Art

Level 2

Alveary

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

GRADE(S): 2+

About the Course

Skills Focus: New concepts covered are understanding design elements, the principle of proportion, and drawing cylindrical objects. Continue to use and understand the medium of soft pastels. A deeper study of color theory includes contrast, complementary colors, color mixing, and value changes. Continue to build on understanding and manipulating watercolor. Build confidence and understanding in observation and communication that will translate across the curriculum.

Placement & Combining Tips

If students are in grade 5 and below and have not had formal art lessons, they should begin with Level 1. However, those with prior art knowledge can take the Level 1-3 fast-track lessons and then continue with Level 4. See course descriptions for specific content covered at each level.

Prerequisite: Level 1 or appropriate skill proficiency.

Scheduling

GRADE	SCHEDULE INFO.	BOOKS

Planning & Prep

Permission to print for non-commercial use. See Alveary group use policy to use lessons in a group context.

LINKS: Click text or scan the QR code in the top corner of the lesson plan pages to view online resources associated with the lessons.

Responsibility for previewing all links rests with the teacher. All links were checked at the time of publication; however, websites change frequently and may contain objectionable content. Please report broken links by contacting us through our website.

Art: Level 2
☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33 to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in levels 4-8.

☐ Print online images as you need them for lessons. It is very important that students work from printed photos in books or magazines (or printed from the internet) rather than from a device. Computers, iPads, etc. are lightboxes whose illumination affects the way an object is seen. This

©2026 Charlotte Mason Institute® All rights reserved.

illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo then it needs to be printed, and they should not work from a screen.

☐ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or one large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

☐ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.
- Level 2 Palette: Prussian Blue, Hansa Yellow, and Quinacridone Pink

☐ Preview lesson plans to know if you will need a special supply for an upcoming lesson, and organize supplies for easy lesson setup. Replenish supplies as needed.

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

WEEK 1

20m Art: Level 2 - Lesson 1

Color Theory: Basic Color Wheel with Pastels

Materials: Soft pastels, cloth, color wheel, fixative

→ NOTE
- This lesson is important to do at the beginning of a new school year, even if it was completed in the prior year.
- The objective of Color Theory in Level 2 is for the students to become familiar with the primary, secondary, warm, cool, and complementary colors. Point them out and talk about them along the way. In the Spring, notice them in flowers, etc. Ask them what primary colors they might mix to get the color of a bush if they were to paint it, etc.

PREP: View the tutorial to learn how to make a color wheel with pastels. Print a Color Wheel on cardstock for each student.
∞ Video Link: Color Theory with Pastels L2 L1 & L3 L25
∞ PDF Link: Color Wheel

→ RECAP
- Discuss with students that there are six colors in the basic color wheel (three primaries and three secondaries)
- Which colors are secondary? (orange, green, and purple)
- How do we get orange, green, and purple? (yellow+red=orange; yellow+blue=green; blue+red=purple)

→ INTRO
Today, we will make a color wheel using soft pastels.

→ WARM UP
Practice mixing pastels on a scrap piece of paper. Clean the pastel by rubbing it on a clean cloth until clean.

→ PRACTICE
- Have students fill in the three primary color circles and then mix the secondary colors in the appropriate places by layering the pastels. Color yellow first and then red on top to get orange, etc.
- Spray with fixative.
- The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art Book.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors. Try to mimic a color from something on your nature walk.

WEEK 1

20m Art: Level 2 - Lesson 2

Color Theory: Primary Color Flags

Materials: Student World Atlas p.126-133, colored construction paper (a full sheet of white, ½ sheet each of red, yellow, and blue), scissors, glue or glue sticks

PREP: Cut red, yellow, and blue construction paper in half.

→ RECAP
- Discuss what the primary colors are.

→ PRACTICE
Make a flag using only primary colors.
- Look at flag examples in Student World Atlas p.126-133, and discuss the designs.
- Students may cut the three primary colored papers into any shape.
- Encourage students to experiment and try different designs before gluing their pieces in place.
- Glue primary colors to the white background.

- **OCCUPATIONS**
Make more flags using the primary colors.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 1

→ DISCUSS
Tell what you notice about your primary colors on a white background.

WEEK 2

20m Art: Level 2 - Lesson 3
Color Theory: Cool Colors

Materials: Completed color wheel, modeling clay (blue, green, and purple), and cardboard

PREP: Watch "Cool Color Waves with Modeling Clay." Your student will only be using the cool colors for creating today. They are: purple, green, and blue. You can mix colors to gain more colors. You can also mix white or black with colors to make tints and shades.
∞ Video Link: Cool Color Waves with Modeling Clay

→ NOTE
Students will need to press hard to adhere the clay to the cardboard. Alternatively, you could use colored cardstock in a cool color as the background.

→ INTRO
Today, we will learn about “cool” colors. What do you think “cool” colors are? (“Cool” colors are blue, green, and purple.)

→ STUDY, NARRATE, & DISCUSS
• Look at your color wheel. Find the “cool” colors. What do you notice? (They are all on the same side.) Discuss observations.
• Why do you think they are called “cool”?
• Look at the Monet images
∞ Image Link: Monet's Water Lilies
∞ Image Link: Monet
• What colors did Monet mostly use?
• Do these colors make you feel a certain way?
• Does this painting of the water lilies appear as though it comes towards you or moves away from you?

→ PRACTICE
Smash and manipulate the clay onto the cardboard to create ocean waves in cool colors.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Notice the cool colors all around you. Discuss as you walk by the way.

WEEK 2

20m Art: Level 2 - Lesson 4
Color Theory: Warm Colors

Materials: Completed color wheel, modeling clay (red, yellow, and orange), and cardboard

→ NOTE
This lesson proceeds much like the previous one. You can watch the tutorial if you need an example. Students can mix colors to create more variations. You can also add white for tints and black for shades. Brown is a nice color to add with warm colors to bring in another color variation.
∞ Video Link: Warm Color Flowers with Modeling Clay

→ RECAP
Recall the cool colors. Why do you think they came to be called “cool”?

→ INTRO
Today, we will focus on "warm" colors. These are on the opposite side of the color wheel from cool colors. Warm colors are red, yellow, and orange.

→ STUDY, NARRATE, & DISCUSS
• Find warm and cool colors on the color wheel.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Notice the warm colors all around you. Discuss as you walk by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

• Spend time looking at Georgia O'Keeffe's Red Canna, 1924
∞ Image Link: Red Canna, 1924
• What colors did she mostly use?
• Do these colors make you feel a certain way?
• Does the painting look as though it comes towards you or away from you? Allow the student to make their own observations, but be sure to keep it focused on the warm colors.

→ PRACTICE
Smash and manipulate the modeling clay onto your cardboard in the form of poppies or sunflowers, or any warm-colored flowers you can think of.

WEEK 3

20m Art: Level 2 - Lesson 5
Color Theory: "Free Drawing" with a Set of Colors

Materials: Completed color wheel, modeling clay, cardboard

→ NOTE
This lesson proceeds as the two before, like Cool Color Waves.

→ RECAP
• Recall primary, secondary, warm, and cool colors. Find them on your color wheel.
• Discuss what you have learned about the color wheel.
• How do you mix secondary colors?

→ NOTE
The objective of Color Theory in Level 2 is for the students to become familiar with the primary, secondary, warm, cool, and complementary colors. Point them out and talk about them along the way. In the Spring, notice them in flowers, etc. Ask them what primary colors they might mix to get the color of a bush if they were to paint it, etc.

→ PRACTICE
Use your modeling clay on your cardboard to create a sunset or sunrise. Think about the warm and cool colors you are creating and how they mix.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Notice the colors all around you. Discuss based on what you have learned.

WEEK 3

20m Art: Level 2 - Lesson 6
Color Theory: Introduction to Complementary Colors

Materials: Color construction paper (red, yellow, blue, green, orange, and purple), scissors, glue, Art Book, color wheel, pictures from picture study

PREP: You will need to cut each of our six colors–red, yellow, blue, green, orange, and purple–into half sheets. Discard the other set of ½ sheets. Cut one ½ sheet set of colors in half again. Now you have a set of ¼ sheets. Discard one of those sets. Now, cut the ¼ sheets in half again. You should have two sets of ⅛ sheets. Put one set aside. Cut the keeper set in half again. One of those halves (now at 1/16 of the original size) will be the background color. Cut the other set of 1/16 into halves again (now 1/32). This will be the color glued on top. Watch the tutorial video for teachers and view the sample of a completed project.
∞ Video Tutorial: Prep Color Theory L2 L6
∞ Image Link: Complementary Colors

→ RECAP
Recall all that you know thus far about the color wheel.

→ INTRO
We are going to learn about complementary colors. They are the colors that are across from each other on the color wheel. These colors are traditionally known to "look good" together. Think red and green as

• **OCCUPATIONS**
Use your pastels and create swatches of complementary colors next to each other on a page in your Art Book. You could also do this with your watercolors.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

Christmas colors. Many sports teams use yellow and purple or blue and orange as their team colors.

→ VIEW, NARRATE, & DISCUSS
∞ Video Tutorial: Complementary Colors L2 L6

→ PRACTICE
- Glue a small rectangle of each color onto the center of its complementary larger rectangle.
- Glue all of these into your Art Book.

→ OBSERVE & DISCUSS
Study the paintings from the picture study you have already looked at. Find where the artist has used complementary colors.

→ DISCUSS
Which colors go together to make complementary colors?

WEEK 4

20m Art: Level 2 - Lesson 7
Color Theory: Mixing Brown with Green and Quinacridone Pink

Materials: spray bottle, watercolor palettes, Art Book, water, cloth, brushes, pencil

→ RECAP
Recall complementary colors.

→ INTRO
Do we have brown in our palette? Complementary colors are important because we use them to mix different brown colors.

→ PRACTICE
- First, make a green using Hansa Yellow and Prussian Blue. Next, add some Quinacridone Pink and mix. (Don't add a lot of pink, but just enough to change the color to brown.)
- Discuss what happened.
- Draw in pencil three squares on a clean page in your Art Book that are big enough to fit three fingers side-by-side in.
- Paint one of those squares with your brown and label it "Green + Quinacridone Pink." You will use this same page for the next two Color Theory lessons, so leave the other two squares blank for now.
- Use this brown to illustrate a poem that you have read recently.
- Feel free to use other colors as well.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for browns on your nature walk. How would you make that color if you were drawing it in your nature notebook?

WEEK 4

20m Art: Level 2 - Lesson 8
Color Theory: Mixing Brown with Orange and Prussian Blue

Materials: spray bottle, watercolor palettes, Art Book, water, cloth, brushes

→ RECAP
Recall complementary colors.

→ PRACTICE
- Mix an orange using Hansa Yellow and Quinacridone Pink. Next, add some Prussian Blue and mix. (Don't add a lot of blue, but do add just enough to change the color to brown.)
- Discuss what happened.
- Paint one of the other squares with your new brown and label it "Orange + Prussian Blue."

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for browns on your nature walk. How would you make that color if you were drawing it in your nature notebook?

©2026 Charlotte Mason Institute® All rights reserved.

	• Compare and contrast. Is it the same as your other brown? • Use this brown to illustrate a scene from literature. Feel free to use other colors as well.	
WEEK 5	**20m Art: Level 2 - Lesson 9** *Color Theory: Mixing Brown with Purple and Hansa Yellow* Materials: spray bottle, watercolor palettes, Art Book, water, cloth, brushes **→ RECAP** Recall complementary colors. **→ PRACTICE** • Mix a purple using Prussian Blue and Quinacridone Pink. Next, add some Hansa Yellow and mix. (Don't add a lot of yellow, but do add just enough to change the color to brown.) • Discuss what happened. • Paint the last square with your new brown and label it "Purple + Hansa Yellow." • Compare and contrast. Is it the same as your other browns? • Use this brown to illustrate a scene from literature. Feel free to use other colors as well.	• OBSERVE & DISCUSS - Practice identifying Art skills. Look for browns on your nature walk. How would you make that color if you were drawing it in your Art Book?
WEEK 5	**20m Art: Level 2 - Lesson 10** *Color Theory: Painting with Browns in Pastels* Materials: Pastels, Art Book, cloth, fixative **→ RECAP** • Bring out your color wheel and recall complementary colors. • Recall primary, secondary, warm, and cool colors. **→ PRACTICE** Using your pastels, in your Art Book: • mix green and red together • mix yellow and purple together • mix orange and blue together Compare your pastel browns to your watercolor browns. Are they the same? Why or why not? (Answers may be because they are different primary colors from what is used in watercolor, etc. The point is to get your student thinking about why colors change.) Spray with fixative.	• OBSERVE & DISCUSS - Practice identifying Art skills. Look for browns on your nature walk. How many different browns can you find?
WEEK 6	**20m Art: Level 2 - Lesson 11** *Color Theory: Flags* Materials: Student World Atlas p.126-133 "Flags & Stats", colored construction paper (a full sheet of white, ½ sheet of each of red, yellow, blue, orange, purple, and green), scissors, glue or glue sticks, PREP: Cut the size of the paper to half sheets. **→ RECAP** • Recall primary, secondary, warm, cool, and complementary colors. • Recall pattern and design. **→ STUDY, NARRATE, & DISCUSS** • Look at the images of the flags of different countries p.126-133. • Can you find one with only primary colors? • What about only secondary colors? • Can you find one with cool or warm colors?	• **OCCUPATIONS** Display the flags. Students may hang them in the classroom or use them to decorate a binder, etc.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

• Look for one with complementary colors.

→ PRACTICE
Have students make their own flags. Try to stick to one set of colors per flag that you create.

WEEK 6

20m Art: Level 2 - Lesson 12
Color Theory: Water Lilies

Materials: pastels, cloth, cardstock, or watercolor paper

PREP: Print out Water Lilies from the link
∞ Image Link: Monet's Water Lilies

→ NOTE
Teachers are strongly encouraged to print out paintings rather than have the students paint while looking at a device, as noted in the Preparation and Planning section at the beginning of the lesson plans.

→ INTRO
Students will create a water lily painting in the likeness of Monet's Water Lily painting that we have observed.

→ RECAP
Recall how to mix primary colors to make secondary colors.

→ PRACTICE
Look back at Monet's Water Lilies. Create your own version. Work carefully. You will have two class times to work on this.

→ NOTE
• Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that color in their work.
• Two Color Theory class times are given to this project. Encourage students who finish quickly to look longer at Monet's work and ask what they can add to theirs.
• If the student's pastel colors are getting messy, wipe them off with a clean paper towel.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

• OBSERVE & DISCUSS - Practice identifying Art skills.
When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 7

20m Art: Level 2 - Lesson 13
Color Theory: Water Lilies continued

Materials: pastels, cloth, cardstock or watercolor paper, printed Monet's Water Lilies, fixative

→ RECAP
• Recall how to mix primary colors to make secondary colors.
• Recall what to do to clean messy pastels. (wipe off with a paper towel)

→ PRACTICE
Finish Water Lily painting. (Remember: pastels are considered a dry painting medium in art.) Spray with fixative.

→ NOTE
Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that

• OBSERVE & DISCUSS - Practice identifying Art skills.
When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 1

color in their work.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

WEEK 7

20m Art: Level 2 - Lesson 14
Color Theory: Mixing Browns

Materials: modeling clay

→ RECAP
- Recall how to mix primary colors to make secondary colors.
- Recall what to do between colors when painting with watercolors. (CLEAN YOUR BRUSH!! It is important to keep your paints clean!!)

→ PRACTICE
Mix complementary colors of modeling clay to get different browns. Compare them to your watercolor and pastel browns. Color Theory is the same, no matter which art medium or primary colors you are using.

→ NOTE
Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that color in their work.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

- OBSERVE & DISCUSS - Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 8

20m Art: Level 2 - Lesson 15
Color Theory: Mixing Colors

Materials: Modeling clay, cardboard or cardstock

PREP: You may need to look back at this video from Level 1 to refresh on mixing colors.
∞ Video Link: Mixing Colors With Modeling Clay L1 L65 & L2 L15

→ RECAP
- Recall how to mix primary colors to make secondary colors.
- Recall how to mix browns.
- Recall in Level 1 art lessons how to mix colors to get various greens, purples, and oranges. (Remember when we split purple into three piles and added blue to one, yellow to another, and red to the last, and came away with four different purples?)

→ PRACTICE
Try making various greens, oranges, and purples by mixing in small amounts of different primaries. Create a work of art on your cardboard or cardstock background using all of the colors you have mixed with clay.

→ NOTE
Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that color in their work.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

- OBSERVE & DISCUSS - Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 1

WEEK 8

20m Art: Level 2 - Lesson 16

Color Theory: Red Canna

Materials: pastels, cloth, cardstock, or watercolor paper

PREP: Print O'Keeffe's Red Canna, 1924
∞ Image Link: Red Canna, 1924

→ NOTE
Teachers are strongly encouraged to print out paintings rather than have the students paint while looking at a device, as noted in the Preparation and Planning section at the beginning of the lesson plans.

→ INTRO
Students will create a red canna painting in the likeness of O'Keeffe's Red Canna painting that we have observed.

→ RECAP
Recall how to mix primary colors to make secondary colors.

→ PRACTICE
Look back at O'Keeffe's Red Canna. Create your own version. Work carefully. You will have two class times to work on this.

→ NOTE
- Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that color in their work.
- Two Color Theory class times are given to this project. Encourage students who finish quickly to look longer at O'Keeffe's work and ask what they can add to theirs.
- If the student's pastel colors are getting messy, wipe them off with a clean paper towel.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

WEEK 9

20m Art: Level 2 - Lesson 17

Color Theory: Red Canna continued

Materials: pastels, cloth, cardstock or watercolor paper, printed Red Canna photo, fixative

PREP: Print O'Keeffe's Red Canna, 1924
∞ Image Link: Red Canna, 1924

→ RECAP
- Recall how to mix primary colors to make secondary colors.
- Recall what to do to clean messy pastels (wipe off with a paper) towel.

→ PRACTICE
Finish Red Canna painting. (Remember, pastels are considered a dry painting medium in art.) Spray fixative on the painting.

→ NOTE
Allow students the freedom to mix colors as they see fit in their Art Book. Help them to label their colors so that they can remember how they mixed the color and can mix it again in the future when they see a need for that color in their work.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 1

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

WEEK 9

20m Art: Level 2 - Lesson 18
Color Theory: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.
Review primary, secondary, complementary, warm, and cool colors

→ PRACTICE
Paint a scene from a recent history or literature lesson.
- The student may need help remembering how to mix desired colors.
- Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 10

20m Art: Level 2 - Lesson 19
Color Theory: Scratchboard

Materials: black oil pastel and crayons, white cardstock or watercolor paper

→ RECAP
- Recall how to mix primary colors to make secondary colors.
- Recall warm, cool, and complementary colors

→ PRACTICE
- Watch the tutorial from the beginning to 1:05

∞ Video Link: Homemade Scratch Art
- Follow the same instructions, choosing whatever colors you'd like.
- Using crayons, fill the entire page with color.

→ NOTE
This project will last through three lessons, with a different step in each lesson.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

WEEK 10

20m Art: Level 2 - Lesson 20
Color Theory: Scratchboard continued

Materials: black acrylic or tempera paint, dish or hand soap, coloring from last lesson, old crafting brush

→ RECAP
- Recall how to mix primary colors to make secondary colors.
- Recall warm, cool, and complementary colors

→ PRACTICE

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

• Watch tutorial 1:05-2:05
∞ Video Link: Homemade Scratch Art
• Mix the paint and soap per the instructions on the video.
• Paint over your drawing from the previous lesson. Make two layers.
• Set aside for the next lesson.

→ NOTE
This project will last through three lessons, with a different step in each lesson. It is important that the paper dry completely before moving on.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice from a previous lesson.

WEEK 11 ⬚ **20m Art: Level 2 - Lesson 21**
Color Theory: Scratch Art continued

Materials: a dull needle, awl, toothpick, or kabob stick

→ RECAP
• Recall how to mix primary colors to make secondary colors.
• Recall warm, cool, and complementary colors

→ PRACTICE
• Watch tutorial 2:07- end
∞ Video Link: Homemade Scratch Art
• Use your dull-tipped instrument to scratch a picture in your oil pastel.
• The color from your first layer should pop through.

→ NOTE
This is the last lesson for this project.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice from a previous lesson.

WEEK 11 ⬚ **20m Art: Level 2 - Lesson 22**
Color Theory: Illustrate a Poem

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.
Review primary, secondary, complementary, warm, and cool colors

→ PRACTICE
Illustrate a poem that you have read recently.
• The student may need help remembering how to mix desired colors.
• Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

20m Art: Level 2 - Lesson 25

Brush Drawing: Introduction

Materials: brushes, spray bottle, watercolor palette prepared with Prussian Blue, Hansa Yellow, and Quinacridone Pink, grid paper

PREP: Fill one palette space each with colors Prussian Blue, Hansa Yellow, and Quinacridone Pink, and let them dry for several days. Watch the tutorial video.
∞ Video Link: Teacher Tutorial: Preparing and Cleaning Your Palette

→ INTRO
We have new art supplies like the ones artists use. They cost a lot of money, and it will be important to learn how to take good care of them so they will last a long time.

→ VIEW, NARRATE, & DISCUSS
Review brush care. If your students are using the same supplies as last term for brush drawing, do a quick review of brush care and move on to lesson 2.
∞ Video Link: Tutorial: Brush Care

→ PRACTICE
• Rinse the gum arabic from new brushes and reshape the tip (directions in brush care link).
• Practice loading the brush and making strokes so that the bristles do not splay.
• Ask about the parts of the brush (weasel hair bristles, ferrule, handle, glue inside) and how it is put together (see brush care link).
• Demonstrate the correct way to clean, dry, and reshape the brush using only water. Let students practice.
• Have students choose a paint color. Demonstrate how to load color on the brush using water and make a stroke with the brush correctly. (Don't splay the bristles.)
• Have students explore using different amounts of water.
• What happens when you have too much? Too little? How can you tell when it is just right?
• Allow students to practice making strokes correctly so that the bristles do not splay. Do this on grid paper. Save this grid paper and use it for the next lesson.

→ CLEAN UP
Allow the student to clean, dry, and store the brush. Leave the palette open to dry.

→ DISCUSS
How to use and care for brushes

★ TEACHER TIP
Encourage and remind students to use the skills and techniques learned in Art lessons anytime they paint or do nature study. This will help them develop good habits.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for things with a teardrop shape during nature walks.

WEEK 1

20m Art: Level 2 - Lesson 26

Brush Drawing: Oblique Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
“Oblique Brush-Forms” Brushwork Lesson 3

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned page.

• OCCUPATIONS
Use a different color and make patterns using vertical and horizontal brush-forms, such as in 2. Pattern of Brush-Forms. Practice making more brush-forms using different colors.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

→ RECAP
Review brush care and use.

→ WARM UP
Practice making oblique brush-forms.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Oblique Brush-Forms L1 L31, L2 L26, & L3 L2
∞ Image Link: Elementary Oblique Brush-Forms

→ PRACTICE
Oblique brush-forms in all directions.
"Oblique Brush-Forms" Brushwork (Hudson) Lesson 3

→ SELF-EVALUATE
Which brush-forms look best?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 2

20m Art: Level 2 - Lesson 27
Brush Drawing: Yellow Dahlia Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Yellow Dahlia" Brushwork Lesson 8

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned page.

→ NOTE
The value shift you may observe in the brush form examples in the Hudson book happens naturally. It is how the color puddles at the tip of the brush. Don't worry about adding a value change if it's not happening naturally.

→ RECAP
Review brush care and use.

→ WARM UP
Practice brush-forms.

→ VIEW
∞ Image Link: Lesson on Yellow Dahlia

→ PRACTICE
Paint dahlia brush-forms. Use Hansa Yellow and mix your own green.
"Lesson on Yellow Dahlia" Brushwork Lesson 8

→ SELF-EVALUATE
Which brush-forms look best?

→ DISCUSS
What other types of flowers could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for dahlias on your nature walk and whenever you are outside.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

WEEK 2

20m Art: Level 2 - Lesson 28

Brush Drawing: Design of Dahlia

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, graph paper

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned lesson. Obtain a live Dahlia for Lesson 30. If you are not able to get a live Dahlia, a photo will be provided for reference. Please be sure to print the photo before the lesson for the students to reference.

→ INTRO
Over the next three lessons, you will paint a beautiful flower called a Dahlia. In the first two lessons, you will work through Lesson 9 in the Brushwork text, and the third lesson will have you observing and then painting a live Dahlia.

→ RECAP
Review brush care and use.

→ WARM UP
Practice brush-forms.

→ VIEW
∞ Image Link: Design of Dahlia

→ PRACTICE
Begin to work through Lesson 9, "Design of Dahlia." This activity will span two lesson times.

→ SELF-EVALUATE
How did you do? Are your brush forms becoming more natural?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for dahlias on your nature walk and when outside.

WEEK 3

20m Art: Level 2 - Lesson 29

Brush Drawing: Design of Dahlia continued

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, graph paper

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned lesson. Obtain a live Dahlia for Lesson 30.

→ RECAP
Review brush care and use.

→ WARM UP
Practice brush-forms.

→ VIEW
∞ Image Link: Design of Dahlia
∞ Image Link: Dahlias

→ PRACTICE
Finish working through Lesson 9, "Design of Dahlia." This activity is the second of two lesson times.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for dahlias on your nature walk and when outside.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

→ SELF-EVALUATE
How did you do? Are your brush forms becoming more natural?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 3

20m Art: Level 2 - Lesson 30
Brush Drawing: Dahlias

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, live or cut dahlia

→ NOTE
This is the final lesson on dahlias.

→ RECAP
Review brush care and use.

→ WARM UP
Practice brush-forms.

→ PRACTICE
• Observe a live or cut Dahlia flower or the photo of the Dahlia. Discuss observations. How is it like the brush-form dahlias you have been creating? How is it different?
• Brush draw the live dahlia flower or the one from the photo, in your Art Book. Use Hansa Yellow and mix your own green.

→ SELF-EVALUATE
Compare your brush drawing to a photo of dahlias.
∞ Image Link: Dahlias

→ DISCUSS
What other types of flowers could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for dahlias on your nature walks.

WEEK 4

20m Art: Level 2 - Lesson 31
Brush Drawing: Scilla Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on the Scylla" Brushwork Lesson 10

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned lesson.

→ NOTE
• The British English spelling is "Scylla", but American English spells it "Scilla". If you look up "Scylla", you will find the Greek god. If you look up "Scilla", you will find the flower.
• Plant Scilla bulbs in the autumn in Zones 4-8.

→ RECAP
Review brush care and use.

→ WARM UP

• **OCCUPATIONS**
Create a pattern inspired by this example: "Design of Scylla" Brushwork Lesson 11

• OBSERVE & DISCUSS - Practice identifying Art skills.
Study, Narrate and Discuss the photo of scillas. Do your scillas look like these? Discuss similarities and differences.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

Practice making brush-forms.

→ VIEW
∞ Image Link: Lesson on the Scylla
∞ Image Link: Scillas

→ PRACTICE
Scilla brush-forms
"Lesson on the Scylla" Brushwork Lesson 10

→ SELF-EVALUATE
Which flowers and stems look best?

→ DISCUSS
What other types of flowers could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 4

20m Art: Level 2 - Lesson 32
Brush Drawing: Scilla

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Consider planting Scilla bulbs in the autumn (zones 4-8).

→ NOTE
Follow directions in Brushwork: Elementary Brush-Forms on the assigned page.

→ RECAP
• Review brush care and use.
• Review "Lesson on the Scylla" in Hudson" Lesson on the Scylla" Brushwork Lesson 10

→ WARM UP
Practice making brush-forms.

→ VIEW
∞ Image Link: Design of Scylla
∞ Image Link: Scillas

→ PRACTICE
Work through 11. Design of Scylla in your book.

→ SELF-EVALUATE
Which flowers and stems look best?

→ DISCUSS
What other types of flowers could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Study, Narrate and Discuss the photo of scillas. Do your scillas look like these? Discuss similarities and differences.
∞ Image Link: Scillas

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

WEEK 5

⬚ **20m Art: Level 2 - Lesson 33**
Brush Drawing: Watercolor Flower and Stem Bouquet

Materials: brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
• Review brush care and use.
• Review lessons on brush form flowers so far.

→ WARM UP
Practice making brush-forms.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Flowers L2 L33

→ PRACTICE
Create your own flowers and stems in your Art Book based on the tutorial and what you have learned practicing brush forms so far.

→ SELF-EVALUATE
Which flowers and stems look best?

→ DISCUSS
What other types of flowers could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• **EXTRA HELPING**
Create a card for a friend or loved one using the flowers that you created in this lesson. Include an encouraging message in your card.

WEEK 5

⬚ **20m Art: Level 2 - Lesson 34**
Brush Drawing: Chicken Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Chickens" Brushwork Lesson 12

PREP: Plan a trip to a farm to observe chickens, if possible, for the next lesson.

→ RECAP
Review brush care and use.

→ WARM UP
Make brush-forms in all directions for a few minutes.

→ VIEW
∞ Image Link: Lesson on Chickens
∞ Image Link: Chickens

→ PRACTICE
Brush-forms of chicks and chickens
"Lesson on Chickens" Brushwork Lesson 12

→ SELF-EVALUATE
Which birds look best?

→ DISCUSS
What other types of birds could you make out of these brush-forms?

• OBSERVE & DISCUSS - Practice identifying Art skills.
Self-Evaluate: Compare the brush-form birds to a photograph of chickens. Discuss similarities and differences.
∞ Image Link: Chickens

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 6

⬚ 20m Art: Level 2 - Lesson 35
Brush Drawing: Chickens continued

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

PREP: Take a trip to a farm to observe chickens, if possible.

→ NOTE
When going from graph paper to unruled paper, it is similar to taking the training wheels off your bike or going from a balance bike to one with pedals. It will take time for students to become "neat" in their work without guidelines. Be patient but encourage order.

→ RECAP
Review brush care and use.

→ WARM UP
Make brush-forms in all directions for a few minutes.

→ VIEW
∞ Image Link: Chickens

→ PRACTICE
• Observe live chickens or the photo of chickens.
• Do a brush drawing in your Art Book based on what you observe. Try to remember how you used the brush-forms to create the chickens.
• You could create other birds as well. Add in other details like grass, clouds, etc. Create an entire barnyard if you would like.

→ DISCUSS
What other types of birds could you make out of these brush-forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

★ TEACHER TIP
Help students look at nature and discuss ways that they could create flowers, birds, ponds, grasses, trees, etc. in their nature notebooks using brush-forms. Note: Brush-forms are only a jumping-off point. As students progress, they will build skills and confidence and transition to Brush Drawing from observation.

• OCCUPATIONS
Recreate the lesson on scillas or chickens using brush-forms in your Art Book without the grid lines.

WEEK 6

⬚ 20m Art: Level 2 - Lesson 36
Brush Drawing: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

→ PRACTICE
Paint a scene from a recent history or literature lesson.
• The student may need help remembering how to mix desired colors.
• Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Help students look at nature and discuss ways that they could create flowers, birds, ponds, grasses, trees, etc. in their nature notebooks using brush-forms. (Note: Brush-forms are only a jumping off point. As students progress, they will build skills and confidence and transition to Brush Drawing from observation.)

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

WEEK 7

20m Art: Level 2 - Lesson 37

Brush Drawing: Blue and Brown Butterflies

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper, photos of butterflies and dragonflies

PREP: Read the lesson and preview the plate.
∞ Image Link: "Lesson on Blue and Brown Butterflies" Brushwork Lesson 1

→ RECAP
Review brush care and use.

→ WARM UP
Spend three or four minutes practicing brush-forms.

→ VIEW
View photos of butterflies and dragonflies.
∞ Image Link: Butterflies
∞ Image Link: Dragonflies

→ PRACTICE
Draw what you see in the photos. Try to incorporate what you noticed when practicing the brush-form figures.
"Lesson on Blue and Brown Butterflies" Brushwork Lesson 13

→ SELF-EVALUATE
How did you do? How could you use this lesson to create something to bless another person?

→ DISCUSS
How could you use brush-forms to create other insects?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OCCUPATIONS
Do brush forms of dragonflies and butterflies around the outside of a piece of cardstock. After your painting is dry, write a poem you have studied recently in the center of the paper. Give this as a gift or hang it on the wall in your classroom.

WEEK 7

20m Art: Level 2 - Lesson 38

Brush Drawing: Blue and Brown Butterflies

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, photos of butterflies and dragonflies

→ RECAP
- Review brush care and use.
- Recall what colors to mix to create browns.

→ WARM UP
Spend three or four minutes warming up by making brush-forms in all directions.

→ VIEW
∞ Image Link: Lesson on Blue and Brown Butterflies
∞ Image Link: Butterflies
∞ Image Link: Dragonflies

→ PRACTICE
Create your own design on grid paper using the brush-form butterflies and dragonflies.
- Look at the design of the butterflies and dragonflies at the bottom of "13. Lesson on Blue and Brown Butterflies" as an example.
- Help students to think out and plan their designs before beginning them

• OBSERVE & DISCUSS
Look for dragonflies and butterflies on your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

on grid paper.

➜ SELF-EVALUATE
Which butterflies look best?

➜ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 8

20m Art: Level 2 - Lesson 39
Brush Drawing: Bird's Eye View, Catch Up or Free Draw

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book or watercolor paper, black crayon or oil pastel, scissors, glue, foam core (optional)

PREP: Read through the linked lesson plan and decide if you will attempt the project or use today as a catch-up or free draw day.
∞ Image Link: Bird's Eye View Flower Bouquet Lesson Plan

➜ RECAP
• Recall what brush-forms you have done thus far and walk through how you did them.
• Think about the view of objects you have taken so far in learning brush forms. This is called "bird's eye view," meaning that you are seeing most flowers as though you are in the sky looking straight down on them instead of in profile like the chickens. Profile means from the side view.
• Recall what complementary, warm, and cool colors are.

➜ NOTE
• The tutorial is a step-by-step demonstration of the project.
• There are several ideas on the attached lesson plan that you can leave out or ignore, such as mixing analogous colors, but it is a great time to help your students recall color theory truths.
• You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

➜ PRACTICE
∞ Video Link: Tutorial: Bird's Eye View Flower Bouquet L2 L39 (0:00-10:43).
•This covers the painting, and then time is needed for everything to dry. You will pick up the video again in the next lesson.
∞ Image Link: Bird's Eye View Examples
• Let's create a work of Art with lots of colorful flowers from a bird's eye view.
• This is based on the student's desire. While learned brush forms may show up, students don't need to apply them. Allow margin for personal reflection and application.
• Watch to be sure that the brush is being used properly so that the bristles do not splay.

➜ DISCUSS
Tell about your painting.

➜ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

WEEK 8

⬚ 20m Art: Level 2 - Lesson 40

Brush Drawing: Observational Flower Or Continue the Bird's Eye View Project

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, or if you did the project: scissors, white drawing paper, a smaller square of colored paper (see video for an idea of size), glue, and scrap cardboard

PREP: Gather a flower to observe. The flower can have leaves, buds, etc. on it. Do not pick a dead one from the ground, but a fresh cut or living flower.

→ NOTE
If you are continuing the Bird's Eye View project, begin the video at 10:40.
∞ Image Link: Bird's Eye View Flower Bouquet Lesson Plan
∞ Video Link: Tutorial: Bird's Eye View Flower Bouquet L2 L39 & L2 L40

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ WARM UP
Practice drawing strokes and shapes on the chalkboard using both the tip and the sides of the chalk for three or four minutes.

→ PRACTICE
Observational brush drawing. Allow the student a minute or two to study the flower you have chosen. Discuss.
• Watch Tutorial
∞ Video Link: Observational Brush Drawing of a Flower L1 L39 & L2 L40
• Are there outlines?
• What shapes do you see?
• What is the overall shape?
• What colors do you see?
• Anything else noticed?

Allow the students time to brush draw the object for the remainder of class time, and freedom to include/exclude brush forms. Remember, the goal is for the students to apply these learned brush forms as they see fit. Recalling what they have learned before beginning will help in application and continual learning.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 9

⬚ 20m Art: Level 2 - Lesson 41

Brush Drawing: Illustrate a Poem

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
• Review brush care and use.
• Recall what brush-forms you have done thus far and walk through how you did them.

→ NOTE
You may need to clean up your students' palettes after this lesson if they decide to explore mixing colors.

→ PRACTICE

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

• Illustrate a poem you have read recently.
• This is based on the student's desire. While learned brush forms may show up, students don't need to apply them. Allow margin for personal reflection and application.
• Watch to be sure that the brush is being used properly so that the bristles do not splay.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have students clean, dry, and store brushes. Leave the palette open to dry.

WEEK 9

⬚ **20m Art: Level 2 - Lesson 42**
Brush Drawing: Violet Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on the Violet" Brushwork Lesson 14

→ RECAP
Review brush care and use. Recall how to mix purple and green.

→ WARM UP
Practice making brush-forms in all directions for a few minutes.

→ VIEW
∞ Image Link: Lesson on the Violet

→ PRACTICE
Practice Violet brush-forms on grid paper.
"Lesson on the Violet" Brushwork Lesson 14

→ SELF-EVALUATE
Which violets look best?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS - Practice identifying Art skills.
While observing nature, discuss ways to paint flowers, birds, ponds, grasses, trees, etc. in their nature notebooks using brush-forms.

WEEK 10

⬚ **20m Art: Level 2 - Lesson 43**
Brush Drawing: Design of Violets

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book or cardstock

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: Design of Violets

→ PRACTICE
Work through 15, Design of Violets, in your book. Students could do this on a piece of cardstock to write copywork over for a nice piece of artwork to display. This will take two lessons to complete.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 10 **20m Art: Level 2 - Lesson 44**
Brush Drawing: Design of Violets continued

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, Art Book or cardstock

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: Design of Violets

→ PRACTICE
Work through 15, Design of Violets, in your book. You could do this on a piece of cardstock to write copywork over for a nice piece of artwork to display. This is the final lesson to work on this design.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 11 **20m Art: Level 2 - Lesson 45**
Brush Drawing: Live Violets or Photos

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, live violets

PREP: You will need to observe violets in real life for this lesson. (Wild violets begin popping up in April.) Or observe photos online.

→ RECAP
Review brush care and use. Recall how to mix purple and green.

→ WARM UP
Practice making brush-forms in all directions for a few minutes.

→ STUDY, NARRATE, & DISCUSS
Live violets OR
∞ Image Link: Violets

→ PRACTICE
Do an observational drawing of the violets. Mix your colors before beginning to paint.

→ SELF-EVALUATE
Which violets look best?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 11 **20m Art: Level 2 - Lesson 46**
Brush Drawing: Paint a Scene from History or Literature

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book

→ RECAP
Review brush care and use.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 2

	➜ PRACTICE Paint a scene from a recent history or literature lesson. **➜ DISCUSS** Tell about your painting. **➜ CLEAN UP** Have the student clean, dry, and store the brush. Leave the palette open to dry.	
WEEK 12	⬚ **20m Art: Level 2 - Lesson 47** *Exam Week* **➜ EXAMS** Answer question(s) related to course. Questions will come from: Art Instruction - Brush Drawing Level 2	
WEEK 12	⬚ **20m Art: Level 2 - Lesson 48** *Exam Week* **➜ EXAMS** Answer question(s) related to course. Questions will come from: Art Instruction - Brush Drawing Level 2	

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

WEEK 1

20m Art: Level 2 - Lesson 49

Drawing: Mass Drawing

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

PREP: Read "Mass Drawing" and "Mass Drawing and Silhouette" Drawing, Design, and Craft-Work p.39-40 & 42-43

→ NOTE
Break a piece of chalk into smaller segments of varying lengths.

→ RECAP
Discuss what we learned in Level 1 about how to draw.
• What part of the body works when you are drawing, usually? Students should focus on drawing from the shoulder and using big muscle movements.
• Demonstrate how to draw with a small piece of chalk turned on its side. How is the effect different from using the end of the chalk?
• What is this type of drawing called? (Mass drawing and silhouette.)

→ WARM UP
Practice figures on the chalkboard for 3-5 minutes.
"Plate 1" p.11

→ STUDY, NARRATE, & DISCUSS
Figures 1-3 "Plate 2" p.15

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Mass Drawing L2 L49

→ PRACTICE
• Have students choose one figure and draw it in the air with a finger.
• Have students do a mass drawing of that figure (not an outline) on the chalkboard using the side of the chalk.
• Practice drawing the remaining figures 1-3 in the same way.
• Look around your classroom and find objects that are similar to figures 1-3. Place them at eye level and draw what you see.
• Be mindful that students are studying and thinking through the objects that they are drawing.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Notice how we see things in real life. What we see are really just differences in color or value. (Things typically do not have dark outlines around them as you see in a coloring book.)
Practice drawing using silhouettes (avoiding outlines) during nature walk.
Draw objects that are similar to figures 1-3 on plate 2 in your Art Book using pastels. Make sure that you are placing the figures at eye level.

WEEK 1

20m Art: Level 2 - Lesson 50

Drawing: Design: Introduction to Patterns

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, manipulatives

PREP: Consider doing this lesson outside with found objects. Students will use manipulatives to make a pattern. Manipulatives can include pebbles, leaves, Tangram pieces, beans, math counters, Legos, or anything that you have enough of to repeat a pattern.

→ WARM UP
Practice strokes and figures on the chalkboard for 3-5 minutes.
"Plate 1" p.11

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Patterns L2 L50

→ INTRO

• OCCUPATIONS
Use different manipulatives to create new patterns and designs.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

A pattern is a repeated shape, color, line, etc. Example: abc abc abc abc abc OR aB aB aB aB aB. A design is usually based on a pattern. In math, a pattern is an exact repeat, but in art, it is simply a repetitive design and does not need to be exact.

→ DISCUSS
Find and discuss patterns all around you. Discuss objects with a design on them; e.g., curtains, clothing, book cover, tablecloth, throw pillows, etc.

→ PRACTICE
• Give students the manipulatives and have them create their own pattern.
• Spend the remainder of the lesson time creating different patterns with the manipulatives.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 2

⬚ 20m Art: Level 2 - Lesson 51
Drawing: Design: Patterns

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, manipulatives, Art Book, pastels, towel for lap, pencil, fixative

PREP: Students will use objects or manipulatives to make a pattern. This is a great lesson to complete outside with found objects. Objects could include: Tangram pieces, beans, math counters, Legos, pebbles, leaves (anything that you have enough of to repeat a pattern)

→ WARM UP
Practice strokes and figures from Plate 1, p.11, on the chalkboard for 3-5 minutes.

→ RECAP
What is a pattern? Pattern = a repeated shape, color, line, etc. Example: abc abc abc abc abc OR aB aB aB aB aB

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Set Up Thumbnails for Patterns L2 L51

→ PRACTICE
• Design is usually based on a pattern.
• Discuss patterns that you see around you.
• Discuss objects with a design on them; i.e., curtains, clothing, book cover, tablecloth, throw pillows, etc.
• Draw nine thumbnails on one page in your Art Book.
• Give students the manipulatives and have them create their own pattern.
• Draw the pattern that you created in one of those thumbnails. Fill the rest of your thumbnails with new patterns.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Continue discussing that when we see things in real life, they typically do not have dark outlines around them, as you see in a coloring book. What we see are really just differences in color and value. Practice drawing using silhouettes (avoiding outlines) during nature walks.
Find objects that are similar to figures 4-7 in plate 2 on p.15. Draw those objects in Art Book using pastels.

WEEK 2

⬚ 20m Art: Level 2 - Lesson 52
Drawing: Design: Patterns continued

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, manipulatives needed to make patterns, Art Books, brushes, water, paper towel, and watercolors

PREP: Gather manipulatives to make patterns with.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

→ RECAP
Recall design, line, and pattern.

→ WARM UP
Practice strokes and shapes from Glass, p.15, on the chalkboard for three to four minutes.

→ STUDY, NARRATE, & DISCUSS
Objects with patterns on them.

→ PRACTICE
- Use blocks, letters, beans, sticks, office supplies, fruits, etc. to make patterns.
- Allow students time to design their own patterns using lines and shapes.
- Have students then draw these patterns in their Art Book with watercolor.
- Stick to only one color of watercolor to draw with at first to keep the pattern simple.
- Review the Picture Study paintings learned so far for this term. Point out lines and patterns that you see in those artworks.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 3

20m Art: Level 2 - Lesson 53
Drawing: Design: Introduction to Design and Line

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, manipulatives

PREP: Read "Design" p.107-109 (to "in the illustrations."), "Line" p.120-125, 127-131. Gather examples of objects with a design or pattern on them to show the students.

→ NOTE
Teachers MUST pre-read these sections to teach this lesson.

→ WARM UP
Practice strokes and shapes from Glass, p.15, on chalkboard. Remind students how to draw with a small piece of chalk turned on its side.

→ INTRO
We are going to shift our focus and look at design.

→ STUDY, NARRATE, & DISCUSS
- Study and discuss the gathered objects. Notice the patterns and designs.
- Talk about a toolbox. What tools are most important to have?
- Talk about lines. Line is an element of design and a very important tool in our artist's toolbox. It is the foundation for drawing, painting, etc.
- Discuss types of lines: zig-zag, curvy, straight, wavy, broken, thick, thin, etc.

→ PRACTICE
- Have students lay their chalk on its side and use big arm movements as they draw lines across the board.
- Put chalk on its tip and draw lines again.
- Discuss similarities/differences.
- What designs can you make with your lines?
- Spend time making designs on the board.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

→ DISCUSS
Tell what was noticed or discovered.

WEEK 3

⬚ 20m Art: Level 2 - Lesson 54
Drawing: Design: Fret Patterns

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, grid paper, markers or crayons

PREP: Study "Plate 63 - Fret Patterns" p.112

→ NOTE
Use markers or crayons in today's lesson. This will keep students from getting bogged down with minute details. Be sure to limit them to one color at first.

→ WARM UP
Practice strokes and shapes on the chalkboard, alternating between using the tip of the chalk for lines and the side of the chalk for filled silhouettes.
"Plate 2" p.15

→ STUDY, NARRATE, & DISCUSS
Fret Patterns "Plate 63 - Fret Patterns" p.112

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Fret Patterns, Part 1 L2 L54

→ PRACTICE
Create fret patterns using only straight lines and one color on grid paper.

→ SELF-EVALUATE
Compare the drawing to the picture.

• OCCUPATIONS
Do silhouettes of other figures. If you have been tearing, try cutting or vice versa.

WEEK 4

⬚ 20m Art: Level 2 - Lesson 55
Drawing: Design: Fret Patterns

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, grid paper, markers or crayons, Art Book

→ NOTE
Use markers or crayons in today's lesson. This will keep students from getting bogged down with minute details. Be sure to limit them to one color at first.

→ WARM UP
Practice strokes and shapes from Glass, p.15, on the chalkboard, alternating between using the tip of the chalk for lines and the side of the chalk for filled silhouettes.

→ STUDY, NARRATE, & DISCUSS
Fret Patterns "Plate 63 - Fret Patterns" p.112

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Fret Patterns, Part 2 L2 L55

→ PRACTICE
Create fret patterns using only straight lines and one color on grid paper. If you have time, draw fret patterns in your Art Book.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

➜ SELF-EVALUATE
Compare the drawing to the picture.

WEEK 4

⬚ 20m Art: Level 2 - Lesson 56
Drawing: Fret Patterns

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, markers or crayons, cardstock

➜ NOTE
Use markers or crayons in today's lesson. This will keep students from getting bogged down with minute details. Be sure to limit them to one color at first.

➜ WARM UP
Practice strokes and shapes from Glass p.15, on chalkboard, alternating between using the tip of the chalk for lines and the side of the chalk for filled silhouettes.

➜ STUDY, NARRATE, & DISCUSS
Fret Patterns "Plate 63 - Fret Patterns" p.112

➜ VIEW, NARRATE, & DISCUSS
∞ Video Link: Fret Patterns, Part 3 L2 L56

➜ NOTE
We are switching from grid paper to cardstock for this lesson. Students may have a difficult time controlling their designs, but encourage them to imagine that the grid is there while making their design.

➜ PRACTICE
Create fret patterns around the edge of your cardstock. Work very carefully. When your design is complete, copy a poem or draw a picture in the center of the cardstock and give it as a gift.

➜ SELF-EVALUATE
Compare the drawing to the picture.

WEEK 5

⬚ 20m Art: Level 2 - Lesson 57
Drawing: Introduction to Proportion

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, black construction paper, white drawing paper, scissors, glue

PREP: Read "Tearing Shapes" p.13.
Teachers watch this video to learn how to cut silhouettes. This is not to be shown to your student until they are in Level 3.
∞ Video Link: Tutorial: Tearing Silhouettes L2 L57

➜ WARM UP
Practice strokes and figures from Glass, Plate 2, p.15, on chalkboard.

➜ VIEW, NARRATE, & DISCUSS
∞ Video Link: Proportion L2 L58 & L3 L49

➜ STUDY, NARRATE, & DISCUSS
• Discuss the design principle of proportion. Proportion is the relative size of parts within a whole. The human body is an effective example of the design principle.
• Look at the Out of Proportion Examples. Are the hats in proportion to the women? What about the eyeball and the man? Does the chick seem too big as well?

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for fret patterns when walking by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

∞ Image Link: Out of Proportion Examples

➔ PRACTICE
- Choose a new figure on p.15 to study.
- Discuss observations, focusing on proportion (relative length, width, and height). Compare and contrast.
- Have students draw the figure in the air with a finger.
- Have students draw a silhouette of the figure (not an outline) on the chalkboard using the side of the chalk.
- Have students cut with scissors or tear with their hands this same figure out of black construction paper. (Remember that you are focusing on the mass form and not on the details.)
- Glue the silhouette onto a white background.
- Repeat with other figures as time allows. Be careful not to rush but to do thoughtful work. "Plate 2" Drawing, Design, and Craft-Work p.15

➔ DISCUSS
Tell what was noticed or discovered.

WEEK 5

20m Art: Level 2 - Lesson 58

Drawing: Silhouettes

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, black construction paper, white drawing paper, scissors, glue

PREP: Teachers watch this video to learn how to cut silhouettes before beginning this project. This is not to be shown to your student until they are in Level 3.
∞ Video Link: Cutting Silhouettes L2 L58 & L3 L63

➔ RECAP
What is the design principle of proportion? Proportion is the relative size of parts within a whole.

➔ WARM UP
Practice strokes and figures from Glass, Plate 2, p.15 on chalkboard.

➔ PRACTICE
- Have students choose a figure from p.15 that is different from previous figures studied.
- Discuss observations, focusing on proportion (relative length, width, and height). Compare and contrast.
- Have students draw the figure in the air with a finger.
- Have students draw and fill in the whole figure shape (not an outline) on the chalkboard using the side of the chalk.
- Have students cut with scissors or tear with their hands this same figure out of black construction paper.
- Glue the silhouette onto a white background.
- Have students use white chalk to add details to objects they have cut out with black paper. For example, add the lines of a basketweave if they have completed object #16 on p.15.
- Repeat with other figures as time allows.

➔ DISCUSS
Tell what was noticed or discovered.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for fret patterns when walking by the way.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

WEEK 6

⬚ 20m Art: Level 2 - Lesson 59

Drawing: Proportion Drawing: Bug Point of View

> Materials: chalk, chalkboard, white drawing paper, pastels (or crayons), and a towel and fixative if using pastels

→ WARM UP
Practice strokes and figures from Glass, Plate 2, p.15 on the chalkboard.

→ NOTE
This activity will span two lessons.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Proportion Drawing: Bug Point of View

→ STUDY, NARRATE, & DISCUSS
• Discuss the design principle of proportion. Proportion is the relative size of parts within a whole. The human body is an effective example of the design principle.
∞ Image Link: Bug Examples

→ PRACTICE
• Watch the tutorial.
• Discuss observations, focusing on proportion (relative length, width, and height). Compare and contrast.
• Students will create their own versions.
• If students need examples of what bugs look like, follow the bug example link.
• Students should draw with their pastels or crayons as opposed to using a Sharpie or pencil to begin with.
• Color in your picture with pastels or crayons.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for fret patterns when walking by the way.

WEEK 6

⬚ 20m Art: Level 2 - Lesson 60

Drawing: Proportion Drawing: Bug Point of View continued

> Materials: chalk, chalkboard, white drawing paper, pastels (or crayons), and a towel and fixative if using pastels

→ NOTE
This activity will last for two lessons. This is the final lesson.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Proportion Drawing: Bug Point of View

→ STUDY, NARRATE, & DISCUSS
• Discuss the design principle of proportion. Proportion is the relative size of parts within a whole. The human body is an effective example of the design principle.
∞ Image Link: Bug Examples

→ PRACTICE
• Finish your proportion drawing during this lesson.
• Discuss observations, focusing on proportion (relative length, width, and height). Compare and contrast.
• Students will create their own versions.
• If students need examples of what bugs look like, follow the bug example link.
• Students should draw with their pastels or crayons as opposed to using a Sharpie or pencil to begin with.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look at animals and discuss how you would draw them.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

• Color in your picture with pastels or crayons.

➜ DISCUSS
Tell what was noticed or discovered.

WEEK 7

⬚ 20m Art: Level 2 - Lesson 61
Drawing: Mass Drawing

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, tea or coffee cup, and saucer

PREP: Watch Setting Objects at Eye Level
∞ Video Link: Setting Objects at Eye Level L2 L61 & L3 L52

➜ NOTE
To plan ahead, you will need a rectangular "egg" basket with a handle for the next lesson

➜ WARM UP
Practice strokes and figures from Glass, Plate 1, p.11, on the chalkboard for 3-5 minutes. Remember to place chalk on its side and fill in the entire form–not an outline.

➜ RECAP
What is this type of drawing called? (Mass drawing and silhouette.)

➜ STUDY, NARRATE, & DISCUSS
Figures 4-7 "Plate 2" Drawing, Design and Craft-Work p.15

➜ PRACTICE
• Have students choose one figure and draw it in the air with a finger.
• Have students do a mass drawing of that figure (not an outline) on the chalkboard using the side of the chalk.
• Get a teacup and saucer (or coffee mug and small plate) and place them at eye level.
• Draw what you see on the chalkboard.

➜ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Draw objects that are similar to figures 16 on plate 2 in your Art Book using pastels. Make sure that you are placing the figures at eye level.

WEEK 7

⬚ 20m Art: Level 2 - Lesson 62
Drawing: Rectangular Basket

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, basket

PREP: You will need a rectangular "egg" basket with a handle for this lesson.

➜ NOTE
To plan ahead, you will need a lantern similar to the one on p.14, plate 4, for the next lesson.

➜ RECAP
Discuss what we learned in Level 1 about how to draw. What part of the body works when you are drawing, usually? Students should focus on drawing from the shoulder and using big muscle movements.

➜ WARM UP
Practice strokes and figures on the chalkboard for 3-5 minutes from "Plate 1" p.11.

➜ STUDY, NARRATE, & DISCUSS

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

Figure 16 "Plate 2" p.15

→ PRACTICE
- Have students draw the figure in the air with a finger.
- Have students do a mass drawing of the figure (not an outline) on the chalkboard using the side of the chalk.
- Turn the chalk on its point and add the lines for detail.
- Set up your basket at eye level.
- Students should do an observational drawing of the real-life basket on the board.
- Be mindful that students are studying and thinking through the object that they are drawing.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 8

20m Art: Level 2 - Lesson 63
Drawing: Lantern

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, lantern, Art Book, pastels, towel for lap, and fixative

PREP: Read "Cylindrical Objects" p.18

→ NOTE
You will need a lantern similar to the one on p.14, plate 4, for this lesson.

→ WARM UP
Practice strokes and figures from Glass, Plate 1, p.11, on the chalkboard for 3-5 minutes.

→ STUDY, NARRATE, & DISCUSS
Lantern "Plate 4" p.19

→ PRACTICE
- Have students draw the figure in the air with a finger.
- Have students do a mass drawing of the figure (not an outline) on the chalkboard using the side of the chalk.
- Turn the chalk on its point and add the lines for detail.
- Set up your lantern at eye level.
- Students should do an observational drawing of the real-life lantern on the board.
- Be mindful that students are studying and thinking through the object that they are drawing.
- Draw objects that are similar to the lantern in your Art Book using pastels. Make sure that you are placing the figures at eye level.

→ DISCUSS
Tell what was noticed or discovered.

- **OCCUPATIONS**
Draw a can in your Art Book. Be sure to place it at eye level. Add designs to the drawing using pastels.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for cylindrical shapes at eye level on your nature walk.

WEEK 8

20m Art: Level 2 - Lesson 64
Drawing: Cylindrical Objects

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, cylindrical objects, pastels, Art Book, towel for lap, and fixative

PREP: Student(s) will need three different-sized cylindrical objects to observe and draw in this lesson.
∞ Video Link: Cylindrical Objects L2 L64 & L3 L54

→ NOTE
Objects should be similar to figures 9, 12 & 20 "Plate 2" p.15

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for conical shapes on your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Click THIS text or scan the QR code for links.

Term 3

→ WARM UP
Practice drawing cylindrical figures on the board for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
Three cylindrical objects of different sizes.
- Place the objects at eye level.
- Discuss their proportion. How long is the top of one object in relation to the side of another?
- Focus on the straight lines when describing the objects (not the curves). You are seeing it more as a rectangle and ignoring its roundness for now.
- Ask lots of observational questions.

→ PRACTICE
- Have students draw the objects in the air.
- Have students draw the objects in their Art Book with pastels.

→ DISCUSS
What did you notice while drawing the three different objects?

WEEK 9

20m Art: Level 2 - Lesson 65
Drawing: Conical Objects

Materials: Drawing Design, and Craft-Work, chalk, chalkboard, conical objects, pastels, Art Book, towel for lap, and fixative

PREP: Gather objects that are conical in form, such as a flower pot, an umbrella, a tea pitcher, a funnel, etc.
A conical object is cone-like but with a flat bottom and top. Similar to a trapezoid but curved.

→ WARM UP
Practice drawing conical objects on the board.

→ STUDY, NARRATE, & DISCUSS
Plate 2 p.15 Fig. 1-8
Conical Object
- Place the conical object at eye level.
- Discuss its proportion. How long is the top of the object in relation to the side?
- Focus on the straight lines to describe the object (not the curves). You are seeing it more as a trapezoid and ignoring its roundness for now.
- Ask guiding questions. At what angle does the side slant in? etc.

→ PRACTICE
- Have students draw the objects in the air.
- Have students draw the objects in their Art Book with pastels.
- Practice drawing it several times and in different sizes.

→ SELF-EVALUATE
Which one is the best?

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for conical shapes on your nature walk.

WEEK 9

20m Art: Level 2 - Lesson 66
Drawing: Conical Objects

Materials: Chalk, chalkboard, three conical objects, pastels, Art Book, towel for lap, and fixative

PREP: Gather three conical objects such as a flower pot, an umbrella, a tea pitcher, a funnel, etc.

→ WARM UP
Practice drawing conical objects on the board.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for conical and cylindrical shapes on your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

→ STUDY, NARRATE, & DISCUSS
Conical Objects
• Place the conical objects at eye level.
• Discuss what you see. Discuss proportion.
• Focus on the straight lines to describe the objects (not the curves)
• Ask guiding questions. How long is the top of one object in relation to the side of another object? At what angle do the sides slant in? etc.

→ PRACTICE
• Have students draw the objects in the air with their fingers.
• Have students draw the objects in their Art Book with pastels.

→ SELF-EVALUATE
Choose the best one.

WEEK 10 **20m Art: Level 2 - Lesson 67**
Drawing: Cylindrical and Conical Objects

Materials: Chalk, chalkboard, conical and cylindrical objects, pastels, Art Book, towel for lap, and fixative

PREP: Gather objects that are cylindrical and conical in form.

→ WARM UP
Practice drawing cylindrical and conical objects on the board.

→ STUDY, NARRATE, & DISCUSS
Objects that are cylindrical and conical
• Place both objects at eye level.
• Discuss what you see. Discuss proportion.
• Focus on the straight lines to describe the object (not the curves)
• How long is the top of one of the objects in relation to the side of another? At what angle does the side slant in? etc.
• Prompt with lots of description questions so that students really focus on the similarities and differences in the objects.

→ PRACTICE
• Have students draw a few of the objects in the air with their fingers.
• Have students draw the objects in their Art Book with pastels.

→ DISCUSS
Observations from drawing both types of objects.

WEEK 10 **20m Art: Level 2 - Lesson 68**
Drawing: Animal

Materials: Chalk, chalkboard, pastels, Art Books, picture of animals, towel for lap, and fixative

PREP: Students will need to spend a few minutes observing a live animal or insect of their choice before the lesson time. Find or print a picture of the same type of animal or insect the student observes. The students will be working from both the photo and the memory of what they have observed.

→ NOTE
•Photos should be printed and not on technology. Technology is a lightbox and distorts values, colors, lines, and shapes, and leads to confusion and frustration. It's best to work from books or magazines.
•This activity will span two lessons.

→ WARM UP

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

Practice strokes and shapes on the chalkboard, alternating between using the tip of the chalk for lines and the side of the chalk for filled silhouettes.

→ STUDY, NARRATE, & DISCUSS
Picture of an animal
• What do you notice?
• What color is the animal? Is it all one color? How many different colors can you see? Can you find pastels to match all the colors?
• Are there any outlines around the animal or any part of the animal? If so, where? These are ok to include in a drawing as long as they are visible when observing a real object.
• Where do you see cylindrical and conical shapes on the animal, maybe in the body, legs, or neck?

→ PRACTICE
• Have the student draw the animal, filling in the shape with color as they go, and include only outlines that are visible in the specimen.
• Draw from the shoulder and not the wrist using the side of the pastels.
• Paint the mass of the animal first, then turn the pastel on point and add details.
• Remember to add the cylindrical and conical shapes of the animal.

→ SELF-EVALUATE
Compare the drawing to the picture.

WEEK 11

20m Art: Level 2 - Lesson 69
Drawing: Animal continued

Materials: Chalk, chalkboard, pastels, Art Books, picture of animals

PREP: Students will need to spend a few minutes observing a live animal or insect of their choice before the lesson time. Find or print a picture of the same type of animal or insect the student observes. The students will be working from both the photo and the memory of what they have observed.

→ NOTE
This is the last lesson to work on this drawing.
Encourage students to add a background to their drawing.

→ WARM UP
Practice strokes and shapes on the chalkboard, alternating between using the tip of the chalk for lines and the side of the chalk for filled silhouettes.

→ STUDY, NARRATE, & DISCUSS
Picture of an animal
• What do you notice?
• What color is the animal? Is it all one color? How many different colors can you see? Can you find pastels to match all the colors?
• Are there any outlines around the animal or any part of the animal? If so, where? These are ok to include in a drawing as long as they are visible when observing a real object.
• Where do you see cylindrical and conical shapes on the animal, maybe in the body, legs, or neck?

→ PRACTICE
• Have the student draw the animal, filling in the shape with color as they go, and include only outlines that are visible in the specimen.
• Draw from the shoulder and not the wrist using the side of the pastels.
• Paint the mass of the animal first, then turn the pastel on point and add

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

details.
• Remember to add the cylindrical and conical shapes of the animal.

→ SELF-EVALUATE
Compare the drawing to the picture.

WEEK 11 ⬚ **20m Art: Level 2 - Lesson 70**
Drawing: Catch Up or Drawing of Student's Choice

Materials: chalk, chalkboard

→ CATCH UP
Use this time to catch up on Art lessons or, if you don't need a catch-up lesson, feel free to use the lesson plan below.

→ RECAP
Discuss the elements of art that have been presented and applied. Line and shape.

→ WARM UP
Draw circles, squares, triangles, and spirals on the board and in various sizes using large shoulder movements for three or four minutes. Turn these shapes into objects.

→ PRACTICE
• This lesson is set aside for margin if you have gotten behind. If you have not, give your student the freedom to choose for themself what they would like to draw, either on the chalkboard or in their Art Book.
• Encourage them to apply the skills they have learned.
• Show interest in seeing their completed piece and ask questions. Listen to your students explain. This is important verbal processing, just as in any subject.

→ DISCUSS
What was noticed or discovered?

WEEK 12 ⬚ **20m Art: Level 2 - Lesson 71**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Art Instruction - Drawing Level 2

WEEK 12 ⬚ **20m Art: Level 2 - Lesson 72**
Exam Week

→ EXAMS
Answer question(s) related to course.

Questions will come from:
Art Instruction - Drawing Level 2

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 2

Examination

Term 1

· Name the warm and cool colors.

· Tell how to create browns.

Term 2

· Paint a flower from observation, matching the colors you see.

· Create a bouquet of Dahlias.

Term 3

· Tell all that you remember about Fret Patterns.

· Tell what it means when something is sitting at "eye level."

©2026 Charlotte Mason Institute® All rights reserved.
