

Geography

About the Course

Travel along rivers, across continents, and along trade routes significant during this year's time period (1800-1900). Explore the physical and human geography (including economy and culture) of each region through reading, map work, and models. Students will also engage in map activities that focus on their local region.

Placement & Combining Tips

This course is the same for 4th-6th graders. Lesson plans may include more advanced map skills for older students.

Scheduling

Geography: Grades 4-6

How To Teach

Overview

The steps below are generally true for most geography lessons. Sometimes several lessons might build together or focus on a particular area (like Map Work).

Introduce

Through questions, observations, an activity, or recalling the last lesson, introduce the topic for the day.

Map Questions

Answer questions on the map or on making your own maps.

Read

Read the day's passage out loud or have the student read independently.

Narrate

Have students retell the passage either orally or in writing. They may want to use maps or pictures to tell back.

Map Work

The lesson may contain more map work as students make their own maps or add to ongoing maps.

Term 1

WEEK 1 25m Geography: Grades 4-6 - Lesson 1

The Road to Africa

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, paperclip or divider

PREP: setting up your notebook

You will keep a geography notebook this year. A 60-page notebook is recommended.

1. In preparation for future lessons, it is recommended that you set aside about 20 consecutive pages in your notebook for Day 1 David Livingstone: African Explorer lessons.
2. Place a marker, divider, or paper clip on the 21st page for Day 2 geography lessons.

→ INTRO

1. David Livingstone (1813-1873) was born in Scotland. He was a doctor, missionary, and African explorer. His expeditions led him through many African countries, including an expedition from coast to coast.
2. Open your book to the map shown after the first page. Look over the map and call out anything that is interesting to you—his many journeys, the different places he traveled, or locations on the map of Africa.
3. Discuss any unfamiliar vocabulary as needed.

→ LOCATE

Map Resource: Student World Atlas p.83

1. On p.83, locate Scotland on the map. It is part of the country United Kingdom (usually called the UK for short), which is made up of four constituent countries.
2. What are the four constituent countries that make up the United Kingdom? [A: Scotland, Wales, England, and Northern Ireland]
3. Can you find Glasgow on the map? Point to it.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.1 p.1-9 “The headman of” - “cold and tired.”

- Describe a typical day for young David.
- What do you think of David's statement about Scripture and science not being opposed to each other: "Nature and Scripture have the same author—God." (p. 6) Why do you think his dad saw it differently?

→ VIEW

Imagine the factory in your mind, and then take a look at the image link. Was your image similar to the picture?

∞ Image Link: Spinning Room

• DEFINITIONS

constituent country: a country that is part of a larger sovereign state or larger governing area

Factory Act of 1802: a British law aimed to improve conditions in factories, including 12-hour days

missionary societies: organizations, mostly religious groups, that work to provide a service needed in areas, including spreading religious teachings

spinning jenny: a machine used for spinning with more than one spindle at a time

WEEK 1 25m Geography: Grades 4-6 - Lesson 2

World Map

Materials: Student World Atlas, geography notebook, blank world map

PREP: setting up your notebook, printing map pages

1. Lesson 1 asked you to place a marker in your notebook. This marker is the beginning of your Day 2 entries. You will be asked during each lesson to make an entry or tape a map to your notebook. You may label each entry with the “lesson #” or date on the top or bottom corner. You may also label the first page with a centered title: “Day 2 Geography: Africa.”
2. You will be asked to print maps to tape into your notebook for map-work days.
3. Print two blank world maps (you will use one next week).

• DEFINITIONS

hemisphere: one-half of the Earth

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 1

- ∞ Map Link: Blank World Map
- 4. Print three blank maps of Africa (you will use this term).
- ∞ Map Link: Blank Map of Africa

→ INTRO

The second lesson each week in Geography will focus on Map Questions and Map Work, as well as some projects or activities. We will learn about the continent of Africa. Term 1 will focus on an overview of a world map and North Africa. Term 2 will focus on the west and central regions of Africa. Last, Term 3 will explore the eastern and southern areas of Africa. Countries will be highlighted throughout the year. You will read about children in these countries using the book *Africa Is Not a Country* and enjoy links about the countries in Extra Helpings. You may include “Country Journal Pages” in your geography notebook, highlighting what you learn as the year goes on. If you do not get to work on these pages, leave them for when you have extra time in your week.

→ LOCATE

- Map Resource: Student World Atlas p.14-15, 30-31
- 1. Read p.14 “The Physical World.”
- 2. Locate and point to the Equator on p.14-15. This central line separates the Earth into two hemispheres.
- 3. Where is the Northern Hemisphere? Southern Hemisphere? Point to them.
- 4. Where is the North Pole? South Pole? Point to them on p.30-31.
- 5. Now locate and point to the 7 continents: North America, South America, Europe, Asia, Australia, Africa, and Antarctica.
- 6. Now locate and point to the 5 oceans of the world: Pacific Ocean, Indian Ocean, Arctic Ocean, Atlantic Ocean, and Southern Ocean.

→ MAP WORK

- 1. Tape your printed blank map to the designated second page in your geography notebook.
- 2. Label the Equator, 7 continents, and 5 oceans. (You may look at your Student World Atlas for reference.) If time permits, you may use colored pencils to color each continent a different color and use a blue pencil for the oceans.
- 3. Take some time to study their locations. Next week, you will enter them from memory on a new blank map.

WEEK 2 □ 25m Geography: Grades 4-6 - Lesson 3

The Road to Africa

□ Materials: David Livingstone: African Explorer

→ RECAP

What did you read last time?

→ LOCATE

- ∞ Map link: Map of Scotland
- 1. Locate Glasgow on the map. David grew up in Blantyre, which is 8 miles from Glasgow.
- 2. What river runs through Glasgow? [A: Clyde River]
- 3. How would you describe the coastline of Scotland? Scotland has a rugged coastline where waterways jut in. There are over 800 islands, and the coastline is larger than that of England, France, and Spain.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.1 p.9-16 “All around them” - “they accept him?”

- Why would Livingstone choose medicine and exploration? How does it help his missionary work?

• DEFINITIONS

pounds and shillings: monetary units in the United Kingdom

Royal Society: the oldest national scientific society in the world and the leading national organization for the promotion of scientific research in Britain (p.12)

nonsectarian: not affiliated with a particular religious group (p.14)

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 1

→ VIEW

Here is a current picture of the three-story building David and his family lived in with many other families who worked at the mill. The building is now part of a museum in Blantyre, Scotland, in honor of David Livingstone.
∞ Image Link: Picture of Livingstone's Home

WEEK 2 25m Geography: Grades 4-6 - Lesson 4 *Equator/Latitude*

Materials: Student World Atlas, geography notebook, blank world map

→ MAP QUESTIONS

Map Resource: Student World Atlas p.14-15

1. Locate the Equator on p.14-15. The Equator is a line of latitude. The line runs around the center of the Earth in an east/west direction and is the 0-degree latitude line (also written as 0°, the small ° represents the word degree).
2. There are two lines of latitude with special names located parallel to the Equator—the Tropic of Capricorn and the Tropic of Cancer. Locate these two lines on p.14-15.
3. Which tropical circle is north of the Equator? [A: Tropic of Cancer]
South of the Equator? [A: Tropic of Capricorn]
4. Which continents does the Equator touch? [A: South America, Africa, and Asia]
5. Which continents are primarily in the Northern Hemisphere, or north of the Equator? [A: North America, Europe, mainland Asia, and the majority of Africa]
6. Which continents are primarily in the Southern Hemisphere, or south of the Equator? [A: Australia, Antarctica, the majority of South America, 1/3 of Africa, and Maritime Southeast Asia]

→ MAP WORK

Map Resource: map link

∞ Map Link: Blank World Map

1. Use your blank map of the world. From memory, label the Equator, 7 continents, and 5 oceans. (You may want to write the names on a whiteboard depending on the age of the student.)
2. Use the map in your notebook to check your work.
3. On the map found in your notebook, with a pen or marker, create the two latitude lines: Tropic of Capricorn and Tropic of Cancer.
4. Label Northern Hemisphere and Southern Hemisphere on the same map.
5. Next week, you will add lines of longitude.

• DEFINITIONS

latitude: lines that measure distance north or south of the Equator

WEEK 3 25m Geography: Grades 4-6 - Lesson 5 *Smoke From a Thousand Villages*

Materials: David Livingstone: African Explorer

→ RECAP

What did you read last time?

→ INTRO

Since the reading is a little shorter today, we are first going to do some map questions about Great Britain. Great Britain is the island containing England, Scotland, and Wales. The United Kingdom would also contain Northern Ireland. David was from Scotland, and in this chapter, he will travel to England to continue his studies.

→ MAP QUESTIONS

∞ Map Link: Map of Great Britain

• EXTRA HELPING

This website tells more about the Opium Wars that affected David's travel to China.

∞ Link: Opium Wars

If you want to learn more about Robert Moffat, you can read the chapter about him in *Renewal: The Church that Expands Outward*, which is part of Grades 7-8 Church History.

Term 1

1. What body of water separates Great Britain from Ireland? [A: the Irish Sea]
2. What bodies of water separate Great Britain from mainland Europe? [A: the English Channel and the North Sea]
3. Which ocean lies west of Great Britain? [A: the Atlantic Ocean]
4. Locate the capital cities of the countries in Great Britain. [A: London, Edinburgh, and Cardiff]
5. Which mountain regions can you locate in Great Britain? [A: the Highlands, Pennines, and Cambrian Mountains]
6. Which areas of Great Britain appear most mountainous on a physical map? [A: Scotland, Wales, and northwestern England]
7. Which areas appear flatter or lower in elevation? [A: Southeastern England]
8. Which island groups lie north of mainland Scotland? [A: Orkney and Shetland. You can't see the Shetland Islands on this map.]
9. Which side of Scotland has more islands—the east coast or the west coast? [A: the west coast]
10. Why might Great Britain's island location have been important throughout history? [A: It provided natural protection while also encouraging trade and naval travel.]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.2 p.17-24 “Neil Livingstone fumed” - “a post elsewhere.”

- What should missionaries learn about their exploration countries before going?

WEEK 3 25m Geography: Grades 4-6 - Lesson 6

Longitude

Materials: Student World Atlas, geography notebook, colored pen/pencil

→ MAP QUESTIONS

Map Resource: Student World Atlas p.8-9, 14-15, 30-31

1. Locate the North Pole and the South Pole on p.30-31. There are lines that go from the North Pole to the South Pole. They are called lines of longitude.
2. Read p.8-9 “Reading Maps.”
3. On p.8 “Longitude,” locate the 0° line of longitude. What is the name given to this line? [A: Prime Meridian]
4. On p.8, notice the map of parts of Canada. What region does the 80° line of longitude run through? [A: Ontario] What body of water is found along the 90° line of longitude? [A: Hudson Bay, Lake Superior]
5. Now turn to p.14. Are the 80° and 90° lines in question 4 identified as west or east of the Prime Meridian line? [A: west of the Prime Meridian]

→ MAP WORK

1. On the world map found in your notebook, use a different color pen than the one used for your latitude lines to make the 0° line of longitude. Label it the Prime Meridian.
2. Make two more lines of longitude on your map, one west and one east of the Prime Meridian. Label them correctly as shown on p.14-15 (for example, 90° E).

• DEFINITIONS

longitude: lines that measure distance east or west of the Prime Meridian

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 1

WEEK 4 ☐ 25m Geography: Grades 4-6 - Lesson 7

Smoke From a Thousand Villages

☐ Materials: David Livingstone: African Explorer, map printout, geography notebook, light blue colored pencil

PREP: Print a black and white version of D. Livingstone's African journeys map and glue it to the first page of your Livingstone section in your geography notebook. You may need to adjust the settings to fit it on one page.

∞ Map Link: Livingstone's African Journeys Map

→ RECAP

What did you read last time?

→ LOCATE

☐ Map Resource: David Livingstone: African Explorer p.23

1. Locate Port Elizabeth and Cape Town. What oceans are near them? [A: Atlantic to the west and Indian to the east]
2. Locate Kuruman. Where is it? [A: South Africa]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.2 p.24-28 "Robert Moffat said," - "him in Africa?"

→ MAP WORK

Look at the map you pasted in your notebook during Prep time. Color the Atlantic and Indian oceans a light blue.

• DEFINITIONS

dispensary: provided outpatient medical treatment and advice to patients (p.25)

WEEK 4 ☐ 25m Geography: Grades 4-6 - Lesson 8

Home/Scale Map (Day 1)

☐ Materials: blank map, Student World Atlas, geography notebook, paper or poster board (large enough for your student's room/classroom to be represented as 1 inch=1 foot), paper, scissors, ruler, tape measure or yardstick, pencil, tape or glue

→ NOTE

For the next couple of weeks, time will be split between map work and the scale map of a room. Make sure you are prepared and have the supplies needed. (Returning students, use a different room for your scale map.)

→ LOCATE

☐ Map Resource: Student World Atlas

1. Locate your home.
2. Are you north or south of the Equator?
3. Are you west or east of the Prime Meridian?
4. What continent do you live on? What country?
5. Which ocean is closest to you?
6. Find the approximate lines of latitude and longitude closest to your location.

→ MAP WORK

Scale map of bedroom/classroom. You will have 3 lessons to complete this project.

1. Maps are usually drawn to scale (unless otherwise noted). We are going to work on a scale map of a room over the next few weeks.
2. Using a tape measure or yardstick, measure the length and width of your room/classroom in feet. Write it down in your geography notebook.
3. Next, measure the main objects in the room (bed, table, chair, rug, bookshelf, etc., as if from a bird's eye view) and make a list of objects with their measurements.

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 1

4. Keep your list in the geography notebook, and next week, we will convert the measurements to a smaller scale.

∞ Image Link: Example of Drawing a Room to Scale

WEEK 5 25m Geography: Grades 4-6 - Lesson 9

The Heart of Darkness

□ Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

□ Map Resource: Student World Atlas p.14-15

1. Locate South America on the world map.

2. What ocean is on the eastern coast of South America? [A: Atlantic]
What continent is on the other side of the Atlantic Ocean, across from South America? [A: Africa]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.3 p.29-34 “As he passed” - “better than one!”

• How did Livingstone feel about navigation?

→ NOTEBOOK

In your notebook, title a page “Navigation.” Now make a list of items or words that were important to Livingstone in his attempt to learn about navigation. You may choose to draw pictures of the instruments mentioned.

→ VIEW

∞ Image Link: Ship Chronometer (Tells time in order to find longitude)

∞ Image Link: Mariner's quadrant

∞ Image Link: Marine Barometer

• DEFINITIONS

navigation: the process of accurately knowing a position or route

barometer: an instrument measuring atmospheric pressure

quadrant: an instrument used for taking angular measurements of altitude in astronomy or navigation

constellation: a group of stars forming a recognizable pattern

• EXTRA HELPING

Read this short article if you want to learn more about the prime meridian, which passes through Greenwich, England.

∞ Article Link: Prime Meridian

WEEK 5 25m Geography: Grades 4-6 - Lesson 10

Map Projections/Scale Map (Day 2)

□ Materials: Student World Atlas, wall map or globe, geography notebook, paper or poster board (large enough for your student's room/classroom to be represented as 1 inch=1 foot), paper, scissors, ruler, tape measure or yardstick, pencil, tape or glue

→ MAP QUESTIONS

1. In the Student World Atlas p.14-15, observe the 7 continents.
 2. If you have a globe or wall map, compare the sizes to each other and/or the ones in your book. If you only have your book, compare the flat map on p.14-15 to the globe projections on p.6-7. What are your observations?
 3. Are there any differences in the relative sizes depicted in the different maps? (For example, Africa is the 2nd largest continent on the globe. However, when you look at a wall map, it looks like North America is the 2nd largest.)
 4. Do you see a difference between Antarctica on a flat map versus a globe?
 5. What about the oceans? Do they look different on the various maps?
 6. Read p.6-7.
 7. If time permits, watch the following video on Map Projections.
- ∞ Video Link: Map Projections

→ MAP WORK (SCALE MAP OF BEDROOM/CLASSROOM)

Feel free to stop after 25 minutes of lesson time and finish up next week.

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 1

1. Because maps are usually drawn to scale, we are going to do the same. You have probably talked about ratios in math. The scale/ratio for our map will be 1 foot=1 inch. This means that if the room is 15 feet by 10 feet, it will be drawn 15 inches by 10 inches. (Note: Don't forget things like 6 inches is half of a foot, so it would be half of an inch.)
 2. Draw the outline of the room on your paper/poster board.
 3. On the outside of the drawing of the room, draw a scale guide. This will simply say 1 foot=1 inch.
 4. Start drawing the pieces of furniture, rugs, etc., on a separate sheet of paper. Use rulers and label each thing you draw to scale. (A bed that is 3 ft by 6 ft is drawn 3 inches by 6 inches, then labeled as "bed.")
 5. Cut out each piece of furniture, rug, etc.
 6. Save all your pieces for next week.
- ∞ Image Link: Example Drawing of a Room to Scale

WEEK 6 25m Geography: Grades 4-6 - Lesson 11

The Heart of Darkness

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.73, 102

1. Locate Brazil on p.73. Can you find Rio de Janeiro?
2. Locate the Cape of Good Hope on p.102. Describe what is near the tip of Africa: Is there a desert? What is the name? [A: Kalahari Desert] What ocean is to the east of Africa? [A: Indian] What river is north of the Cape of Good Hope? [A: Orange River]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.3 p.34-39 "The storm grew" - "heard about Jesus."

- Describe some difficulties Livingstone might face now that he has finally arrived in Africa.

→ NOTEBOOK

In your geography notebook, title a page "Atlantic and South American Natural Finds." Then make a list of natural animals and plants Livingstone found on his journey through South America and the Atlantic Ocean. Pick two or three things from your list and draw them on your page.

• DEFINITIONS

plantations: agricultural estates established for growing crops, primarily worked by enslaved people during Livingstone's era(s)

Dutch East India Company: established in 1602 and lasting until 1799. The VOC was a Dutch chartered company.

Boers: derived from the Dutch word boer ("farmer"), the term refers to the descendants of the proto-Afrikaans-speaking settlers of Dutch, German, and French Huguenot descent in Southern Africa

WEEK 6 25m Geography: Grades 4-6 - Lesson 12

Africa North Region/Scale Map (Day 3)

Materials: Student World Atlas, geography notebook, blank map of Africa

→ MAP QUESTIONS

Map Resource: Student World Atlas p.102-103

1. Locate Africa on p.102.
2. Between which lines of latitude and longitude does Africa lie? [A: between approximately 37°N and 35°S latitude and between approximately 58°E and 18°W longitude]
3. What borders Africa to the west? [A: Atlantic Ocean]
4. What sea separates Africa from Europe? [A: Mediterranean Sea]
5. Where do the waters of the Atlantic and the Mediterranean Sea meet? [A: Strait of Gibraltar]
6. On p.103, what are the 5 African countries that border the Mediterranean Sea? [A: Morocco, Algeria, Tunisia, Libya, and Egypt]

• DEFINITIONS

strait: a naturally formed, narrow waterway that connects two larger bodies of water, such as oceans or seas

Term 1

7. On p.103, what are the respective countries' capital cities? [A: Rabat, Algiers, Tunis, Tripoli, and Cairo]

→ MAP WORK (NORTH AFRICA)

□ Map Resource: Student World Atlas p.103

∞ Map Link: Blank Africa Map

1. Take your blank map of Africa and tape it to your next blank page. You will be adding countries to this map throughout the year.
2. On your map, label the Atlantic Ocean, Mediterranean Sea, Strait of Gibraltar, Morocco, Algeria, Libya, Tunisia, and Egypt.
3. Take the time to study what you have labeled. Next week, you will add these to a blank map from memory.
4. On the next blank page, title it "Capital Cities." You will add to this list in future lessons.
5. Now list Morocco, Algeria, Libya, Tunisia, and Egypt. Next to each country, list its national capital: Rabat, Algiers, Tunis, Tripoli, and Cairo.

→ MAP WORK (SCALE MAP OF BEDROOM/CLASSROOM)

1. Finish up your map. You can color the pieces if you have time.
2. Glue or tape objects where they should be.
3. You have now created a scale map of your bedroom/classroom!
4. Tape it in your notebook, if possible, or take a picture and keep that in your notebook.

WEEK 7 □ 25m Geography: Grades 4-6 - Lesson 13

A Prospecting Trip

□ Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, colored pencils/pens

→ RECAP

What did you read last time?

→ LOCATE

□ Map Resource: Student World Atlas p.102-103

1. Locate South Africa on p.103.
2. Notice that South Africa has 3 capitals. What are they? [A: Cape Town, Bloemfontein, and Pretoria]
3. Locate the Orange River and the Kalahari Desert on p.102.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.4 p.40-47 "David Livingstone watched" - "not a Christian."

→ MAP WORK

Look at the map you pasted in your notebook. Use a colored pencil to trace the first part of Livingstone's journey during 1841: Cape Town to Port Elizabeth and to Kuruman.

• DEFINITIONS

expedition: an organized journey or voyage taken for a particular purpose

caravan: a group of people traveling together for protection through difficult areas

odometer: an instrument used to record total distances traveled

Sichuana: a Bantu language spoken in South Africa

WEEK 7 □ 25m Geography: Grades 4-6 - Lesson 14

Africa North Region

□ Materials: Student World Atlas, Africa Is Not a Country, geography notebook, blank map of Africa

→ MAP QUESTIONS

□ Map Resource: Student World Atlas p.103

1. What country borders Egypt to the south? [A: Sudan. It is considered part of the Northern region by the United Nations.]
2. What sea is east of Egypt and Sudan? [A: Red Sea]
3. What disputed area is below Morocco? [A: Western Sahara]
4. What country is south of Western Sahara? [A: Mauritania]

Note: The African Union excludes Sudan but includes Mauritania as part

• DEFINITIONS

disputed area or territory: a region of land, water, or airspace that is contested by two or more sovereign states, political entities, or groups

Term 1

of the Northern region. The disputed territory of Western Sahara is also included when describing the North. We will include all three as part of our Northern region map.

→ MAP WORK

1. Use your printed blank map of Africa to fill out as much as you remember about Northern Africa so far. (You may want to write the names of the places on a whiteboard.)
2. Turn to the map in your notebook and check your work.
3. Now add the countries of Mauritania and Sudan to your map found in the notebook.
4. Add the territory of Western Sahara to your map.
5. Add the Red Sea.
6. Take the time to study what you have labeled. Next week, you will add these to a blank map from memory.
7. In your notebook on the Capital Cities page, include Nouakchott, Khartoum, and the disputed capital Laayoune alongside their countries.

→ MAP WORK

Country Journal Page (Egypt and Sudan)

□ Map Resource: Africa Is Not a Country p.10, 26, 37 (Egypt), and 40 (Sudan)

1. Read about Egypt and Sudan in Africa Is Not a Country.
2. You will start to create “country pages” in your notebook. On the next blank page, add the titles “Egypt” and “Sudan.” Use half a page or a full page for each.
3. After your reading, make an entry about what you have learned. Make a drawing of the flag or of the shape of the country, including the River Nile or other features. You may use the illustrations in the book to recreate in your notebook. The back of the book shows the flags of the countries.

WEEK 8 □ 25m Geography: Grades 4-6 - Lesson 15

A Prospecting Trip

□ Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.4 p.48-53 “David remembered the” - “took a nap.”

- What would it feel like to be unable to communicate with another person?

→ NOTEBOOK

In your notebook, title the next 2 pages “South African Animals and Plants.” Then make a list of natural animals and plants Livingstone found on his 1841 South African expedition. Pick one thing from your list and draw it on your page. (Don’t worry if you did not use a lot of space; you will add more items to your pages in future lessons.)

WEEK 8 □ 25m Geography: Grades 4-6 - Lesson 16

Africa North Region

□ Materials: Student World Atlas, Africa Is Not a Country, geography notebook, blank map of Africa

→ MAP QUESTIONS

□ Map Resource: Student World Atlas p.102

1. What large desert covers most of North Africa? [A: Sahara Desert] It is

• DEFINITIONS

oasis: a fertile area in a desert where water is found

Term 1

- considered one of the largest hot deserts in the world.
2. What mountain range is found across Morocco, Algeria, and Tunisia? [A: Atlas Mountains]
 3. Is North Africa mostly north or south of the Equator? [A: north of the Equator]
 4. What major river flows north through North Africa into the Mediterranean Sea? [A: The Nile River] The Nile River Valley and Delta are made up of a lush oasis region.

→ MAP WORK

1. Use your printed blank map of Africa to fill out as much as you remember about Northern Africa so far. (You may put the names of the places on a whiteboard.)
2. Turn to the map in your notebook and check your work.
3. Now add the Sahara Desert, the Atlas Mountains, and the Nile River to the map in your notebook.
4. Use 3 different symbols next to the words you added to distinguish what you just labeled: mountains, desert, river.
5. This completes your work on the Northern region of Africa.

→ MAP WORK

- Country Journal Page (Algeria and Mauritania)
- Map Resource: Africa Is Not a Country p.21, 30, 36 (Algeria), and 38 (Mauritania)
1. Read about Algeria and Mauritania in Africa Is Not a Country.
 2. On the next blank page, add the title "Algeria and Mauritania."
 3. After your reading, make an entry about what you have learned. Examples to include are drawings of flags, bullet lists of new information, or any other item you prefer. The back of the book shows the flags of the countries.

WEEK 9 □ 25m Geography: Grades 4-6 - Lesson 17

The Rainmaker

□ Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

- Map Resource: Student World Atlas p.102-103
1. Locate the Drakensberg Mountain Range. It borders the countries of South Africa and Lesotho.
 2. Locate Egypt. Is it near South Africa? [A: no]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.5 p.54-59 "David Livingstone awoke" - "away the dirt."

→ NOTEBOOK

In your notebook this week, title a page "South Africa's Natural Resources." Make a list of some of the natural resources Livingstone found in the region. Draw the countries of South Africa and Lesotho. Then draw the Drakensberg Mountain Range and the Orange River.

• DEFINITIONS

iron ore: consists of rocks and minerals from which metallic iron can be economically extracted

canal: an artificial waterway or an artificially improved river used for navigation, irrigation, water supply, or drainage

Term 1

WEEK 9 25m Geography: Grades 4-6 - Lesson 18

Clay Model of Great Britain

Materials: Student World Atlas p.83, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ VIEW (OPTIONAL)

∞ Video Link: Homemade Modeling Clay (This recipe uses baking soda, water, and cornstarch.)

→ MAP WORK

You will spend today's lesson and next week's lesson making a model of Great Britain (an island comprised of three nations: England, Wales and Scotland) the home of David Livingstone. The United Kingdom (a sovereign country) includes Great Britain and Northern Ireland.

Note: You may want to print a full page of the island to use as a guide when making your mold for your model.

∞ Image Link: Clay Model Example 1

∞ Image Link: Clay Model Example 2

∞ Map Link: Great Britain

WEEK 10 25m Geography: Grades 4-6 - Lesson 19

The Rainmaker

Materials: David Livingstone: African Explorer, Student World Atlas

→ RECAP

What did you read last time?

→ MAP QUESTIONS

Map Resource: Student World Atlas p.104-105, map link

1. On p.104, what are the climate zones in South Africa? [A: Marine West Coast, Semiarid, Arid]

2. On p.105, what is the average precipitation in western South Africa? [A: more than 39 in.] In mid South Africa? [A: 10-19 in.] In eastern South Africa? [A: less than 10 in.]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.5 p.60-65 "When the rainmaker" - "straight from David."

WEEK 10 25m Geography: Grades 4-6 - Lesson 20

Clay Model of Great Britain (cont.)

Materials: Student World Atlas p.83, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ MAP WORK

Continue working on your clay model of Great Britain. This week, paint your dry model. Use toothpicks or pins to place small paper flags to mark key areas. You may also get creative and add other features like dirt for desert or blue tissue paper for water formations. Take a picture and put it in your notebook. Take the time to describe your clay model to another person.

Geography: Grades 4-6

Term 1

WEEK 11 25m Geography: Grades 4-6 - Lesson 21 <i>Catch-Up Day</i> → CATCH UP Use this time to catch up on lessons in this or another course, or explore Extra Helpings.	
WEEK 11 25m Geography: Grades 4-6 - Lesson 22 <i>Catch-Up Day</i> → CATCH UP (COUNTRY JOURNAL PAGE) Use this time to go back and include any country you have already studied but might have missed adding to your notebook.	
WEEK 12 25m Geography: Grades 4-6 - Lesson 23 <i>Exam Week</i> → EXAMS Answer question(s) related to the course. Questions will come from: David Livingstone: African Explorer	
WEEK 12 25m Geography: Grades 4-6 - Lesson 24 <i>Exam Week</i> → EXAMS Answer question(s) related to the course. The student will use a blank map to fill in.	

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 2

WEEK 1 25m Geography: Grades 4-6 - Lesson 25

The Eyes of Death

Materials: David Livingstone: African Explorer, geography notebook, colored pencils/pens

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: link

Map Link: Vaal River

Locate the Vaal River. It is the second-longest river in South Africa. The word “vaal” in Afrikaans refers to its color: “gray-brown.” What river does it connect to? [A: the Orange River]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.6 p.66-73 “David made his” - “as knife wounds.”

Express how you felt about this chapter. Did you feel empathy for Livingstone? The lion? The people? How do you think Livingstone felt?

→ MAP WORK

Using the map in the link as a reference, turn to the map in your notebook and draw in the Orange River and the Vaal River. Hint: Use the Limpopo River and Cape Town as your guides. With a different colored pencil, highlight on your map Livingstone’s 1842 journey from Kuruman to Mobsa.

★ TEACHER NOTE

This chapter describes an encounter with a lion attack. Parents, please preread.

• DEFINITIONS

irrigation: the supply of water to land or crops to help growth, typically by means of channels

orchard: a piece of land planted with fruit trees

WEEK 1 25m Geography: Grades 4-6 - Lesson 26

Western Africa

Materials: Student World Atlas, Africa Is Not a Country, geography notebook, blank map of Africa

PREP: Print 5 blank maps of Africa to be used this term.

Map Link: Blank Africa Map

→ MAP WORK

Map Resource: Student World Atlas p.103

1. Using a blank map of Africa, fill in the countries you remember. (Challenge yourself and include the Northern region countries you remember.)

2. Use the map in your notebook to check your work. Say the ones you forgot out loud. You may discard your map; you will now work on the map found in your notebook.

3. This week, we will add seven countries located in the Western region of Africa (p.103) to the map in your notebook from Term 1.

4. Add Senegal, Cape Verde, The Gambia, Guinea-Bissau, Guinea, Sierra Leone, and Liberia.

5. Add the national capitals of the 7 countries to your Capital Cities page from last term.

6. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS (SENEGAL)

Map Resource: Student World Atlas p.104-105, Africa Is Not a Country p.24 and 39 (Senegal)

1. On p.104, locate Senegal. What are the currents that run in the area?

[A: Guinea Current, Canary Current] What body of water is near the Western coast of Africa? [A: Atlantic Ocean]

2. What are the Climate Zones [A: Semi-arid, Arid]

• DEFINITIONS

arid: very dry

Term 2

3. On p.105, what is the average precipitation in Senegal? [A: predominantly more than 39 in./99 cm]
4. What island is closest to Senegal near its western coast? [A: Cabo Verde]
5. What is the national capital? [A: Dakar]
6. Read about Senegal in Africa Is Not a Country.

WEEK 2 25m Geography: Grades 4-6 - Lesson 27

The Eyes of Death

Materials: David Livingstone: African Explorer, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: map in your notebook

Locate Mabotsa. This is the location of the famous lion attack. What river is near the area? [A: Limpopo River]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.6 p.73-78 “The natives carried” - “deeper into Africa?”

- What do you think makes a hero?

→ NOTEBOOK

In your notebook, label your page “The African Lion.” Make a list of things you learned about the lion from the chapter. Draw a lion. You may use the link or attempt your own drawing. There is also a link to a video about the African lion.

∞ Video Link: Draw a Lion

∞ Video Link: African Lion

WEEK 2 25m Geography: Grades 4-6 - Lesson 28

Western Africa

Materials: Student World Atlas, Africa Is Not a Country, blank map of Africa, geography notebook

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. Add the remaining 8 Western region countries to the map in your notebook: Mali, Burkina Faso, Ivory Coast, Ghana, Benin, Togo, Niger, and Nigeria.
4. To your Capital Cities page, add the national capitals for these countries.
5. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS (NIGERIA)

Map Resource: Student World Atlas p.102 and linked map of Nigeria

∞ Map link: Map of Nigeria

1. What is the capital city of Nigeria? [A: Abuja]
2. What is the longest river in Nigeria? [A: the Niger River, at about 2,547 miles long]

→ MAP WORK

Country Journal Page (Nigeria)

Map Resource: Africa Is Not a Country p.31, 39 (Nigeria)

Term 2

1. Read about Nigeria in Africa Is Not a Country.
 2. On the next blank page, add the title "Nigeria."
 3. In your notebook, draw the flag of Nigeria. Include other drawings related to the country, like their national bird, or make a bullet point list of other relevant facts you find in the link.
- ∞ Article link: Kids World Travel-Nigeria

WEEK 3 25m Geography: Grades 4-6 - Lesson 29

Mabotsa: The Marriage Feast

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ MAP QUESTIONS

Map Resource: Student World Atlas p.103

1. Locate South Africa.
2. What countries border South Africa today? [A: Namibia, Botswana, Zimbabwe, and Mozambique]
3. What countries are surrounded by South Africa today? [A: Lesotho and Eswatini]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.7 p.79-86 "The people at" - "a Hebrew dictionary."

- How do you think Mary felt about her marriage feast?

→ NOTEBOOK

Remember from Lesson 15: In your notebook, you titled 2 pages "South African Animals and Plants." Add the plant Salsola (used to make soap) to your list and any new plants or animals you read about so far. Pick one thing from your list and draw it on your page.

∞ Image Link: Salsola plant

WEEK 3 25m Geography: Grades 4-6 - Lesson 30

Western Africa

Materials: Student World Atlas, Africa Is Not a Country, blank map of Africa, geography notebook

→ LOCATE

Map Resource: Student World Atlas p.102

Locate Upper Guinea on p.102. This area is primarily a savannah-woodland known as The Upper Guinea Forest. Now move east, and you will reach the Adamawa Plateau. This area touches both western and central Africa. Continue southwest, and you will reach Mt. Cameroon, the largest peak in the Western region.

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. Add Upper Guinea, Adamawa Plateau, and Mt. Cameroon to your map. (You may use symbols in place of writing in the names.)
4. This completes your work on the Western region of Africa.

→ MAP QUESTIONS (CÔTE D'IVOIRE AND CABO VERDE)

Map Resource: Student World Atlas p.102, 105 and linked map of Cabo Verde

• DEFINITIONS

plateau: a raised, flat area of land

savanna: grassland with scattered trees

Term 2

∞ Map link: Cabo Verde Map

1. What are the bordering countries of Côte d'Ivoire (Ivory Coast)? [A: Liberia, Guinea, Mali, Burkina Faso, Ghana]
2. What is the average precipitation per year in Côte d'Ivoire p.105? [A: more than 39 in.]
3. Referencing the map link, what type of landform is the country of Cabo Verde (Cape Verde)? [A: If you say island, you are very close—the country is made of several islands that make up an archipelago.]
4. What ocean surrounds Cabo Verde? [A: Atlantic Ocean]

→ MAP WORK

Country Journal Page (Côte d'Ivoire and Cabo Verde)

📄 Map Resource: Africa Is Not a Country p.17, 20, 36 (Cabo Verde) and 37 (Côte d'Ivoire)

1. Read about Cabo Verde and Côte d'Ivoire in Africa Is Not a Country.
2. On the next blank page, add the title "Cabo Verde and Côte d'Ivoire."
3. After your reading, make an entry about what you have learned. Examples to include are drawings of flags, bullet lists of new information, or any other item you prefer.

WEEK 4 📅 25m Geography: Grades 4-6 - Lesson 31

Mabotsa: The Marriage Feast

📄 Materials: David Livingstone: African Explorer, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

📄 Map Resource: map in notebook

1. Locate Kolobeng. It is north of Mabotsa.
2. Locate Kalahari. It is north of Kolobeng.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.7 p.86-90 "For his medical" - "of Lake Ngami."

- Describe Livingstone having a family of his own. Does it change the way he will approach his work in Africa?

WEEK 4 📅 25m Geography: Grades 4-6 - Lesson 32

Local Geography

📄 Materials: local map of town or city (Google Maps is a good option), geography notebook, colored pens/pencils, printed images or stickers

→ MAP WORK

📄 Map Resource: local map (Google Maps)

1. Locate your street. (A parent will probably need to help.)
2. Do you live within the city limits?
3. How are the streets/roads laid out in your city/town? Is it a grid? If not, how would you describe it?
4. Do you have a downtown or city center? What important institutions can you find? Police/Fire Department? Hospital? City Hall, government/municipal building? Library?
5. Are there familiar places you frequently visit? A grocery store/farmers' market? Place of worship? Friend/relative's home?
6. Pick one of the places you frequently visit and find 2 different routes to travel there from your home. Which one do you think is faster? Describe your route using geographical terms such as north, south, east, and west.

Term 2

→ MAP WORK (MAP OF YOUR TOWN)

This activity will take two weeks to complete. You may use stickers or print images to cut out to use for your landmarks. Think about your town. Now that you have located it on a map, draw a version of your city or town map in your notebook. Focus on landmarks near you: A big maple tree? A swing set? A barn? Where does the travel happen? (a road, highway, airport, creek) What do you think of your town? You may watch the video link for inspiration.

∞ Video Link: How to Make a Town Map

WEEK 5 25m Geography: Grades 4-6 - Lesson 33

The Land of Rivers and Trees

☐ Materials: David Livingstone: African Explorer, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

☐ Map Resource: map in notebook
Locate Limpopo on Livingstone's Journeys map.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.8 p.91-97 "Cotton Oswell arrived" - "degrees east longitude."

- Why are rivers important to people?

→ NOTEBOOK

In your notebook, make a ½ page or full-page drawing of the baobab trees found on p.98. You can see a real tree in the link.

∞ Image Link: Baobab Tree

WEEK 5 25m Geography: Grades 4-6 - Lesson 34

Local Geography (cont.)

☐ Materials: local map, Student World Atlas, geography notebook, colored pens/pencils, printed images or stickers

→ MAP QUESTIONS

- ☐ Map Resource: local map, Student World Atlas
1. Locate your home.
 2. Can you find any geographical landform features in your area? Mountains? Hills? Plains? Forests? Canyons? Cliffs? Valleys? Meadows?
 3. Describe the closest one to your house. What is the approximate distance? Could you walk there? Drive there? How long would it take?
 4. Can you use coordinates to find it on your map? What would be the approximate latitude and longitude?

→ MAP WORK (MAP OF YOUR TOWN, CONT.)

1. Finish working on your town map.
2. Will you be adding any new landforms?
3. What do you think of your town? Share your thoughts with someone.
4. If you used a separate page to make your town map, tape it into your notebook.

∞ Video Link: How to Make a Town Map

Term 2

WEEK 6 25m Geography: Grades 4-6 - Lesson 35

The Land of Rivers and Trees

Materials: David Livingstone: African Explorer, geography notebook, colored pen/pencil

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: map in notebook
Locate Lake Ngami in Livingstone's Journeys map.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.8 p.97-102 "As they explored" - "rivers and trees?"

- Explain how new technology and inventions helped Livingstone during his exploration. What were some of those "new" things?

→ MAP WORK

Look at the map in your notebook. Use a colored pencil to trace the part of Livingstone's journey during 1847 and 1849, arriving at Lake Ngami.

• DEFINITIONS

tributary: a freshwater stream or river that flows into and joins a larger, main river or lake

elevation: refers to the height of a geographical point based on a reference point

infested: overrun with a large number of pests, parasites, or harmful organisms, usually causing harm

WEEK 6 25m Geography: Grades 4-6 - Lesson 36

Central Africa

Materials: Student World Atlas, blank map of Africa, geography notebook

→ MAP WORK

- Map Resource: Student World Atlas, blank map of Africa
1. Using a blank map of Africa, fill in the countries you remember. (Challenge yourself and include the Northern and Western region countries you remember.)
 2. Use the map in your notebook to check your work. Say the ones you forgot out loud. You may discard your map. You will now work on the map found in your notebook.
 3. This week, we will add eight countries located in the Central region of Africa (p.103) to the map in your notebook.
 4. Add Chad, Central African Republic, Cameroon, Equatorial Guinea, Gabon, Congo, Democratic Republic of Congo, and Sao Tome & Principe.
 5. Add the national capitals of the 8 countries to your Capital Cities page from last term.
 6. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS

- Map Resource: Student World Atlas p.102-104
1. On p.103, what are the countries in the Central region found on the Equator line? [A: Sao Tome & Principe, Gabon, Congo, and Democratic Republic of Congo]
 2. On p.102, what are the primary physical features found in Central Africa? [A: Congo Basin, Lake Chad, Lower Guinea (Plateau), Congo River, and Ubangi River. Other features include mountain ranges like the Rwenzori Range found in the Democratic Republic of Congo, the Bongo Massif found in the northeast part of Central Africa, and to the western part of Central Africa is the Cameroonian Highland Forest.]
 3. On p.104, what is the climate in the Central region? [A: Mostly tropical wet. Some dry climate zones are found in Chad.]

• DEFINITIONS

tropical: hot climate near the equator

basin: a low-lying area where water collects

humid: warm and wet climate

Term 2

WEEK 7 25m Geography: Grades 4-6 - Lesson 37

A Path to the Sea

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ MAP QUESTIONS

Map Resource: Student World Atlas p.102-103

1. Look at the map on p.102. Describe the Kalahari Desert region. What river is North of the Kalahari? [A: Zambezi] What river flows in the southern areas of the Kalahari? [A: Orange]
2. Name the countries that are found in the Kalahari Desert area, p.103. [A: Botswana, South Africa, and Namibia]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.9 p.103-109 “There has been” - “custom all along.”

→ VIEW

∞ Video Link: Kalahari Desert

Just watch the first 2 minutes to get a feel for the Kalahari Desert. You can watch more if there is time and interest.

→ WRITE

In your notebook, write a journal entry about how you would feel being on an exploration in the middle of the Kalahari Desert.

• DEFINITIONS

salt pan: a flat, shallow, natural depression in the ground, typically found in arid or desert regions

quinine: a bitter-tasting, crystalline alkaloid derived from the bark of the cinchona tree, used as an anti-malarial medicine

WEEK 7 25m Geography: Grades 4-6 - Lesson 38

Central Africa

Materials: Student World Atlas, blank map of Africa, geography notebook

→ MAP WORK

Map Resource: Student World Atlas p.103

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern and Western region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. Certain organizations consider Rwanda, Burundi, and Angola as part of the Central Region. Add these countries to the map found in your notebook.
4. Add their capitals to the Capital Cities page in your notebook.
5. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS

Map Resource: Student World Atlas p.24-25, 105

1. Read p.24 “Earth’s Natural Vegetation.”
2. On p.25, what are the two major vegetation zones found in Central Africa? [A: Tropical Grassland and Savanna; Tropical Moist Broadleaf] The tropical areas, such as the Congo Basin, are known to be covered in a dense canopy of trees and leaves.
3. On p.105, what is the predominant precipitation in the Central region? [A: more than 39 inches per year]

• DEFINITIONS

canopy: top layer of rainforest trees

Term 2

WEEK 8 25m Geography: Grades 4-6 - Lesson 39

A Path to the Sea

Materials: David Livingstone: African Explorer, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: geography notebook, linked map of Chobe River
1. Locate Linyanti on the map of Livingstone's Journeys found in your notebook. It is in present-day northern Botswana near the border of Namibia. Nearby the Namibia Strip, you will find the Linyanti River and Chobe River, which eventually flow into the Zambezi River.
2. Look at this map: #6 is the Linyanti River, and #8 is the Chobe River.
∞ Map Link: Chobe River

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.9 p.109-113 "Chief Sebituane killed" - "heard of again."

→ MAP WORK

In your notebook, trace the journey to Linyanti and try to add labels for the Linyanti River and Chobe River.

WEEK 8 25m Geography: Grades 4-6 - Lesson 40

Central Africa

Materials: Student World Atlas, Africa is Not a Country, geography notebook, blank map of Africa

→ MAP WORK

Map Resource: Student World Atlas p.103
1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern and Western region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. This completes your map work of Central Africa.

→ MAP QUESTIONS (CAMEROON, DEMOCRATIC REPUBLIC OF CONGO, RWANDA)

Map Resource: Student World Atlas p.102-103
1. On p.103, which of these countries is the largest: Cameroon, Democratic Republic of Congo, or Rwanda? [A: Democratic Republic of Congo/DRC is larger than Cameroon and Rwanda combined.]
2. Locate the Congo River on p.102. In which direction and through which countries does it flow? [A: North, then west, and finally southwest to the Atlantic Ocean. It primarily moves through Congo and the Democratic Republic of Congo.]
3. Use relative location: Is the Congo Basin east or west of the Great Rift Valley? [A: west]
4. Use longitude: Is Central Africa closer to 0° or 60°E longitude? [A: closer to 60°E]

→ MAP WORK

Country Journal Page (Cameroon, DR Congo, and Rwanda)
Map Resource: Africa Is Not a Country p.6, 14, 27, 36 (Cameroon), 37 (DR Congo), and 39 (Rwanda)
1. Read about Cameroon, DR Congo, and Rwanda in Africa Is Not a Country.

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 2

2. If time permits, add one or more of these Central African countries to your notebook. Include a drawing of the shape of the country (make sure you label it) or make a bullet point list of other relevant facts you found out about the country. Note: Flags to African countries can be found on the last pages in your Africa Is Not a Country book.

WEEK 9 25m Geography: Grades 4-6 - Lesson 41

The Raid on Kolobeng

Materials: David Livingstone: African Explorer, geography notebook

Note: On p.114, succeed is misspelled in the second sentence.

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: geography notebook

Locate Kolobeng on Livingstone's Journeys map in your notebook.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.10 p.114-120 "David's goal was" - "and many streams."

• How would you describe the relationships between tribes?

→ NOTEBOOK

In your notebook, title a page "The Ostrich." Watch the video link. (You don't need to watch the whole video.) List what you learned about the ostrich and draw it.

∞ Video Link: The Ostrich

• DEFINITIONS

bluff: a steep, broad-faced bank or cliff, often formed by river erosion, wind, or wave action along a shoreline

chronometer: a precise, sturdy timekeeping device designed to maintain Greenwich Mean Time (GMT) while on a moving ship, allowing navigators to determine their longitude

sextant: a reflecting instrument used to measure the angle between the horizon and a celestial body (such as the sun, moon, or stars) to determine a ship's latitude and longitude

WEEK 9 25m Geography: Grades 4-6 - Lesson 42

Clay Model of Country

Materials: Student World Atlas, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ VIEW (OPTIONAL)

∞ Video Link: Homemade Modeling Clay

→ MAP WORK

You will spend today's lesson and next week making a model of one of the countries we studied this term.

Note: We have looked at countries predominantly in the Northern, Western, and Central regions of Africa. You may want to print a full page of your choice country to use as a guide when making your mold for your model.

∞ Image Link: Clay Model Example 1

∞ Image Link: Clay Model Example 2

WEEK 10 25m Geography: Grades 4-6 - Lesson 43

The Raid on Kolobeng

Materials: David Livingstone: African Explorer, geography notebook

→ RECAP

What did you read last time?

→ READ, NARRATE, & DISCUSS

• EXTRA HELPING

∞ Video Link: Hippos of the Zambezi

Term 2

David Livingstone: African Explorer Ch.10 p.120-125 “David told George” - “his wits.”

- What were other ways to get things/services besides exchanging money?

→ NOTEBOOK

Remember from Lesson 15: In your notebook, you titled 2 pages “South African Animals and Plants.” Add any new plants or animals you have read about so far. Pick one thing from your list and draw it on your page. View the image of a hippo.

∞ Image Link: Hippo

WEEK 10 25m Geography: Grades 4-6 - Lesson 44

Clay Model of Country (cont.)

□ Materials: Student World Atlas p.103, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ MAP WORK

Continue working on your clay model of a country. This week, paint your dry model. Use toothpicks or pins to place small paper flags to mark key areas. You may also get creative and add other features like dirt for desert or blue tissue paper for water formations. Take a picture and put it in your notebook. Take the time to describe your clay model to another person.

WEEK 11 25m Geography: Grades 4-6 - Lesson 45

Catch-Up Day

→ CATCH UP (COUNTRY JOURNAL PAGE)

Use this time to go back and include any country you have already studied but might have missed adding to your notebook.

WEEK 11 25m Geography: Grades 4-6 - Lesson 46

Catch-Up Day

→ CATCH UP

Use this time to catch up on lessons in this or another course, or explore Extra Helpings.

WEEK 12 25m Geography: Grades 4-6 - Lesson 47

Exam Week

→ EXAMS

Answer question(s) related to the course.

Questions will come from:

David Livingstone: African Explorer

WEEK 12 25m Geography: Grades 4-6 - Lesson 48

Exam Week

→ EXAMS

Answer question(s) related to the course.

The student will use a blank map to fill in.

∞ Link: Blank Map of Africa

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 3

WEEK 1 25m Geography: Grades 4-6 - Lesson 49

A Man, a Gun or an Ox

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ MAP QUESTIONS

Map Resource: Student World Atlas p.103

1. Locate South Africa on the map. Now estimate the latitude and longitude of Cape Town. [A: about 34°S and 18° E]
2. Locate Botswana on the map. Now estimate the latitude and longitude for Linyanti. (It is not in the Student Atlas, but based on your other notes/notebook map so far, make an estimation.) [A: about 18°S and 24°E]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.11 p.126-132 “David rode on” - “of my friendship.”

- How does a leader make choices in hard situations?

→ NOTEBOOK

In your notebook, create a page for “Food and Meals” and make a list of foods that Livingstone experienced while on his various exploration travels.

WEEK 1 25m Geography: Grades 4-6 - Lesson 50

Eastern Africa

Materials: Student World Atlas, geography notebook, blank map of Africa

→ MAP WORK

Map Resource: Student World Atlas p.103

1. Using a blank map of Africa, fill in the countries you remember. (Challenge yourself and include the Northern, Central, and Western region countries you remember.)
2. Use the map in your notebook to check your work. Say the ones you forgot out loud. You may discard your map; you will now work on the map found in your notebook.
3. This week, we will add six countries located in the Eastern region of Africa (p.103) to the map in your notebook from Term 1.
4. Add Kenya, Tanzania, Uganda, South Sudan, Somalia, and Djibouti.
5. Add the national capitals of the 6 countries to your Capital Cities page from last term.
6. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS

Map Resource: Student World Atlas p.102-103

1. What ocean borders East Africa to the east? [A: Indian Ocean]
2. What types of landforms are common in East Africa? [A: the Great Rift Valley, lakes, plateaus, plains, and mountain/volcano peaks]
3. Find the Equator on the map. Which East African countries does it cross? [A: Uganda, Somalia, and Kenya]
4. Is Mount Kilimanjaro north or south of the Equator? [A: south, near the Kenya border] Mount Kilimanjaro is Africa’s tallest mountain.
5. Locate Lake Victoria. Which three countries border it? [A: Kenya, Uganda, and Tanzania]
6. What body of water is found north of Somalia and northeast of Djibouti? [A: Gulf of Aden]

• DEFINITIONS

highlands: elevated land areas

Lake Victoria: Africa’s largest lake

Great Rift Valley: a large crack in the Earth’s surface

Geography: Grades 4-6

Term 3

WEEK 2 25m Geography: Grades 4-6 - Lesson 51

A Man, a Gun or an Ox

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.103

Locate Namibia on the map. What countries border Namibia? [A: South Africa, Botswana, Zambia, and Angola] The small strip of Namibia, located in the northeast, borders Angola, Zambia, and Botswana. It is a salient (panhandle) known as the Caprivi Strip. It is similar to a peninsula, but rather than being surrounded by water, it is surrounded by land. It is a protruding elongated area that belongs to Namibia.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.10 p.132-138 "Chief Shinte presented" - "was soon asleep."

- How would you feel knowing that you did not want to work with slave traders?

→ MAP WORK

In your notebook (using the map on p.103), draw the Caprivi Strip. Label the countries of Namibia, Angola, Zambia, Botswana, and Zimbabwe. (You do not need to draw the entire countries, just enough that you know the borders along the Caprivi Strip.)

• DEFINITIONS

mildewed: (past tense) affected by mildew

WEEK 2 25m Geography: Grades 4-6 - Lesson 52

Eastern Africa

Materials: Student World Atlas, Africa Is Not a Country, blank map of Africa, geography notebook

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern, Central, and Western region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. Add the remaining Eastern region countries and geographical forms to the map in your notebook: Eritrea, Ethiopia, Lake Victoria, Gulf of Aden, and Kilimanjaro.
4. Add the national capitals for Eritrea and Ethiopia to your Capital Cities page.
5. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS (ERITREA AND ETHIOPIA)

Map Resource: Student World Atlas p.102, Africa Is Not a Country p.5, 25, 37 (Eritrea and Ethiopia)

1. Read about Eritrea and Ethiopia in Africa Is Not a Country.
2. What is the population of Eritrea? [A: 6.1 million] Ethiopia? [A: 110.8 million]
3. What countries border Ethiopia? [A: Eritrea, Somalia, Kenya, South Sudan, and Sudan] Somaliland is not currently recognized as a country by the U.S. but is considered a territory that self-declared independence from Somalia in 1991.

→ MAP WORK

• EXTRA HELPING

- ∞ Video link: Eritrea
- ∞ Article link: Ethiopia

Term 3

Country Journal Page (Eritrea, Ethiopia)

If time permits, add these countries to your notebook. Draw the flag or the shape of the country. Include other drawings related to the country, like their national bird, or make a bullet point list of other relevant facts you find in the links.

WEEK 3 25m Geography: Grades 4-6 - Lesson 53

The Smoke That Sounds

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ MAP QUESTIONS

Map Resource: Student World Atlas p.103

1. Locate Angola on the map. Using geographical terms like north, south, east, and west, describe where Luanda is located in the country. [A: It is in the northwest part of the country along the coastline.]
2. Angola's western side borders the ocean. Which ocean? [A: Atlantic]
3. What countries border Angola? [A: Congo, Democratic Republic of the Congo, Zambia, and Namibia]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.12 p.139-144 "The next morning" - "side of Africa."

- Describe how Livingstone's men experienced being in Luanda?

→ NOTEBOOK

In your notebook, draw a British Naval ship such as the HMS Pluto. The image shows how the HMS Pluto (on the right) captured an American slave ship, the Barque Orion, in 1859. There were 847 slaves on board, the largest number of slaves ever taken in one vessel.

∞ Image Link: HMS Pluto

WEEK 3 25m Geography: Grades 4-6 - Lesson 54

Eastern Africa

Materials: Student World Atlas, blank map of Africa, geography notebook

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern, Central, and Western region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. This completes your study of Eastern Africa.

→ MAP QUESTIONS (KENYA, SOMALIA)

Map Resource: Student World Atlas p.102-103, Africa Is Not A Country p.7, 32, 38 (Kenya) and 40 (Somalia)

1. Read the pages in Africa Is Not a Country.
2. What is the capital city of Kenya? [A: Nairobi]
3. Which ocean does Kenya have a coastline on? [A: Indian Ocean]
4. What is the name of the highest mountain in Kenya? [A: Mount Kenya]
5. Which large landform cuts through Kenya from north to south? [A: the Great Rift Valley]
6. What is the official language of Somalia? [A: Somali]
7. What are the longitude and latitude coordinates for the capital city of Somalia? [A: approximately 2° N, 45° E] The capital city is Mogadishu.

• EXTRA HELPING

∞ Video link: Kenya

Term 3

→ MAP WORK

Country Journal Page (Kenya, Somalia)

In your notebook, if time permits, draw the flag or the shape of the country. Include other drawings related to the country, like their national bird, or make a bullet point list of other relevant facts you find in your reading or in the linked video.

WEEK 4 25m Geography: Grades 4-6 - Lesson 55

The Smoke That Sounds

Materials: David Livingstone: African Explorer, geography notebook, Student World Atlas, colored pen/pencil

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: geography notebook, Student World Atlas p.103

1. Locate Victoria Falls in the Livingstone's Journey map found in your notebook. It is found along the Zambezi River, and it forms a border between Zambia and Zimbabwe.
2. Locate Zambia and Zimbabwe on p.103 of your Student World Atlas.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.12 p.144-150 "Even David" - picture of Victoria Falls.

- Besides Livingstone's missionary work, why were other organizations interested in his journeys?

→ MAP WORK

In your notebook, turn to the exploration map and highlight Livingstone's journey to Luanda and then to Victoria Falls.

∞ Image Link: Victoria Falls

WEEK 4 25m Geography: Grades 4-6 - Lesson 56

Outdoor Space

Materials: geography notebook, pencil/colored pencils

→ MAP WORK

Just like David Livingstone, we use different senses to observe life around us. We might hear the sound of a bird call, see the color of an insect, smell the scent of flowers, or feel the roughness of bark on a tree. For the next 2 weeks, you will be making a sensory map of the area around your home or school. Depending on how big your area is, you can pick one section to map out. Today, you will sketch out a map that shows your home or school and the area you will focus on. You will have more time next week to color the map if you would like and to mark down places where your senses are engaged. You will want to include natural items, such as trees, as well as firepits or playground equipment. You want to be as specific as you can if you know the kinds of trees or flowers that you see. You can look at the map link for an example, but feel free to draw it any way that you like.

→ VIEW

∞ Image Link: Example Map of Outdoor Space

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 3

WEEK 5 25m Geography: Grades 4-6 - Lesson 57

A Hundred Thousand Welcomes!

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, colored pens/pencils

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.103

Locate Mozambique on the map. It is located in the eastern region of Africa along the Indian Ocean coastline.

As a challenge (using your Student World Atlas p.103), try to map the location of the church ruin Livingstone found: latitude 15° 37' S and longitude 30° 32' E. What country are you in? [A: Mozambique]

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.13 p.151-157 "Going east, David" - "to her letters."

- How would you feel to hear wild animals near you when you are in an unfamiliar place?

→ MAP WORK

In your notebook, turn to the exploration map and highlight Livingstone's journey from Victoria Falls to Quelimane (part of his 1855 expedition that took him from one end of the continent to the other end). Add any new animals or plants to your notebook pages. View the image of a hyena.

Image Link: Hyena

WEEK 5 25m Geography: Grades 4-6 - Lesson 58

Outdoor Space (cont.)

Materials: geography notebook, pencil/colored pencils

→ MAP WORK

Continue working on your sensory map. Take your map outside and find at least 2-3 items for each of the senses—see, smell, hear, touch, taste. For example, "I see tulip flowers, smell lilac bushes, hear the sound of a bird, taste berries, and feel the bark of a tree." Color in the items that are part of the senses and label what they are, or create a legend. You will also want to look for animals or insects that might be in those areas as you walk around. If you didn't draw your map in your notebook, take a picture of it and put it in your notebook.

→ VIEW

Image Link: Example Map of Outdoor Space

WEEK 6 25m Geography: Grades 4-6 - Lesson 59

A Hundred Thousand Welcomes!

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.103

Locate Egypt on the map. Locate the Nile River. The Nile River is the longest river in Africa and the world, at about 4,100-4,400 miles long. It is

• DEFINITIONS

Crimean War: a war between Russia and an alliance of Britain, France, the Ottoman Empire, and Sardinia

Term 3

considered longer than the Amazon by some hundred miles.

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.13 p.157-162 “Many of his” - “went with him.”

- How do you think the family felt to be together again?

→ WRITE

Pretend you are interviewing David Livingstone for a newspaper article. Write down at least 3 questions you would ask him. You don't have to write down the answers.

WEEK 6 25m Geography: Grades 4-6 - Lesson 60

Southern Africa

Materials: Student World Atlas, geography notebook, blank map of Africa

→ MAP WORK

Map Resource: Student World Atlas p.103

1. Using a blank map of Africa, fill in the countries you remember. (Challenge yourself and include the Northern, Central, Western, and Eastern region countries you remember.)
2. Use the map in your notebook to check your work. Say the ones you forgot out loud. You may discard your map; you will now work on the map found in your notebook.
3. This week, we will add 7 countries located in the Southern region of Africa (p.103) to the map in your notebook from Term 1. Add Angola, Botswana, Malawi, Mozambique, Namibia, Zambia, and Zimbabwe.
4. Add the national capitals of the 7 countries to your Capital Cities page from last term.
5. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS

Map Resource: Student World Atlas p.102-103

1. What large desert is found in parts of Southern Africa? [A: Kalahari]
2. Which famous waterfall is located on the border of Zambia and Zimbabwe? [A: Victoria Falls]
3. What ocean borders Southern Africa to the west? [A: Atlantic Ocean] To the east? [A: Indian Ocean]
4. Which direction would you travel from Botswana to Mozambique? [A: east or northeast]
5. What countries does the Tropic of Capricorn cross? [A: Namibia, Botswana, South Africa, Mozambique, and the island of Madagascar]

WEEK 7 25m Geography: Grades 4-6 - Lesson 61

The Last Journey

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, colored pencils/pens

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.102, linked map of Lake Malawi
Locate Lake Nyasa on p.102. It is also known as Lake Malawi. It is bordered by the countries of Malawi, Tanzania, and Mozambique. Take a closer look at the link:
∞ Map Link: Lake Malawi

→ READ, NARRATE, & DISCUSS

• DEFINITIONS

delta: a landform created by the deposition of sediment as a river enters a slower-moving body of water, such as an ocean or lake

mouth (river): location where a river empties into a larger body of water, such as an ocean, sea, lake, or another river

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 3

David Livingstone: African Explorer Ch.14 p.163-169 “Mary tried to” - “have me be.”

- Describe the emotions Livingstone might have felt being back in Africa.

→ MAP WORK

In your notebook with a colored pencil/pen, trace the Zambezi journey starting in 1859 in Quelimane to Linyanti and back towards Lake Nyasa. On a different page, trace or draw Lake Nyasa. Label the surrounding countries; you may use your atlas or the link as a reference.

WEEK 7 25m Geography: Grades 4-6 - Lesson 62

Southern Africa

Materials: Student World Atlas, Africa Is Not a Country, blank map of Africa, geography notebook

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern, Central, Western, and Eastern region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. Add the remaining Southern region countries and the island countries of the southeast coast to the map in your notebook: South Africa, Eswatini (Swaziland), Lesotho, Madagascar, Mauritius, Comoros, and Seychelles.
4. Add their national capitals to your Capital Cities page.
5. Take a moment to study them. You will fill in a blank map next week.

→ MAP QUESTIONS (MADAGASCAR)

Map Resource: Student World Atlas p.102, 104; Africa Is Not a Country p.33, 38 (Madagascar)

1. Read about Madagascar in Africa Is Not a Country.
2. What ocean is Madagascar located in? [A: Indian Ocean]
3. What is the currency used in Madagascar? [A: Malagasy Franc]
4. What separates Madagascar from mainland Africa? [A: the Mozambique Channel]
5. What current flows near the island? [A: Agulhas Current]

→ NOTEBOOK

Country Journal Page (Madagascar)

In your notebook, if time permits, draw the flag or the shape of the country. Include other drawings related to the country, like their national bird, or make a bullet point list of other relevant facts you find in the linked video.

• EXTRA HELPING

∞ Video link: Madagascar

WEEK 8 25m Geography: Grades 4-6 - Lesson 63

The Last Journey

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, colored pencils/pens

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.103, linked map of Tanzania
Locate Tanzania on p.103. Place your finger on it. Now move your finger just east towards the coast near Dar es Salaam. Right above it are two smaller islands. These two large islands, along with smaller ones, are part of an archipelago known as Zanzibar. Take a closer look using the linked map of Tanzania:
∞ Map Link: Map of Tanzania

• DEFINITIONS

archipelago: a group of islands close to each other surrounded by a body of water like an ocean, sea, or lake

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 3

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.14 p.169-175 “David wrote to” - “his hat. Yes”

- How did it feel to know Livingstone was still alive?

→ MAP WORK

In your notebook, continue with a colored pencil/pen to trace the Zambezi expedition of 1862 and 1863. On a new page, draw Tanzania and its archipelago, Zanzibar.

WEEK 8 25m Geography: Grades 4-6 - Lesson 64

Southern Africa

Materials: Student World Atlas, Africa Is Not a Country, blank map of Africa, geography notebook

→ MAP WORK

1. Use a blank map of Africa and fill in what you remember. (Challenge yourself and include the Northern, Central, Western, and Eastern region countries you remember.)
2. Use the map in your notebook to check your work. Review the countries you missed.
3. This completes your map of Africa (North, West, East, Central, South, and Islands).

→ MAP QUESTIONS (BOTSWANA, LESOTHO, ZIMBABWE, TANZANIA, SOUTH AFRICA)

Map Resource: Student World Atlas p.102, Africa Is Not a Country p.8, 9, 13, 22, 29, and 36-40 (notes for each country listed)

1. Take your time to read about the Southern countries David Livingstone explored during his travels. We have covered these during day 1 throughout the year.
2. What are the approximate latitude and longitude coordinates of Lesotho? [A: 29.5°S latitude and 28°E longitude] It is an enclaved country surrounded by South Africa.
3. What desert lies primarily in Botswana? [A: Kalahari Desert]
4. What countries border Zimbabwe? [A: Mozambique, Zambia, Namibia, and South Africa] Notice Angola does not border Zimbabwe due to the narrow Caprivi Strip of Namibia.

→ MAP WORK

Country Journal Page (pick a country)

In your notebook, if time permits, draw the flag or the shape of the country. Include other drawings related to the country, like their national bird, or make a bullet point list of other relevant facts you find in the link.

• EXTRA HELPING

∞ Video link: A Quick Guide to South Africa

WEEK 9 25m Geography: Grades 4-6 - Lesson 65

David Livingstone in Today's World

Materials: David Livingstone: African Explorer, Student World Atlas, geography notebook, colored pencils/pens

→ RECAP

What did you read last time?

→ LOCATE

Map Resource: Student World Atlas p.102

Locate Lake Tanganyika. Locate Lake Victoria. These two lakes, along with others like Lake Nyasa, are part of the East African Rift. It is a large divergent tectonic plate boundary of about 3,700 miles from the Red Sea to Mozambique. In the student atlas, this lake area is labeled as the Great

Term 3

Rift Valley and is part of the larger East African Rift. Take a closer look at the link:

∞ Image Link: Great Rift Valley

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.15 p.176-180 “The British had” - “of the world.”

- How would you describe Livingstone’s experience in Africa?

→ MAP WORK

In your notebook, use a colored pencil/pen to trace his last expedition, which he primarily journeyed with Stanley. It started at Mikindani in 1866 and ended at Chitambo’s in 1873.

WEEK 9 25m Geography: Grades 4-6 - Lesson 66

Clay Model of Country

📋 Materials: Student World Atlas, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ VIEW (OPTIONAL)

∞ Video Link: Homemade Modeling Clay

→ MAP WORK

You will spend today’s lesson and next week making a model of one of the countries we studied this term.

Note: We have looked at countries predominantly in the eastern and southern regions of Africa. You may want to print a full page of your choice country to use as a guide when making your mold for your model.

∞ Image Link: Clay Model Example 1

∞ Image Link: Clay Model Example 2

WEEK 10 25m Geography: Grades 4-6 - Lesson 67

David Livingstone in Today’s World

📋 Materials: David Livingstone: African Explorer

→ RECAP

What did you read last time?

→ READ, NARRATE, & DISCUSS

David Livingstone: African Explorer Ch.15 p.180-183 “Stanley kept his” - “hearts of Africans.”

- What do you believe was Livingstone’s greatest contribution to the world?

→ NOTEBOOK

In your notebook, create a commemorative flag that represents Livingstone and his African expeditions.

WEEK 10 25m Geography: Grades 4-6 - Lesson 68

Clay Model of Country (cont.)

📋 Materials: Student World Atlas p.103, Model Magic clay (or you can make your own with flour, salt, and water), cardboard for surface model, paint, toothpicks or pins, small pieces of paper

→ MAP WORK

Continue working on your clay model of a country. This week, paint your dry model. Use toothpicks or pins to place small paper flags to mark key

Geography: Grades 4-6

[Click THIS text or scan the QR code for links.](#)

Term 3	
areas. You may also get creative and add other features like dirt for desert or blue tissue paper for water formations. Take a picture and put it in your notebook. Take the time to describe your clay model to another person.	
WEEK 11 25m Geography: Grades 4-6 - Lesson 69 <i>Catch-Up Day</i> → CATCH UP Use this time to catch up on lessons in this or another course, or explore Extra Helpings.	
WEEK 11 25m Geography: Grades 4-6 - Lesson 70 <i>Catch-Up Day</i> → CATCH UP (COUNTRY JOURNAL PAGE) Use this time to go back and include any country you have already studied but might have missed adding to your notebook.	
WEEK 12 25m Geography: Grades 4-6 - Lesson 71 <i>Exam Week</i> → EXAMS Answer question(s) related to the course. Questions will come from: David Livingstone: African Explorer	
WEEK 12 25m Geography: Grades 4-6 - Lesson 72 <i>Exam Week</i> → EXAMS Answer question(s) related to the course. The student will use a blank map to fill in. ∞ Link: Blank Map of Africa	

Geography: Grades 4-6

Examination

Term 1

- Describe one difference in Livingstone's childhood home in Scotland compared to his current home in Africa.
- Print a blank map of the world and fill in as much as you remember from this term. OR Print a blank map of Africa and fill in as much as you remember of Northern Africa.

Term 2

- Tell all you can about a lake or river that Livingstone has encountered during his voyages.
- Print a blank map of Africa and fill in as much as you remember of Central and Western Africa.
∞ Link: [Blank Map of Africa](#)

Term 3

- Describe an African terrain/region/area as Livingstone experienced it.
- Print a blank map of Africa and fill in as much as you remember of Eastern and Southern Africa.
∞ Link: [Blank Map of Africa](#)
