

Lettering

Level 2

About the Course

Continue building an artistic toolbox to create hand-lettered art. Students learn to make banners, frames, and borders and practice a variety of lettering styles, including retro, faceted, vintage circus, bubble, ribbon styles, and more. Skills can be used to create beautiful collections of mottoes and quotes in a Commonplace Book or for display or gifts.

How To Teach

Warm Up

Have the students spend a few minutes warming up by practicing large arm movements on the chalkboard and drawing a few strokes they have already learned.

Observe

Look at the new stroke or letter together. Allow the students to articulate what they notice. How will they achieve the desired look?

Practice

Students should practice with a small piece of chalk (on its side) on the chalkboard first so that erasing is easy. Then have students practice the new stroke, letter, or letter combination with pen and paper. They should practice until they have six perfect examples before moving on to the next stroke.

Evaluate

Have the students self-evaluate. They may circle their best examples or reflect on which parts were done well and which ones need more practice.
