About the Course

This year, students will learn how to play football, badminton, and softball through participating in a variety of games, skills, and activities. Activities are geared for smaller groups of students but can be adjusted to any size.

This topic is included in the following course(s): PE: Grades 4-6, PE: Grades 7-12

PE: Grades 4-6

Lessons specifically created for Grades 1-6. We recommend you make sure to include some sort of physical activity as breaks throughout your school day. If you already have sports or similar activities as a regular part of your life rhythms, these lessons are optional.

PE: Grades 7-12

Lessons specifically created for Grades 7-12. We do recommend you prioritize the Historical Dance lessons as these are less likely to be obtained elsewhere and also give depth and richness to student's understanding of the time period. We recommend you make sure to include some sort of physical activity as breaks throughout your school day. If you already have sports or similar activities as a regular part of your life rhythms, these lessons are optional.

How To Teach

Overview

Mason emphasized that being physically fit is just as important as being mentally and spiritually fit. She used a combination of Swedish Drill (calisthenic exercises done to music or military-style commands), playground games, sports, dance, free play, and afternoon walks to make sure students had time for vigorous exercise every single day.

Introduce

Teach students the new song, dance, or sport. Tutorials are often provided.

Practice

Play your new game, practice your new dance, sing your new rhyme, etc.!
