Grammar Concept: Subject pronouns

French subject pronouns replace nouns to indicate who or what is performing an action, similar to English ("I," "you," "he/she"). However, unlike English pronouns, they account for gender and levels of formality as well. "He/she" in English also are used to replace all nouns, not just people like in English. (This is just an introduction, there is more to learn about French pronouns.)

→ EXAMPLES

Examples Concept 5	
je <i>I</i>	nous <i>we</i>
tu <i>you - informal, singular</i>	vous <i>you - formal, singular and plural</i>
