Art

Level 3

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

GRADE(S): 3+

About the Course

Skills Focus: Students continue to strengthen their brush forms and apply those forms to different plant and animal images, moving from copying the book to using the mind's eye and trained hand to create their pieces of art. Students continue to strengthen their color theory through value scales and monochromatic painting with watercolors, acrylic paint, and pastels. In drawing, students study the design principle of proportion and begin learning perspective through the study of ellipses, with many opportunities to apply this understanding through drawing and other projects.

Placement & Combining Tips

If students are in grade 5 and below and have not had formal art lessons, they should begin with Level 1. However, those with prior art knowledge can take the Level 1-3 fast-track lessons and then continue with Level 4.

Prerequisite: Level 2 or appropriate skill proficiency.

Scheduling

Planning & Prep

Permission to print for non-commercial use. See Alveary group use policy to use lessons in a group context.

LINKS: Click text or scan the QR code in the top corner of the lesson plan pages to view online resources associated with the lessons.

Responsibility for previewing all links rests with the teacher. All links were checked at the time of publication; however, websites change frequently and may contain objectionable content. Please report broken links by contacting us through our website.

Art: Level 3
☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33 to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in levels 4-8.

☐ Print online images as you need them for lessons. It is very important that students work from printed photos in books or magazines (or printed from the internet) rather than from a device.

©2026 Charlotte Mason Institute® All rights reserved.

Computers, iPads, etc. are lightboxes whose illumination affects the way an object is seen. This illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo, it needs to be printed, and they should not work from a screen.

☐ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or one large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

☐ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.
• Level 3 Palette: Prussian Blue, Hansa Yellow, and Quinacridone Pink

☐ Preview lesson plans to know if you will need a special supply for an upcoming lesson, and organize supplies for easy lesson setup. Replenish supplies as needed.

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

Term 1

WEEK 1

20m Art: Level 3 - Lesson 1

Brush Drawing: Vertical and Horizontal Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes prepared with Prussian Blue, Hansa Yellow, and Quinacridone Pink, grid paper

PREP: Read the lesson and preview the plate.
“Elementary Brush-Forms Vertical and Horizontal” Brushwork No.1 Model Lesson
When preparing students' palettes, place red and yellow on one side of the palette at opposite ends and blue towards the middle of the other side. This will allow space between the primary colors to mix the secondary and tertiary colors and create a smooth rainbow effect. It is pleasing visually, and the order will benefit students when they return to colors.

→ RECAP
Review brush care and use.

→ WARM-UP
Practice vertical and horizontal brush forms.

→ INTRO
Reviewing the model brush-form lesson at the beginning of each year is important.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Vertical Brush-Forms L1 L26 & L3 L1
∞ Image Link: Elementary Brush-Forms Vertical and Horizontal

→ PRACTICE
Vertical and horizontal brush-forms in all directions.
“No.1 Model” Lesson Brushwork

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store their brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Use a different color and make patterns using vertical and horizontal brush forms, such as in "2. Pattern of Brush-Forms" in Hudson.

WEEK 1

20m Art: Level 3 - Lesson 2

Brush Drawing: Oblique Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
“Oblique Brush-Forms” Brushwork Lesson 3

→ NOTE
It is important to do this review at the beginning of the year.

→ RECAP
Review brush care and use.

→ WARM-UP
Practice brush-forms.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Oblique Brush-Forms #1 L1 L31 & L2 L26 & L3 L2

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for things with a teardrop shape during nature walks. Encourage students to think about how a brush form might be used to create a picture or a nature journal.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

∞ Image Link: Elementary Oblique Brush-Forms

→ PRACTICE
Oblique brush-forms in all directions.
“Oblique Brush-Forms” Brushwork Lesson 3

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 2

⬚ **20m Art: Level 3 - Lesson 3**
Brush Drawing: Laburnum Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Laburnum” Brushwork Lesson 16

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: 17. Lesson on Laburnum

→ PRACTICE
Follow along with lesson 16 in Brushwork by Marion Hudson—paint Laburnum brush-forms. Use Hansa Yellow and mix green with Hansa Yellow and Prussian Blue for the leaves and stems.
"Lesson on Laburnum" Brushwork Lesson 16

→ SELF-EVALUATE
How did you do?

→ DISCUSS
What other types of flowers could you make out of these brush forms?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
See if you can spot Laburnum on your nature walk.

WEEK 2

⬚ **20m Art: Level 3 - Lesson 4**
Brush Drawing: Laburnum Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

→ RECAP
Review brush care and use.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: 17. Design of Laburnum

→ PRACTICE
Paint a design of Laburnum. Use Hansa Yellow and mix your own green.
“Design of Laburnum” Brushwork Lesson 17

→ SELF-EVALUATE
How did you do?

→ DISCUSS
What other types of flowers could you make out of these brush forms?

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
See if you can spot Laburnum on your nature walk.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 3

⬚ 20m Art: Level 3 - Lesson 5
Brush Drawing: Laburnum Paintings

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, live or cut Laburnum or Wisteria

PREP: Students will need access to live or cut Laburnum. Wisteria is more common in the Eastern U.S. and can replace Laburnum for this lesson if you do not have access to live Laburnum.

→ RECAP
Review brush care and use.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: A Floral Bouquet of Irises and Laburnum (1909)

→ PRACTICE
Observe live Laburnum and brush draw from observation, or create a painting based on the artwork examples you have viewed.

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

- **OBSERVE & DISCUSS**
Practice identifying Art skills.

- **NATURE WALK**
See if you can spot Laburnum on your nature walk.

WEEK 3

⬚ 20m Art: Level 3 - Lesson 6
Brush Drawing: Laburnum

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, cardstock

→ RECAP
Review brush care and use.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: 17. Design of Laburnum

→ PRACTICE
Create a Laburnum design around the outside edge of cardstock. Add a quote or poem for a beautiful piece of artwork.

→ SELF-EVALUATE
How did you do? Share your work with your teacher.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

- **OBSERVE & DISCUSS**
Practice identifying Art skills.
See if you can spot Laburnum on your nature walk.

- **NATURE WALK**
See if you can spot Laburnum on your nature walk.

WEEK 4

⬚ 20m Art: Level 3 - Lesson 7
Brush Drawing: Hares and Leaves Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Hares and Leaves" Brushwork Lesson 18

- **OBSERVE & DISCUSS**
Practice identifying Art skills.

- **NATURE WALK**
Notice leaves while on your nature walk. Discuss what brush-forms would create the leaves that you see.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

→ NOTE
This lesson will span two class times. Encourage students to consider the brush forms carefully and to take their time.

→ RECAP
Review brush care and use. Recall how to mix brown.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: 18. Lesson on Hares and Leaves

→ PRACTICE
- Study the hare and leaf brush-forms.
- Do you remember how to make the color brown? Which two complementaries would give you the best brown for your hares? Mix your own green and brown.
- Paint hares and leaves

"Lesson on Hares and Leaves" Brushwork Lesson 18

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 4

20m Art: Level 3 - Lesson 8
Brush Drawing: Hares and Leaves Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Hares and Leaves" Brushwork Lesson 18

→ NOTE
This lesson will span two class times. Encourage students to consider the brush forms carefully and to take their time.

→ RECAP
Review brush care and use. Recall how to mix brown.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: 18. Lesson on Hares and Leaves

→ PRACTICE
- Study the hare and leaf brush-forms.
- Do you remember how to make the color brown? Which two complementaries would give you the best brown for your hares? Mix your own green and brown.
- Finish painting hares and leaves

"Lesson on Hares and Leaves" Brushwork Lesson 18

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

- **OBSERVE & DISCUSS**
Practice identifying Art skills.

- **NATURE WALK**
Notice leaves while on your nature walk. Discuss what brush-forms would create the leaves that you see.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

WEEK 5

⬚ 20m Art: Level 3 - Lesson 9

Brush Drawing: Live Hares and Leaves

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, hares/rabbits, and large, heart-shaped leaves

PREP: Plan a trip to observe live hares or rabbits.

→ NOTE
Students will need access to live hares or rabbits for this lesson. They will also need to observe large, heart-shaped leaves. Red buds and elephant ears are great leaves to consider.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: Hares & Rabbits
∞ Image Link: Elephant Ears
∞ Image Link: Red Bud Leaves

→ RECAP
Review brush care and use. Recall how to mix brown.

→ PRACTICE
Study live hares and look at leaves in real life. Or use the linked photos to study. Do an observational drawing of each. Try to incorporate brush forms as you need them.

→ SELF-EVALUATE
Compare today's drawing to the Hares and Leaves brush-forms from lesson 8. How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OCCUPATIONS
Look at the photo of hares and rabbits. Paint what you see, keeping in mind how you used the brush forms.
∞ Image Link: Hares & Rabbits

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for more hares and rabbits during your nature walk.

WEEK 5

⬚ 20m Art: Level 3 - Lesson 10

Brush Drawing: Ducklings and Pond Brush-Forms

> Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Ducklings and Pond" Brushwork Lesson 19

→ NOTE
This lesson will span two class times. Encourage students to consider the brush forms carefully and to take their time.

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 19. Lesson on Ducklings and Pond
∞ Image Link: Ducks on a pond

→ PRACTICE
• Study the duck, pond, and grass brush-forms.
• Discuss observations
• Paint brush forms
"Lesson on Ducklings and Pond" Brushwork Lesson 19

→ SELF-EVALUATE

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for more ducks on a pond during your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Term 1

How did you do? Compare your brush drawing to a photo of ducks.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 6

20m Art: Level 3 - Lesson 11
Brush Drawing: Ducklings and Pond Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Ducklings and Pond" Brushwork Lesson 19

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 19. Lesson on Ducklings and Pond
∞ Image Link: Ducks on a pond

→ PRACTICE
- Study the duck, pond, and grass brush-forms.
- Discuss observations
- Finish painting brush-forms

"Lesson on Ducklings and Pond" Brushwork Lesson 19

→ SELF-EVALUATE
How did you do? Compare your brush drawing to a photo of ducks.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend more time studying your picture study paintings. Can you see where the artist may have incorporated brush-forms?

WEEK 6

20m Art: Level 3 - Lesson 12
Brush Drawing: Live Ducklings and Pond

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, live ducks

PREP: Plan a trip to observe live ducklings.

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: Ducks on a pond

→ PRACTICE
- Spend time observing ducks and ponds. Or observe the linked photo.
- Paint what you see, incorporating brush forms as they are helpful.

→ SELF-EVALUATE
Compare today's painting to the Ducklings and Pond brush-forms from lesson 11.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend more time studying your picture study paintings. Can you see where the artist may have incorporated brush-forms?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

WEEK 7

20m Art: Level 3 - Lesson 13

Brush Drawing: Ivy Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview the plate.
"Lesson on Ivy" Brushwork Lesson 20

→ RECAP
Review brush care and use.

→ NOTE
This lesson will span two class times. Encourage students to consider the brush forms carefully and to take their time.

→ VIEW
∞ Image Link: 20. Lesson on Ivy

→ PRACTICE
• Study ivy brush-forms. Observe the leaves, flowers, and stems. Discuss observations.
• Notice the differences in the values on the leaves. This can be achieved by letting the first layer dry and then applying a second layer at the end of the leaf.
• Paint ivy brush-forms.
"Lesson on Ivy" Brushwork Lesson 20

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OCCUPATIONS
Compare the brush-form ivy with this photo. Do a Brush Drawing: Look at the photo in your Art Book.
∞ **Image Link:** Ivy

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for ivy on your nature walk.

WEEK 7

20m Art: Level 3 - Lesson 14

Brush Drawing: Ivy Brush-Forms

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

PREP: Read the lesson and preview plate.
"Lesson on Ivy" Brushwork Lesson 20

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 20. Lesson on Ivy

→ PRACTICE
• Study ivy brush-forms. Observe the leaves, flowers, and stems. Discuss observations.
• Notice the differences in the values on the leaves. This can be achieved by letting the first layer dry and then applying a second layer at the end of the leaf.
• Paint ivy brush-forms.
"Lesson on Ivy" Brushwork Lesson 20

→ SELF-EVALUATE
How did you do?

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for ivy on your nature walk.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 8

20m Art: Level 3 - Lesson 15
Brush Drawing: Live Ivy

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, Ivy

→ RECAP
Review brush care and use.

→ STUDY, NARRATE, & DISCUSS
Ivy leaves, flowers, and stems (you can study the linked photos if necessary)
• Notice the differences in the values on the leaves. This can be achieved by letting the first layer dry and then applying a second layer at the end of the leaf.
∞ Image Link: Ivy #1
∞ Image Link: Ivy #2

→ PRACTICE
Brush draw real ivy.

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look for ivy on your nature walk.

WEEK 8

20m Art: Level 3 - Lesson 16
Brush Drawing: Ivy Design

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 21. Design of Ivy

→ PRACTICE
• Work through Lesson 21, Ivy Design in Brushwork by Hudson.
• Do this on your graph paper.
• Compare the brush-form ivy with this photo. Do a Brush Drawing: Look at the photo in your Art Book.

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look around while on nature walks to see if you can find ivy. Notice how it climbs. Does it have berries or flowers? How many points are on the leaves?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

WEEK 9

20m Art: Level 3 - Lesson 17

Brush Drawing: Design of Ivy

Materials: Brushwork: Elementary Brush-Forms, brushes, water, cloth, spray bottle, watercolor palettes, grid paper, watercolor paper or cardstock.

→ NOTE
There will be three lessons to work on this. Work carefully and with great thought.

→ VIEW
∞ Image Link: 21. Design of Ivy
∞ Image Link: Ivy example #1
∞ Image Link: Ivy example #2
∞ Image Link: Ivy example #3

→ PRACTICE
Create a design of Ivy.
• Spend the next three lessons working on a design. Look at the "21. Design of Ivy" in Hudson for inspiration.
• Make a card to send to a family member or friend. Do a design on the outside using the ivy leaves and flower clusters.
• Add vein details and stems last.
"Design of Ivy" Brushwork Lesson 21

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look around while on nature walks to see if you can find ivy. Notice how it climbs. Does it have berries or flowers? How many points are on the leaves?

WEEK 9

20m Art: Level 3 - Lesson 18

Brush Drawing: Design of Ivy

Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, Ivy

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 21. Design of Ivy
∞ Image Link: Ivy example #1
∞ Image Link: Ivy example #2
∞ Image Link: Ivy example #3

→ PRACTICE
Continue working on your design of Ivy.

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
Look around while on nature walks to see if you can find ivy. Notice how it climbs. Does it have berries or flowers? How many points are on the leaves?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 1

WEEK 10 ⬚ **20m Art: Level 3 - Lesson 19**

Brush Drawing: Design of Ivy

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, grid paper, Ivy

→ RECAP
Review brush care and use.

→ VIEW
∞ Image Link: 21. Design of Ivy
∞ Image Link: Ivy example #1
∞ Image Link: Ivy example #2
∞ Image Link: Ivy example #3

→ PRACTICE
Finish your design of Ivy.

→ SELF-EVALUATE
How did you do?

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 10 ⬚ **20m Art: Level 3 - Lesson 20**

Brush Drawing: Lilias Trotter

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, cardstock or watercolor paper

→ RECAP
Review brush care and use.

→ PRACTICE
Look at Lilias Trotter's images, discuss what you see, and how you could use the learned brush forms to achieve similar images.
∞ Link: Lilias Trotter
• In this lesson, you will focus on brush drawing an animal and/or greenery and then adding a quote, poem, or Bible verse once your work is dry.
• Think about the size and orientation of your paper. Will you work vertically or horizontally? Will you add greenery around the edges to make a border, or will you brush draw a bouquet of greenery in the center of the paper?
• Decide on an animal and greenery for your project.
• Brush draw your chosen images onto your cardstock in a way that allows you to add a quote, poem, or greeting. Continue working during the next Brush Drawing lesson.

→ NOTE
This will take multiple Brush Drawing lessons to complete. Remind students not to rush.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

©2026 Charlotte Mason Institute® All rights reserved.

Click THIS text or scan the QR code for links.

Term 1

WEEK 11 ⬚ **20m Art: Level 3 - Lesson 21**

⬚ *20m Art Instruction: Level 3 - Lesson 21*

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, cardstock or watercolor paper

Brush Drawing: Lilias Trotter

→ RECAP
Review brush care and use.

→ PRACTICE
Continue brush drawing like Lilias Trotter.
∞ Link: Lilias Trotter
- Students may need help remembering how to mix desired colors.
- After your drawing has dried completely, add text with an ink pen.
- Give to a friend or family member.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 11 ⬚ **20m Art: Level 3 - Lesson 22**

Brush Drawing: Putting It All Together

> Materials: Brushes, water, cloth, spray bottle, watercolor palettes, Art Book, cardstock or watercolor paper

→ RECAP
Review brush care and use.
Review Laburnums, ducks, hares, leaves, and ivy.

→ PRACTICE
Complete a free painting based on all that you have learned this term. Incorporate the different brush forms as you see fit.
- Students may need help remembering how to mix desired colors.
- After your drawing has dried completely, add text with an ink pen.
- Give to a friend or family member.

→ DISCUSS
Tell about your painting.

→ CLEAN UP
Have the student clean, dry, and store the brush. Leave the palette open to dry.

WEEK 12 ⬚ **20m Art: Level 3 - Lesson 23**

Exams

→ EXAMS
Answer question(s) related to the course.

WEEK 12 ⬚ **20m Art: Level 3 - Lesson 24**

Exams

→ EXAMS
Answer question(s) related to the course.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 2

WEEK 1

20m Art: Level 3 - Lesson 25

Color Theory: Pastel Color Wheel

Materials: Soft pastels, cloth, printed color wheel, scrap paper

→ NOTE
Reviewing the color wheel at the beginning of each color theory term is important. Do not skip this lesson.

PREP: View if you need a refresher.
∞ Video Link: Tutorial: Color Theory with Pastels L2 L1 & L3 L25

→ PRINT
Color wheel on white cardstock
∞ Link: Color Wheel

→ WARM-UP
Practice mixing pastels on a scrap piece of paper. Clean the pastel by rubbing it on a clean cloth until clean.

→ RECAP
- Ask the student to name each color.
- Discuss with students that there are six colors in the basic color wheel: three primaries and three secondaries.
- Which colors are secondary colors? (orange, green, and purple)
- How do we get orange, green, and purple? (yellow+red=orange; yellow+blue=green; blue+red=purple)

→ PRACTICE
Make a color wheel using soft pastels. Have students paint the three primary color circles and then mix the secondary colors in the appropriate places by layering the pastels. Color yellow first and then red on top to get orange, etc. Spray with fixative.

→ NOTE
The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art Book.

• OCCUPATIONS
Practice mixing colors using your primary color pastels. Try adding different yellows to different blues and different reds or pink.

• OBSERVE & DISCUSS
Practice identifying Art skills. Spend time looking outside and naming the colors that you see. Talk about the primary colors that you would use to get those colors.

WEEK 1

20m Art: Level 3 - Lesson 26

Color Theory: Mixing Secondary Colors

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
Recall primary, secondary, warm, cool, and complementary colors.

→ PRACTICE
Mix your secondary colors in fresh wells. Make enough to last through the term or year. Remember that with watercolor, a little goes a long way. Leave an open well space between every color. For example: red, space, orange, space, yellow, space, green, space, blue, space, space. Your colors will be on both sides of your palette. Try placing the warm colors on one side and the cool colors on the other. Mix your colors in rainbow order.

→ NOTE
Help your students create their palettes in rainbow order. Later, they will mix the tertiary colors (a primary and a secondary combined, such as red-purple or yellow-green). This is why they are leaving a space between all colors.
Allow students to mix colors as they see fit in their Art Book. Help them label their colors so that they can remember how they mixed the color and

• OCCUPATIONS
Do a “free drawing” with all of your newly mixed colors.

• OBSERVE & DISCUSS
Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

©2026 Charlotte Mason Institute® All rights reserved.

can mix it again in the future when they see a need for that color in their work.

→ DISCUSS
Have the student talk through the process they used to mix a color of their choice.

WEEK 2

⬚ 20m Art: Level 3 - Lesson 27
Color Theory: Colored Glassware

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, 12"x18" white paper (can be drawing, watercolor, or pastel paper)

PREP: Pull together all of the materials and cover your workspace.

→ RECAP
Recall primary, secondary, warm, cool, and complementary colors.

→ PRACTICE
Watch the video on color with your students.
∞ Video Link: Elements of Art: Color
We are going to do a project to help reinforce the understanding of mixing colors based on Murano Glass.
Look at the examples of Murano glass to get ideas of the shapes and details that can be used.
∞ Image Link: Murano Glass Examples
It is a good idea to watch the tutorial video completely through one time and then work along with it as you complete the project.
∞ Video Link: Colored Glassware

→ NOTE
This project will take three lesson times during your Color Theory lessons. Students who do not finish during that time can complete the project in the afternoons or on weekends.
For more color mixing practice, allow students to mix colors as they see fit in their Art Book. Help them label their colors to remember how they mixed the color and remix it in the future when they see a need for that color in their work.

→ DISCUSS
Have students talk through what happens when they mix colors.

• OBSERVE & DISCUSS
Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 2

⬚ 20m Art: Level 3 - Lesson 28
Color Theory: Colored Glassware

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, 12"x18" white paper (can be drawing, watercolor, or pastel paper)

PREP: Pull together all of the materials and cover your workspace.

→ RECAP
Recall primary, secondary, warm, cool, and complementary colors.

→ PRACTICE
Watch the video on color with your students.
∞ Video Link: Elements of Art: Color
We are going to do a project to help reinforce the understanding of mixing colors. It is a good idea to watch the tutorial video completely through once and then work along with it as you complete the project.
∞ Video Link: Colored Glassware

• OBSERVE & DISCUSS
Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 2

→ NOTE
This project will take three lesson times during your Color Theory lessons. Students who do not finish during that time can complete the project in the afternoons or on weekends.
For more color mixing practice, allow students to mix colors as they see fit in their Art Book. Help them label their colors to remember how they mixed the color and remix it in the future when they see a need for that color in their work.

→ DISCUSS
Have students talk through what happens when they mix colors.

WEEK 3

20m Art: Level 3 - Lesson 29
Color Theory: Colored Glassware

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book, 12"x18" white paper (can be drawing, watercolor, or pastel paper)

PREP: Pull together all of the materials and cover your workspace.

→ PRACTICE
Watch the video on color with your students.
∞ Video Link: Elements of Art: Color
We are going to do a project to help reinforce the understanding of mixing colors. It is a good idea to watch the tutorial video completely through once and then work along with it as you complete the project.
∞ Video Link: Colored Glassware

→ NOTE
This project will take three lesson times during your Color Theory lessons. Students who do not finish during that time can complete the project in the afternoons or on weekends.
For more color mixing practice, allow students to mix colors as they see fit in their Art Book. Help them label their colors to remember how they mixed the color and remix it in the future when they see a need for that color in their work.

→ DISCUSS
Have students talk through what happens when they mix colors.

• OBSERVE & DISCUSS
Practice identifying Art skills. When walking by the way, point out colors to students or ask them what colors they see. Prompt them to tell you how they could mimic those colors when painting.

WEEK 3

20m Art: Level 3 - Lesson 30
Color Theory: Value

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ WARM UP
Practice brush-forms.

→ INTRO
Value is the lightness or darkness of a particular color. Today, we will use water to change the value of Prussian Blue.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Watercolor Value Changes L3 L30

→ PRACTICE
• Fill a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of Prussian Blue on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
• Now add another tiny amount of Prussian Blue on the tip of your

• OCCUPATIONS
Create an illustration from literature using only different values (monochromatic) of Prussian Blue.

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how the greenery on a plant or tree is all the same color. Look closely at leaves and notice the value change within them. The color does not usually change, but the value does.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount of blue each time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
• What has happened to the color as you repeated these steps?
• Do you notice it getting "darker" as you put more pigment in? (It is actually becoming more intense, but this is for later levels.)
• When using watercolor, you are able to change the value of the color by adding or taking away water.

WEEK 4

20m Art: Level 3 - Lesson 31

Color Theory: Value with Quinacridone Pink

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ WARM-UP
Paint a few brush forms.

→ RECAP
Recall value. (Value is the lightness or darkness of a particular color.)

→ PRACTICE
• Have Students use only Quinacridone Pink today.
• Fill a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of Quinacridone Pink on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
• Now add another tiny amount of pink on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount of pink each time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
What has happened to the color as you added more Quinacridone Pink?

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how the greenery on a plant or tree is all the same color. Look closely at leaves and notice the value change within them. The color does not usually change, but the value does.

WEEK 4

20m Art: Level 3 - Lesson 32

Color Theory: Value with Hansa Yellow

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ WARM-UP
Paint a few brush forms.

→ RECAP
Recall value. (Value is the lightness or darkness of a particular color.)

→ PRACTICE
• Have Students use only Hansa Yellow today.
• Fill a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of Hansa Yellow on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how the greenery on a plant or tree is all the same color. Look closely at leaves and notice the value change within them. The color does not usually change, but the value does.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

• Now add another tiny amount of Hansa Yellow on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount of yellow each time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
What has happened to the color as you added more Hansa Yellow?

WEEK 5

20m Art: Level 3 - Lesson 33
Color Theory: Value with Green

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
Recall value. (Value is the lightness or darkness of a particular color.)

→ PRACTICE
• Have Students mix a new green and use only that color today.
• Fill a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of green on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
• Now add another tiny amount of green on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
What has happened to the color as you added more green?

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at flowers or leaves and notice the value change within them. The color does not change, but the value does.

WEEK 5

20m Art: Level 3 - Lesson 34
Color Theory: Value with Purple

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
Recall value. (Value is the lightness or darkness of a particular color.)

→ PRACTICE
• Have Students mix a new purple and use only that color today.
• Fill a clean well in your palette with clean, clear water.
• Paint the clear water on the paper. What happens?
• Add a tiny amount of purple on the tip of your brush and mix it into your clear water. Paint it on your paper next to the clear spot.
• Now add another tiny amount of purple on the tip of your brush and mix it into the existing well. Paint that value next to the previous one on your paper.
• Do the same thing again, being careful to only add a tiny amount at a time. Paint that value next to the previous one on the paper.
• Do this a total of seven times.

→ DISCUSS
• What has happened to the color as you added more purple?

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at flowers or leaves and notice the value change within them. The color does not change, but the value does.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 2

WEEK 6

20m Art: Level 3 - Lesson 35

Color Theory: Monochromatic

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value and how to change the value by adding or subtracting water.
- Recall how to make orange.

→ STUDY, NARRATE, & DISCUSS
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Paintings
∞ Video Link: Lessons For Kids: Monochromatic Landscape Painting

→ INTRO
When a work of art uses only one color, it is called monochromatic. Today, Students will do a monochromatic painting using ONLY ORANGE.

→ PRACTICE
When deciding what to paint, it's a good idea to think of a scene in a book you have recently read. Can you imagine a landscape that you have recently read about? For example, if I am reading Little House on the Prairie, I might try to create the landscape that Laura describes in the book. Paint this scene monochromatically. Try to make 6-7 different oranges. Hint: Put orange into six different wells in your palette. Add black to one, blue to another, red to another, yellow to another, green to another, and purple to the last one. Mix only a tiny amount of black, blue, red, yellow, green, and purple because you want the color to stay orange. Adding a tiny amount of a new color will make a new orange.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at the bark of a tree and count how many different variations there are of the same color.

WEEK 6

20m Art: Level 3 - Lesson 36

Color Theory: Monochromatic

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value and how to change the value by adding or subtracting water.
- Recall how to make orange.

→ STUDY, NARRATE, & DISCUSS
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Painting

→ NOTE
This will span two lesson times. Encourage students to watch the tutorials, look at the examples, and work carefully and thoughtfully.

→ INTRO
When a work of art uses only one color, it is called monochromatic. Today, Students will do a monochromatic painting using ONLY ORANGE.

→ PRACTICE
Continue and finish your painting that you began in the last lesson.

→ CLEAN UP
You need to clean out all of your new oranges so that your palette is ready to do a new color for the next lesson.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at the bark of a tree and count how many different variations there are of the same color.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 2

WEEK 7

20m Art: Level 3 - Lesson 37

Color Theory: Monochromatic Painting with Green

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value.
- Recall how to make green.
- Recall monochromatic.
- Recall the process you went through to make so many different oranges.

→ NOTE
This will span two lesson times. Encourage students to watch the tutorials, look at the examples, and to work carefully and thoughtfully.
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Painting

→ PRACTICE
Do a monochromatic painting using ONLY GREEN. When deciding what to paint, it's a good idea to think of a scene in a book you have recently read. Can you imagine a landscape that you have recently read about? Use this as your subject matter. Try to make 6-7 different greens. Hint: Remember how we mixed different oranges in the last lesson? Do a similar technique with greens.

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at the bark of a tree and count how many different variations there are of the same color.

WEEK 7

20m Art: Level 3 - Lesson 38

Color Theory: Monochromatic Painting with Green (continued)

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value.
- Recall how to make green.
- Recall monochromatic.
- Recall the process you went through to make so many different oranges.

→ PRACTICE
Continue and finish your monochromatic painting using ONLY GREEN. Paint something from literature. Try to make 6-7 different greens. Hint: Remember how we mixed different oranges in the last lesson? Do a similar technique with greens.
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Painting

→ CLEAN UP
You need to clean out all of your new greens so that your palette is ready to do a new color for the next lesson.

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice how plants and trees are monochromatic. Look closely at the bark of a tree and count how many different variations there are of the same color.

WEEK 8

20m Art: Level 3 - Lesson 39

Color Theory: Monochromatic Painting with Purple

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value.
- Recall how to make purple.
- Recall monochromatic.
- Recall the process you went through to make so many different

• OBSERVE & DISCUSS
Practice identifying Art skills. Notice colors all around you. Discuss based on what you have learned.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

oranges.

→ NOTE
This will span two lesson times. Encourage students to watch the tutorials, look at the examples, and to work carefully and thoughtfully.
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Painting

→ PRACTICE
Do a monochromatic painting using ONLY PURPLE. Try to make 6-7 different values of purple. Illustrate a poem recently read.

WEEK 8

20m Art: Level 3 - Lesson 40
Color Theory: Monochromatic Painting with Purple (continued)

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art Book

→ RECAP
- Recall value.
- Recall how to make purple.
- Recall monochromatic.

→ NOTE
Continue and finish your monochromatic painting using ONLY PURPLE. Encourage students to watch the tutorials, look at the examples, and to work carefully and thoughtfully.
∞ Video Link: What Does Monochromatic Mean?
∞ Image Link: Monochromatic Painting

→ PRACTICE
Continue and finish your monochromatic painting using ONLY PURPLE. Try to make 6-7 different values of purple. Illustrate a poem recently read.

→ CLEAN UP
You need to clean out all of your new purples so that your palette is ready to do a new color for the next lesson.

WEEK 9

20m Art: Level 3 - Lesson 41
Color Theory: Monochromatic Self Portrait with Pastels

Materials: Pastels, towel, Art Book

→ NOTE
Different media require different applications to change their value. Watercolor can be changed simply by the amount of water applied. Acrylic paint would need to have white or black added to change the value. Oil paint as well. Pastels can have white or black added, but for this exercise, we want Students to simply identify color families.

→ RECAP
Recall value and monochromatic.

→ NOTE
This will span two lesson times. Encourage students to watch the tutorials, look at the examples, and to work carefully and thoughtfully.

→ INTRO
Today, we will begin creating a monochromatic self-portrait (picture of yourself) with pastels. Look through your pastels and find all of the variations of one color. It can be any of the six you know- blue, purple, red, orange, yellow, or green. Try to use the color in your pastel box that has the most variations. Sky blue and navy blue are variations of blue. Yellow-

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

green and blue-green are variations of green. Pink and maroon are variations of red. Lavender, violet, or blue-purple are all variations of purple. Peach, red-orange, and yellow-orange are variations of orange. Ochre and lemon yellow are variations of yellow.
∞ Image Link: Monochromatic Self Portrait Examples
∞ Video Link: Monochromatic Self Portrait
∞ Video Link: How to Make a Self Portrait with Chalk Pastels

→ PRACTICE
Create a self-portrait using all of the variations of only one color. You might choose to make your face with all blues or all greens. etc.

→ DISCUSS
What did you observe?

WEEK 9

20m Art: Level 3 - Lesson 42
Color Theory: Monochromatic Self Portrait with Pastels (Continued)

Materials: Pastels, towel, Art Book

→ NOTE
Different media require different applications to change their value. Watercolor can be changed simply by the amount of water applied. Acrylic paint would need to have white or black added to change the value. Oil paint as well. Pastels can have white or black added, but for this exercise, we want Students to simply identify color families.

→ RECAP
Recall value and monochromatic.

→ INTRO
Today, we will continue working on and finish our monochromatic self-portrait (picture of yourself) with pastels. Look through your pastels and find all of the variations of one color. It can be any of the six you know- blue, purple, red, orange, yellow, or green. Try to use the color in your pastel box that has the most variations. Sky blue and navy blue are variations of blue. Yellow-green and blue-green are variations of green. Pink and maroon are variations of red. Lavender, violet, or blue-purple are all variations of purple. Peach, red-orange, and yellow-orange are variations of orange. Ochre and lemon yellow are variations of yellow.
∞ Image Link: Monochromatic Self Portrait Examples
∞ Video Link: Monochromatic Self Portrait
∞ Video Link: How to Make a Self Portrait with Chalk Pastels

→ PRACTICE
Create a picture using all the variations of only one color.

→ DISCUSS
What did you observe?

WEEK 10

20m Art: Level 3 - Lesson 43
Color Theory: Monochromatic Painting with Pastels

Materials: Pastels, towel, Art Book

→ RECAP
Recall value and monochromatic.

→ INTRO
Today, we will do another monochromatic painting with pastels. Choose a new color of pastel. Find all the variations of that color in your pastel box. Sky blue and navy blue are variations of blue. Yellow-green and blue-green are variations of green. Pink and maroon are variations of red.

©2026 Charlotte Mason Institute® All rights reserved.

Term 2

Lavender, violet, or blue purple are all variations of purple. Peach, red orange, and yellow orange are variations of orange. Ochre and lemon yellow are variations of yellow.

→ PRACTICE
Do a “free drawing” using only that color and its variants.

WEEK 10 **20m Art: Level 3 - Lesson 44**
Color Theory: Catch Up Day

Materials: Pastels, towel, Art Book

→ CATCH UP
Use this time to catch up on lessons. If you don't need a catch-up lesson, feel free to follow the lesson below.

→ RECAP
Recall value and monochromatic.

→ INTRO
This is a Catch Up Day, or students can choose a new color to do a monochromatic painting with.

→ PRACTICE
Do a “free drawing” using only that color and its variants.

WEEK 11 **20m Art: Level 3 - Lesson 45**
Color Theory: Value Scale Seascape Collage

Materials: 12×18"white paper, 9×12" white paper, one acrylic color plus white and black, acrylic paint brush, egg crate, water container, paper towel, Elmer's glue, construction paper (same color as paint color)

→ RECAP
Recall value and monochromatic.

→ INTRO
Today, we will begin working on a value scale seascape collage. This will take two lessons to complete. Watch the tutorial to 7:00 and stop for this lesson.
∞ Video Link: Value Scale Seascape Collage

→ PRACTICE
Paint your 12×18" and 9×12"white paper in the way that is shown in the tutorial.

→ CLEAN UP
Clean your paintbrush and set it out to dry. Throw away your egg crate with leftover paint and set your papers aside to dry.

WEEK 11 **20m Art: Level 3 - Lesson 46**
Color Theory: Value Scale Seascape Collage

Materials: 12×18"white paper, 9×12" white paper, one acrylic color plus white and black, acrylic paint brush, egg crate, water container, paper towel, Elmer's glue, construction paper (same color as paint color)

→ RECAP
Recall value and monochromatic.

→ INTRO

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 2

	Today, we will continue working on our value scale seascape collage. We will complete our project today. Watch the tutorial starting at 7:00. Complete the lesson. ∞ Video Link: Value Scale Seascape Collage **➜ PRACTICE** Tear and glue your values down in the correct order, as in the tutorial video. **➜ CLEAN UP** Allow the seascape to dry completely before trimming up one edge, as in the video.	
WEEK 12	⬚ **20m Art: Level 3 - Lesson 47** *Exams* **➜ EXAMS** Answer question(s) related to the course.	
WEEK 12	⬚ **20m Art: Level 3 - Lesson 48** *Exams* **➜ EXAMS** Answer question(s) related to the course.	

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

WEEK 1

20m Art: Level 3 - Lesson 49

Drawing: Design: Proportion

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, Art Book, ruler, compass, black Sharpie, pencil, coloring media (markers, paint, etc.)

PREP: Read "Proportion" p.116-117

→ VIEW
Tutorial for a review on how to teach proportion.
∞ Video Tutorial: Tutorial: Proportion L2 L58 & L3 L49

→ NOTE
This will take two class times to complete. Encourage students to measure and draw with great thought.

→ RECAP
• Recall from Level 2 how to do a mass drawing. Demonstrate if necessary.
• Recall and discuss proportion, design, line, and fret patterns.

→ WARM UP
Practice strokes and figures from Glass, p.15, on the chalkboard for three minutes.

→ STUDY, NARRATE, & DISCUSS
Figures 1-5 (Cover the other figures to keep the student focused on the ones we are studying.)
"Plate 64" p.113

→ PRACTICE
• Have students draw Figure 1 in the air with a finger.
• Have students draw the squares in Figure 1 on the chalkboard using the side of the chalk.
• Discuss observations. What are all of these designs based upon? (the square in different proportions.)
• Watch the tutorial and follow along. This will take two class sessions. Begin
and work for the remainder of the class.
∞ Video Link: Geometric Square Design

→ DISCUSS
Tell what was noticed or discovered.

• OCCUPATIONS
Make more square patterns in your Art Book with watercolors.

• OBSERVE & DISCUSS
Practice identifying Art skills.

• NATURE WALK
During nature walks, practice drawing using silhouettes (avoiding outlines) and discuss proportion in nature (such as leaves to trees, petals to stems, leaves to petals, etc.).

WEEK 1

20m Art: Level 3 - Lesson 50

Drawing: Design: Square Patterns and Proportion

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, Art Book, ruler, compass, black Sharpie, pencil, coloring media (markers, paint, etc.)

→ WARM UP
Practice drawing on a chalkboard for three minutes.

→ RECAP
Recall and discuss the square patterns from Lesson 2 (Glass, p.113, plate 64, figures 1-5). Which one was different from the others and why?

→ STUDY, NARRATE, & DISCUSS
Figures 6-10 (Cover the other figures to keep the student focused on the ones we are studying.)

• OBSERVE & DISCUSS
Practice identifying Art skills. Discuss and ask questions about proportion regularly, especially in nature. Students will begin to see proportion all around them and should begin to apply it in all areas of drawing.

©2026 Charlotte Mason Institute® All rights reserved.

Term 3

"Plate 64" p.113

→ PRACTICE
• Have students complete their square design begun last class.
• Have students fill in their design with color.
∞ Video Link: Geometric Square Design

→ DISCUSS
Tell what was noticed or discovered.

WEEK 2

20m Art: Level 3 - Lesson 51
Drawing: Ellipses

Materials: Drawing, Design, and Craft-Work, circle template, scissors, construction paper (any color), chalk, chalkboard

PREP: Read "Ellipses" p.14, 17-18. The lesson requires a hula hoop or other open circle, such as an embroidery hoop, a mason jar top ring, etc. You will also need to create a circle template at least 4" in diameter for students to trace.

→ WARM UP
Practice strokes and shapes on the chalkboard for about three minutes.
"Plate 3" p.16

→ VIEW, NARRATE, & DISCUSS
Today, we are going to learn about ellipses. Ellipses are circles on their side.
∞ Video Link: The Ellipse Lesson L3 L51

→ PRACTICE
Demonstrate how to make an ellipse and discuss.
• Hold the hula hoop (or other open circle) directly in front of the student so that they see a complete circle.
• Turn the hula hoop towards yourself and ask Students to describe what they see.
• The circle no longer looks like a circle, but you know that it is still really a circle. It is not really changing shape; it only looks like it is. If the student has difficulty "seeing" this phenomenon, have him trace the circle with his finger in the air as you turn it.

Make an ellipse with construction paper and discuss.
• Students trace the circle template on construction paper using chalk.
• Cut it out carefully so that you do not distort the circle or paper left behind (we'll refer to this part as the "frame"). We need both pieces of paper intact for this demonstration. If you must cut the "frame" then, carefully tape it back together.
• Hold the frame at eye level in front of the Student.
• Place the circle inside the frame and then rotate the circle.
• What happens to the circle? It's still a circle, but what you see changes.
• Practice drawing using ellipses.

→ STUDY, NARRATE, & DISCUSS
Look at and discuss some diagrams that illustrate the ellipse. What do you think these objects could be in real life? (can, coin, hula hoop)
"Plate 3" p.16

→ DISCUSS

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for ellipses everywhere you go. Notice how circles change as you get above or below them.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

To draw an ellipse, we need to consider what we see when we view a circle from its edge, rather than from directly overhead. From this angle, it looks like a foreshortened circle, and we draw it like an oval.

WEEK 2

20m Art: Level 3 - Lesson 52
Drawing: Silhouettes

Materials: Canned good, scissors, construction paper (any color)

PREP: Watch Setting Objects at Eye Level tutorial.
∞ Tutorial Link: Setting Objects at Eye Level L2 L61 & L3 L52

→ RECAP
- Recall what happened to the hula hoop as it rotated and was directly flat in front of you.
- Discuss what happened when you rotated the circle inside its construction paper frame.

→ PRACTICE
- Place the can at eye level of the student. Prop the can, if needed, so that the center of the can is at eye level.
- Discuss what the student sees.
- Have students draw what they see in the air with their finger.
- Now use scissors and cut out a silhouette of what you see.
- Concentrate and think as you cut, looking back at the can often.
- Glue it in your Art Book.

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills.
Look for ellipses everywhere you go.

WEEK 3

20m Art: Level 3 - Lesson 53
Drawing: Horizontal Ellipses

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

→ WARM UP
Draw with big arm muscles on the board for three minutes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Horizontal Ellipses L3 L53

→ INTRO
Today, we are going to learn to draw horizontal ellipses. Horizontal means parallel to the horizon or running from left to right or right to left.

→ PRACTICE
- Look at horizontal ellipses in Figure 5.
- Draw a horizontal ellipse. Be sure to recall or envision the circle rotating towards you as you draw. Do you remember how the circle became thinner and then thicker again?
- Look at figures 7 & 8. Both of these are incorrect ellipses. The ellipses should not be circular on the ends, nor should they be pointy, but they should be rounded, more like an oval.
- Draw different-sized ellipses, but don't add anything to them yet.
"Plate 3" "Figure 5" p.16

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills.
Notice ellipses all around you on your nature walk.
Look for horizontal ellipses around the classroom. Draw what you see.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

WEEK 3

20m Art: Level 3 - Lesson 54
Drawing: Cylindrical Objects

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

PREP: Read “Cylindrical Objects” p.18

→ WARM UP
Draw with big arm muscles on the board for three minutes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Cylindrical Objects L2 L64 & L3 L54

→ STUDY, NARRATE, & DISCUSS
Figures 1-4, "Plate 3” p.16
- Discuss what you see in great detail.
- These are cylindrical objects from a bird’s eye view, meaning that you can see some of the top of the cylinder.
- Try to draw what you see on the board.
- Is it easy or difficult to draw an ellipse inside an ellipse?
- Where might you see an ellipse inside an ellipse in real life? Look at the rim of a mug or a thick glass. The outside wall is an ellipse as well as the inside wall.

→ PRACTICE
Draw different-sized cylinders and ellipses.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Notice ellipses all around you on your nature walk.
Look for horizontal ellipses around the classroom. Draw what you see.

WEEK 4

20m Art: Level 3 - Lesson 55
Drawing: Vertical Ellipses

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

→ WARM UP
Draw with big arm muscles on the board for three minutes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Vertical Ellipses L3 L55

→ INTRO
Today, we’re going to learn how to draw vertical ellipses. A vertical ellipse runs up and down and is perpendicular to the horizon.

→ STUDY, NARRATE, & DISCUSS
"Plate 3” p.16, Figure 10.
- Discuss what you see in great detail.
- Try to draw figure 10 on the chalkboard.
- How is drawing a vertical ellipse different from drawing a horizontal ellipse?

→ PRACTICE
Draw different-sized vertical ellipses.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Notice ellipses all around you on your nature walk.
Try drawing oblique ellipses on the chalkboard.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

WEEK 4

20m Art: Level 3 - Lesson 56

Drawing: Can at Eye Level

Materials: Canned good, pastels, Art Book, chalk, chalkboard

PREP: Students will need a can to observe in this lesson. Any canned good will do.
View the tutorial to learn how to set up the prop for the lesson.
∞ Video Link: Setting Objects at Eye Level L2 L61 & L3 L52

→ WARM UP
Spend about three minutes drawing horizontal and vertical ellipses on the chalkboard.

→ PRACTICE
- Set the can in front of the student below eye level. (Setting it on the table is usually enough to get it below eye level. You need to be able to see the side of the can and the top of the can.)
- Spend time studying and discussing what you see.
- Draw what you see with pastels in your Art Book. Don't forget what we've learned about drawing cylinders.
- Move the can so that it is farther away and then closer to you. Draw what you observe each time.

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for ellipses everywhere you go.

WEEK 5

20m Art: Level 3 - Lesson 57

Drawing: Can

Materials: Canned good, pastels, Art Book, chalk, chalkboard

PREP: Read "Ellipses" and "Cylindrical Objects" Drawing, Design, and Craft-Work p.14-18.

→ WARM UP
Spend about three minutes drawing horizontal and vertical ellipses on the chalkboard.

→ PRACTICE
- Lay the can on its side in front of the student.

∞ Image Link: Can on Its Side
- Spend time studying and discussing what you see.
- Last time, we looked at the can standing up. How is this similar or different?
- Draw what you see with pastels in your Art Book. Don't forget what we've learned about drawing cylinders.
- Move the can so that it is farther away and then closer to you.
- Lean it up against another object so that it is at an angle.
- Prop it up slightly. What do you notice?
- Continue to draw the can in different positions as time permits.

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for ellipses everywhere you go.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

WEEK 5

⬚ **20m Art: Level 3 - Lesson 58**

Drawing: Circle Designs

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, Art Book, ruler, compass, black Sharpie, pencil, coloring media (markers, paint, etc.)

→ RECAP
- Recall what you learned about squares in lessons 49 & 50.
- Recall proportion and why it is important in design.

→ WARM UP
Draw circles and ellipses on the board in varying sizes using large shoulder movements.

→ NOTE
This lesson will take up to three class times. Encourage students to work carefully and diligently. The students should choose the tutorial that they feel most able to successfully follow along with.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Geometric Drawing in Circle
∞ Video Link: Geometric Circle Design

→ PRACTICE
- Choose one of the tutorials to follow along with in order to make circle-based designs.
- Students should use ellipses and circles to make designs inside the circle.
- Repeat and create new designs inside circles as time allows.

→ DISCUSS
Tell what was noticed or discovered.

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for ellipses everywhere you go.

WEEK 6

⬚ **20m Art: Level 3 - Lesson 59**

Drawing: Circle Designs

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, Art Book, ruler, compass, black Sharpie, pencil, coloring media (markers, paint, etc.)

→ RECAP
- Recall what you learned about squares in lessons 49 & 50.
- Recall proportion and why it is important in design.

→ WARM UP
Draw circles and ellipses on the board in varying sizes using large shoulder movements.

→ NOTE
This lesson will take up to three class times. Encourage students to work carefully and diligently. The students should choose the tutorial that they feel most able to successfully follow along with.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Geometric Drawing in Circle
∞ Video Link: Circle Geometric Drawing Step By Step

→ PRACTICE
- Choose one of the tutorials to follow along with in order to make circle-based designs.
- Students should use ellipses and circles to make designs inside the

- **OBSERVE & DISCUSS**
Practice identifying Art skills. Look for ellipses everywhere you go.

Term 3

circle.
• Repeat and create new designs inside circles as time allows.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 6

20m Art: Level 3 - Lesson 60
Drawing: Circle Designs

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard, Art Book, ruler, compass, black Sharpie, pencil, coloring media (markers, paint, etc.)

→ RECAP
• Recall what you learned about squares in lessons 49 & 50.
• Recall proportion and why it is important in design.

→ WARM UP
Draw circles and ellipses on the board in varying sizes using large shoulder movements.

→ NOTE
This lesson will take up to three class times. Encourage students to work carefully and diligently. The students should choose the tutorial that they feel most able to successfully follow along with.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Geometric Drawing in Circle
∞ Video Link: Circle Geometric Drawing Step By Step

→ PRACTICE
• Choose one of the tutorials to follow along with in order to make circle based designs.
• Students should use ellipses and circles to make designs inside the circle.
• Repeat and create new designs inside circles as time allows.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for ellipses everywhere you go.

WEEK 7

20m Art: Level 3 - Lesson 61
Drawing: Cylinders

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

PREP: Watch the cylindrical objects tutorial.
∞ Video Link: Cylindrical Objects L2 L64 & L3 L54

→ WARM UP
Draw ellipses on the board at various angles and sizes using large shoulder movements for three or four minutes.

→ PRACTICE
"Plate 4" p.19
• Look at the cylinders at the top of "Plate 4."
• Practice drawing them on the board using large shoulder movements until Students are comfortable doing so.
• The dotted lines that you see are the center lines for the angle of the ellipses and where the ellipse is within the cylinder. It may or may not be helpful for Students to include these. Use your discretion.
• Look around your classroom and collect similar objects. Place them below eye level. Do observational drawings of these objects.

• OCCUPATIONS
Try to make familiar objects from the ellipses that you drew.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for ellipses everywhere you go.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

→ DISCUSS
Tell what was noticed or discovered.

WEEK 7

20m Art: Level 3 - Lesson 62
Drawing: Cylinders

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

→ WARM UP
Draw ellipses on the board at various angles and sizes using large shoulder movements for three or four minutes.

→ STUDY, NARRATE, & DISCUSS
Cylinders, "Plate 4" and "Plate 5", p.19-20
∞ Image Link: Above Eye Level Example (The basketball goal is a cone shape, but students will get an idea of what it means for something to be above eye level.)
• Look at the cylinders on "Plate 4."
• The cylinders at the top of the page are mostly at eye level, except for the second one- you can see the very top ellipse, which places that object just below eye level.
• The lantern is at eye level, and the ventilator is above eye level.
• Discuss the differences.
• Look at "Plate 5." Point out the differences and similarities in the cylindrical and conical shapes. Discuss.
• Look at the electric light shade at the top of the plate. It is an ellipse that is above eye level.

→ PRACTICE
• Draw the electric light shade on the board.
• Be sure to use large shoulder movements.
• Look around your classroom for objects that are above eye level. Draw what you see.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for ellipses. Discuss what you see.

WEEK 8

20m Art: Level 3 - Lesson 63
Drawing: Silhouettes of Cone Objects

Materials: Drawing, Design, and Craft-Work, black and white construction paper, scissors, glue, chalk

→ NOTE
This will last two weeks, so do not rush.

→ WARM UP
Draw ellipses on the board at various angles and in various sizes using large shoulder movements for three or four minutes.

→ VIEW, NARRATE, & DISCUSS
∞ Video Link: Cutting Silhouettes L2 L58 & L3 L63
∞ Image Link: Silhouette example

→ PRACTICE
"Plate 5" p.20
• Look at the objects on "Plate 5." Choose four to try to work through for this lesson.
• Using your scissors and observing closely, cut from your black construction paper the silhouette of the objects you chose from "Plate 5."
• Glue them onto the white paper.

• OBSERVE & DISCUSS
Practice identifying Art skills. Look for ellipses and cylinders in nature.

©2026 Charlotte Mason Institute® All rights reserved.

• Use the chalk to add the details to your silhouettes and to draw in the ellipses that you cannot see in the silhouette. This will help the Student visualize the shape of the form.
• The dotted lines that you see are the center lines for the angle of the ellipses and where the ellipse is within the cylinder. It may or may not be helpful for students to include these. Use your discretion.

→ DISCUSS
Tell what was noticed or discovered.

WEEK 8

20m Art: Level 3 - Lesson 64
Drawing: Silhouettes of Cones

Materials: Drawing, Design, and Craft-Work, black and white construction paper, scissors, glue, chalk

→ WARM UP
Draw ellipses on the board at various angles and in various sizes using large shoulder movements for three or four minutes.

→ PRACTICE
Continue working on silhouettes.
∞ Image Link: Silhouette example
"Plate 5" p.20
• Look at the objects on "Plate 5." Choose four to try to work through for this lesson.
• Using your scissors and observing closely, cut from your black construction paper the silhouette of the objects you chose from "Plate 5."
• Glue them onto the white paper.
• Use the chalk to add the details to your silhouettes and to draw in the ellipses that you cannot see in the silhouette. This will help the Student visualize the shape of the form.
• The dotted lines that you see are the center lines for the angle of the ellipses and where the ellipse is within the cylinder. It may or may not be helpful for students to include these. Use your discretion.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Look for ellipses and cylinders in nature.

WEEK 9

20m Art: Level 3 - Lesson 65
Drawing Observational Drawing of Light Fixture

Materials: Pastels, Art Book

PREP: Find a place where Students can sit and look up at a light fixture that is a circular structure.

→ WARM UP
Draw cylindrical and conical objects on the board at various angles and in various sizes using large shoulder movements for three or four minutes.

→ PRACTICE
∞ Image Link: Silhouette example
• Look at a light that is overhead in your classroom.
• Using your finger, draw the light fixture in the air.
• Draw the light fixture in your Art Book using pastels.
• Remember to keep your pastel on its side and to do a mass drawing.
• After you have the overall form, go back and add details with the point of the pastel.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Look for ellipses and cylinders in nature.
Point out and narrate all of the cylindrical objects that you see around your classroom. Are they above, below, or at eye level?

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

→ DISCUSS
Tell what was noticed or discovered.

WEEK 9

20m Art: Level 3 - Lesson 66
Drawing: Cylindrical and Conical Objects

Materials: Drawing, Design, and Craft-Work, pastels, Art Book, cylindrical and conical objects

PREP: Gather cylindrical and conical objects of different sizes for students to draw.

→ WARM UP
"Plate 5" p.20
Draw cylindrical and conical objects on the board at various angles and in various sizes using large shoulder movements for three or four minutes.

→ VIEW, NARRATE, & DISCUSS
∞ Image Link: Paul Cezanne Example
Notice the cylinders and cones in Paul Cezanne's Still Life: Flask, Glass, Jug

→ PRACTICE
- Set up several cylindrical and conical objects of differing sizes to draw. Place them at different levels (above, below, and at eye level) so that you are challenged.
- Draw what you see in your Art Book using pastels.
- Think through what you are drawing and draw carefully.

→ DISCUSS
Tell what was noticed or discovered.

• OBSERVE & DISCUSS
Practice identifying Art skills.
Look for ellipses and cylinders in nature.
Point out and discuss cylindrical objects that you see around your classroom. Are they above, below, or at eye level?

WEEK 10

20m Art: Level 3 - Lesson 67
Drawing: Panel Design

Materials: Drawing, Design, and Craft-Work, chalk, chalkboard

→ RECAP
Recall design, line, and pattern.

→ WARM UP
Draw ellipses and circles on the board in varying sizes using large shoulder movements for about three minutes.

→ STUDY, NARRATE, & DISCUSS
Where might you see panels like these? (stained glass windows)
"Plate 67" p.128

→ INTRO
Today, we are going to design panels such as these on the chalkboard.

→ PRACTICE
- Draw a rectangle on the chalkboard to use as the panel. Then create a design inside it with ellipses and lines.
- Create additional panels with designs in your Art Book as time allows, by
brush drawing.

→ DISCUSS
Tell what was noticed or discovered.

©2026 Charlotte Mason Institute® All rights reserved.

Art: Level 3

Click THIS text or scan the QR code for links.

Term 3

WEEK 10 ⬚ **20m Art: Level 3 - Lesson 68**

Drawing: Dessert-Inspired Art

> Materials: watercolor or pastel paper, pastels, pencil, black Sharpie (optional)

→ RECAP
Recall design, line, and pattern.

→ WARM UP
Draw ellipses and circles on the board in varying sizes using large shoulder movements for about three minutes.

→ NOTE
This lesson will span the final three classes for the term. If your students finish early, they can create more square or circle designs or perhaps another panel design, as in lesson 67.

→ STUDY, NARRATE, & DISCUSS
Watch this video first to gain an understanding of who the artist is. The second tutorial will briefly repeat a tiny amount of the information on Wayne Thiebaud, but it does not go into the same depth as this video.
∞ Video Link: Yummy Art Artist Study

→ PRACTICE
- Remember, you have three class times to work through this project.
- Watch the second tutorial video and follow along. The instructor is using crayons to add color, but you are going to use pastels. You should fill in the background with more color as opposed to cutting it out and gluing it onto construction paper.

∞ Video Link: Wayne Thiebaud Cakes

→ DISCUSS
Tell what was noticed or discovered.

WEEK 11 ⬚ **20m Art: Level 3 - Lesson 69**

Drawing: Dessert Inspired Art

> Materials: watercolor or pastel paper, pastels, pencil, black Sharpie (optional)

→ RECAP
Recall design, line, and pattern.

→ WARM UP
Draw ellipses and circles on the board in varying sizes using large shoulder movements for about three minutes.

→ NOTE
This lesson will span the final three classes for the term. If your students finish early, they can create more square or circle designs or perhaps another panel design, as in lesson 67.

→ STUDY, NARRATE, & DISCUSS
Watch this video first to gain an understanding of who the artist is. The second tutorial will briefly repeat a tiny amount of the information on Wayne Thiebaud, but it does not go into the same depth as this video.
∞ Video Link: Yummy Art Artist Study

→ PRACTICE
- Remember, this is the second of three class times to work through this project.

Art: Level 3

Examination

Term 1

· Make a drawing or brush-drawing for a tale you read.

· Tell all you know about Lilias Trotter.

Term 2

· Explain what monochromatic means.

· Create a value scale with watercolors. Use any one color of your choice.

Term 3

· Draw three cylinders, each a different size and in a different position.

· Discuss the changes in a circle at, above, and below eye level.

©2026 Charlotte Mason Institute® All rights reserved.
