

# Pre-Calculus

Part 2

## About the Course

Students continue or begin Precalculus or Calculus.

This topic is included in the following course(s): Mathematics: Grade 12

Mathematics: Grade 12

Students should look ahead to college math requirements at schools they may want to attend or majors they may plan to pursue and plan accordingly. It is important to work at a student's pace. Alveary pacing has students study geometry and algebra concurrently in 9th and 10th grade and then finish Algebra II/Trig during 11th grade. Students can then start precalculus in 11th grade and finish 12th grade with precalculus or calculus.

Mathematics: Grade 12

- ☐ Work through your lessons at your own pace. If you finish Precalculus, then start Calculus.
- ☐ Reach out to David Chandler at Math Without Borders if you have questions about your lessons.
- ☐ Check out the Bookshelf for interesting free reads in the math genre.
