Art

Level 4

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

GRADE(S): 4+

About the Course

Skills Focus: New skills introduced are simple perspective, landscape drawing, light source, shadows, tonal variations, and drawing board use. Charcoal is introduced as a new medium. Mathematical drawing is explored through tessellations. More complex color theory is explored with tertiary and complementary colors, an expanded color wheel, mixing browns, and value change in color. New watercolor skills: wash, graduated wash, and lifting. Continue strengthening skills with soft pastels. Brush drawing assignments span the year as opposed to one term.

Placement & Combining Tips

If students are in grade 5 and below and have not had formal art lessons, they should begin with Level 1. However, those with prior art knowledge can take the Level 1-3 fast-track lessons and then continue with Level 4.

Prerequisite: Level 3 or appropriate skill proficiency.

Scheduling

GRADE	SCHEDULE INFO.	BOOKS

Responsibility for previewing all links rests with the teacher. All links were checked at the time of publication; however, websites change frequently and may contain objectionable content. Please report broken links by contacting us through our website.

Art: Level 4
☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33 to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in levels 4-8.

☐ Print online images as you need them for lessons. It is very important that students work from

©2026 Charlotte Mason Institute® All rights reserved.

printed photos in books or magazines (or printed from the internet) rather than from a device. Computers, iPads, etc., are lightboxes whose illumination affects the way an object is seen. This illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo, it needs to be printed, and they should not work from a screen.

☐ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or on a large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

☐ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.
• Level 4 Palette: Prussian Blue, Hansa Yellow, and Quinacridone Pink

☐ Preview lesson plans to know if you will need a special supply for an upcoming lesson, and organize supplies for easy lesson setup. Replenish supplies as needed.

Art: Level 4

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

WEEK 1

30m Art: Level 4 - Lesson 1

Drawing: Techniques for Holding Media and Setting up Drawing Board

Materials: Drawing board, pastels, Art Book, chalk, chalkboard

→ WARM UP
Practice strokes and shapes on the chalkboard using large shoulder movements.

→ INTRO
Today, we are going to learn the correct way to hold media (chalk, pastel, or pencil) and how to set up a drawing board.

→ PRACTICE
Set up the drawing board and draw with pastels using correct techniques.
- Discuss with students the correct way to hold media.
- Watch the video on how to hold your drawing tools.
- View the image of how to hold your drawing board.
- Have students set up their drawing board in the correct position.
- Do a free draw in your Art Book with pastels.

∞ Video Link: How to Hold Media (YouTube)
∞ Image Link: How to Set Up a Drawing Board

→ DISCUSS
What was noticed or discovered?

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Remember to hold your pastels correctly during nature journaling.

WEEK 1

30m Art: Level 4 - Lesson 2

Drawing: Cubical Objects

Materials: Drawing, Design and Craft-Work, chalk, chalkboard, drawing board, pastels, tissue box, or other cubical object

PREP: Read “Rectangular Objects” p.24-31.

→ WARM UP
Practice strokes and shapes on the chalkboard. Use large shoulder movements.
"Plate 1” p.11

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Measuring with the Eye and Drawing Tool (YouTube)

→ NOTE
This lesson is to be completed without drawing instruction. The purpose is for students to see what they see. In the next drawing lesson, they will learn the proper way to draw objects in perspective.

→ PRACTICE
Do an observational drawing of a cubical object.
- Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
- Set a tissue box or other cubical object at the student’s eye level where the student can easily lift their eyes and see the entire object.
- Discuss observations.
- Have students draw the cube in the air with a finger.
- Have students draw and fill in the whole cubical form (not an outline) in their Art Book using the side of the pastel and measuring with the eye.
- Repeat as time allows. Turn the cube so that it is at different angles and draw again.
- Set the cube above eye level (worm’s eye view) and draw what you see using the eye measuring technique. Set the cube below eye level (bird’s

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Be careful to hold your pastels correctly when drawing in your nature journal.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

eye view) and draw what you see.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 2

30m Art: Level 4 - Lesson 3
Drawing: Cubes and Rectangular Prisms with Pastels

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, drawing board, pastels, tissue box, or other cubical object

→ WARM UP
Practice strokes and shapes on the chalkboard.
"Plate 1" p.11

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Drawing Cubes L4 L3

→ PRACTICE
Draw cubes and rectangular prisms with pastels.
• Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
• Study "Plate 8."
• Draw cubes and rectangular prisms at different angles and of different sizes. Be sure that your horizontal lines are always horizontal and your verticals always vertical so that your boxes are believable.
• Remember that you only ever see three sides of a box at a time.
• Be sure that you are doing mass drawings and not outlines.
• Discuss observations.
• Draw additional boxes as time allows.
"Plate 8" p.25

→ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Try to turn your cubes and rectangular prisms into real-life objects like tables, chairs, sofas, beds, houses, etc.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Notice cubes and rectangular prisms all around you.

WEEK 2

30m Art: Level 4 - Lesson 4
Drawing: Horizontal Perspective

Materials: Dry-erase marker, 8" x 10" glass sheet, painter's tape

PREP: Students will need an 8" x 10" glass plate today. The glass plate can be removed from a picture frame. Be sure to tape the edges with masking or other thick tape for safety. They will use this glass plate again in later lessons. Students will need to observe a straight path (such as a road, bike path, sidewalk, or long hallway).

→ VIEW
∞ Video Link: How to Prepare a Glass Sheet L4 L4

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Looking Glass L4 L4

→ VIEW, NARRATE, & DISCUSS
Straight path
• What is at eye level, below, and above?
• What is close and what is far away?
• What happens as you move farther away from things like trees, light poles, or buildings?

→ PRACTICE
Horizontal perspective. Hold your glass sheet in front of you with your least dominant hand. Use your other hand to trace the lines of the path and other objects with a dry-erase marker onto your glass sheet.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Practice drawing using silhouettes (avoiding outlines) during nature walks.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

→ DISCUSS
Tell what was noticed or discovered.

WEEK 3

⬚ 30m Art: Level 4 - Lesson 5
Drawing: Horizon Line

Materials: drawing board, pastels, Art Book

→ RECAP
Discuss horizontal perspective.

→ INTRO
Explain the concept of the horizon. Horizon is the "line" where the ground and the sky meet.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Horizon Line L4 L5

→ PRACTICE
• Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
• Students should do a simple landscape in their Art Book using pastels.

→ NOTE
Students this age often draw landscapes with a void or white space between the sky and the ground. This must be trained out of the student. Help them to see that in real life, wherever one looks, there is no void space–the sky and the ground always meet.

→ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Do more landscape drawings. Try sitting in different spots inside your classroom and looking out the windows at different angles. Notice how the view changes based on where you sit.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look at photos and identify the horizon "line."
∞ Link: Horizon Lines (PDF of images)

WEEK 3

⬚ 30m Art: Level 4 - Lesson 6
Drawing: Landscape

Materials: drawing board, pastels, Art Book

→ RECAP
Horizon "line"

→ NOTE
The tutorial videos together span 32 minutes in length. You may choose to watch one or the other, or watch them on double time. Students may not have time to work if they watch both videos in their entirety.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Perspective L4 L6
∞ Video Link: 1-Point Perspective L4 L6

→ PRACTICE
Landscape drawing.
• Students may choose to work along with the video, but it is a good idea to watch the video all the way through first.
• Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
• Students should draw a simple landscape.
• Draw boxes in the landscape like the ones in the "1-point perspective" tutorial video.

→ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Turn the boxes in your landscape into recognizable objects.

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice and discuss cubes and rectangular prisms in nature.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

WEEK 4

30m Art: Level 4 - Lesson 7

Drawing: Value Scales

Materials: Charcoal, pastels, Art Book

→ RECAP
Value from Color Theory.

→ INTRO
Today, students will create two value scales: one with charcoal and the other with pastel.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Value Scales in Pastel and Charcoal L4 L7

→ PRACTICE
Value scales
- Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
- Set up two value scales in your Art Book.
- Complete value scale using charcoal.
- Complete value scale using one pastel.

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for different values of the same color on your nature walk.

WEEK 4

30m Art: Level 4 - Lesson 8

Drawing: Shading Cubes

Materials: Chalk, chalkboard, charcoal or pastels, Art Book

→ RECAP
Recall value. How do you change the value with charcoal? With pastel?

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Cubes with Shading L4 L8

→ PRACTICE
- Students will draw a cube on the board and shade it.
- Now, draw a cube in your Art Book and shade it with charcoal or pastels.

→ DISCUSS
Tell what was noticed or discovered.

- **OCCUPATIONS**
Look for cubes around your classroom. Draw and shade them.

WEEK 5

30m Art: Level 4 - Lesson 9

Drawing: Tessellations

Materials: Drawing, Design and Craft-Work, cardstock cut into a 6" x 6" square, white and colored chalk, chalkboard, scissors

PREP: Read "Repetition" p.107-109.

→ NOTE
Students will do this lesson on tessellation twice.

→ RECAP
Recall pattern and design.

→ INTRO
Today, we are going to learn about tessellations. Tessellations are an arrangement of shapes closely fitted together in a repeated pattern without gaps or overlapping.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Study, Narrate, and Discuss M.C. Escher's tessellations.
∞ Link: M.C. Escher Tessellations

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Tessellations L4 L9

→ VIEW
Examples of tessellations.
"Plate 60" p.108

→ PRACTICE
Tessellations.
• Cut out an interesting shape from your 6"x 6" square. Don't forget that these images must fit together.
• Trace your tessellation across your chalkboard until you have covered the entire surface with the tessellation.
• Use your colored chalk to add color and detail to your shapes.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 5

30m Art: Level 4 - Lesson 10
Drawing: Tessellations

Materials: Drawing, Design and Craft-Work, cardstock cut into a 6" x 6" square, chalk, chalkboard

→ RECAP
Recall pattern and design.

→ INTRO
Today, we are going to create another tessellation. Tessellations are an arrangement of shapes closely fitted together in a repeated pattern without gaps or overlapping.

→ STUDY
Examples of tessellations.
"Plate 60" p.108

→ PRACTICE
Creating another tessellation.
• Cut out an interesting shape from your 6"x 6" square. Don't forget that these images must fit together.
• Trace your tessellation across your chalkboard until you have covered the entire surface with the tessellation.
• Use your colored chalk to add color and detail to your shapes.

→ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Practice applying Art skills.
Create a smaller tessellation and trace it across a page in your Art Book.

WEEK 6

30m Art: Level 4 - Lesson 11
Drawing: Horizontal Rectangular Prisms

Materials: Drawing, Design and Craft-Work, chalk, chalkboard, pastels, Art Book

→ WARM UP
Draw cubes on the chalkboard.

→ VIEW, NARRATE, & DISCUSS
Rectangular Objects - Figures 5, 6, 10, and 11 "Plate 8" p.25

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Horizontal Rectangular Prisms L4 L11

• OBSERVE & DISCUSS
Practice identifying Art skills.
Look for rectangular prisms wherever you go.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

→ PRACTICE
Horizontal rectangular prisms.
- Draw horizontal rectangular prisms on the board.
- Shade the rectangular prisms. Give a light, medium, and dark side.
- Look around the classroom for rectangular prisms.
- Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
- Do observational drawings of what you find with pastels in your art book.

WEEK 6

30m Art: Level 4 - Lesson 12
Drawing: Vertical Rectangular Prisms

Materials: Drawing, Design and Craft-Work, chalk, chalkboard, pastels, Art Book

→ WARM UP
Draw cubes on the chalkboard.

→ VIEW, NARRATE, & DISCUSS
Figures 8 & 9 "Plate 8" p.25

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Vertical Rectangular Prisms L4 L12

→ PRACTICE
Vertical rectangular prisms.
- Draw vertical rectangular prisms on the board.
- Shade the rectangular prisms. Give a light, medium, and dark side.
- Look around your classroom for vertical rectangular prisms.
- Students should set up their drawing boards on their laps with their Art Book clipped in and opened to a new page.
- Do observational drawings of what you find with pastels in your art book.

• OCCUPATIONS
Look at your refrigerator. Notice that it is a vertical rectangular prism. Do an observational drawing of it.

WEEK 7

30m Art: Level 4 - Lesson 13
Drawing: Landscapes and Horizontal Perspective

Materials: Dry-erase marker, 8" x 10" glass sheet

PREP: Read "Sketching From Nature" from Drawing, Design, and Craft-Work p.203-210.

→ NOTE
Students will be observing a landscape to learn horizontal perspective today. This lesson should be completed outside.

→ VIEW, NARRATE, & DISCUSS
Distant Landscape
- What is at eye level, below, and above?
- What is close and what is far away?
- What happens as you move further away from things like trees, light poles, or buildings?

→ PRACTICE
- Hold your glass sheet in front of you with your least dominant hand. Use your other hand to trace the lines of the landscape with a dry-erase marker onto your glass sheet.
- Be sure to study the scene well. Next lesson, you will complete a memory drawing of this landscape.

→ NOTE
Please keep the glass until lesson 14.

• OCCUPATIONS
Do this same exercise in different environments. Discuss what you see.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

→ DISCUSS
Tell what was noticed or discovered.

WEEK 7

30m Art: Level 4 - Lesson 14
Drawing: Landscape Memory Drawing

Materials: Chalk, chalkboard, landscape drawing on glass from lesson 13

→ RECAP
Recall landscape.

→ PRACTICE
Memory drawing
- Have students do a memory drawing on the chalkboard of their landscape from lesson 13.
- Be sure to do mass drawings with your chalk on its side and add details with the point of the chalk. Avoid doing outline drawings!

→ SELF-EVALUATE
Compare today's chalk drawing to the dry-erase drawing from lesson 13.

• OBSERVE & DISCUSS
Practice identifying Art skills. Observe the big picture of the landscape on your nature walk today. Discuss observations.

WEEK 8

30m Art: Level 4 - Lesson 15
Drawing: Landscape Drawing with Building in Distance

Materials: Dry-erase marker, 8" x 10" glass sheet

PREP: Students will need to be outside and able to view a building in the distance, such as a simple shed or house.

→ RECAP
Recall landscape.

→ VIEW, NARRATE, & DISCUSS
A simple building off in the distance.

→ PRACTICE
Landscape drawing.
- Hold your glass sheet in front of you with your least dominant hand. Use your other hand to trace the lines of the building and other objects with a dry-erase marker onto your glass sheet.
- Be sure to study the scene well. You will complete a memory drawing of this landscape in lesson 16.

→ DISCUSS
What was noticed or learned?

• OCCUPATIONS
Do landscape drawings of your surroundings in your nature notebook.

WEEK 8

30m Art: Level 4 - Lesson 16
Drawing: Landscape Memory Drawing

Materials: Chalk, chalkboard, landscape drawing on glass from lesson 15

→ RECAP
Recall landscape.

→ PRACTICE
Landscape memory drawing.
- Have students do a memory drawing on the chalkboard of their landscape from lesson 15.
- Be sure to do mass drawings with your chalk on its side and add details with the point of the chalk. Avoid doing outline drawings!

• OCCUPATIONS
Paint a landscape from memory in your Art Book.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

→ SELF-EVALUATE
Compare your memory chalk drawing from today to your observational drawing on glass from lesson 58.

WEEK 9

30m Art: Level 4 - Lesson 17
Drawing: Front Porch
Material: Dry-erase marker, 8” x 10” glass sheet

PREP: Students need to be outside and observe a front porch for this lesson.

→ RECAP
Recall landscape.

→ VIEW, NARRATE, & DISCUSS
Front Porch. Sit facing a front porch that is at or close to eye level.

→ PRACTICE
Drawing of front porch.
- Hold your glass sheet in front of you with your least dominant hand. Use your other hand to trace the lines of the porch and other objects with a dry-erase marker onto your glass sheet.
- Be sure to study the scene well. Students will complete a memory drawing of this front porch in lesson 18.

→ DISCUSS
What was noticed or discovered?

WEEK 9

30m Art: Level 4 - Lesson 18
Drawing: Memory Drawing of Front Porch

Materials: Chalk, chalkboard, front porch drawing on glass from lesson 17

→ RECAP
Recall landscape.

→ PRACTICE
Memory drawing of front porch
- Have students do a memory drawing on the chalkboard of their front porch from lesson 17.
- Be sure to do mass drawings with your chalk on its side and add details with the point of the chalk. Avoid doing outline drawings!

→ SELF-EVALUATE
Compare your memory drawing of the front porch to the drawing on glass from lesson 17.

• OBSERVE & DISCUSS
Practice identifying Art skills. Observe the big picture of the landscape on your nature walk today. Discuss observations.

WEEK 10

30m Art: Level 4 - Lesson 19
Drawing: Pastel Landscape (3 Days)

Materials: Pastels, Art Book or other paper, drawing board, towel, and paper towels

→ RECAP
Recall landscape.

→ NOTE
This lesson will last through three sessions. Students will need to watch the video all the way through first. It is almost 19 minutes in length and will take the majority of one class. You could also watch it at double speed the

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

first time through. Then re-watch (at regular speed) and work alongside the video for the following classes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Pastel Drawing Lesson - Simple Landscape

→ PRACTICE
• View tutorial in full.
• Have students start the video back at the beginning and work along with the video.
• Be sure to do mass drawings with your pastels on their sides and add details with the point of the pastels. Avoid doing outline drawings!

→ SELF-EVALUATE
How did you do?

WEEK 10 ⬚ **30m Art: Level 4 - Lesson 20**
Drawing: Pastel Landscape (3 Days)

> Materials: Pastels, Art Book or other paper, drawing board, towel, and paper towels

→ RECAP
Recall landscape.

→ NOTE
This lesson is the second of three sessions on this project. Re-watch from where you left off (or start at the beginning if you weren't able to start last lesson) and work alongside the video for today's lesson and the following one.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Pastel Drawing Lesson - Simple Landscape

→ PRACTICE
• Have students start the video back at the beginning and work along with the video. You will not finish the entire drawing in one lesson.
• Be sure to do mass drawings with your pastels on their sides and add details with the point of the pastels. Avoid doing outline drawings!
• Be sure to set your artwork in a place where it will not get smeared.
• You will continue working on it for your next lesson.

→ SELF-EVALUATE
How did you do?

WEEK 11 ⬚ **30m Art: Level 4 - Lesson 21**
Drawing: Pastel Landscape (3 Days)

> Materials: Pastels, Art Book or other paper, drawing board, towel, and paper towels

→ RECAP
Recall landscape.

→ NOTE
This lesson is the last of three sessions on this project. Re-watch from where you left off (or start at the beginning if you weren't able to start last lesson) and work alongside the video for today's lesson.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Pastel Drawing Lesson - Simple Landscape

→ PRACTICE

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 1

• Students should start the video back at where they left off in the last lesson and work along with the video.
• Be sure to do mass drawings with your pastels on their sides and add details with the point of the pastels. Avoid doing outline drawings!
• This is the final lesson time for this landscape.
• Clean up. Spray your finished drawing with a fixative spray if you have one.

→ SELF-EVALUATE
How did you do?

WEEK 11 ⬚ **30m Art: Level 4 - Lesson 22**
Drawing: Watercolor Landscape

Materials: Watercolors, Art Book or other paper, drawing board, towel, paper towels, brushes, water

→ RECAP
Recall landscape, horizon, and perspective.

→ PRACTICE
• Apply the skills you have learned by creating a watercolor landscape.
• Remember to add a horizon line.
• Be sure to do mass drawings with your watercolors and add details with the point of your brush. Avoid doing outline drawings!

→ SELF-EVALUATE
How did you do?

WEEK 12 ⬚ **30m Art: Level 4 - Lesson 23**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Drawing Lessons

WEEK 12 ⬚ **30m Art: Level 4 - Lesson 24**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Drawing Lessons

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

30m Art: Level 4 - Lesson 25

Brush Drawing: Beginning Brushstrokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes prepared with Quinacridone Pink, Prussian Blue, and Hansa Yellow, Art Book, watercolor paper or cardstock

PREP: Read lesson and preview "Plate I" Brush Drawing.

→ NOTE
In levels 1-3, students learned how to paint with brush-forms. Beginning in level 4, students will learn brush strokes. The exercise in Plate I is designed to help students learn and practice the basic vertical, horizontal, and oblique straight brush strokes. We will repeat this introductory lesson in lessons 5 and 9. Encourage the students to take their time and form the brush strokes with much thought and consideration.

→ NOTE
In levels 1-3, grid paper was used to learn brush-forms. In level 4, students should do their lessons in their Art Book, unless they prefer grid paper. Over time, teachers should encourage them to use their Art Book instead of grid paper.

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to learn basic brush strokes. The aim is to practice these strokes until the student can do them with ease. We will practice these basic strokes for three lessons, so take your time and work carefully.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Beginning Brushstrokes L4 L25, L5 L49, & L6 L1

→ PRACTICE
Vertical, horizontal, and oblique brush strokes.
- Practice all directions.
- Change colors as the student desires.

"Plate I" Brush Drawing

We are going to spend the rest of the term creating an Advent calendar. Look at the link to view an example. Advent calendars are used to count down the days of Advent until Christmas. Traditionally, there is a picture or a small gift hiding behind a door for each day. You will use your brush drawing skills to create a picture for each of the 25 days. Remember, this is a calendar, so divide your paper into small boxes that will represent each day and create your pictures inside those boxes. You may want to create a page of doors that will fit over your Advent calendar, afterwards. You can use any paper that you would like to create this.
∞ Image Links: Advent Calendar Examples 1, 2, & 3

→ SELF-EVALUATE
Which brush strokes look best?

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for leaves of different shapes during nature walks. Encourage students to think about how a brush stroke might be used to create a certain leaf in their nature journal.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

30m Art: Level 4 - Lesson 26

Brush Drawing: Vertical, Horizontal, and Oblique Brush Strokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use. Review brush strokes from last lesson.

→ INTRO
Today, we will continue to practice the basic brush strokes. The aim is to practice these strokes until the student can do them with ease.

→ PRACTICE
Vertical, horizontal, and oblique brush strokes.
- Practice all directions.
- Change colors as the student desires.

"Plate I" Brush Drawing
- Work on your Christmas or Advent calendar this term. You will work on this all term, so take your time. Use nice paper.

→ SELF-EVALUATE
Which brush strokes look best?

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for leaves of different shapes during nature walks. Encourage students to think about how a brush stroke might be used to create a certain leaf in their nature journal.

WEEK 2

30m Art: Level 4 - Lesson 27

Brush Drawing: Vertical, Horizontal, and Oblique Brush Strokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ INTRO
Today, we will continue to practice the basic brush strokes. Take your time and proceed cautiously with much thought and consideration. The aim is to practice these strokes until the student can do them with ease.

→ PRACTICE
Vertical, horizontal, and oblique brush strokes.
- Practice all directions.
- Change colors as the student desires.

"Plate I" Brush Drawing
- Work on your Christmas or Advent calendar this term. You will work on this all term, so take your time. Use nice paper.

→ SELF-EVALUATE
Which brush strokes look best?

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for leaves of different shapes during nature walks. Encourage students to think about how a brush stroke might be used to create a certain leaf in their nature journal.

Term 2

WEEK 2

30m Art: Level 4 - Lesson 28
Brush Drawing: Watercolor Wash

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, pencils

→ RECAP
Review brush care and use.

→ INTRO
Today, we will learn how to do a watercolor wash.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Wash L4 L28

→ PRACTICE
Watercolor wash
• Lightly draw a square or rectangle in your Art Book about four inches wide.
• Use a clean paintbrush and paint the entire square with clean water.
• Now fill your wet brush with any color watercolor and drop it into the wet square. The water already on the page will cause the watercolor to fill in the wet area. You will need to move the pigment around until the area is filled in evenly.
• Work on your Christmas or Advent calendar this term. You will work on this all term, so take your time. Use nice paper.

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Talk about all of the different ways that you could apply this technique in your daily work.

WEEK 3

30m Art: Level 4 - Lesson 29
Brush Drawing: Underpainting

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ INTRO
Today, we will learn about underpainting.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Underpainting L4 L29 & L6 L8

→ PRACTICE
Paint a scene from a recent history or literature lesson.
• Paint underpainting using watered-down colors and broad brush strokes.
• Allow the painting to dry for a few minutes.
• Paint another layer of color using similar colors that are not very wet but are more intense.
• Work on your Christmas or Advent calendar this term. You will work on this all term, so take your time. Use nice paper.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Talk about the brush strokes that you see in picture study.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

WEEK 3

30m Art: Level 4 - Lesson 30

Brush Drawing: Watercolor Wash

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, pencils

→ RECAP
Review brush care and use.

→ INTRO
Today, we will continue to practice watercolor washes.

→ PRACTICE
Watercolor wash
- Lightly draw a square or rectangle in your Art Book about four inches wide.
- Use a clean paintbrush and paint the entire square with clean water.
- Now fill your wet brush with any color watercolor and drop it into the wet square. The water will cause it to fill in the wet area. You will need to move the pigment around until the area is filled in evenly.
- Complete your Christmas or Advent calendar this term. You will work on this all term, so take your time. Use nice paper.

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Talk about all of the different ways that you could apply this technique in your daily work.

WEEK 4

30m Art: Level 4 - Lesson 31

Brush Drawing: Curved Brush Strokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book

PREP: Read the lesson and preview the plate.
"Plate II" Brush Drawing

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to learn curved brush strokes. The aim is to practice these strokes until the student can do them with ease.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Curved Brushstrokes L4 L31, L5 L50, & L6 L2

→ PRACTICE
Curved brush strokes.
- Practice all lines.
- Change colors as the student desires.

"Plate II" Brush Drawing
- If your student excels at this, have them use a different color and make patterns using curved brush strokes. Or work through the alphabet using cursive letters.

→ SELF-EVALUATE
Which brush strokes look best?

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for leaves of different shapes during nature walks. Encourage students to think about how a brush stroke might be used to create a certain leaf in their nature journal.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

WEEK 4

30m Art: Level 4 - Lesson 32

Brush Drawing: Animal

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Underpainting

→ WARM UP
Practice curved brush strokes.

→ NOTE
This lesson is two lessons in length. Remind students not to rush but to prepare their work this week in a way that they can finish the next lesson.

→ PRACTICE
Begin painting an animal.
- Identify an animal to paint. You may do a memory or observational painting.
- Consider the curved lines of the animal's body, ears, head, etc.
- Begin with an underpainting.

→ SELF-EVALUATE
Curved brush-forms in the animal painting

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Spend time observing animals during your nature walk today. Focus on the curves that you see. Do more animal studies in your Art Book.

WEEK 5

30m Art: Level 4 - Lesson 33

Brush Drawing: Animal

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Underpainting

→ WARM UP
Practice curved brush strokes.

→ PRACTICE
Finish painting your animal.
- Identify an animal to paint. You may do a memory or observational painting.
- Consider the curved lines of the animal's body, ears, head, etc.
- Begin with an underpainting.

→ SELF-EVALUATE
Curved brush-forms in the animal painting

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Spend time observing animals during your nature walk today. Focus on the curves that you see.

WEEK 5

30m Art: Level 4 - Lesson 34

Brush Drawing: Graduated Watercolor Wash

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, pencils

→ RECAP
Review brush care and use.

→ INTRO
Today, we will learn how to do a graduated watercolor wash.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Graduated Watercolor Wash L4 L34

- **OCCUPATIONS**
Have students create graduated washes with other colors.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Talk about all of the different ways that you could apply this technique in your daily work.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ PRACTICE
Graduated watercolor wash
• Lightly draw a square or rectangle in your Art Book about four inches wide.
• Apply plain water onto the top of your square with a clean paintbrush.
• Load your paintbrush with a Prussian Blue wash and paint over the strip of water from left to right, without stopping.
• Dip your paintbrush in the water to dilute the wash some more. Then, paint a new strip underneath, overlapping with the lower edge of the first one, this time from right to left.
• Continue down the square, diluting the paint more each time. The final layers of the wash should be very light.

WEEK 6

30m Art: Level 4 - Lesson 35
Brush Drawing: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ PRACTICE
Paint a monochromatic scene from a recent history or literature lesson.
• Students should mix their own colors. Help them if needed.
• Watch to be sure that the brush is being used properly so that the bristles do not splay.
• Choose only one color with about seven values of that color.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store brushes. Leave the palette open to dry.

★ TEACHER TIP
When painting in the field, help your student remember how to mix the colors that they need. Students may enjoy playing a game of trying to make colors that match objects they see. They may also begin to mix colors during their free time by coloring one color on top of the other.

• OBSERVE & DISCUSS
Practice identifying Art skills. Talk about the colors used in the artwork during picture study. Have students try to guess how the artist might have made certain colors.

WEEK 6

30m Art: Level 4 - Lesson 36
Brush Drawing: Graduated Watercolor Wash

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, pencils

→ RECAP
Review brush care and use.

→ PRACTICE
Graduated watercolor wash
• Lightly draw a square or rectangle in your Art Book about four inches wide.
• Apply plain water onto the top of your square with a clean paintbrush.
• Load your paintbrush with a color of your choice, wash and paint over the strip of water from left to right, without stopping.
• We will practice a gradual wash again. It's important to practice techniques several times.
• Dip your paintbrush in the water to dilute the wash some more. Then, paint a new strip underneath, overlapping with the lower edge of the first one, this time from right to left.
• Continue down the square, diluting the paint more each time. The final layers of the wash should be very light.

• OBSERVE & DISCUSS
Practice identifying Art skills. Talk about all of the different ways that you could apply this technique in your daily work.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 7

30m Art: Level 4 - Lesson 37
Brush Drawing: Solid Mass Drawing with Watercolors

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book

PREP: Read the lesson and preview the plate.
"Plate III" Brush Drawing

→ RECAP
Recall mass drawing.

→ INTRO
Today, we will practice mass drawing with paint. We are going to take our time and work on Plate III over two lessons. Be sure to work slowly with much thought and consideration.

→ PRACTICE
Solid mass brush drawing.
- Begin at the top of the shape and work downwards. Do not outline your object and try to fill it in, as that will leave a hard edge.
- Leave a little line of white, as needed, to form space between parts of an object.
- Encourage the student to work from memory.
- See suggestions for how to brush draw each object on the second page.
- Change colors as the student desires.

"Plate III" Brush Drawing

→ SELF-EVALUATE
Which brush drawings look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OCCUPATIONS
Look around your classroom and find some objects that you can do a painting of. Complete your painting by doing mass drawings. If your student excels at this, have them use a different color and continue to work on masses, placing them in paintings as they see fit.

WEEK 7

30m Art: Level 4 - Lesson 38
Brush Drawing: Solid Mass Drawing Brush Drawing

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Recall mass drawing.

→ INTRO
Today, we will practice mass drawing with paint. Today is the final lesson to work on Plate III. Be sure to work slowly with much thought and consideration.

→ PRACTICE
Solid mass brush drawing.
- Begin at the top of the shape and work downwards. Do not outline your object and try to fill it in, as that will leave a hard edge.
- Leave a little line of white, as needed, to form space between parts of an object.
- Encourage the student to work from memory.
- See suggestions for how to brush draw each object on the second page.
- Change colors as the student desires.

"Plate III" Brush Drawing

• OCCUPATIONS
Look for leaves of different shapes during nature walks. Do mass drawings of the leaves you find in your nature journal.
If your student excels at this, have them use a different color and continue to work on masses, placing them in paintings as they see fit.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

→ SELF-EVALUATE
Which brush drawings look best?

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 8

⬚ 30m Art: Level 4 - Lesson 39
Brush Drawing: Mass Brush Drawing of an Animal

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, a live animal of choice to observe

→ RECAP
Recall mass drawing with your watercolors.

→ INTRO
Today, we will practice mass drawing and paint an animal from observation.

→ PRACTICE
Mass brush drawing of an animal.
- Observe a live animal. Only use a photo if absolutely necessary.
- Paint what you see, laying down the mass of the parts of the animal.
- Apply what you have been learning about mass drawings with your watercolors.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time observing animals on your nature walk today.

WEEK 8

⬚ 30m Art: Level 4 - Lesson 40
Brush Drawing: Lifting

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ INTRO
Today, we will be learning a watercolor technique called “lifting.” “Lifting watercolor” means to remove or erase watercolor from the surface of a painting.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Lifting L4 L40

→ PRACTICE
Watercolor lifting
- Create a wash.
- Use a dry brush to remove paint to create a pattern. For example, try to write your name in the wash with a dry brush.
- Remember to dry your brush often. A wet brush won’t lift the paint.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Discuss what you would use this watercolor technique for. Notice the sky. How could you create the sky using a wash and lifting technique?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

WEEK 9

30m Art: Level 4 - Lesson 41

Brush Drawing: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ NOTE
This will be two lessons in length.

→ PRACTICE
Paint a scene from a recent history or literature lesson.
- Students should mix their own colors. Help them if needed.
- Watch to be sure that the brush is being used properly so that the bristles do not splay.
- Include a graduated wash and lifting in your painting.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look at the artwork you have been studying for picture study. Can you tell where the artist used curved brush strokes or washes?

WEEK 9

30m Art: Level 4 - Lesson 42

Brush Drawing: Watercolor Lifting

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, materials to lift with

PREP: Gather materials to lift with, such as tissue, paper towel, Q-tip, bubble wrap, leaf, or flower.

→ RECAP
Review watercolor lifting. ("Lifting watercolor" means to remove or erase watercolor from the surface of a painting.)

→ PRACTICE
Watercolor lifting
- Create a wash.
- Use a dry brush to remove paint to create a pattern. For example, try to write your name in the wash with a dry brush.
- Remember to dry your brush often. A wet brush won't lift paint.
- Try lifting with different materials such as a balled-up tissue, Q-tip, bubble wrap, leaf, flower, etc. Lay a paper towel down flat and remove it to see the pattern from the paper towel left behind.
- Finish your painting from Lesson 65.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Discuss what you would use this watercolor technique for. Notice the sky. How could you create the sky using a wash and lifting technique?

WEEK 10

30m Art: Level 4 - Lesson 43

Brush Drawing: Watercolor Pet Drawing (3 Days)

Materials: watercolors, Art Book or other paper, drawing board, towel, paper towels, brushes, water

→ RECAP
Recall watercolor lifting, wash, and graduated wash.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 2

→ NOTE
This lesson will last through three sessions. Students will need to watch the video all the way through first. It is almost 15 minutes in length and will take the majority of one class. Then re-watch and work alongside the video for the following classes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Lesson - How to Paint a Dog

→ PRACTICE
- View tutorial in full.
- Have students start the video back at the beginning and work along with the video.
- Be sure to apply the watercolor skills you have learned.

→ SELF-EVALUATE
How did you do? What did you learn that you could go back and apply to your last animal brush drawings?

WEEK 10 ⬚ **30m Art: Level 4 - Lesson 44**

Brush Drawing: Watercolor Pet Drawing (3 Days)

> Materials: watercolors, Art Book or other paper, drawing board, towel, paper towels, brushes, water

→ RECAP
Recall watercolor lifting, wash, and graduated wash.

→ NOTE
This lesson will last through three sessions. Students will need to watch the video all the way through first. It is almost 15 minutes in length and will take the majority of one class. Then re-watch and work alongside the video for the following classes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Lesson - How to Paint a Dog

→ PRACTICE
- View tutorial in full.
- Have students start the video back at the beginning and work along with the video.
- Be sure to apply the watercolor skills you have learned.

→ SELF-EVALUATE
How did you do? What did you learn that you could go back and apply to your last animal brush drawings?

WEEK 11 ⬚ **30m Art: Level 4 - Lesson 45**

Brush Drawing: Watercolor Pet Drawing (3 Days)

> Materials: watercolors, Art Book or other paper, drawing board, towel, paper towels, brushes, water

→ RECAP
Recall watercolor lifting, wash, and graduated wash.

→ NOTE
This lesson will last through three sessions. Students will need to watch the video all the way through first. It is almost 15 minutes in length and will take the majority of one class. Then re-watch and work alongside the video for the following classes.

Term 2

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Lesson - How to Paint a Dog

→ PRACTICE
- View tutorial in full.
- Have students start the video back at the beginning and work along with the video.
- Be sure to apply the watercolor skills you have learned.

→ SELF-EVALUATE
How did you do? What did you learn that you could go back and apply to your last animal brush drawings?

WEEK 11 ⬚ **30m Art: Level 4 - Lesson 46**
Brush Drawing: Watercolor Landscape

Materials: Watercolors, Art Book or other paper, drawing board, towel, paper towels, brushes, water

→ RECAP
Recall landscape, horizon, and perspective, watercolor wash, graduated wash, and lifting.

→ PRACTICE
- Apply the skills you have learned by creating a watercolor landscape.
- Remember to add a horizon line.
- Be sure to do mass drawings with your watercolors and add details with the point of your brush. Avoid doing outline drawings!

→ SELF-EVALUATE
How did you do? How does this landscape differ from the watercolor landscape you did in the last term?

WEEK 12 ⬚ **30m Art: Level 4 - Lesson 47**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Brush Drawing Lessons

WEEK 12 ⬚ **30m Art: Level 4 - Lesson 48**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:

Term 3

WEEK 1

30m Art: Level 4 - Lesson 49

Color Theory: Tertiary Colors and Expanded Color Wheel

Materials: spray bottle, watercolor palettes prepared with Quinacridone Pink, Prussian Blue, and Hansa Yellow, brushes, water, cloth, printed color wheel

PREP: Print color wheel on cardstock.
∞ Link: Color Wheel

→ RECAP
Recall all you know about color thus far. Name the colors in the basic color wheel. (three primary and three secondary colors)

→ INTRO
So far, we've learned the basic color wheel, which has six colors (three primary and three secondary colors). This term, we're going to learn the expanded color wheel, which has twelve colors.

→ DISCUSS
Tertiary colors.
- Tertiary colors are made by mixing a primary color with a secondary color.
- They are red-orange, yellow-orange, yellow-green, blue-green, blue-purple, and red-purple.
- Always state the primary and then the secondary color when naming the tertiary color.

→ VIEW, NARRATE & DISCUSS
∞ Video Link: Create an Expanded Color Wheel L4 L49, L5 L1, & L6 L25

→ PRACTICE
Primary colors in an expanded color wheel
- Have students paint the three primary color triangles.
- Refer to the example if you are confused about placement within the wheel.
- Color placement on the color wheel must be exact. Start over if you make a mistake.
- The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art Book.

∞ Image Link: Example of Expanded Color Wheel

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

WEEK 1

30m Art: Level 4 - Lesson 50

Color Theory: Secondary Colors in Expanded Color Wheel

Materials: spray bottle, watercolor palettes, brushes, water, cloth, color wheel

→ RECAP
Recall secondary colors and how to mix them.

→ PRACTICE
Secondary colors in the expanded color wheel
- Students will need to mix a new green, orange, and purple in their watercolor palettes. Use a clean well and be sure to mix enough to use all term. Each time you remix secondary colors, they are different, and we need to use the exact same color all term.
- Paint the secondary colors in their appropriate places on the color wheel.
- Refer to this example if you are confused about placement within the wheel.

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

• Color placement on the color wheel must be exact. Start over if you make a mistake.
∞ Image Link: Example of Expanded Color Wheel

WEEK 2

⬚ **30m Art: Level 4 - Lesson 51**

Color Theory: Tertiary Colors in Expanded Color Wheel

Materials: spray bottle, watercolor palettes, brushes, water, cloth, color wheel

→ RECAP
What are tertiary colors?
• Tertiary colors are made by mixing a primary color with a secondary color.
• They are red-orange, yellow-orange, yellow-green, blue-green, blue-purple, and red-purple.
• Always state the primary and then the secondary color when naming the tertiary color.

→ INTRO
Today, we will focus on red-orange, red-purple, and blue-purple.

→ PRACTICE
Tertiary colors in the expanded color wheel
• Use a clean well and mix a good amount of each color.
• Red-orange = brush full of Quinacridone Pink + brush full of orange
• Red-purple = brush full of Quinacridone Pink + brush full of purple
• Blue-purple = brush full of Prussian Blue & brush full of purple
• Paint these three new tertiary colors in their proper place on the color wheel.
• Refer to the example if you are confused about placement within the wheel.
• Color placement on the color wheel must be exact. Start over if you make a mistake.
∞ Image Link: Example of Expanded Color Wheel

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

WEEK 2

⬚ **30m Art: Level 4 - Lesson 52**

Color Theory: Tertiary Colors in Expanded Color Wheel

Materials: spray bottle, watercolor palettes, brushes, water, cloth, color wheel

→ RECAP
What are tertiary colors?
• Tertiary colors are made by mixing a primary color with a secondary color.
• They are red-orange, yellow-orange, yellow-green, blue-green, blue-purple, and red-purple.
• Always state the primary and then the secondary color when naming the tertiary color.

→ INTRO
Today, we will focus on yellow-orange, yellow-green, and blue-green.

→ PRACTICE
Tertiary colors in the expanded color wheel
• Use a clean well and mix a good amount of each color.
• Yellow-orange = brush full of Hansa Yellow + brush full of orange
• Yellow-green = brush full of Hansa Yellow + brush full of green
• Blue-green = brush full of Prussian Blue + brush full of green
• Paint these three new tertiary colors in their proper place on the color wheel.
• Refer to the example if you are confused about placement within the

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

Term 3

wheel.
• Color placement on the color wheel must be exact. Start over if you make a mistake.
∞ Image Link: Example of Expanded Color Wheel

WEEK 3

⬚ **30m Art: Level 4 - Lesson 53**
Color Theory: "Free Drawing" with Pastels

Materials: pastels, towel, Art Book

→ RECAP
Recall tertiary colors.

→ PRACTICE
"Free drawing" with pastels
• Can you identify the tertiary color pastels that came with your pastel set?
• Use these tertiary colors in your "free drawing."

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

WEEK 3

⬚ **30m Art: Level 4 - Lesson 54**
Color Theory: Value Changes with Blue-Green

Materials: spray bottle, watercolor palettes, brushes, water, cloth, Art Book

PREP: Refill the spray bottle with water and the watercolor palette with tertiary colors if needed. You may need to mix more of each tertiary color as you go through the term.

→ RECAP
What is value (from level 3)? Recall how you changed the lightness or darkness of a color by adding or taking away water. Watch the tutorial if you need a refresher on how to create a value scale in this way.
∞ Video Link: Watercolor Value Changes L3 L30 & L4 L54

→ INTRO
This term, we will use water to change the value of our tertiary colors.

→ PRACTICE
Change the value of blue-green.
• Begin by filling a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of blue-green on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
• Now add another tiny amount of blue-green on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
What happened to the color as you repeated these steps?

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for objects on your nature walk that are blue-green.

WEEK 4

⬚ **30m Art: Level 4 - Lesson 55**
Color Theory: Value Changes with Blue-Purple

Materials: spray bottle, watercolor palettes, brushes, water, cloth, Art Book

PREP: Refill the spray bottle with water and the watercolor palette with tertiary colors if needed. You may need to mix more of each tertiary color as you go through the term.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for objects on your nature walk that are blue-purple.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 4

Click THIS text or scan the QR code for links.

Term 3

→ RECAP
What is value? Recall how you changed the lightness or darkness of a color by adding or taking away water.

→ INTRO
This term, we will use water to change the value of our tertiary colors.

→ PRACTICE
Change the value of blue-purple.
- Begin by filling a clean well in your palette with clean, clear water.
- Paint the clear water on the paper. What happens?
- Add a tiny amount of blue-purple on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
- Now add another tiny amount of blue-purple on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
- Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
- Do this a total of seven times.

→ DISCUSS
What happened to the color as you repeated these steps?

WEEK 4

30m Art: Level 4 - Lesson 56
Color Theory: Value Changes with Yellow-Green

Materials: spray bottle, watercolor palettes, brushes, water, cloth, Art Book

PREP: Replenish the spray bottle with water and the watercolor palette with tertiary colors if needed.

→ RECAP
What is value? Recall how you changed the lightness or darkness of a color by adding or taking away water.

→ INTRO
This term, we will use water to change the value of our tertiary colors.

→ PRACTICE
Change the value of yellow-green.
- Begin by filling a clean well in your palette with clean, clear water.
- Paint the clear water on the paper. What happens?
- Add a tiny amount of yellow-green on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
- Now add another tiny amount of yellow-green on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
- Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
- Do this a total of seven times.

→ DISCUSS
What happened to the color as you repeated these steps?

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for objects on your nature walk that are yellow-green.

Term 3

WEEK 5

30m Art: Level 4 - Lesson 57

Color Theory: Value Changes with Yellow-Orange

Materials: spray bottle, watercolor palettes, brushes, water, cloth, Art Book

→ RECAP
What is value?

→ PRACTICE
Change the value of yellow-orange.
- Begin by filling a clean well in your palette with clean, clear water.
- Paint the clear water on the paper. What happens?
- Add a tiny amount of yellow-orange on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
- Now add another tiny amount of yellow-orange on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
- Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
- Do this a total of seven times.

→ DISCUSS
What has happened to the value as you repeated these steps?

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for objects on your nature walk that are yellow-orange.

WEEK 5

30m Art: Level 4 - Lesson 58

Color Theory: Value Changes with Red-Orange

Materials: spray bottle, watercolor palettes, brushes, water, cloth, Art Book

→ RECAP
Recall value.

→ PRACTICE
Change the value of red-orange.
- Begin by filling a clean well in your palette with clean, clear water.
- Paint the clear water on the paper. What happens?
- Add a tiny amount of red-orange on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
- Now add another tiny amount of red-orange on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
- Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
- Do this a total of seven times.

→ DISCUSS
What happened to the color as you repeated these steps?

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for objects on your nature walk that are red-orange.

WEEK 6

30m Art: Level 4 - Lesson 59

Color Theory: Complementary Colors in Expanded Color Wheel

Materials: Color wheel completed in term 1, spray bottle, watercolor palette, brushes, water, cloth, Art Book, pencil, ruler

→ RECAP
Recall tertiary colors and complementary colors.

→ INTRO
This term, we will continue our study of tertiary colors and the expanded color wheel. We will learn new complementary colors and how to mix new

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Notice the browns all around you. Discuss what two colors you think may have been used to get this brown.

Term 3

browns.

→ VIEW, NARRATE, & DISCUSS
Complementary colors in the expanded color wheel
Complementary colors = any two colors positioned exactly opposite each other on the color wheel.

→ PRACTICE
Mix yellow-green and red-purple to make brown.
- Students should draw three 2" squares on a sheet in their Art Book.
- Fill a clean well in your palette with clean, clear water.
- Add a small amount of yellow-green on the tip of your brush and mix it into your clear water.
- Now add an equal amount of red-purple and mix.
- What happened? Did you get brown?
- Paint this brown in one of the squares on your paper.
- Label the square with the colors that you used to make it.

→ DISCUSS
What happened to the color as you mixed the two colors?

WEEK 6

30m Art: Level 4 - Lesson 60
Color Theory: Mixing Brown

Materials: Completed color wheel, spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
Recall tertiary colors and complementary colors.

→ VIEW, NARRATE, & DISCUSS
Find yellow-orange and blue-purple on the color wheel. They are complementary colors.

→ PRACTICE
Mix yellow-orange and blue-purple to make brown.
- Fill a clean well in your palette with clean, clear water.
- Add a small amount of yellow-orange on the tip of your brush and mix.
- Now add an equal amount of blue-purple and mix.
- What happened? Did you get brown?
- Paint this brown in one of the squares on your paper.
- Label the square with the colors that you used to make it.

→ DISCUSS
What happened to the color as you mixed the two colors?

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice the browns all around you. Discuss what two colors you think may have been used to get this brown.

WEEK 7

30m Art: Level 4 - Lesson 61
Color Theory: Mixing Brown

Materials: Completed color wheel, spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
Recall tertiary colors and complementary colors.

→ VIEW, NARRATE, & DISCUSS
Find red-orange and blue-green on the color wheel. They are complementary colors.

→ PRACTICE
Mix red-orange and blue-green to make brown.
- Fill a clean well in your palette with clean, clear water.
- Add a small amount of red-orange on the tip of your brush and mix.

• OBSERVE & DISCUSS
Practice identifying Art skills. Observe the browns all around you. Discuss what two colors you think may have been used to get this brown.

Term 3

	• Now add an equal amount of blue-green and mix. • What happened? Did you get brown? • Paint this brown in one of the squares on your paper. • Label the square with the colors that you used to make it. **→ DISCUSS** What happened to the color as you mixed the two colors?	
WEEK 7	⬚ **30m Art: Level 4 - Lesson 62** Materials: watercolors, Art Book, brushes, water, paper towels Watercolor Swatches **→ RECAP** Recall tertiary and complementary colors. **→ PRACTICE** • Go outside. • Choose at least five different colors you can see around you. For example, the color of the trees, your house, the sky, etc. • Mix swatches of watercolors to match the five colors you observed. • For each swatch, write down how you mixed the specific color. • Look at the example if you need a visual of what to expect. ∞ Image Link: Watercolor Swatch Example	• **OBSERVE & DISCUSS** Practice identifying Art skills. Notice colors all around you. Discuss based on what you have learned.
WEEK 8	⬚ **30m Art: Level 4 - Lesson 63** *Color Theory: Tertiary Colors* Materials: watercolors, watercolor paper or cardstock, water, brushes, paper towel **→ RECAP** Recall tertiary and complementary colors. **→ NOTE** This will take two lessons to complete. **→ PRACTICE** Observe Woman with a Parasol by Paul Signac and Lake George Reflection by Georgia O'Keeffe. What colors are these works made up of? • Choose a landscape or single subject matter. • Use only the six tertiary colors to achieve this. ∞ Image Link: Woman with a Parasol by Paul Signac ∞ Image Link: Lake George Reflection by Georgia O'Keeffe	• **OCCUPATIONS** Create a narration from literature using only these colors. • **OBSERVE & DISCUSS** Practice identifying Art skills. Discuss colors as you are walking by the way.
WEEK 8	⬚ **30m Art: Level 4 - Lesson 64** *Color Theory: Tertiary Colors* Materials: watercolors, watercolor paper or cardstock, water, brushes, paper towel **→ RECAP** Recall tertiary and complementary colors. **→ PRACTICE** Finish your landscape. **→ DISCUSS** Student should describe their drawing to their teacher.

Term 3

WEEK 9

30m Art: Level 4 - Lesson 65

Color Theory: Tertiary Colors

Materials: Pastels, towel, watercolor paper or cardstock

→ RECAP
Recall how you matched colors outside with watercolors. You are going to do this same activity using your pastels now. It is important to practice with various media so that you are able to use any medium with the same results.

→ PRACTICE
- Go outside.
- Choose at least five different colors you can see around you. For example, the color of the trees, your house, the sky, etc.
- Mix swatches of pastels to match the five colors you observed.
- For each swatch, write down how you mixed the specific color.
- Look at the example if you need a visual of what to expect.

→ DISCUSS
Show your teacher your color swatches and see if they can guess what you were trying to match.

WEEK 9

30m Art: Level 4 - Lesson 66

Color Theory: Color Flowers

Materials: watercolors, black Sharpie, watercolor paper or cardstock, brushes, water, paper towels

→ RECAP
Recall primary, secondary, and tertiary colors.

→ NOTE
This will last two lessons. Lessons like this are great practice for your students to gain muscle control over their brush.

→ PRACTICE
- Work along with the tutorial video.

∞ Video Link: Watercolor & Pen Flowers

- Keep your colors to tertiary colors if possible, using only blue-green, blue-purple, red-orange, red-purple, yellow-green, and yellow-orange.

→ DISCUSS
What colors did you choose to use for your flowers? Talk about why.

WEEK 10

30m Art: Level 4 - Lesson 67

Color Theory: Color Flowers

Materials: watercolors, black Sharpie, watercolor paper or cardstock, brushes, water, paper towels

→ RECAP
Recall primary, secondary, and tertiary colors.

→ NOTE
This will last two lessons.

→ PRACTICE
- Finish working along with the video link.

∞ Video Link: Watercolor & Pen Flowers

- Keep your colors to tertiary colors if possible, using only blue-green, blue-purple, red-orange, red-purple, yellow-green, and yellow-orange.

Term 3

→ DISCUSS
What colors did you choose to use for your flowers? Talk about why.

WEEK 10 **30m Art: Level 4 - Lesson 68**
Color Theory: Complementary Colors

Materials: pastels, blue construction paper, paper towels

→ RECAP
Recall primary, secondary, tertiary, and complementary colors.

→ PRACTICE
- Begin with a piece of blue construction paper.
- Choose the complementary colors of pastels.
- Find an object around you that is, or similar to, the color that you have chosen; i.e., an orange, a pumpkin, etc.
- Draw that object on the blue construction paper using your pastels.
- Add value, shadows, and highlights as you can.

∞ Image Link: Example (Flower)

→ DISCUSS
What did you choose to draw on blue paper? Talk about why.

WEEK 11 **30m Art: Level 4 - Lesson 69**
Color Theory: Complementary Colors

Materials: pastels, red construction paper, paper towels

→ RECAP
Recall primary, secondary, tertiary, and complementary colors.

→ PRACTICE
- Begin with a piece of red construction paper.
- Choose the complementary colors of pastels.
- Find an object around you that is, or similar to, the color that you have chosen; i.e., leaves, green peppers, etc.
- Draw that object on the red construction paper using your pastels.
- Add value, shadows, and highlights as you can.

∞ Image Link: Example (Fruit)

→ DISCUSS
What did you choose to draw on red paper? Talk about why.

WEEK 11 **30m Art: Level 4 - Lesson 70**
Color Theory: Complementary Colors

Materials: pastels, blue construction paper, paper towels

→ RECAP
Recall primary, secondary, tertiary, and complementary colors.

→ PRACTICE
- Begin with a piece of yellow construction paper.
- Choose the complementary colors of pastels.
- Find an object around you that is, or similar to, the color that you have chosen; i.e., flowers, a banana, etc.
- Draw that object on the yellow construction paper using your pastels.
- Add value, shadows, and highlights as you can.

∞ Image Link: Example (Grapes)

Art: Level 4

Examination

Term 1

· Draw a cube and a rectangular prism.

· Tell all you know about "horizon line."

Term 2

· Create a graduated wash and discuss how you could apply it in art.

· Tell what an underpainting is or tell what a watercolor wash is.

Term 3

· Tell what the six tertiary colors are.

· Name all six pairs of complementary colors in your color wheel.
