Grammar Concept: Nouns & Gender

In French, nouns are either “masculine” or “feminine”. Some clues indicating if a noun is masculine or feminine is the use of the articles. There are definite and indefinite articles. Singular definite articles include “le/la/l’”. “Le” is masculine singular. “La” is feminine singular. “L’” is used before a noun that begins with a vowel and mute h. Singular indefinite articles include “un/une”. “Un” is masculine singular. “Une” is feminine singular.
