical brush-form with a stroke that goes "up to down." We will only use one color while learning the brush-forms so we can better evaluate our work and see progress. Pick one color today and use it throughout. After four brush drawing lessons, our page will look like the page in the book.
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ VIEW & NARRATE
∞ Video Link: Tutorial: Vertical Brush Forms L1 L26

→ PRACTICE
- Brushwork No.1 Model Lesson: Demonstrate "up to down" brush-form.
- Have students practice until they are making consistent brush-forms.
- Help them to think through the brush-form in the same way that you would in penmanship. Craftsmanship is important.

∞ Image Link: "Elementary Brush-Forms Vertical and Horizontal"

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for things with a teardrop shape during nature walks. Encourage students to think about how a brush-form might be used to create a picture or in their nature journals.

• OCCUPATIONS
Use a different color and make patterns using the same brush-forms.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 2

20m Art: Level 1 - Lesson 27

Brush Drawing Vertical Brush-Forms, No.1 Model Lesson Continued

> Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

PREP: View the tutorial to learn how to demonstrate brush-form to students.
∞ Video Link: Tutorial: Vertical Brush-forms #2 L1 L27
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ NOTE
There are four different directions of brush-forms to learn in Hudson's first lesson. We will learn one per lesson:
- top left: up to down
- top right: down to up
- bottom left: left to right
- bottom right: right to left

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to learn a vertical brush-form with a stroke that goes from down to up. We will only use one color while learning the brush-forms so we can better evaluate our work and see progress. Use the same color as the last time we practiced brush-forms.
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ PRACTICE
- Brushwork No.1 Model Lesson: Demonstrate "down to up" brush-form.
- Have students practice until they are making consistent brush-forms.
- Help them to think through the brush-form in the same way that you would in Penmanship. Craftsmanship is important.

∞ Image Link: "Elementary Brush-Forms Vertical and Horizontal"

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for things with a teardrop shape during nature walks. Encourage students to think about how a brush-form might be used to create a picture or in their nature journals.

• OCCUPATIONS
Use a different color and make patterns using the same brush-forms.

WEEK 2

20m Art: Level 1 - Lesson 28

Brush Drawing: Horizontal Brush-Forms, No.1 Model Lesson Continued

> Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

→ RECAP
Review brush care and use.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for things with a teardrop shape during nature walks. Encourage students to think about how a brush-form might be used to create a picture or in their nature journals.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ INTRO
Today, we are going to learn a horizontal brush-form with a stroke that goes "left to right." We will only use one color while learning the brush-forms so we can better evaluate our work and see progress. Pick one color today and use it throughout. Watch the tutorial. Stop the video after watching the left-to-right stroke.
∞ Video Link: Tutorial: Horizontal Brush-forms L1 L28
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ PRACTICE
- Brushwork No.1 Model Lesson: Demonstrate "left to right" brush-form.
- Have students practice until they are making consistent brush-forms.
- Help them to think through the brush-form in the same way that you would in penmanship. Craftsmanship is important.

∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 3

20m Art: Level 1 - Lesson 29
Brush Drawing: Horizontal Brush-Forms, No. 1 Model Lesson Continued

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to learn a horizontal brush-form with a stroke that goes "right to left." We will only use one color while learning the brush-forms so we can better evaluate our work and see progress. Pick one color today and use it throughout.
Watch the tutorial starting at 1:50 for the right to left brush-forms.
∞ Video Link: Horizontal Brush-Forms L1 L28 (Begin at 1:50)
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ PRACTICE
- Demonstrate "right to left" brush-form.
- Have students practice until they are making consistent brush-forms.
- Help them to think through the brush-form in the same way that you would in penmanship. Craftsmanship is important.
- Your page should look like “Elementary Brush-Forms Vertical and Horizontal” Brushwork No. 1 Model Lesson.

→ SELF-EVALUATE
Which brush-forms look best?

• OBSERVE & DISCUSS
Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 3

20m Art: Level 1 - Lesson 30
Brush Drawing: Review Vertical and Horizontal Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ VIEW & PRACTICE
• Look at the example of a design with brush-forms.
∞ Image Link: "Pattern of Brush-Forms" Brushwork Lesson 2
• Create your design using any color.
• Try to be accurate on graph paper.

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills.

WEEK 4

20m Art: Level 1 - Lesson 31
Brush Drawing: Oblique Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

PREP: Read the lesson and preview the plate.
"Oblique Brush-Forms" Brushwork Lesson 3
∞ Image Link: Elementary Oblique Brush-Forms

→ NOTE
We will work on oblique brush-forms for the next several lessons. Remember, we are going for continued improvement and growth, but not perfection. Think penmanship.

→ RECAP
Review brush care and use.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Oblique Brush-Forms #1 L1 L31, L2 L26, & L3 L2
∞ Video Link: Oblique Brush-Forms #2 L1 L31 (beginning to 4:25)
∞ Image Link: Elementary Oblique Brush-Forms

→ PRACTICE
Oblique Brush-forms
• Practice the first two directions of brush-forms. Oblique refers to

• OBSERVE & DISCUSS
Practice identifying art skills. Look for things with a teardrop shape during nature walks. Encourage students to think about how a brush-form might be used to create a picture or in their nature journals.

©2026 Charlotte Mason Institute® All rights reserved.

diagonal. Brush strokes will go from “up-left to down-right” and then from “down-right to up-left.”
• Use one color. Stick with the same color for both weeks, as this makes it easier to compare progress and discern improvement.
∞ Image Link: Oblique Brush-Forms

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Allow the student to clean, dry, and store the brush. Leave the palette open to dry.

WEEK 4

20m Art: Level 1 - Lesson 32
Brush Drawing: Oblique Brush-Forms

> Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palettes, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ VIEW & NARRATE
∞ Video Link: Oblique Brush-Forms #2 L1 L31 (starting at 4:25)
∞ Image Link: Elementary Oblique Brush-Forms

→ PRACTICE
Oblique brush-forms
• Practice the remaining two brush-form directions. Brush strokes will go from “up-right” to “down-left” and then from “down-left” to “up-right."
• Use one color. Stick with the same color for both weeks, as this makes it easier to compare progress and discern improvement.
∞ Image Link: Oblique Brush-Forms

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills.

★ TEACHER TIP
Talking about the brush-forms will help students to recall and apply them when brush drawing.

WEEK 5

20m Art: Level 1 - Lesson 33
Brush Drawing: Pattern of Oblique Brush-Forms

> Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palettes, grid paper, and spray bottle

PREP: Students should work on this for two lessons.

→ RECAP
Review brush care and use.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ WARM UP
Practice all directions of brush-forms.

→ NOTE
We will work on oblique brush-form patterns (AKA designs) for two lessons. Encourage students to work carefully. Tell your students that they have time, so they don't feel rushed.

→ PRACTICE
Design your own pattern of brush-forms.
• Look at the example in the book or on the link.
∞ Image Link: Pattern of Oblique Brush-Forms
• Choose a different color from last week, but stick with it through the entire design so that you can clearly see improvement.
• Focus on the careful construction of the brush-forms. Before beginning to make your brush-forms, count your squares and decide where the brush-forms will go and when they will change direction.
• Continuous improvement and craftsmanship are what we are looking for, but not perfection.

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 5

20m Art: Level 1 - Lesson 34

Brush Drawing: Pattern of Oblique Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palettes, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ WARM UP
Practice all directions of brush-forms.

→ PRACTICE
Continue to work on your brush-form design from Lesson 33.
• Look at the example in the book or link.
• Use any color.
• Focus on careful construction of the brush-forms.
• Continuous improvement and craftsmanship are what we are looking for, but not perfection.
∞ Image Link: “Pattern of Oblique Brush-Forms” Brushwork Lesson 4

→ SELF-EVALUATE
Which brush-forms look best?

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 6

20m Art: Level 1 - Lesson 35

Brush Drawing: Applying Learned Brush Forms

> Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ RECAP
- Review brush care and use.
- Recall what brush-forms you have done thus far, and walk through how you did them.

→ VIEW & NARRATE
∞ Video Link: Watercolor Leaves
What brush forms are being used?

→ NOTE
This lesson will span two lesson times so that students have an opportunity to try the leaves for themselves. Work along with the video and instruct your students as you go. Much assistance will be needed from the teacher while the students are working, since they are at the beginning of their brush-drawing journeys. It is important to name the brush-forms to help make the connection between observation to application. This will also solidify recall and affect the students' continued growth.

→ PRACTICE
Work along with the linked video, allowing students to try the leaves shown by applying the brush-forms they have learned and gaining some new ones.

→ SELF-EVALUATE
Which leaves look best? Which brush-forms did you use?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for teardrop shapes during your nature walk. What other designs could you make out of these brush-forms?

WEEK 6

20m Art: Level 1 - Lesson 36

Brush Drawing: Applying Learned Brush Forms

> Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ RECAP
- Review brush care and use.
- Recall what brush-forms you have done thus far, and walk through how you did them.

→ VIEW & NARRATE
∞ Video Link: Watercolor Leaves

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

What brush-forms are being used?

→ NOTE
This lesson will span two lesson times so that students have an opportunity to try the leaves for themselves. Work along with the video and instruct your students as you go. Much assistance will be needed from the teacher while the students are working, since they are at the beginning of their brush drawing journeys. It is important to name the brush forms to help make the connection between observation to application. This will also solidify recall and affect the students' continued growth.

→ PRACTICE
Work along with the linked video, allowing students to try the leaves shown by applying the brush-forms they have learned and gaining some new ones.

→ SELF-EVALUATE
Which leaves look best? Which brush-forms did you use?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 7

20m Art: Level 1 - Lesson 37

Brush Drawing: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, watercolor palette, Art Book, and spray bottle

→ RECAP
- Review brush care and use.
- Recall what brush-forms you have done thus far, and walk through how you did them.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE
- Paint a scene from a recent history or literature lesson. This is based on the student's desire. While learned brush-forms may show up, it is not necessary for students to apply them. Allow margin for personal reflection and application.
- Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 7

20m Art: Level 1 - Lesson 38

Brush Drawing: Illustrate a Poem

Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ RECAP

- Review brush care and use.
- Recall what brush-forms you have done thus far and walk through how you did them.

→ NOTE

You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE

- Illustrate a poem you have read recently.
- This is based on the student's desire. While learned brush-forms may show up, it is not necessary for students to apply them. Allow margin for personal reflection and application.
- Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS

Tell about your painting.

→ CLEAN UP

Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 8

20m Art: Level 1 - Lesson 39

Brush Drawing: Observational Flower

Materials: fresh flower, brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

PREP: Gather a flower to observe. The flower can have leaves, buds, etc. on it. Do not pick a dead one from the ground, but a freshly cut or living flower.

→ NOTE

You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ WARM UP

Practice drawing strokes and shapes on the chalkboard, using both the tip and the sides of the chalk for three or four minutes.

→ OBSERVATIONAL BRUSH DRAWING

1. Allow the student a minute or two to study the flower you have chosen. Discuss.
2. Watch the tutorial and discuss questions.

• OBSERVE & DISCUSS

Practice identifying art skills. Discuss objects that you see. Ask guiding questions to help students think through what they see.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

∞ Video Link: Observational Brush Drawing of a Flower L1 L39
- Are there outlines?
- What shapes do you see?
- What is the overall shape?
- What colors do you see?
- Anything else noticed?

Allow the students time to brush draw the object for the remainder of class time, and freedom to include/exclude brush-forms. Remember, the goal is for the students to apply these learned brush-forms as they see fit. Recalling what they have learned before beginning will help in application and continual learning.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 8

20m Art: Level 1 - Lesson 40

Brush Drawing: "Lesson on Hips and Leaves" Brushwork Lesson 6

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

PREP: Students have not learned how to mix green or brown yet, so you will need to mix equal parts of blue and yellow in a separate well in their palettes. Also, pull some of that green over to a new well and add a little red to make a brown for them.
∞ Video Link: Preparing Green & Brown for Your Level 1 Student L1 L40

→ RECAP
- Review brush care and use.
- Practice making brush-forms for three to four minutes.

→ PRACTICE
- Read the lesson in the book and preview the links.

∞ Image Link: "Lesson on Hips and Leaves" Brushwork Lesson 6
∞ Image Link: Rose Hips and Leaves
- Paint Hips and Leaves brush-forms as instructed in "Lesson on Hips and Leaves" Brushwork Lesson 6.

→ NOTE
Remember to treat these lessons much as you do penmanship—careful craftsmanship and continual improvement.

→ SELF-EVALUATE
Which brush-forms look best?

• OCCUPATIONS
Print image of rose hips and leaves. Compare the brush-form rose hips and leaves with a photo. Do a brush drawing looking at this photo in your Art Book.
∞ Image Link: Rose hips and leaves

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 9

20m Art: Level 1 - Lesson 41

Brush Drawing: Hips and Leaves (cont.)

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ WARM UP
Practice making brush-forms for three to four minutes.

→ PRACTICE
Paint Hips and Leaves brush-forms.
∞ Image Link: "Lesson on Hips and Leaves" Brushwork Lesson 6
∞ Image Link: Rose Hips and Leaves

→ NOTE
Remember to treat these lessons much as you do penmanship- careful craftsmanship, continual improvement.

→ SELF-EVALUATE
Which brush-forms look best?

WEEK 9

20m Art: Level 1 - Lesson 42

Brush Drawing: Lesson 7 Design of Rose Hips

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palette, grid paper, and spray bottle

→ RECAP
Review brush care and use.

→ WARM UP
Practice making brush-forms for three to four minutes.

→ PRACTICE
- Follow the design in Lesson 7 in the book.

∞ Image Link: Design of Hips
∞ Image Link: Rose Hip Design Example
∞ Image Link: Rose Hips and Leaves
- Try to work as closely to the graph paper as you can.
- Use one of the colors in your palette. No brown.

• OBSERVE & DISCUSS
Practice identifying art skills. Look for rose hips on your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 10

20m Art: Level 1 - Lesson 43

Brush Drawing: Design of Hips

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, watercolor palettes, 8" x 10" watercolor paper or cardstock, rose hips (optional), and spray bottle

→ RECAP
Review brush care and use.

→ WARM UP
Practice making brush-forms for three to four minutes.

→ NOTE
You have two lessons to complete this project.

→ STUDY, NARRATE, & DISCUSS
∞ Image Link: "Design of Hips" Brushwork Lesson 7
∞ Image Link: Rose Hip Design Example

→ PRACTICE
Paint a design with rose hips on nice paper.
- Fold your paper in half like a card. Paint on the front cover.
- Create your own design. Use the design in the book or the Rose Hip Design example for inspiration.
- Send your card to a family member or friend.

→ SELF-EVALUATE
Which rose hips look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• EXTRA HELPING
Make a card to send to a family member or friend. Do a design on the outside using rose hips and leaves.

WEEK 10

20m Art: Level 1 - Lesson 44

Observational Drawing: Choose an Object OR Catch-Up

Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ CATCH UP
Use this time to catch up on your art lessons. If you don't need to catch up, feel free to use the lesson below.

PREP: Gather an object to observe and brush draw.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ WARM UP

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

Practice drawing strokes and shapes on the chalkboard, using both the tip and the sides of the chalk for three or four minutes.

→ PRACTICE
Observational drawing. Allow the student a minute or two to study the object that you have chosen. Discuss.
- Are there outlines?
- What shapes do you see?
- What is the overall shape?
- What colors do you see?
- Anything else noticed?

Allow the students time to brush draw the object for the remainder of class time, and freedom to include/exclude brush-forms. Remember, the goal is for the students to apply these learned brush-forms as they see fit. Recalling what they have learned before beginning will help in application and continual learning.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 11

20m Art: Level 1 - Lesson 45

Brush Drawing: Illustration OR Catch Up

> Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ CATCH UP
Use this time to catch up on your art lessons. If you don't need to catch up, feel free to use the lesson below.

→ RECAP
Review brush care and use.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ WARM UP
Practice making brush-forms for three to four minutes.

→ PRACTICE
Illustrate a recent poem.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 2

WEEK 11

20m Art: Level 1 - Lesson 46

Brush Drawing: Paint a Scene from History or Literature OR Catch Up

Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ CATCH UP
Use this time to catch up on your art lessons. If you don't need to catch up, feel free to use the lesson below.

→ RECAP
Review brush care and use.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE
Paint a scene from a recent history or literature lesson. (Student may need help remembering how to mix desired colors.)

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 12

20m Art: Level 1 - Lesson 47

Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Art Instruction - Brush Drawing Level 1

WEEK 12

20m Art: Level 1 - Lesson 48

Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Art Instruction - Brush Drawing Level 1

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

WEEK 1

20m Art: Level 1 - Lesson 49

Color Theory: Introduction

Materials: Watercolor palettes prepared with Prussian blue, Hansa yellow, and Quinacridone pink, water, cloth, Art Book, paint brush, and spray bottle

PREP: Fill one palette space each with colors Prussian blue, Hansa yellow, and Quinacridone pink, and let dry for several days. (This is the same prep that should have been completed before Term 2, Lesson 1, Brush Drawing.)
∞ Video Link: Teacher Tutorial: Preparing and Cleaning Your Palette

→ NOTE
Wet your watercolors before talking so that they will have time to soften. This should be done at the very beginning of any use of watercolors.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Tutorial: Brush Care.

→ PRACTICE
• Watch the video if you'd feel more comfortable.
∞ Video Link: Explaining Color Theory L1 L49
• Teach students the names of the three colors in their palettes. (Students need to know that these three colors have specific names: Quinacridone pink, Hansa yellow, and Prussian blue, but "primary colors" can be any blue, red, or yellow. Every set of primaries makes a new rainbow. Our rainbow, AKA color wheel, will remain the same based on Quinacridone pink, Hansa yellow, and Prussian blue until Level 7.)
• Instruct them that these three colors are called "primary colors." Mixing them in certain orders will create an entire rainbow. Next year, we will begin learning how to mix colors.
• Allow students to do "free drawing" with their brushes and new colors. Do not attempt to instruct them any further. Allow them to mix colors on their own if they happen to do it. Allow students to verbalize what they notice if they would like to, but do not force a conversation at this time.
• Stay near the students and remind them to clean their brushes when they switch colors.
• Encourage them to keep their colors clean from other colors.
• Be quick to clean their colors for them if they dirty their colors.

→ CLEAN UP
When students are finished for the day, clean any mixed colors off their palettes so that for each lesson, they begin with only their primary colors until we begin mixing secondary colors in later lessons.

→ DISCUSS
What was noticed or discovered?

• OBSERVE & DISCUSS
Practice identifying art skills. Spend time looking outside and naming the primary colors that you see.

• OCCUPATIONS
Allow students to "free paint" in the afternoons.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

WEEK 1

20m Art: Level 1 - Lesson 50

Color Theory: Painting a Rainbow

Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ NOTE

Wet your watercolors before talking so that they will have time to soften. This should be done at the very beginning of any use of watercolors.

→ RECAP

- Students should be given their palettes with their primary watercolors in them.
- Ask students to name the colors. (Prussian blue, Hansa yellow, and Quinacridone pink)
- What type of colors are these? (primary)

→ PRACTICE

- Watch Video

∞ Video Link: Painting a Rainbow L1 L50

- Do not attempt to instruct them any further. Allow them to mix colors on their own if they happen to do it and to talk about it if they choose.
- Stay near students and remind them to clean their brushes between colors. Encourage them to keep their colors clean from other colors. Be quick to clean the colors if they get dirty.

→ CLEAN UP

When students are finished for the day, clean any mixed colors off their palettes so that for each lesson, they begin with only their primary colors until we begin mixing secondary colors in later lessons.

WEEK 2

20m Art: Level 1 - Lesson 51

Color Theory: Rainbows

Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ WARM UP

Practice drawing strokes and shapes on the chalkboard, using both the tip and the sides of the chalk for three or four minutes.

→ PRACTICE

Make a painting of anything you would like in your Art Book, but it must include a rainbow! Will you paint rainbow-colored shoes, a painting of the outdoors with a rainbow in the sky, or a flower with rainbow petals? Can you think of anything else to create with a rainbow? Maybe a unicorn with a rainbow horn or a rainbow-colored soccer ball?

Allow the students time to brush draw in their Art Books for the remainder of class time.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

→ DISCUSS
Tell what was noticed or discovered.

WEEK 2

20m Art: Level 1 - Lesson 52

Color Theory: Mouse Paint and Primary Colors

Materials: Watercolor palette

→ RECAP
- Ask students to name the colors in their prepared palettes. (Prussian blue, Hansa yellow, and Quinacridone pink)
- What type of colors are these? (primary)

→ VIEW & DISCUSS
Watch and listen to Mouse Paint being read aloud.
∞ Video Link: Mouse Paint
•What was noticed or discovered?

• EXTRA HELPING
Go to your local library and check out Mouse Paint by Ellen Stoll Walsh.

WEEK 3

20m Art: Level 1 - Lesson 53

Color Theory: Color Wheel

Materials: Watercolor palette, brushes, water, cloth, Art Book, color wheel, and spray bottle

PREP: Print the color wheel on white cardstock.
∞ Link: Color Wheel

→ RECAP
- Recall the names of the watercolors (Quinacridone pink, Prussian blue, and Hansa yellow).
- Recall what those three colors are (primary colors).
- Recall how to mix primary colors to achieve secondary colors. Go through each secondary color.
- Recall what to do between colors. (CLEAN YOUR BRUSH!!) It is important to keep your paints clean!!

→ INTRO
Students will begin filling in their color wheels today.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Color Wheel Primary L1 L53

→ PRACTICE
- Have the students paint each primary color in the appropriate place on their color wheels.
- Set it aside to dry.
- Be sure to keep your color wheel. We will paint the secondary colors next time.

• OBSERVE & DISCUSS
Practice identifying art skills. Spend time looking outside and naming the primary colors that you see.

• OCCUPATIONS
Create a color wheel out of pastels in the same manner.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

→ DISCUSS
What was noticed or discovered?

WEEK 3

20m Art: Level 1 - Lesson 54

Color Theory: Mixing Orange

Materials: Watercolor palette, brushes, water, cloth, Art Book, color wheel, spray bottle

→ RECAP
Recall the three primary colors. Recall that primary + primary = secondary. Recall how to mix green.

→ INTRO
Today, we will mix orange. Students will fill in orange on their color wheels today.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Color Wheel Secondary L1 L54 (Start watching at 0:20, stop at 4:10.)

→ PRACTICE
- Do you know which two primary colors mix together to make orange?
- When you are mixing colors, what do you do between colors? (CLEAN YOUR BRUSH!!)
- Have the students scoop up one brushful each of Hansa yellow and Quinacridone pink and put them into the same clean well.
- Mix them together in their new well.
- Add some clean water to make your orange fluid.
- Have the students paint orange in the appropriate place on their color wheel.

→ DISCUSS
What happened when you mixed together Hansa yellow and Quinacridone pink?

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss all of the oranges that you see when walking by the way.

• OCCUPATIONS
Create a "free drawing" using only Hansa yellow, Quinacridone pink, and the orange that you mixed.

WEEK 4

20m Art: Level 1 - Lesson 55

Color Theory: Mixing Orange

Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ RECAP
Recall the three primary colors. (Our primary colors are Quinacridone pink, Hansa yellow, and Prussian blue.)

→ PRACTICE
- Remember this: primary=1 and secondary=2; so, if 1+1=2, then primary + primary = secondary.
- Today, we will use our wonderfully mixed orange to paint a bowl full of

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

oranges, grapefruit, or clementines in your Art Book. Allow students to free paint a bowl of oranges from their imagination. You may choose to view the linked image if your student needs to see an example.
∞ Image Link: Bowls of Oranges

→ DISCUSS
Share your painting with your teacher, and talk about how you made the color orange.

WEEK 4

20m Art: Level 1 - Lesson 56

Color Theory: Mixing Green

> Materials: Watercolor palette, brushes, water, cloth, Art Book, color wheel, and spray bottle

→ RECAP
Recall the three primary colors. (Our primary colors are Quinacridone pink, Hansa yellow, and Prussian blue.)

→ INTRO
Today, we will mix green. Students will fill in green on their color wheels today.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Water Color Wheel Secondary L1 L54 (Start watching at 4:10, stop at 7:38.)

→ PRACTICE
- Remember this: primary=1 and secondary=2; so, if 1+1=2, then primary + primary = secondary.
- Do you know which two primary colors mix together to make green?
- What do you do between colors when mixing? (CLEAN YOUR BRUSH!!)
- Have the students scoop up one brushful each of Hansa yellow and Prussian blue and put them into the same clean well.
- Mix them together in their new well.
- Add some clean water to make your green fluid.
- Have the students paint green in the appropriate place on their color wheel.

→ DISCUSS
What happened when you mixed Hansa yellow and Prussian blue?

• OBSERVE & DISCUSS
Practice identifying art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 5

20m Art: Level 1 - Lesson 57

Color Theory: Mixing Green

> Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ RECAP
Recall the three primary colors. (Our primary colors are Quinacridone pink, Hansa yellow, and Prussian blue.)

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

→ PRACTICE
- Remember this: primary=1 and secondary=2; so, if 1+1=2, then primary + primary = secondary.
- Today, we will use our mixed green to paint a landscape (a picture of outside)- grass, leaves, bushes, etc. Then you can add other objects with your orange and primary colors. Allow students to free paint a landscape from their imagination. You may choose to view the linked image if your student needs to see an example.

∞ Image Link: Green Landscapes

→ DISCUSS
Share your painting with your teacher, and talk about how you made the color green.

WEEK 5

20m Art: Level 1 - Lesson 58
Color Theory: Mixing Purple

> Materials: Watercolor palette, brushes, water, cloth, Art Book, color wheel, and spray bottle

→ RECAP
Recall the three primary colors. Recall that primary + primary = secondary. Recall how to mix green. Recall how to mix orange.

→ INTRO
Red, yellow, blue, orange, green, and purple are the six colors on the basic color wheel. In this lesson, students will be mixing purple.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Wheel Secondary L1 L54 (Start watching at 7:38 until the end.)

→ PRACTICE
- Do you know which two primary colors mix to make purple?
- What do you do between colors when mixing? (CLEAN YOUR BRUSH!!)
- Have the students scoop up one brushful each of Quinacridone pink and Prussian blue and put them into the same clean well.
- Mix them in their new well.
- Add some clean water to make your purple fluid.
- Have the students paint purple in the appropriate place on their color wheel.

→ DISCUSS
What happened when you mixed Quinacridone pink and Prussian blue?

• OBSERVE & DISCUSS
Practice identifying art skills. Notice and discuss all of the purples that you see when walking by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

WEEK 6

20m Art: Level 1 - Lesson 59

Color Theory: Mixing Purple

Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ RECAP

Recall the three primary colors. (Our primary colors are Quinacridone pink, Hansa yellow, and Prussian blue.)

→ PRACTICE

- Remember this: primary=1 and secondary=2; so, if 1+1=2, then primary + primary = secondary.
- Today, we will use our mixed purple to make a painting of a bunch of grapes. You may use all of the colors in your palette now. Allow students to free paint a bunch of grapes from their imagination. You may choose to view the linked image if your student needs to see an example.

∞ Image Link: Purple Grapes

→ DISCUSS

Share your painting with your teacher, and talk about how you made the color purple.

WEEK 6

20m Art: Level 1 - Lesson 60

Color Theory: Paint a Scene from History or Literature OR Catch Up

Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ RECAP

Review brush care and use.

→ NOTE

You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE

Paint a scene from a recent history or literature lesson. Use all of your primary and secondary colors.

→ DISCUSS

Tell about your painting.

→ CLEAN UP

Have students clean, dry, and store brushes. Leave the palette open to dry.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

WEEK 7

20m Art: Level 1 - Lesson 61

Color Theory: Painting Papers for Collage Making

Materials: Watercolor palette, brushes, water, cloth, watercolor paper (any size), and spray bottle

PREP: Watch this tutorial on how to create painted paper and collage. Students will do something similar to this today and for two more lessons. Students will watch lesson videos, but this one will give you a quick overview of what to expect.
∞ Video Link: Mini Collage Series

→ NOTE
Wet your watercolors before getting started so they have time to get soft.

→ RECAP
- Ask students to name the colors in the palette.
- What type of colors are red, blue, and yellow? (primary)

→ VIEW
- Watch the tutorial video.

∞ Video Link: Painting Paper for Collage L1 L61

→ PRACTICE
- Stay near students and remind them to clean their brushes between colors. Encourage them to keep their colors clean from other colors. Be quick to clean the colors if they get dirty.
- Paint one piece of paper red, one blue, and one yellow.
- Allow it to dry. We will use it in two lessons when we make our collage.

→ CLEAN UP
When students are finished for the day, clean any mixed colors off their palettes, so that they begin each lesson with only their primary colors until we begin mixing secondary colors in later lessons.

WEEK 7

20m Art: Level 1 - Lesson 62

Color Theory: Painting Papers for Collage Making

Materials: Watercolor palette, brushes, water, cloth, watercolor paper (any size), and spray bottle

PREP: Watch this tutorial as needed to refresh yourself on how to create painted paper and collage. Students will continue working on this today and last through one more lesson.
∞ Video Link: Mini Collage Series

→ NOTE
Wet your watercolors before getting started so they have time to get soft.

→ RECAP

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

- Ask students to name the colors in the palette.
- What type of colors are green, orange, and purple? (secondary)

→ VIEW
- Watch the tutorial video.

∞ Image Link: Painting Paper Example

→ PRACTICE
- Stay near students, and remind them to clean their brushes between colors. Encourage them to keep their colors clean from other colors. Be quick to clean the colors if they get dirty.
- Paint one piece of paper orange, one green, and one purple.
- Allow it to dry. We will use it in the next lesson when we make our collage.

→ CLEAN UP
When students are finished for the day, clean any mixed colors off their palettes, so that they begin each lesson with only their primary colors until we begin mixing secondary colors in later lessons.

WEEK 8

20m Art: Level 1 - Lesson 63

Color Theory: Paper Collage

> Materials: Watercolor palette, brushes, water, cloth, Art Book, glue, scissors, and spray bottle

PREP: Watch Video.

∞ Video Link: Use Scissors Well L1 L63

→ NOTE
We will create a collage today using the colored paper we painted in the last two Color Theory classes.

→ RECAP
Ask students to look at their papers and name the primary and secondary colors.

→ VIEW & DISCUSS
Watch the tutorial video.

∞ Video Link: Cut Paper Collage L1 L63
- Discuss where you see primary and secondary colors in nature.

→ PRACTICE
- Try creating one of those things you would see in nature by cutting it out of your painted paper.
- Glue your pieces on a page in your Art Book.

→ CLEAN UP
When students are finished for the day, clean any mixed colors off their palettes, so that they begin each lesson with only their primary colors until we begin mixing secondary colors in later lessons.

• OCCUPATIONS
Create a collage card out of your leftover collage papers. Write a kind message inside and give it to a friend or loved one.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

WEEK 8

20m Art: Level 1 - Lesson 64

Color Theory: Mixing Colors

Materials: Watercolor palette, brushes, water, cloth, Art Book, and spray bottle

→ RECAP

Recall how to mix primary colors to achieve secondary colors. Recall what to do between colors. (Clean your brush!) It is important to keep your paints clean!

→ PRACTICE

- Create a painting of a vaseful of flowers sitting on a table, using all six of your colors. Allow students to free paint a vase of flowers from their imagination. You may choose to view the linked image if your student needs to see an example.
- Allow students the freedom during this lesson to mix colors as they see fit in their Art Books.

∞ Image Link: Flowers in Vases

→ DISCUSS

What was noticed or discovered?

• OBSERVE & DISCUSS

Practice identifying art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 9

20m Art: Level 1 - Lesson 65

Color Theory: Green Objects

Materials: Modeling clay, scrap cardboard

PREP: Find several green objects: leaves, stems, fruits, vegetables, a green ball, etc.

∞ Video Link: Mixing Colors With Modeling Clay L1 L65

→ NOTE

Save today's finished product for the next two Color Theory lessons.

→ RECAP

Recall how to mix green, orange, and purple.

→ STUDY, NARRATE, & DISCUSS

Green objects

- Place the green objects in front of the student.
- Discuss what they are and what color they are.
- Compare the colors of green.
- Are they all the same?
- We can create different greens by adding different colors to green.

→ VIEW

- Watch the tutorial.

∞ Video Link: Mixing Colors with Modeling Clay L1 L65

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

→ PRACTICE
- Divide your green into three separate piles.
- Add blue to one, yellow to another, and red to the last one. Now you have three different greens.
- Smash them onto the cardboard and shape them into leaves.

WEEK 9

20m Art: Level 1 - Lesson 66

Color Theory: Purple Objects

Materials: Modeling clay, project from lesson 65

PREP: Find several purple objects: flowers, fruits, vegetables, a purple ball, etc.

→ RECAP
Recall how to mix green, orange, and purple.

→ STUDY, NARRATE, & DISCUSS
Purple objects
- Place the purple objects in front of the student.
- Discuss what they are and what color they are.
- Compare the colors of purple.
- Are they all the same?

→ VIEW
- Watch the tutorial.

∞ Video Link: Mixing Colors With Modeling Clay L1 L65

→ PRACTICE
- Divide purple clay into three separate piles.
- Mix blue into one, yellow into the next, and red into the last one.
- Add to cardboard with leaves from the last lesson to make fruit or flowers.

WEEK 10

20m Art: Level 1 - Lesson 67

Color Theory: Orange Objects

Materials: Modeling clay, work from the previous lesson

PREP: Find several orange objects: flowers, fruits, vegetables, an orange ball, etc.

→ RECAP
Recall how to mix green, orange, and purple.

→ STUDY, NARRATE, & DISCUSS
Orange objects
- Place the orange objects in front of the student.
- Discuss what they are and what color they are.
- Compare the colors of orange.
- Are they all the same?

• OBSERVE & DISCUSS
Practice identifying art skills. Notice the oranges all around you. Discuss as you walk by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Click THIS text or scan the QR code for links.

Term 3

→ VIEW
- Watch the tutorial.

∞ Video Link: Mixing Colors with Modeling Clay L1 L65

→ PRACTICE
- Separate the orange clay into three piles.
- Mix blue in one, yellow in another, and red in the last.
- Smash onto the same cardboard with leaves and purple fruit or flowers.

The oranges can also be used for fruit or flowers.

WEEK 10

20m Art: Level 1 - Lesson 68

Color Theory: Mixing Colors

Materials: Modeling clay, scrap cardboard

→ RECAP
Recall how to mix green, orange, and purple.

→ PRACTICE
Allow students to create a new artwork using the modeling clay and mixing colors as they see fit.

→ DISCUSS
What was noticed or discovered?

WEEK 11

20m Art: Level 1 - Lesson 69

Color Theory: Illustration OR Catch Up

Materials: Brushes, water, cloth, watercolor palettes, Art Book, and spray bottle

→ CATCH UP
Use this time to catch up on your art lessons. If you don't need to catch up, feel free to use the lesson below.

→ RECAP
Review brush care and use.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE
Illustrate a poem you have read recently. Use all of your primary and secondary colors.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying art skills. Notice the oranges all around you. Discuss as you walk by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 1

Examination

Term 1

· Tell about the correct way to draw. What muscles do you use?

· Complete a mass drawing of a trillium and turn it into something recognizable.

Term 2

· Demonstrate vertical and horizontal brush forms as perfectly as you are able.

· Demonstrate oblique brush forms as perfectly as you are able.

Term 3

· Tell about each of the secondary colors and what colors you mix to create them.

· Tell how to make different greens, purples, and oranges.

©2026 Charlotte Mason Institute® All rights reserved.
