About the Course

Alveary Modern Language Lessons are designed to mirror the way children acquire their first language, using methods like gestures, picture recognition, songs, repeated phrases, and storytelling to create meaningful connections and context. These foundational approaches are seamlessly adapted to teach school-age children a second language.

The lessons are designed to be open-and-go with optional video/audio file support. They do not require any background in the target language for the parent/teacher or students. They only take about 15-20 min a day and can be easily adjusted to meet a variety of grade ranges from 1st to 6th grades.

Placement & Combining Tips

Three lessons each week are shared between Grades 1-6, but students in Grades 4-6 add two additional extension day lessons. This course is on a six-year rotation of lessons, so it is suitable for students who took Lower Spanish last year or students just starting their studies.

Students in grades 4+ who feel anxious about speaking a new language may benefit from taking a year without the added extension days. This approach allows them to build confidence and comfort before focusing on speaking and writing.

How To Teach

Introduction to Literature

Students will complete one literature lesson per week. In these lessons, students will focus on building listening comprehension. When learning a new language, it can be hard to hear it and understand it at the same time. Students are encouraged to infer the meaning of a phrase or sentence without needing to memorize every word. As vocabulary is introduced, the goal is to build comprehension in context. The literature lessons have more difficult words and sentence structures, but students will begin to recognize the vocabulary words and how they are used through repetition.

Extension Days (4+)

In grades 4-6, students are given the option of an additional extension day for literature lessons. These extension days give additional time for students to practice listening to and comprehending the story, repeating what they recall aloud while using TPR, writing the story lines through copywork to become more familiar with the target language in written form, as well as drawing their own storyboards to accompany the story lines.

Flow of a Lesson

Below is what you can expect for the general flow of a lesson:

- Read/watch any preparatory material and look over any student notebook pages to familiarize yourself.
- Choose a few sentences or vocabulary words to review at the beginning of each lesson.
- Press play on the video/audio link provided in the QR link page.
- Introduce new vocabulary.
- Practice vocabulary using TPR/point and tell methods.
- Read the story.
- Practice storyline recognition.
- Work on storyboards or copywork.

Student Notebook

On the literature pages of the student notebook, you will find storyboard boxes for students to draw their narrations as well as copywork lines for students to write the story lines on extension days. Copywork extension days are only scheduled for Grades 4-6.
