Art: Level 5

GRADE(S): 5+

About the Course

Skills Focus: Learn design elements (shape, line, form, etc.) using an eraser as a drawing tool and geometrical object drawing through drawing landscapes and still lifes. Begin learning to draw the human figure in action, as well as facial proportions and drawing the human bust. Continue with color theory, learn how adding neutral brings down the intensity of a color, and create multiple shades of a color. Apply color theory through projects. Strengthen brush drawing and watercolor skills through projects. New watercolor technique of layering.

Placement & Combining Tips

If students are in grade 5 and below and have not had formal art lessons, they should begin with Level 1. However, those with prior art knowledge can take the Level 1-3 fast-track lessons and then continue with Level 4.

Prerequisite: Level 4 or appropriate skill proficiency.

☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33 to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in levels 4-8.

☐ Print online images as you need them for lessons. It is very important that students work from printed photos in books or magazines (or printed from the internet) rather than from a device.

©2026 Charlotte Mason Institute® All rights reserved.

Computers, iPads, etc., are lightboxes whose illumination affects the way an object is seen. This illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo it needs to be printed, and they should not work from a screen.

☐ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or one large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

☐ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.
• Level 5 Palette: Prussian Blue, Hansa Yellow, and Quinacridone Pink

☐ Preview lesson plans to know if you will need a special supply for an upcoming lesson and organize supplies for easy lesson setup. Replenish supplies as needed.

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

Term 1

WEEK 1

⬚ 30m Art: Level 5 - Lesson 1

Color Theory: Expanded Color Wheel

Materials: spray bottle, watercolor palettes prepared with Quinacridone Pink, Prussian Blue, and Hansa Yellow, brushes, water, cloth, printed color wheel

PREP: Print color wheel on white cardstock.
∞ Link: Color Wheel

→ RECAP
Recall all you know about color thus far. Name the colors in the basic color wheel (three primary and three secondary colors). What do you recall about the expanded color wheel and tertiary colors?

→ INTRO
It is important to review concepts at the beginning of the year. Today, we are going to make a new, expanded color wheel to refresh the skills we learned in level 4. We have two lesson periods to complete this, so there is no reason to rush.

→ DISCUSS
Tertiary colors
- Tertiary colors are made by mixing a primary color with a secondary color.
- They are red-orange, yellow-orange, yellow-green, blue-green, blue-purple, and red-purple.
- Always state the primary and then the secondary color when naming the tertiary color.

→ PRACTICE
Expanded color wheel (Complete over two lesson periods; work at your own pace.)
- Paint primary colors first; then secondary; then tertiary.
- Students will need to mix fresh secondary and tertiary colors.
- Refer to the example to see placement within the wheel.
- Color placement on the color wheel must be exact. Start over if you make a mistake.
- The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art Book.

∞ Image Link: Example of Expanded Color Wheel
∞ Video Link: Create an Expanded Color Wheel L4 L49, L5 L1, & L6 L25

- OBSERVE & DISCUSS - Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to mix those colors.

WEEK 1

⬚ 30m Art: Level 5 - Lesson 2

Color Theory: Expanded Color Wheel

Materials: spray bottle, watercolor palette, brushes, water, cloth, color wheel, neutral pigment

→ RECAP
Recall all you know about color thus far. Name the colors in the basic color wheel (three primary and three secondary colors). What do you recall about the expanded color wheel and tertiary colors?

→ INTRO
Today, we are going to finish our expanded color wheel.

→ DISCUSS
Tertiary colors
- Tertiary colors are made by mixing a primary color with a secondary color.
- They are red-orange, yellow-orange, yellow-green, blue-green, blue-

Term 1

purple, and red-purple.
• Always state the primary and then the secondary color when naming the tertiary color.

→ PRACTICE
Complete expanded color wheel.
• Finish mixing colors and painting them in the appropriate places.
• Refer to the example if you are confused about placement within the wheel.
• Color placement on the color wheel must be exact. Start over if you make a mistake.
• The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art Book.

WEEK 2

⬚ **30m Art: Level 5 - Lesson 3**
Color Theory: Neutral

Materials: spray bottle, watercolor palette, brushes, water, cloth, color wheel, neutral paint, pencil, Art Book

→ RECAP
Recall primary, secondary, and tertiary colors.

→ INTRO
Today, we will learn how neutral affects color.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Adding Neutral to Watercolor L5 L3

→ PRACTICE
• In your Art Book, lightly sketch in 24 two-inch squares. Try to place them in sets of two because you will use two squares per color. You have 12 colors, so you will need 24 squares in total. You may need to use two or more sheets of paper. Beginning with Quinacridone Pink, paint your first square.
• Pull a brush full of Quinacridone Pink to a clean place on your palette. Clean your brush. Dip the tip of your brush in the neutral and add it to this pink.
• Paint that new color in the square next to the Quinacridone Pink.
• Discuss your observations.
• Do this same thing with red-orange, orange, and yellow-orange.

→ NOTE
We will continue this during our next two Color Theory lesson periods.

• OBSERVE & DISCUSS - Practice identifying Art skills. Observe variations in color value on your nature walk and begin to apply this knowledge when working in your nature journal.

WEEK 2

⬚ **30m Art: Level 5 - Lesson 4**
Color Theory: Neutral and Hansa Yellow

Materials: spray bottle, watercolor palette, brushes, water, cloth, color wheel, Art Book

→ RECAP
• Recall primary, secondary, and tertiary colors.
• Recall neutral.

→ INTRO
Today, we will continue our study of how neutral affects color.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Adding Neutral to Watercolor L5 L3

Art: Level 5

Click THIS text or scan the QR code for links.

Term 1

→ PRACTICE
- Begin with Hansa Yellow today. Paint your next square.
- Pull a brush full of Hansa Yellow to a clean place on your palette. Clean your brush. Dip the tip of your brush in the neutral and add it to this yellow.
- Paint that new color in the square next to the Hansa Yellow.
- Discuss your observations.
- Do this same thing with yellow-green, green, and blue-green.

→ NOTE
We will complete this during our next Color Theory lesson period.

WEEK 3

⬚ **30m Art: Level 5 - Lesson 5**

Color Theory: Neutral and Prussian Blue

> Materials: spray bottle, watercolor palette, brushes, water, cloth, color wheel, Art Book

→ RECAP
- Recall primary, secondary, and tertiary colors.
- Recall neutral.

→ INTRO
Today, we will continue our study of how neutral affects color.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Adding Neutral to Watercolor L5 L3

→ PRACTICE
- Begin with Prussian Blue today. Paint your next square.
- Pull a brush full of Prussian Blue to a clean place on your palette. Clean your brush. Dip the tip of your brush in the neutral and add it to this blue.
- Paint that new color in the square next to the Prussian Blue.
- Discuss your observations.
- Do this same thing with blue-purple, purple, and red-purple.

WEEK 3

⬚ **30m Art: Level 5 - Lesson 6**

Color Theory: Value Scales with Neutral Watercolor in the Quinacridone Pink Family

> Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value and shading.
- Recall neutral.

→ INTRO
Students will change the value of their colors this term using neutral. These colors will be known as “shades” of their color.

→ NOTE
There are three lesson times to complete four value scales in the Quinacridone Pink family. Pace yourself accordingly.

→ PRACTICE
Value scales with neutral
- Set up 12 value scales in your Art Book. Each value scale should have five 1” squares in it.
- Move some Quinacridone Pink to a clean well in your palette. Paint this in the first box on one value scale.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for objects on your nature walk that are different values of orange.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

• Dip the tip of your brush into neutral. Be careful to add a very tiny amount each time. Paint this new shade into the next square on the Quinacridone Pink scale.
• Add another tiny amount of neutral to the pink and paint it in the next square in the same scale.
• Do this until you have filled in your Quinacridone Pink scale.
• Repeat these steps to complete value scales for red-orange, orange, and yellow-orange.
∞ Image Link: Value Scales by Adding Neutral

→ DISCUSS
What happened to the color as you added more neutral?

WEEK 4

⬚ 30m Art: Level 5 - Lesson 7
Color Theory: Value Scales with Neutral Watercolor in the Quinacridone Pink Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
• Recall value and shading.
• Recall neutral.

→ INTRO

→ DISCUSS
What happened to the color as you added more neutral?

• OBSERVE & DISCUSS - Practice identifying Art skills.
Look for objects on your nature walk that are yellow-green.

WEEK 4

⬚ 30m Art: Level 5 - Lesson 8
Color Theory: Value Scales with Neutral Watercolor in the Quinacridone Pink Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
• Recall value and shading.
• Recall neutral.

→ INTRO
Students will change the value of their colors this term using neutral.

• OCCUPATIONS
Illustrate a poem using shades of your colors.

WEEK 5

30m Art: Level 5 - Lesson 9
Color Theory: Brush Drawing of Apple, Orange, or Grapefruit

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, apple, orange, or grapefruit

→ RECAP
• Recall tertiary colors.
• Recall complementary colors.
• Recall neutral and how to create shades of colors.
• Recall how to make swatches in order to match colors.

→ PRACTICE
• Set an apple, orange, or grapefruit in front of you.
• Observe the piece of fruit and discuss your observations.
• Prepare your color palette and match colors by creating swatches on your paper.
• Do a brush drawing of your fruit. Add value, shading, and shadows.
∞ Image Link: Grapefruit Example

→ SELF-EVALUATE
Compare the colors in the brush drawing to the real piece of fruit. How accurate are your colors? How could you improve your brush drawing?

• OCCUPATIONS
Use pastels to draw a tree from memory in your Art Book. Add a neutral to your colors for the darker values.

WEEK 5

30m Art: Level 5 - Lesson 10
Color Theory: Brush Drawing of Shell or Feather in the Red Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, shell or feather

→ RECAP
• Recall tertiary colors.
• Recall complementary colors.
• Recall neutral and how to create shades of colors.
• Recall how to make swatches in order to match colors.

→ PRACTICE
• Set a shell or feather in front of you.
• Observe the object and discuss your observations.

• OCCUPATIONS
Shading with pastels is similar to watercolors. Use pastels to draw an animal from memory in your Art Book. Add a neutral to your colors for the darker values.

WEEK 6

30m Art: Level 5 - Lesson 11
Color Theory: Value Scales in the Hansa Yellow Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
• Recall value and shading.
• Recall neutral.
• Recall how to get a shade of a color.

→ NOTE
There are three lesson times to complete four value scales in the Hansa Yellow family. Pace yourself accordingly.

→ PRACTICE
Paint value scales for Hansa Yellow, yellow-green, green, and blue-green. Be sure to add only a little bit of neutral to create each shade.
∞ Image Link: Value Scales by Adding Neutral

→ DISCUSS
What happened to the color as you added more neutral?

WEEK 6

30m Art: Level 5 - Lesson 12
Color Theory: Value Scales in the Hansa Yellow Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
• Recall value and shading.
• Recall neutral.
• Recall how to get a shade of a color.

→ NOTE
There are three lesson times to complete four value scales in the Hansa Yellow family. Pace yourself accordingly.

→ PRACTICE
Paint value scales for Hansa Yellow, yellow-green, green, and blue-green. Be sure to add only a little bit of neutral to create each shade.

→ DISCUSS
What happened to the color as you added more neutral?

• OCCUPATIONS
Paint an illustration from history.

WEEK 7

30m Art: Level 5 - Lesson 13
Color Theory: Value Scales in the Hansa Yellow Family

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
• Recall value and shading.

WEEK 7

30m Art: Level 5 - Lesson 14
Color Theory: Pastel Drawing of Fruit in the Red or Yellow Family

Materials: pastels, Art Book, piece of fruit (grapes, banana, kiwi, mango, peach, etc.)

→ RECAP
• Recall tertiary colors.
• Recall complementary colors.
• Recall neutral and how to create shades of colors.
• Recall how to make swatches in order to match colors.

→ PRACTICE
• Set the piece of fruit in front of you.
• Observe the fruit and discuss your observations.
• Prepare your color palette and match colors by creating swatches on your paper.
• Do a pastel painting of your object. Add value, shading, and shadows.
∞ Image Link: Mango Example
∞ Video Link: Pastel Painting of Red Fruit L5 L14

→ SELF-EVALUATE
Compare the colors in your pastel painting to the real object. How accurate are your colors? How could you improve your pastel painting?

• OCCUPATIONS
Do a “free drawing” in your Art Book.

WEEK 8

30m Art: Level 5 - Lesson 15
Color Theory: Brush Drawing of Shoe

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, shoe

→ RECAP
• Recall tertiary colors.
• Recall complementary colors.
• Recall neutral and how to create shades of colors.
• Recall how to make swatches in order to match colors.

→ PRACTICE
• Set a shoe in front of you.
• Observe the shoe and discuss your observations.
• Prepare your color palette and match colors by creating swatches on your paper.
• Do a brush drawing of your shoe. Add value, shading, and shadows.

⬚ **30m Art: Level 5 - Lesson 16**
Color Theory: Sunset Pastel Painting

> Materials: pastels, paper towels, paper tortillons/blending stumps, cloth, Art Book or pastel paper, photo of a sunset (optional)

→ RECAP
- Recall tertiary colors.
- Recall complementary colors.
- Recall neutral and how to create shades of colors.
- Recall how to make swatches in order to match colors.

→ PRACTICE
- Observe sunset photos and discuss your observations.
- Watch the tutorial video. This video is the length of the class. The project will need to be finished in afternoon occupations.

∞ Video Link: How to Paint a Sunset with Pastels

- Prepare your color palette and match colors by creating swatches on your paper.
- Do a pastel painting of a sunset. Add value, shading, and shadows.

→ SELF-EVALUATE
Compare the colors in the pastel painting to the photo. How accurate are your colors? How could you improve your painting?

WEEK 9

⬚ **30m Art: Level 5 - Lesson 17**
Color Theory: Value Scales in the Prussian Blue Family

> Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value and shading.
- Recall neutral.
- Recall how to get a shade of a color.

→ NOTE
There are three lesson times to complete four value scales in the Prussian Blue family. Pace yourself accordingly.

→ PRACTICE
Paint value scales for Prussian Blue, blue-purple, purple, and red-purple. Be sure to add only a little bit of neutral to create each shade.

∞ Image Link: Value Scales by Adding Neutral

→ DISCUSS

Color Theory: Watercolor Painting of Flower

> Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, flower with leaves and a stem

→ RECAP
- Recall tertiary colors.
- Recall how you did a brush drawing of a shoe.
- Recall neutral and how to create shades of colors.
- Recall how to make swatches in order to match colors.

→ PRACTICE
- Set the flower in front of you.
- Observe the flower and discuss your observations.
- Prepare your color palette and match colors by creating swatches on your paper.

Color Theory: Pastel Home Painting

Materials: pastels, cloth, Art Book

→ NOTE
This will take two lessons.

→ RECAP
- Recall value.
- Recall how to create a shade in watercolor.

→ PRACTICE
Watch the video tutorial first.
Do a pastel painting of your home.
- Sit outside, facing your home so that you can see all of it, from foundation to roof.
- Shading with pastels is similar to watercolors.
- Draw your home applying the knowledge you have gained of shades (using neutral for the darker values and white to lighten your values).

Term 2

WEEK 1

30m Art: Level 5 - Lesson 25

Drawing: Recalling What You Know

Materials: drawing board, charcoal, Art Book, cube-shaped objects

PREP: Students will need cube-shaped objects and rectangular prisms for still life. These are objects such as tissue boxes, books, wooden signs, etc.

→ RECAP

Recall drawing techniques and skills learned in previous levels.
- How to set up your drawing board and Art Book.
- Measuring with the eye and drawing tool. Optional: Watch the video to refresh skill if needed.
- How to draw a cube.
- Simple shading with three values.

∞ Video Link: Measuring with the Eye and Drawing Tool
∞ Video Link: Drawing Cubes L4 L3 & L5 L25 (optional if you need a refresher)

→ PRACTICE
- Students should set up their drawing boards on their laps with their Art Books clipped in and opened to a new page.
- Set a tissue box or other cubical object at the student's eye level where the student can easily lift their eyes and see the entire object.
- Discuss observations.
- Have students draw the cube in the air with a finger.
- Have students draw and fill in the whole cubical form (not an outline) in their Art Book using the side of the pastel and measuring with the eye.
- Repeat as time allows. Turn the cube so that it is at different angles and draw again.

→ DISCUSS

Tell what was noticed or discovered.

• OCCUPATIONS

Spend time setting up a still life and drawing from life.

WEEK 1

30m Art: Level 5 - Lesson 26

Drawing: Shading and Light Source

Materials: drawing board, charcoal, Art Book, lamp or spotlight, cube-shaped objects

PREP: Students will need cube-shaped objects and rectangular prisms for still life. These are objects such as tissue boxes, books, wooden signs, etc.

→ WARM UP
- Set up your drawing board and draw three or four cubes using charcoal.
- Use large shoulder movements, not finger, wrist, or elbow movements.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Shading and Lightsource L5 L26

→ PRACTICE

Set up a still life with a specific light source. Draw what you see, focusing on shading.
∞ Video Link: Setting Up a Still Life L1 L10 & L5 L26

- Set up your drawing board and draw three or four cubes using charcoal.
- Use large shoulder movements, not finger, wrist, or elbow movements.

→ PRACTICE
- Set up a still life with a specific light source, just like you did in the last lesson. Draw what you see, focusing on shadows.
- Set the still life above eye level (worm's eye view) and draw what you see using the eye measuring technique. Set the still life below eye level (bird's eye view) and draw what you see.

→ DISCUSS
Tell what was noticed or discovered.

★ TEACHER TIP
Remind your student to be careful to hold their pastels correctly when drawing in the nature journal.

WEEK 2

30m Art: Level 5 - Lesson 28

Drawing: Simple Figures

Materials: Drawing, Design and Craft-Work, charcoal, Art Book, drawing board, people in action

PREP: Read "Figure Drawing" p.194-197

→ VIEW
Watch this video first. It is very inspirational and fun!
∞ Video Link: A Simple & Powerful Way for Sketching People
This YouTube video is also on gesture drawing. It's a bit much for students, but it will give you an idea of how to go about the lesson.
∞ Video Link: Gesture Drawing

→ NOTE
Students will need to observe people in action. Consider going to the park, grocery store, etc., for this lesson.

→ RECAP
Recall proportion.

→ STUDY, NARRATE, & DISCUSS
Simple figures
- Compare the stick figures to the fully formed figures.

Image Resource: "Plate 89" p.195

→ PRACTICE
Draw stick figures in action.
- Observe people in action - running, walking, biking, etc.
- Discuss observations.
- Notice the angles of their legs and arms when walking, running, sitting, bending, etc.
- Draw what you see.

→ DISCUSS
What was noticed or discovered?

- **OCCUPATIONS**
Choose a new location or situation and continue to practice drawing stick figures in action. Discuss what you see.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Notice people in action by the way. Discuss your observations.

WEEK 4

⬚ **30m Art: Level 5 - Lesson 32**

Drawing: Still Life

> Materials: chalk, chalkboard, drawing board, charcoal, Art Book, pink pearl or kneaded eraser, cylindrical, conical, and cubical forms

PREP: Students will need cylindrical, conical, and cubical forms for setting up a still life. These are things such as flower pots, vases, tissue boxes, etc.

→ NOTE
Refer back to Term 1 in Level 4 Art Lessons for previous charcoal value scales.

→ WARM UP
Draw on the board using large arm motion for three to four minutes.

→ RECAP
Recall value, shading, shadow, and light source.

→ PRACTICE
Still life drawing
- Set up a still life with simple forms such as cylinders, flower pots, tissue boxes, vases, etc.
- Add a light source.
- Draw the still life using charcoal in your Art Book. Focus on adding the values that you see. Use your erasers to add the lightest values.

→ DISCUSS
What was noticed or discovered?

WEEK 5

⬚ **30m Art: Level 5 - Lesson 33**

Drawing: Landscape

> Materials: chalk, chalkboard, drawing board, charcoal, Art Book, pink pearl or kneaded eraser

PREP: Students will need to go outside or look out a window or door for this lesson.

→ WARM UP
Draw on the board using large arm motion for three to four minutes.

→ RECAP
Recall value, shadow, shading, and light source.

→ PRACTICE
Watch the tutorial video.
∞ Video Link: Landscape Drawing with Charcoal
Draw a landscape using charcoal in your Art Book.
- Select a view with distant objects. Consider going outside or looking out a window or door.
- Focus on adding the values that you see. Use your erasers to add the lightest values.

→ SELF-EVALUATE
Compare your drawing to the view.

→ DISCUSS
What was noticed or discovered?

Term 2

WEEK 5

30m Art: Level 5 - Lesson 34

Drawing: Head Proportions

Materials: chalk, chalkboard, drawing board, charcoal, Art Book, pink pearl or kneaded eraser

→ WARM UP
Draw on the board using large arm motion for three to four minutes.

→ RECAP
Recall proportion.

→ PRACTICE
Head proportions
• Students will need to work along with the video tutorial in their art book.
∞ Video Tutorial: Proportions of the Human Head L5 L34

→ DISCUSS
What was noticed or discovered?

• OCCUPATIONS
Ask a family member or friend to sit for you. Do an observational drawing of their head, neck, and shoulders.

WEEK 6

30m Art: Level 5 - Lesson 35

Drawing: The Human Bust

Materials: chalk, chalkboard, charcoal, drawing board, Art Book, human model

→ NOTE
The student will need a real person as a model in this lesson and the next.

→ WARM UP
Draw on the board using large arm movements.

→ RECAP
Recall head proportions.

→ PRACTICE
Observational drawing of human model
• Be sure to use a real person as a model.
• Use charcoals in your Art Book.
• Use proper proportions of the human head.
• Only draw the bust of your model: head, neck, and shoulders.
∞ Image Link: Human Bust Example
∞ Video Link: How to Draw a Portrait in Charcoal from Life

→ SELF-EVALUATE
Compare your drawing to the model.

• OCCUPATIONS
Draw more figures in action or close-ups of heads in your Art Book.

WEEK 6

30m Art: Level 5 - Lesson 36

Drawing: Human Model

Materials: chalk, chalkboard, charcoal, drawing board, Art Book, human model

→ NOTE
The student will need a real person as a model in this lesson.

→ WARM UP
Draw on the board using large arm movements.

→ RECAP
Recall head proportions.

Term 2

→ PRACTICE
Observational drawing of human model
• Be sure to use a real person as a model. This time, you will draw the entire person from head to toe.
• Ask your model to pose standing up.
• Use charcoals in your Art Book.
• Make sure to use proper proportions of the human head.
• Don't worry if this feels weird because you have zoomed up on the bust before. Do the best you can to draw the entire person.

→ SELF-EVALUATE
Compare your drawing to the model.

WEEK 7

30m Art: Level 5 - Lesson 37
Drawing: Landscape View

Materials: pastels, Art Book

PREP: Read "Sketching From Nature" Drawing, Design, and Craft-Work p.203-210.

→ NOTE
Students will need a landscape view with objects far away, not close up.

→ NOTE
This lesson is best done outside, but students may observe a landscape from a window or door if necessary.

→ NOTE
We will repeat this lesson several times because the more you practice, the stronger you will become.

→ RECAP
Recall landscape and perspective.

→ PRACTICE
Landscape drawing
• Look at the distant landscape.
• Notice what is at eye level, below, and above.
• Notice what is close and what is far away.
• Notice what happens as things like trees, light poles, or buildings move farther away from you.
• Discuss observations.
• Do an observational drawing of your landscape in your Art Book with pastels.

→ DISCUSS
What was noticed or discovered?

• OCCUPATIONS
Draw additional landscapes in different environments. Stand on a sidewalk and look down the sidewalk into the distance or stand in a long hallway and observe. Discuss what you see.

WEEK 7

30m Art: Level 5 - Lesson 38
Drawing: Landscape View

Materials: pastels, Art Book, a landscape view with objects far away, not close up.

→ NOTE
This lesson is best done outside, but students may observe a landscape from a window or door if necessary.

→ NOTE
We will repeat this lesson several times because the more you practice, the stronger you will become.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Observe the landscape around you today on your nature walk. Discuss observations.

WEEK 8

30m Art: Level 5 - Lesson 39
Drawing: Landscape from Memory

Materials: pastels, Art Book

→ RECAP
Recall landscape and perspective.

→ PRACTICE
Do a landscape painting from memory. Consider perspective and include objects that are up close and in the distance.

→ DISCUSS
What was noticed or discovered?

• OCCUPATIONS
Fold a piece of cardstock in half to make a card. Brush draw a landscape from memory on the card. Write a note of encouragement inside and give it to someone you care about.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Observe the landscapes and how they change as you walk or drive by the way.

WEEK 8

30m Art: Level 5 - Lesson 40
Drawing: Children at Play

Materials: pastels, Art Book, drawing board, children at play

PREP: Students will need to be in an environment where children are playing.

→ NOTE
We will repeat this lesson several times because the more you practice, the stronger you will become.

→ RECAP
Recall figure drawing.

→ PRACTICE
Watch the tutorial for some inspiration (optional). Notice how the children are frozen in time.
∞ Video Link: Children Playing on the Beach at Lake Michigan
• Observe children at play.
• Discuss what you notice about the way the body moves. For example, what does it look like when you are running to kick a ball?
• Demonstrate the motion.
• Draw children playing in your Art Book.
• Share your drawings with your teacher.
∞ Image Link: Example of Children at Play 1

WEEK 9

30m Art: Level 5 - Lesson 41

Drawing: Children at Play

Materials: charcoals, Art Book, drawing board

PREP: Students will need to be in an environment where children are playing.

→ RECAP
Recall figure drawing.

→ PRACTICE
- Observe children at play.
- Discuss what you notice about the way the body moves. For example, what does it look like when you are running to kick a ball?
- Demonstrate the motion.
- Draw children playing in your Art Book.
- Share your drawings with your teacher.

WEEK 9

30m Art: Level 5 - Lesson 42

Drawing: Children at Play

Materials: soft pastels, cloth, color wheel

PREP: Students will need to be in an environment where children are playing.

→ RECAP
Recall figure drawing.

→ PRACTICE
- Observe children at play.
- Discuss what you notice about the way the body moves. For example, what does it look like when you are riding a bike or a scooter?
- Demonstrate the motion.
- Draw children playing in your Art Book.
- Share your drawings with your teacher.

- **OCCUPATIONS**
Observe people all around you. Continue drawing people in action.

WEEK 10

30m Art: Level 5 - Lesson 43

Drawing: Free Drawing

Materials: soft pastels, charcoal, erasers, cloth, color wheel, Art Book

→ NOTE
There have been many new skills introduced. Students need margin to settle in with these skills and learn to apply them successfully in the artwork of their choosing. Allow your student to choose one of the subject matters covered this term and whether they would like to work in pastel or charcoal. The students will spend these lessons trying to recall and apply the skills on their own. You can ask probing questions such as "tell me about your drawing" or "what is the light source?" but do not attempt to instruct them any further.

→ RECAP
Recall figure drawing, landscape, and still life.

→ PRACTICE
- Observe children at play, a person sitting, a house down the street, or a still life.
- Discuss what you notice about the object(s) you would like to draw.
- Use pastels or charcoal.

Term 3

WEEK 1

30m Art: Level 5 - Lesson 49

Brush Drawing: Vertical, Horizontal, and Oblique Brushstrokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palette, Art Book

PREP: Read lesson and preview plate.
"Plate I" Brush Drawing

→ RECAP
Review brush care and use. Review brushstrokes learned previously.

→ INTRO
Today, we are going to review basic brushstrokes learned in level 4. It is important to do this refresher at the beginning of every brush drawing term.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Beginning Brushstrokes L4 L25, L5 L49, & L6 L1
Image Resource: "Plate I" Brush Drawing

→ PRACTICE
Vertical, horizontal, and oblique brushstrokes
- Practice all directions.
- Change colors as the student desires.

Image Resource: "Plate I" Brush Drawing

→ SELF-EVALUATE
Which brushstrokes look best?

→ NOTE
Students should clean up at the end of each lesson. Clean, dry, and store brush. Leave palette open to dry.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Look for leaves of different shapes during nature walks. Encourage students to think about how a brush stroke might be used to create a certain leaf in their nature journal.

WEEK 1

30m Art: Level 5 - Lesson 50

Brush Drawing: Curved Brushstrokes

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palette, Art Book

PREP: Read lesson and preview plate.
"Plate II" Brush Drawing

→ RECAP
Review brush care and use.

→ INTRO
Today, we are going to review the curved brushstrokes learned in level 4. It is important to do this review at the beginning of the year as a refresher.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Curved Brushstrokes L4 L31, L5 L50, & L6 L2

→ PRACTICE
Curved brushstrokes
- Practice all lines until students are able to do the stroke with ease.
- Change colors as student desires.

Image Resource: "Plate II" Brush Drawing

→ SELF-EVALUATE
Which brush strokes look best?

- **OCCUPATIONS**
Use a different color and make patterns using curved brush strokes. Or work through the alphabet using cursive letters.

∞ Image Link: Example 3

→ NOTE
You will have 4 lessons to finish this project.

→ RECAP
- Review brush care and use.
- Recall curved brushstrokes.
- Recall underpainting.

→ PRACTICE
Work through the watercolor drawing of multiple, different types of birds in a tree.
- Consider the curved lines of the birds' bodies, tree branches, etc.
- Do an underpainting to begin.
- Use lifting in your brush drawing.

- OBSERVE & DISCUSS - Practice identifying Art skills.
Spend time observing animals during your nature walk today. Focus on the curves that you see.

WEEK 4

⬚ **30m Art: Level 5 - Lesson 55**

Brush Drawing: Shading with Watercolors

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palette, hair dryer, Art Book

PREP: Read lesson and preview plate, continued on the next page.
"Shaded Monochrome - Plate VI" Brush Drawing

→ RECAP
Recall monochromatic, changing value with adding or subtracting water, and adding neutral.

→ INTRO
This term, we will learn how to apply value and shading with watercolors.

→ STUDY, NARRATE, & DISCUSS
Value changes in leaves
• Study Plate VI and discuss value changes.
Image Resource: "Shaded Monochrome - Plate VI" Brush Drawing
• Observe live leaves and discuss value changes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Applying Value By Layering L5 L55

→ PRACTICE
Shading with watercolor (also known as the "wet on dry" technique in watercolor)
• Sketch thumbnails in your Art Book.
• Apply a wash to the entire thumbnail. Allow it to dry. Tip: use a hair dryer on cool.
• Paint a second layer of the same color ¾ of the way across your thumbnail. Allow it to dry.
• Paint a third layer of the same color ½ of the way across your thumbnail. Allow it to dry.
• Paint a fourth layer of the same color ¼ of the way across your thumbnail. Allow it to dry.

→ DISCUSS
What did you observe about the value change as you completed this work?

• OBSERVE & DISCUSS - Practice identifying Art skills.
Observe value changes in the things that you collect for nature study. How would you apply your knowledge of layering when brush drawing in your nature journal?

WEEK 4

⬚ **30m Art: Level 5 - Lesson 56**

Brush Drawing: Shaded Monochrome

Materials: Brush Drawing as Applied to Natural Forms, brushes, water, cloth, spray bottle, watercolor palette, leaf, hair dryer, Art Book

Term 3

- Do an underpainting to begin.
- Paint what you see in the leaf using the layering technique.
- Count how many values you have when finished.

→ SELF-EVALUATE
Compare painting to live leaf. Do they have the same value changes?

WEEK 5

30m Art: Level 5 - Lesson 57
Brush Drawing: House Plant

Materials: brushes, water, cloth, spray bottle, watercolor palette, house plant, hair dryer, Art Book

→ NOTE
This will stretch over three lessons, so try to keep the plant in the same pot.

→ RECAP
Recall monochromatic, value, and layering.

→ STUDY, NARRATE, & DISCUSS
Set up the house plant at eye level, observe, and discuss what you see.
∞ Image Link: House Plant Example

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Hanging House Plant - Pothos Watercolor Painting

→ PRACTICE
- Observe the plant closely.
- How many different values do you notice in the leaves?
- Do an underpainting to begin.
- Paint what you see in the leaves using the layering technique.
- Count how many values you have when finished.

→ SELF-EVALUATE
Compare painting to live leaf. Do they have the same value changes?

• OCCUPATIONS
Paint a still life in your Art Book using these techniques. Keep your painting monochromatic and only focus on changing the values.

• OBSERVE & DISCUSS - Practice identifying Art skills.
Observe value changes in specimens during nature study. How would you apply your knowledge of layering when brush drawing in your nature journal?

WEEK 5

30m Art: Level 5 - Lesson 58
Brush Drawing: House Plant

Materials: brushes, water, cloth, spray bottle, watercolor palette, house plant, hair dryer, Art Book

→ NOTE
This will stretch over three lessons, so try to keep the plant in the same pot.

→ RECAP
Recall monochromatic, value, and layering.

→ STUDY, NARRATE, & DISCUSS
Set up the house plant at eye level, observe, and discuss what you see.
