Geography

Canada

Geography: Grade 7 (Canada)

GRADE(S): 7

About the Course

Students read about the story of cartography from ancient Mesopotamia up through the discovery of Antarctica in the late 1800s and draw maps along the way. The course finishes with a term of historical geography where students follow the steps of Canadian explorers from the 19th century and learn about Canadian provinces through map work.

Geography: Grade 7 (Canada)
The book used in Term 3—Exploring the Frozen North by Pierre Berton—is a compendium of several shorter books written for younger readers by Berton on the theme of Arctic exploration. One such book is assigned for the course: Trapped in the Arctic. This collection, however, is the most cost-effective and accessible way to get the book. The other selections would make interesting free reads or read-alouds, but because there is some sensitive content in the other books, parents may prefer to preread.

Placement & Combining Tips

The first two terms are the same every year and shared between both US and Canadian courses. Term 3 brings in resources from the historical time period and is specific to Canadian students.

How To Teach

Overview

The steps below are generally true for most geography lessons. Sometimes several lessons might build together or focus on a particular area (like Map Work).

Introduce

Through questions, observations, an activity, or recalling the last lesson, introduce the topic for the day.

Map Questions

Answer questions on the map or on making your own maps.

Read

Read the day's passage out loud or have the student read independently.

Narrate

Have students retell the passage either orally or in writing. They may want to use maps or pictures to tell back.

Map Work

The lesson may contain more map work as students make their own maps or add to ongoing maps.

Term 1

WEEK 1 ☐ **30m Geography: Grade 7 (Canada) - Lesson 1**

▯ Materials: Mapping the World with Art, notebook

NOTE: Ideally, you should have a notebook that is at least 8 × 10 inches, so you have room to draw your own maps and also glue in maps that are printed off.

→ INTRO
This year, we are learning about mapmaking and global exploration. You will be learning to draw your own maps as well. You may want to first practice outlining the map on a whiteboard or another piece of paper before putting it in your notebook. As time permits on drawing days, you are encouraged to use watercolors or colored pencils to fill in your outlines (see the link for examples done by students). Your geography notebook will be used on both days of the week. Make sure you label each entry with the date or lesson number. There will be days that you will be prompted to follow the instructions for an activity in the Activity Section of your Mapping the World with Art book.
∞ Image Link: Watercolor Map Examples

→ READ
Reading 1: The Very Earliest Maps

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. Then, in your notebook, include some kind of narration. You can look back at the text as needed. You can write a short paragraph, write bullet points, or draw a concept map or pictures with captions. You can be as creative as you like. We provided examples of other students' work. Typically, each two-page spread in your notebook will have a narration on one side and your map drawings on the other. There may be weeks in which you will have two drawings per two-page spread (especially in Term 3).
∞ Image Link: Example Notebook Entry 1
∞ Image Link: Example Notebook Entry 2
∞ Image Link: Example Notebook Entry 3

→ DRAW
p.1-2 Map Drawing 1 Mesopotamia (Use the book or video option.)
Be sure to include a sentence that tells how the map pertains to the reading. For example, under the map of Mesopotamia, you could say, "The earliest maps were drawn in clay by the people of Mesopotamia."

→ VIEW
It will be helpful to look at this map of Mesopotamia as you draw yours.
∞ Map Link: Map of Mesopotamia

WEEK 1 ☐ **30m Geography: Grade 7 (Canada) - Lesson 2**

▯ Materials: Mapping the World with Art, notebook

• EXTRA HELPING
Check out this video for a deeper look at the history of cartography.
∞ Video Link: Origin of the World Map

→ RECAP
What did you read last time about the very earliest maps?

→ READ
Reading 2: Strabo and Eratosthenes

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with

captions.

→ DRAW
p.3-4 Map Drawing 2 Nile River (Use the book or video option.)
Be sure to include a sentence that tells how the map pertains to the reading. This map pertains to the first reading. You might have to look back to remember what was said about Egypt and the earliest maps.

→ VIEW
It will be helpful to look at this map of the Nile River as you draw yours.
∞ Map Link: Map of the Nile River

WEEK 2 ☐ **30m Geography: Grade 7 (Canada) - Lesson 3**

Materials: Mapping the World with Art, notebook

NOTE: Your map of Greece will take 2 lessons. So set your timer, and after 30 minutes, you can stop and finish up the map next time.

→ RECAP
What did you read last time?

→ READ
Reading 3: Lines on the Globe

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ DRAW
p.5-7 Map Drawing 3 Greece

→ VIEW
It will be helpful to look at this map of Greece as you draw yours.
∞ Map Link: Map of Greece

WEEK 2 ☐ **30m Geography: Grade 7 (Canada) - Lesson 4**

Materials: Mapping the World with Art, notebook

NOTE: You will finish your map of Greece this week. If you get done earlier, you can practice drawing the map on a whiteboard or another piece of paper.

→ DRAW
p.5-7 Map Drawing 3 Greece (Finish your map of Greece.)
Be sure to include a sentence that tells how the map pertains to the reading.

→ VIEW
It will be helpful to look at this map of Greece as you draw yours.
∞ Map Link: Map of Greece

WEEK 3 ☐ **30m Geography: Grade 7 (Canada) - Lesson 5**

Materials: Mapping the World with Art, notebook

• EXTRA HELPING
p.9-10 Activity Section of Mapping the World with Art. You can make a navigational quadrant and use it at night to find Polaris.

→ READ
Reading 4: Claudius Ptolemy

→ NARRATE & NOTEBOOK

Term 1

1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ DRAW
p.8-9 Map Drawing 4 The Roman "Boot"
Be sure to include a sentence that tells how the map pertains to the reading.

→ VIEW
It will be helpful to look at this map of Italy as you draw yours.
∞ Map Link: Map of Italy

WEEK 3 ☐ **30m Geography: Grade 7 (Canada) - Lesson 6**

Materials: Mapping the World with Art, notebook

→ RECAP
What did you read last time?

→ READ
Reading 5: The Dark Ages of Western Mapmaking
Why were the Europeans more interested in the rest of the world after the Crusades?

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ DRAW
p.10 Map Drawing 5A The "Holy Land" of the Crusaders
Be sure to include a sentence that tells how the map pertains to the reading.

→ VIEW
It will be helpful to look at this map of Israel as you draw yours.
∞ Map Link: Map of Israel

WEEK 4 ☐ **30m Geography: Grade 7 (Canada) - Lesson 7**

Materials: Mapping the World with Art, notebook

NOTE: There is no reading for today. So you will first review a previous map drawing.

→ RECAP
What did you read last time?

→ WARM UP
On a whiteboard or piece of paper, draw a map of the Holy Land (5A).

→ DRAW
p.11-12 Map Drawing 5B The Arabian Peninsula
Be sure to include a sentence that tells how the map pertains to the reading.

→ VIEW
It will be helpful to look at this map of the Arabian Peninsula as you draw

yours.
∞ Map Link: Map of the Arabian Peninsula
∞ Image Link: Rub-al-Khali Desert in Saudi Arabia

WEEK 4 ☐ **30m Geography: Grade 7 (Canada) - Lesson 8**

▯ Materials: Mapping the World with Art, notebook

➔ RECAP
What did you read last time?

➔ READ
Reading 6: Marco Polo and Ibn Battuta

➔ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

➔ DRAW
p.13-14 Map Drawing 6A The Black Sea, 6B The Caspian Sea, 6C The Aral Sea
Be sure to include a sentence that tells how the map pertains to the reading.

➔ VIEW
It will be helpful to look at this map of the seas as you draw yours.
∞ Map Link: Map of Seas

WEEK 5 ☐ **30m Geography: Grade 7 (Canada) - Lesson 9**

▯ Materials: Mapping the World with Art, notebook

➔ RECAP
What did you read last time?

➔ READ
Reading 7: Henry the Navigator

➔ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

➔ DRAW
p.15-16 Map Drawing 7 The Iberian Peninsula
Be sure to include a sentence that tells how the map pertains to the reading.

➔ VIEW
It will be helpful to look at this map of the Iberian Peninsula as you draw yours.
∞ Map Link: Map of the Iberian Peninsula

WEEK 5 ☐ **30m Geography: Grade 7 (Canada) - Lesson 10**

▯ Materials: Mapping the World with Art, notebook

➔ RECAP
What did you read last time?

• EXTRA HELPING
View a video on the difference between digital and paper maps.
∞ Video Link: New Digital Maps vs. Old Paper Maps

Term 1

➔ READ
Reading 8: Printed Maps

➔ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

➔ DRAW
p.17 Map Drawing 8A France
Be sure to include a sentence that tells how the map pertains to the reading.

➔ VIEW
It will be helpful to look at this map of France as you draw yours.
∞ Map Link: Map of France

WEEK 6 ☐ **30m Geography: Grade 7 (Canada) - Lesson 11**

▯ Materials: Mapping the World with Art, notebook

NOTE: There is no reading today, only map drawing.

➔ RECAP
What did you read last time?

➔ WARM UP
Draw the Italian Peninsula on a whiteboard or piece of paper (Map 4).

➔ DRAW
p.18 Map Drawing 8B Adding France to the Iberian Peninsula

➔ VIEW
It will be helpful to look at this map of the Iberian Peninsula as you draw yours.
∞ Map Link: Map of the Iberian Peninsula

WEEK 6 ☐ **30m Geography: Grade 7 (Canada) - Lesson 12**

▯ Materials: Mapping the World with Art, notebook

➔ READ
Reading 9: Spice Wars and Pirates

➔ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

➔ DRAW
p.19-20 Map Drawing 9 The Indian "Subcontinent"
Be sure to include a sentence that tells how the map pertains to the reading.

➔ VIEW
It will be helpful to look at this map of India as you draw yours.
∞ Map Link: Map of India

What did you read last time?

→ READ
Reading 26: Janszoon and the Tasman

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

WEEK 8 ☐ **30m Geography: Grade 7 (Canada) - Lesson 40**

Materials: Mapping the World with Art, notebook

★ TEACHER NOTE
You will need a hard-boiled egg for the next lesson.

→ RECAP
What did you read last time?

→ READ
Reading 27: Vitus Bering and Alaska

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ DRAW
p.57-58 Map Drawing 24 Greenland & Areas of Canada (24A Greenland, 24B Baffin Island, 24C Hudson Bay)

→ VIEW
It will be helpful to look at these maps of Greenland and areas of Canada as you draw yours.
∞ Map Link: Map of Greenland
∞ Map Link: Map of Canada

WEEK 9 ☐ **30m Geography: Grade 7 (Canada) - Lesson 41**

Materials: Mapping the World with Art, notebook, hard-boiled egg, pencil

PREP: You will need a hard-boiled egg for the activity today.

→ READ
Reading 28: Longitude

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ MAPPING ACTIVITY
p.5 Activity section: Review of Longitude lines
Activity Idea 3B: Longitude on an egg. Follow the instructions in the book.

Geography: Grade 7 (Canada)

Click THIS text or scan the QR code for links.

Term 2

WEEK 9

☐ **30m Geography: Grade 7 (Canada) - Lesson 42**

Materials: Mapping the World with Art, notebook

→ READ
Reading 29: Captain Cook

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

→ DRAW
p.59-60 Map Drawing 25 Japan

→ VIEW
It will be helpful to look at this map of Japan as you draw yours.
∞ Map Link: Map of Japan

WEEK 10

☐ **30m Geography: Grade 7 (Canada) - Lesson 43**

Materials: Mapping the World with Art, notebook

→ READ
Reading 30: The Discovery of Antarctica

→ NARRATE & NOTEBOOK
1. Narrate orally what you remember about the reading.
2. In your notebook, include some kind of narration. You can write a short paragraph, write bullet points, or draw diagrams or pictures with captions.

★ TEACHER NOTE
You will need some supplies for the next lesson.

WEEK 10

☐ **30m Geography: Grade 7 (Canada) - Lesson 44**

Materials: Mapping the World with Art, notebook, parchment paper, copy of pattern on p.129, pen(s), color pencils

PREP: Make sure you have the materials needed for the map drawing activity. You may purchase parchment paper for printing from Amazon or Staples. However, if you would like to age your paper, take a look at the video link. I suggest you make the aged paper a day before you are going to use it. This will give the paper time to dry for use in the lesson.
∞ Video Link: How To Make Paper Look Old

→ MAPPING ACTIVITY
p.128 Activity Section: Map review (This will take you two weeks to complete, especially if you take your time and add color to your map.)
Activity Idea 30C: Make an antique map of the Eastern Hemisphere. Follow the instructions in the book. This will be a good review of the locations you have already drawn in the Eastern Hemisphere.

WEEK 11

☐ **30m Geography: Grade 7 (Canada) - Lesson 45**

Materials: Mapping the World with Art, notebook, parchment paper, copy of pattern on p.129, pen(s), color pencils

→ MAPPING ACTIVITY (CONT.)
Finish working on Activity Idea 30C: Make an antique map of the Eastern Hemisphere
p.128 Activity Section

Geography: Grade 7 (Canada)

[Click THIS text or scan the QR code for links.]

Term 2

WEEK 11

☐ **30m Geography: Grade 7 (Canada) - Lesson 46**
Catch-Up Day

➔ CATCH UP
Use this time to catch up on lessons in this or another course, or explore Extra Helpings.

WEEK 12

☐ **30m Geography: Grade 7 (Canada) - Lesson 47**
Exam Week

➔ EXAMS
Answer question(s) related to the course.

Questions will come from:
Mapping the World with Art

WEEK 12

☐ **30m Geography: Grade 7 (Canada) - Lesson 48**
Exam Week

➔ EXAMS
Answer question(s) related to the course.

Questions will come from:
Mapping the World with Art

Geography: Grade 7 (Canada)

Click THIS text or scan the QR code for links.

Term 3

WEEK 1 ☐ **30m Geography: Grade 7 (Canada) - Lesson 49**

Canada Mapping

▯ Materials: Canadian Student Atlas, notebook

PREP: Print 5 copies of the linked blank map of Canada to be used over the next several weeks. One of these is to be placed in your student's geography notebook (leave an opposite page blank for notes). Information will be added from week to week, and the map will be used to study each week. The additional maps are used periodically during the term to see what the student remembers.
∞ Map Link: Blank Map of Canada (colour)
∞ Map Link: Blank Map of Canada (b/w)

→ INTRO
One lesson each week throughout this term will be spent on Canadian geography. This includes map activities and map work, as well as reading about explorers who lived during this period in our history rotation (1800-1900).

→ MAP WORK
▯ Map Resource: Canadian Student Atlas p.12-13
1. Before we look more closely inside Canada, we're going to start with what is outside. What types of borders does Canada have? [A: land borders and ocean borders]
2. What country borders Canada to the south? [A: United States of America] What ocean borders Canada to the east? [A: Atlantic Ocean] What ocean borders Canada to the west? [A: Pacific Ocean] What ocean borders Canada to the north? [A: Arctic Ocean]
3. Add the United States of America, the Atlantic Ocean, the Pacific Ocean, and the Arctic Ocean to your map.
4. Canada also has other borders in the Arctic. What land borders Canada to the northwest? [A: a land border with Alaska, United States of America] What land borders Canada to the northeast? [A: a maritime border with Greenland (Denmark)] What body of water is north of Yukon and Alaska? [A: Beaufort Sea] What body of water is south of Yukon and Alaska? [A: Gulf of Alaska] What body of water is between Baffin Island and Greenland? [A: Baffin Bay]
5. Add Alaska, Greenland (Denmark), Beaufort Sea, Gulf of Alaska, and Baffin Bay to your map.
6. Tape this map into your notebook. Leave the opposite page blank for any notes about Canada as a country you decide to include during the year.

→ READ, NARRATE, & DISCUSS
▯ Map Resource: Canadian Student Atlas p.14-31
Maps can convey information in so many different ways beyond borders and place names. Spend some time reading through the types of maps found in this section and pause on the ones that interest you the most.
- In your geography notebook, write down some facts you've learned from these maps about your local area and/or home province/territory. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 1 ☐ **30m Geography: Grade 7 (Canada) - Lesson 50**

▯ Materials: Mapping the World with Art, notebook

→ DRAW
p.61-63 Map Drawing 26A Australia, 26B New Zealand

→ VIEW

It will be helpful to look at these maps of Australia and New Zealand as you draw yours.
∞ Map Link: Map of Australia
∞ Map Link: Map of New Zealand

WEEK 2 ☐ **30m Geography: Grade 7 (Canada) - Lesson 51**

Canada Mapping - Nunavut & Newfoundland and Labrador

Materials: Canadian Student Atlas, notebook

→ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Nunavut
2. What are the borders of Nunavut? [A: Northwest Territories, Manitoba, Hudson Bay, Davis Strait, Labrador Sea]
3. Turn to p.42. What is the capital? [A: Iqaluit]
4. What is the highest point, and where is that located? [A: Barbeau Peak - 2616 m - located in the far northern part of the territory]

→ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Newfoundland and Labrador
2. What are the borders of Newfoundland and Labrador? [A: Quebec, Atlantic Ocean, Labrador Sea, Gulf of St. Lawrence]
3. Turn to p.42. What is the capital? [A: St. John's]
4. What is the highest point, and where is that located? [A: Mt. Caubvick - 1652m - located in the far northwest part of Labrador on the border with Quebec]

→ MAP WORK
You will begin to label your blank map of Canada in your geography notebook.
1. Label Nunavut and Newfoundland & Labrador.
2. For both, label the capital, a couple of the major bodies of water, the highest point, and anything else of interest.
3. (Optional) If you have additional time, choose one province/territory and write at least 3 things about it using the information on p.14-31. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 2 ☐ **30m Geography: Grade 7 (Canada) - Lesson 52**

Materials: Mapping the World with Art, notebook

→ DRAW
p.64-65 Map Drawing 27A Alaska

→ VIEW
It will be helpful to look at this map of Alaska as you draw yours.
∞ Map Link: Map of Alaska

WEEK 3 ☐ **30m Geography: Grade 7 (Canada) - Lesson 53**

Introduction: Robert McClure and the Northwest Passage

Materials: Exploring the Frozen North

→ INTRO
The Arctic loomed large in nineteenth-century imaginations. At the end of the Napoleonic Wars, and after centuries of exploration, the British navy found itself with little to do besides setting off to explore the two regions still largely unexplored: the Arctic and Antarctic regions. The quest to find a Northwest Passage through the Arctic from the Atlantic to the Pacific Ocean and open a faster trade route to Asia resulted in many

failed and doomed expeditions, including the Franklin Expedition that departed England in 1845.
This term, you will read Trapped in the Arctic, a short book about Robert McClure, an officer in the British Royal Navy, who captained the *Investigator*, a ship on a dual mission to search for the Franklin Expedition and to find the Northwest Passage through the Arctic.

➔ READ, NARRATE, & DISCUSS
p.144-152 "September 1851" - "proper to his command."

● How much of the story of Arctic exploration is familiar to you already? Can you imagine what it would have been like to have parts of the globe that were completely unknown?

➔ VIEW
Look at the portrait of McClure, painted in 1855 by Stephen Pearce after the captain's return from the Arctic. What details do you notice?
∞ Image Link: Portrait of Sir Robert McClure

WEEK 3 ☐ **30m Geography: Grade 7 (Canada) - Lesson 54**

▯ Materials: Mapping the World with Art, notebook

➔ DRAW
p.66-69 Map Drawing 27B Kamchatka Peninsula and the Sea of Okhotsk

➔ VIEW
It will be helpful to look at this map of the Kamchatka Peninsula & the Sea of Okhotsk as you draw yours.
∞ Map Link: Map of Kamchatka Peninsula & the Sea of Okhotsk

WEEK 4 ☐ **30m Geography: Grade 7 (Canada) - Lesson 55**
A Daring Gamble

▯ Materials: Exploring the Frozen North, Canadian Student Atlas, notebook

➔ RECAP
What do you recall about Robert McClure and the history of Arctic exploration from the last lesson?

➔ READ, NARRATE, & DISCUSS
p.152-160 "Miertsching, a pious young evangelist" - "the ground he had gained."

➔ MAP WORK
▯ Map Resource: Canadian Student Atlas p.68-69
1. Trace the route of the Investigator from Hawaii towards the Kamchatka Peninsula. Compare Collinson's route around the Aleutian Islands to McClure's route through them. Consult the map on p.155 of Exploring the Frozen North for a more detailed view of the west coast of Alaska.
2. Add more details to your map of the Kamchatka Peninsula and the Sea of Okhotsk from the last lesson, if you'd like.

★ TEACHER NOTE
Sensitive content: Please preview the final paragraph on p.153 that makes reference to "loose women."

● EXTRA HELPING
McClure's voyage occurred before the International Date Line was firmly established, but his ordered route follows the line closely. Learn more about how time zones and the International Date Line work.
∞ Video Link: The longest day ever | The international date line

WEEK 4 ☐ **30m Geography: Grade 7 (Canada) - Lesson 56**

▯ Materials: Mapping the World with Art, notebook

➔ DRAW
p.70-76 Map Drawing 28A The rest of North America

→ VIEW
It will be helpful to look at this map of North America as you draw yours.
∞ Map Link: Map of North America

WEEK 5 ☐ **30m Geography: Grade 7 (Canada) - Lesson 57**

Canada Mapping - Nova Scotia, New Brunswick, Prince Edward Island

▯ Materials: Canadian Student Atlas, notebook

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: Nova Scotia
2. What are the borders of Nova Scotia? [A: New Brunswick, Gulf of St. Lawrence, Atlantic Ocean, and also the Bay of Fundy, which is not labelled on this map]
3. Turn to p.41. What is the capital? [A: Halifax]
4. What is the highest point, and where is that located? [A: White Hill - 532m - located on Cape Breton Island]

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: New Brunswick
2. What are the borders of New Brunswick? [A: Quebec, Nova Scotia, United States of America, Gulf of St. Lawrence]
3. Turn to p.40. What is the capital? [A: Fredericton]
4. What is the highest point, and where is that located? [A: Mt. Carleton - 817m - located in the far northwest part of the province]

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: Prince Edward Island
2. What are the borders of Prince Edward Island? [A: Northumberland Strait, the Atlantic Ocean]
3. Turn to p.41. What is the capital? [A: Charlottetown]
4. How is the island accessed? [A: ferry, Confederation Bridge between New Brunswick and PEI]

→ MAP WORK
You will continue to label your blank map of Canada in your geography notebook.
1. Label Nova Scotia, New Brunswick, and Prince Edward Island.
2. For each, label the capital, a couple of the major bodies of water, the highest point, and anything else of interest.
3. (Optional) If you have additional time, choose one province/territory and write at least 3 things about it using the information on p.14-31. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 5 ☐ **30m Geography: Grade 7 (Canada) - Lesson 58**

▯ Materials: Mapping the World with Art, notebook

→ MAPPING ACTIVITY
Take out one of your blank maps of Canada and label as many places as you remember from the provinces and territories studied thus far. Then compare your work to the atlas or your notebook.

→ DRAW
p.77-78 Map Drawing 28B The top of Asia

Term 3

→ VIEW
It will be helpful to look at this map of the top of Asia as you draw yours.
∞ Map Link: Map of the top of Asia

WEEK 6 ⬚ **30m Geography: Grade 7 (Canada) - Lesson 59**

Canada Mapping - Québec & Ontario

▯ Materials: Canadian Student Atlas, notebook

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: Québec
2. What are the water borders of Québec? [A: Hudson Bay, Hudson Strait, Labrador Sea, the Gulf of St. Lawrence, St. Lawrence River]
3. What are the land borders of Québec? [A: Ontario, Newfoundland and Labrador, New Brunswick, United States of America]
4. Turn to p.39. What is the capital? [A: Québec City]
5. What is the highest point, and where is that located? [A: Mont d'Iberville - 1652m - located in the far northeast part of the province, on the east side of Ungava Bay]

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: Ontario
2. What are the borders of Ontario? [A: Manitoba, Quebec, United States of America, Hudson Bay]
3. What bodies of water form a natural border to the south? [A: The Great Lakes]
4. What are the names of the Great Lakes [A: Lake Superior, Lake Michigan, Lake Huron, Lake Erie, and Lake Ontario]
5. Turn to p.38. What is the capital? [A: Toronto]
6. What is the highest point, and where is that located? [A: Ishpatina Ridge - 693m - located to the west of Haileybury, a town on the Québec border]

→ MAP WORK
You will begin to label your blank map of Canada in your geography notebook.
1. Label Québec and Ontario.
2. For both, label the capital, a couple of the major bodies of water, the highest point, and anything else of interest.
3. (Optional) If you have additional time, choose one province/territory and write at least 3 things about it using the information on p.14-31. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 6 ⬚ **30m Geography: Grade 7 (Canada) - Lesson 60**

▯ Materials: Mapping the World with Art, notebook

→ DRAW
p.79-81 Map Drawing 29A New Britain, New Ireland, and the Solomon Islands

→ VIEW
It will be helpful to look at this map of these islands in the Pacific as you draw yours.
∞ Map Link: Map of Islands in the Pacific

Term 3

WEEK 7

☐ **30m Geography: Grade 7 (Canada) - Lesson 61**

Canada Mapping: Manitoba, Saskatchewan, and Alberta

Materials: Canadian Student Atlas, notebook

➜ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Manitoba
2. What are the borders of Manitoba? [A: Ontario, Nunavut, Saskatchewan, United States of America]
3. Turn to p.37. What is the capital? [A: Winnipeg]
4. What is the highest point, and where is that located? [A: Baldy Mountain - 832m - located in the southwest quadrant, west of Winnipegosis]

➜ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Saskatchewan
2. What are the borders of Saskatchewan? [A: Manitoba, Northwest Territories, Alberta, United States of America]
3. What do you notice about Saskatchewan's borders? [A: They are all straight lines; the borders are artificial and not created by landforms or bodies of water.]
4. Turn to p.36. What is the capital? [A: Regina]
5. What is the highest point, and where is that located? [A: Cypress Hills - 1468m - located in the southwest corner of the province]

➜ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Alberta
2. What are the borders of Alberta? [A: Saskatchewan, Northwest Territories, British Columbia, United States of America]
3. Turn to p.35. What is the capital? [A: Edmonton]
4. What is the highest point, and where is that located? [A: Mt. Columbia - 3747m - located on the border with British Columbia between Jasper and Banff]

➜ MAP WORK
You will continue to label your blank map of Canada in your geography notebook.
1. Label Manitoba, Saskatchewan, and Alberta.
2. For each, label the capital, a couple of the major bodies of water, the highest point, and anything else of interest.
3. (Optional) If you have additional time, choose one province/territory and write at least 3 things about it using the information on p.14-31. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 7

☐ **30m Geography: Grade 7 (Canada) - Lesson 62**

Materials: Mapping the World with Art, notebook

➜ DRAW
p.82-86 Map Drawing 29B Hawaii, 29C Tahiti, 29D Vanuatu, 29E Fiji, 29F New Caledonia, 29G Pacific Ocean

➜ VIEW
It will be helpful to look at these maps as you draw yours. You may first want to look at the map of the South Pacific Islands to see where they all are in relation to each other.
∞ Map Link: Map of South Pacific Islands
∞ Map Link: Map of Hawaii

Term 3

∞ Map Link: Map of Tahiti
∞ Map Link: Map of Vanuatu
∞ Map Link: Map of Fiji

WEEK 8 ☐ **30m Geography: Grade 7 (Canada) - Lesson 63**

The Passage at Last

▯ Materials: Exploring the Frozen North, Canadian Student Atlas

➜ RECAP
It has been several weeks since we left Captain Robert McClure and the Investigator in the ice. What do you recall from the last reading?

➜ READ, NARRATE, & DISCUSS
p.160-168 "McClure was determined" - "never met up with one another."

➜ MAP WORK
▯ Map Resource: Canadian Student Atlas, p.73
We rarely look at images of the globe from this perspective. A map like this is called the North Polar Azimuthal Projection, or the North Circumpolar Map, or, more colloquially, the Top of the World Map.
1. What do you notice about the Arctic when you look down on it directly above the North Pole?
2. Comparing this map to the map on p.163 of Exploring the Frozen North, can you trace McClure's route with your finger on the North Circumpolar Map?

WEEK 8 ☐ **30m Geography: Grade 7 (Canada) - Lesson 64**

▯ Materials: Mapping the World with Art, notebook

➜ DRAW
p.87-88 Map Drawing 30 Antarctica

➜ VIEW
It will be helpful to look at this map of Antarctica as you draw yours.
∞ Map Link: Map of Antarctica

WEEK 9 ☐ **30m Geography: Grade 7 (Canada) - Lesson 65**

The Rescue of the Investigator

▯ Materials: Exploring the Frozen North

➜ RECAP
What do you recall from last week's reading about McClure's discovery of the Passage?

➜ READ, NARRATE, & DISCUSS
p.168-177 "Meanwhile, McClure's luck" - "as he claimed he could."

- How did some of McClure's decisions, and his ambition, delay his discovery and rescue by nearby ships?

WEEK 9 ☐ **30m Geography: Grade 7 (Canada) - Lesson 66**

Final Project: Create a World Map

▯ Materials: Mapping the World with Art, materials will vary depending on which option you choose. Check your book p.136, for the various possibilities.

PREP: Parents, this should be a final project that requires at least 4 weeks to complete. Make sure to read through the instructions before beginning. Once you and your student have decided which option they will work on, begin to gather the materials needed. Have a designated space where they can put their final project away safely to be worked on the next time. Maps are not perfect; have the student plan out their project in quadrants to ease the process. Ideally, they should be working from memory as best they can. The book recommends that you help them include a few reference points before they begin, such as longitude and/or latitude lines like the Equator, Prime Meridian, or Tropics of Cancer and Capricorn, to name a few. (Use light lines for these points, as they are mere references for their map drawings.)

➔ MAPPING ACTIVITY
p.135 Activity Section: Final Project: Creating a World Map
Create a World Map following the instructions in your book, starting on p.135. Take four weeks to complete, working on one quadrant each week. Have fun!

WEEK 10 ☐ **30m Geography: Grade 7 (Canada) - Lesson 67**

Return to England

Materials: Exploring the Frozen North, Canadian Student Atlas

➔ RECAP
What do you recall about the rescue of Robert McClure and his ship from the last lesson?

➔ READ, NARRATE, & DISCUSS
p.177-186 "Kellett now suggested" - "and John Franklin himself."

- Compare Collinson's journey to McClure's. What are some examples of Collinson missing out on some important discoveries?

• EXTRA HELPING
In today's reading, Berton recalls that the wreck of the HMS Breadalbane was discovered by Canadian divers in 1981. Read more about that wreck and view a painting of the Breadalbane alongside the Phoenix locked in the ice.
∞ **Article Link:** The world's most northerly shipwreck

What is an Arctic deep-sea dive like? Watch this footage of a dive to one of Franklin's ships, the HMS Terror. Berton, who died in 2004, never lived to see the discovery of the Erebus and Terror, discovered in 2014 and 2016 respectively.
∞ **Video Link:** Parks Canada Guided Tour Inside HMS Terror

WEEK 10 ☐ **30m Geography: Grade 7 (Canada) - Lesson 68**

Final Project: Create a World Map (cont.)

Materials: Mapping the World with Art, other materials will vary

➔ MAPPING ACTIVITY
p.135 Activity Section: Final Project: Creating a World Map
Continue working on your next quadrant. If time permits, begin the next quadrant.

➔ VIEW
∞ Map Link: U.S. Map
∞ Link: State Abbreviations

WEEK 11 ☐ **30m Geography: Grade 7 (Canada) - Lesson 69**

Canada Mapping - Northwest Territories, Yukon, British Columbia

Materials: Canadian Student Atlas, notebook

➔ MAP QUESTIONS
Map Resource: Canadian Student Atlas p.12-13
1. Locate: Northwest Territories
2. What are the borders of the Northwest Territories? [A: Yukon, Beaufort Sea, Nunavut, British Columbia, Alberta, Saskatchewan]

3. Turn to p.32. What is the capital? [A: Yellowknife]
4. What is the highest point, and where is that located? [A: Mount Sir James MacBrien - 2762 m - located in the western part of the territory]

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: Yukon
2. What are the borders of Yukon? [A: Northwest Territories, British Columbia, Beaufort Sea, Alaska]
3. Turn to p.32. What is the capital? [A: Whitehorse]
4. What is the highest point, and where is that located? [A: Mt. Logan - 5959m - located in the southwest corner]

→ MAP QUESTIONS
▯ Map Resource: Canadian Student Atlas p.12-13
1. Locate: British Columbia
2. What are the borders of British Columbia? [A: Pacific Ocean, Yukon, Alberta, United States of America - Alaska and Washington]
3. What mountain ranges go through the province? [A: Coast Mountains and Rocky Mountains]
4. Turn to p.34. What is the capital? [A: Victoria] Where is that located? [A: Vancouver Island]
5. What is the highest point, and where is that located? [A: Mt. Fairweather - 4663 m - located in the northwest corner]

→ MAP WORK
You will continue to label your blank map of Canada in your geography notebook.
1. Label Northwest Territories, Yukon, British Columbia.
2. For each, label the capital, a couple of the major bodies of water, the highest point, and anything else of interest.
3. (Optional) If you have additional time, choose one province/territory and write at least 3 things about it using the information on p.14-31. You can tell about the climate, the vegetation, agriculture, industry, population, etc.

WEEK 11 ☐ **30m Geography: Grade 7 (Canada) - Lesson 70**
Final Project: Create a World Map (cont.)

▯ Materials: Mapping the World with Art, other materials will vary

→ MAPPING ACTIVITY
p.135 Activity Section: Final Project: Creating a World Map
Continue working on your next quadrant. If time permits, begin the next quadrant. If you need more time, you can finish the project during exam week.

WEEK 12 ☐ **30m Geography: Grade 7 (Canada) - Lesson 71**
Exam Week

Term 3

Questions will come from: Mapping the World with Art	

Geography: Grade 7 (Canada)

Examination

Term 1

· Mapping the World with Art: Tell about Marco Polo and why he was important to the history of maps. OR Tell about Henry the Navigator and his contributions to map-making.

· Mapping the World with Art: Draw a map of one of the countries you learned about this term and label anything you can remember. Suggestions include the following: Italy, Greece, the Iberian Peninsula, Britain, Israel, India, Africa, and South America.

Term 2

· Mapping the World with Art: Tell about the unsuccessful attempts by the Europeans to find a Northeast Passage to the Orient. OR Tell about the man from the Dutch East India Company and his experience in Japan.

· Mapping the World with Art: Draw a map of one of the countries you learned about this term and label anything you can remember. Suggestions include the following: Scandinavia, the Philippines, the Low Countries of Europe, and Japan.

Term 3

· Exploring the Frozen North: Describe some of the choices Captain Robert McClure made to ensure that he was credited with being the first to find the Northwest Passage. OR Draw and describe a Circumpolar Map and explain what different geographical information this perspective gives the viewer.

· Mapping the World with Art: Draw a map of one of the countries you learned about this term and label anything you can remember. Suggestions include the following: Australia, New Zealand, Alaska, North America, and Antarctica.
