

U.S. History

About the Course

Read about U.S. history from 1800-1900 through books that immerse students in the time period and allow them to see the world through the eyes of those who lived it. Through engaging narratives, history spines, primary source documents, and books that show different perspectives, students come to see history as more than dates and events and develop relationships with people from the past. Viewing images, looking at maps, and working on one's Book of Centuries are also part of developing this relationship.

This topic is included in the following course(s): History: Grades 7-8 (U.S.)

Placement & Combining Tips

U.S. history may be suitable for 9th graders as well if combining.

U.S. History: Grades 7-8

How To Teach

Prepare

- Read through the lesson and gather any necessary links.
- If you have not read the book, you may want to read the selected pages in advance.
- Decide which lessons/books to read together and which to have students read independently.

Recap

- Connect back to the previous lesson. Have students give a summary of what they remember. (Full narration is not necessary.)
- If the previous passage is difficult to remember, teachers may ask a leading question: "What can you tell me about..." Or students may try looking back at any chapter/section headings or illustrations or reading the first paragraph to jog the memory.

Introduce

- Use a picture, map, or engaging question to pique the student's interest in the day's lesson (often included in lesson plans).
- If necessary, talk about a few unfamiliar words that will be crucial to understanding.

Read

- Read the day's passage out loud or have the student read independently. Sometimes reading for the specified time is a better guide.
- If a book is challenging, try stopping to narrate every now and then rather than waiting until the end. It can also help to read aloud. Or you might want to use an audiobook version of the text and have students read along with it.
- Have students keep an eye out for events or characters to add to their Citizenship Notebook, Book of Centuries, or Copywork Book.

Narrate

- Have students retell the passage orally or write a narration.
- Alternatively, students might analyze a character, trace cause to consequence, outline a passage, or use one of the other methods indicated by Charlotte Mason in School Education Chapter 16, especially p.180.
- Students who enjoy writing can experiment with different types of written narrations, but this is not required.

Discuss

- Give the student an opportunity to share thoughts on the lesson and any connections made (orally or in writing).

- You could ask them what they thought about the passage or ask an open-ended question to stimulate discussion. Discussion questions are often included in the lesson plans.

Connect

- Optional: Add something to the Book of Centuries, Century Chart, Citizenship Notebook, or Commonplace book. If students would like to include pictures, these may be drawn or printed.

The War of 1812

Materials: PDF Link

→ INTRO

1.This year you are studying the time period 1800-1900. The books we are reading begins in 1820. Today's lesson will highlight some significant events that happened before 1820 and we will begin the book next week. The American Revolution ended in 1783 with the signing of the Treaty of Paris where the U.S. was acknowledged as a sovereign nation. In 1800, the U.S. population totaled 5.3 million, including one million African Americans, of whom 900,000 were enslaved.

2.Imagine what life was like in the U.S. in the early 1800's. Describe what you know about transportation, communication, food production, and clothing. Many important inventions were created during this time and people's way of life changed due to the Industrial Revolution. Watch this video to learn more about this.

The Beginning of the story

Materials: Sacajawea

→ INTRO

By the age of 16, Sacajawea had been kidnapped from her tribe, gambled away to be a man's second wife, and was pregnant with that man's baby. That's when she would join the journey of Meriwether Lewis and William Clark down the Mississippi River and to the Pacific Ocean. But, where did her story begin? Joseph Bruchac, will explore the early life of Sacajawea as well as recounting her journey with Lewis and Clark which became one of the most famous expeditions to take place in American History. While it is well researched and Joseph Bruchac uses primary sources like the journals of Le

→ INTRO

In 1832, a baby boy is born around Charlottesville, Virginia. His name would be Louis Hughes and he was the son of a black mother and a white father. Louis would marry, have children and live through the events of the Civil War. In his old age, he would write a memoir, sharing his life story. In *A Year in the South*, author and Civil War historian Stephen Ash, uses Louis Hughes' memoir and other additional primary sources to detail one of the most eventful years in the history of the United States: 1865. This is the year that the civil war would come to an end. But what did the victory of the Civil War mean for the men and women still enslaved in the South? When did freedom come? These are just a few of the questions, Stephen Ash will answer in his book.

Materials: A Year in the South: 1865

→ INTRO

In the prologue of *A Year in the South*, Stephen Ash introduces his audience to Cornelia McDonald. He writes, "When 1865 began, Cornelia McDonald was forty-two years old and living in a rented house in Lexington, Virginia, with her seven children. She was a widow and a war refugee. The death of her husband, a Confederate army officer, and the loss of her home had brought her to the verge of poverty and despair." Cornelia McDonald was born in Virginia. She was born in 1822 to a well off family. Her family had owned slaves and she had grown up never needing to work with her hands. How does the victory of the union in 1865 impact this young mother and widow? Author and Civil War historian Stephen Ash, will use many different primary sources to piece together this young woman's story.

WEEK 5 30m U.S. History: Grades 7-8 - Lesson 57

Louis Hughes in the Spring

Materials: A Year in the South: 1865

→ INTRO

Like many enslaved women and men, Louis Hughes had dreams of being free. He would run away a couple of times and every time he received a punishment. His story highlights the evil that we must face as those who study history. Humans are capable of great evil towards each other. Sin is a part of the human experience and we can trace it to every place and every time.

In his book, *Why Study History*, John Fea writes, "Indeed, anyone who studies the past realizes that there are no heroes in history. While people may perform heroic acts, all humans are tainted by sin and are susceptible to acting in ways that preference themselves over others and God. Historians understand, perhaps better than most, the reality of the pain, suffering, injustice, anger, and vice brought on by sin. In other words, they understand the tragic dimensions of life."

History reminds us of the inherent weakness in the human condition and the very real possibility that our fellow human beings are capable of horrendous things. This should humble us, for "there, but for the grace of God, go I." One day there will be a new heaven and new earth where there will be no more death or mourning or crying or pain.

Louis Hughes in Summer

Materials: A Year in the South: 1865

→ INTRO
With the surrender of General Lee to Ulysses Grant on April 9th, 1865 and the emancipation proclamation, enslaved men and women waited for their freedom to come as their enslavers did not seem keen on letting them go free without influence from the soldiers.

In June of 1865, Louis Hughes and his wife and children were still waiting for their freedom to come. They waited and waited for their freedom. How

WEEK 11 30m U.S. History: Grades 7-8 - Lesson 69

Cornelia McDonald and Louis Hughes in Fall

Materials: A Year in the South: 1865

→ INTRO

1865 was a year faced with many uncertainties. As men and women were freed from the bondages of slavery, they would need to find homes, jobs and safe havens where they could relish their freedom. And households that had built their wealth on the backs of slaves, would need to transition quickly to be able to sustain themselves. The year 1865 would be one of the most tumultuous years in the history of the United States, but the fight for freedom didn't end with the emancipation proclamation or the winning of the civil war. The rest of the 1800s would be filled with a struggle for equality that was just beginning.
