

Algebra 1

Part 2

About the Course

Following Mason's example, students alternate lessons in Algebra and Geometry.

This topic is included in the following course(s): Mathematics: Grade 9

Mathematics: Grade 9

Students should look ahead to college math requirements at schools they may want to attend or majors they may plan to pursue and plan accordingly. It is important to work at a student's pace. Alveary pacing has students study geometry and algebra concurrently in 9th and 10th grade and then finish Algebra II/Trig during 11th grade. Students can then start precalculus in 11th grade and finish 12th grade with precalculus or calculus.

Placement & Combining Tips

Students should have facility with arithmetic.

Algebra 1: Part 2

☐ Work through your Algebra book 2 days/week at your own pace, aiming to finish these chapters:

Term 1: Ch.9-11

Term 2: Ch.12-14

Complete the odd answers to questions in Set 1 and every other answer in Set 2 of each chapter.
