English

Language Study: Grade 1

GRADE(S): 1

Reading Level 1

5 times/week 15 min *  | GRADE(S): 1

Lessons will include more phonological awareness (knowledge of sounds) and phonics (knowledge of the letters that represent those sounds). While Charlotte Mason didn't use these terms, her methods of teaching reading using alphabet and word-making activities align well with these important skills. A large body of research from the past 50 years tells us that focused phonics instruction is important for all children in the early elementary grades. The additional instruction will be blended into the current lessons from the Free and Treadwell Readers. Lessons also incorporate copywork, dictation, and etymology.

- ⌘ Students who can already read may use the stories for reading practice, but focus mainly on the spelling and grammar elements, including copywork and dictation.

Prerequisite: Students should recognize upper- and lower-case letters and know most of their sounds prior to starting this course.

These foundational approaches are seamlessly adapted to teach school-age children a second language.

The lessons are designed to be open-and-go with optional video/audio file support. They do not require any background in the target language for the parent/teacher or students. They only take about 15-20 min a day and can be easily adjusted to meet a variety of grade ranges from 1st to 6th grades.
