

Art

Level 8

About the Course

Skills Focus: Continue in the new expanded color wheel, as well as learn about contrasting colors, color charting, split complements, and analogous colors. Learn and apply new ways to create texture and value through hatching and stippling. Understand pointillism. Continue working on portraiture. Understand how to paint light in watercolor and continue to strengthen watercolor skills.

Placement & Combining Tips

If students are in grade 6 or above, they should begin with the fast-track lessons and then move on to Level 4.

Prerequisite: Level 7 or appropriate skill proficiency.

Art: Level 8

☐ View Art Teacher Training Tutorials as you need them throughout the years of art study (see Quick Links below). Read Drawing, Design, and Craft-Work by Glass p.1-33, to understand the "why" behind what we do in art lessons, and look over Brushwork: Elementary Brush-Forms for levels 1-3 and Fast Track or Brush Drawing by May Mallam for students in levels 4-8.

☐ Print online images as you need them for lessons. It is very important that students work

from printed photos in books or magazines (or printed from the internet) rather than from a device. Computers, iPads, etc., are lightboxes whose illumination affects the way an object is seen. This illumination is not controllable and will lead to confusion and frustration. Students are welcome to view artwork or photographs on a device, but when they are working from a reference photo, it needs to be printed, and they should not work from a screen.

□ Prepare a large, frameless chalkboard for each student to allow for large shoulder movement. This could be on the backside of their individual drawing boards or one large chalkboard on the wall. Do what works best for your students and classroom. You can view the teacher tutorials to learn how to create a chalkboard for your student(s).

□ Before you begin the color theory or brush drawing term, prepare paint palettes by putting a small amount of each pigment in its own single palette space. Allow to dry for several days. View the video playlist of Art Teacher Training Tutorials to learn how to prepare, clean, and label your palette.

• Level 8 Palette: White, Neutral, Phthalo Blue, Quinacridone Gold, and Quinacridone Red

□ Preview lesson plans to know if you will need a special supply for an upcoming lesson, and organize supplies for easy lesson setup. Replenish supplies as needed.

How To Teach

Prepare

Make sure your art supplies are organized and easily accessible. Look ahead to the upcoming lessons and gather supplies needed.

Recap

Connect back to the activities and ideas from last lesson.

Introduce

Teach students the new skill (model it yourself and use the book or video resource in the lesson). Look at examples.

Practice

Give students time to practice the new skill. Keep the "Guiding Questions" document (see Appendix) for reference when practicing observational skills.

Discuss

Have students discuss, observe, and self-evaluate their work.

Term 1

WEEK 1

45m Art: Level 8 - Lesson 1

Color Theory: Expanded Color Wheel

Materials: spray bottle, watercolor palettes, brushes, water, cloth, printed color wheel

PREP: Print on cardstock

∞ Link: Color Wheel

→ RECAP

- Recall all you know about color thus far.
- Name the primary colors that you used in previous levels.

→ INTRO

Students will make a 12-color color wheel with primary colors: Phthalo Blue, Quinacridone Gold & Quinacridone Red.

→ PRACTICE

- Do one half of the color wheel for this lesson.
 - Students will need to mix fresh secondary colors from their new primaries. (Mix enough so that you will have plenty to use for the next lesson to mix your tertiary colors.)
 - The color wheel will be referred to throughout the term, so keep it in a handy place. One idea is to paste it onto the inside cover of your Art book.
 - Have students paint the colors in their proper places. Color placement on the color wheel must be exact. Start over if you make a mistake.
 - Refer to the example if you are confused about placement within the wheel.
- ∞ Image Link: Example of Expanded Color Wheel

• OCCUPATIONS Make other color wheels by mixing your previous primaries with the new primaries. Anytime you sub one primary for another you will get a completely new rainbow. So if you kept Phthalo Blue and Quinacridone Gold but used Quinacridone Pink you would get different oranges and purples. If you used Prussian Blue and mixed it with Quinacridone Red you would get a different purple, etc. Just be sure to keep your experimental palette separate from your working palette.

WEEK 1

45m Art: Level 8 - Lesson 2

Color Theory: Expanded Color Wheel

Materials: spray bottle, watercolor palettes, brushes, water, cloth, color wheel

→ RECAP

- Recall all you know about color thus far.
- Name the primary colors that you used in previous levels.

→ PRACTICE

- Do the other half of the color wheel for this lesson.
 - Students will need to mix fresh tertiary colors from their new primary and secondary colors.
 - The color wheel will be referred to throughout the term so keep it in a handy place. One idea is to paste it onto the inside cover of your Art book.
 - Have students paint the colors in their proper places. Color placement on the color wheel must be exact. Start over if you make a mistake.
 - Refer to the example if you are confused about placement within the wheel.
- ∞ Image Link: Example of Expanded Color Wheel

WEEK 2

45m Art: Level 8 - Lesson 3

Color Theory: Contrasting Colors

Materials: black construction paper, white construction paper, 8 different colors of construction paper, glue or glue sticks, scissors

→ RECAP

- Recall tertiary colors.
- Recall complementary colors.

→ INTRO

Today, we are learning about contrasting colors. Contrasting colors are colors that cause other colors to pop out.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Contrasting Colors L8, L3

→ PRACTICE

- Cut one 4" wide strip of black paper as long as your page. Cut a ~2" square out of each of the colors of construction paper that you have. Glue the 2" square onto the black construction paper. (Follow the instructions on the video.)
- Which color pops out the most?
- Do the same thing with the colors on the white side of the paper.
- Which color pops out the most?

→ DISCUSS

What did you observe about your colors?

• OBSERVE & DISCUSS Practice identifying Art skills. Look for contrasting colors on your nature walk.

• OCCUPATIONS Choose two contrasting colors to use. Do a design with your name using those two colors.

Term 1

WEEK 2

45m Art: Level 8 - Lesson 4

Color Theory: Contrasting Colors

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, pencil

→ RECAP

Recall contrasting colors.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Contrasting Colors with Watercolor L8, L4

→ PRACTICE

- Draw eight 4" squares in your Art book. Draw 2" squares in the center of each of those squares.
- Choose your favorite color and paint in the 4" square, but do not paint in the 2" square with that same color.
- After the outside square has dried, paint each 2" square a different color.

→ DISCUSS

Which pair contrasts the most?

• **OBSERVE & DISCUSS** Practice identifying Art skills.
Look for contrasting colors on your nature walk.

• **OCCUPATIONS** Continue working on your name design using contrasting colors.

WEEK 3

45m Art: Level 8 - Lesson 5

Color Theory: Contrasting Colors

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, fruit all of one color (optional)

→ RECAP

Recall contrasting colors.

→ PRACTICE

Paint a still life with fruit that are all the same color; i.e., strawberries, raspberries, and a red apple. You can choose to do this painting from your memory of fruit or to observe fruit in life. Use a contrasting color for the background, such as green or blue.

→ DISCUSS

What is the effect the contrasting background has on the fruit?

WEEK 3

45m Art: Level 8 - Lesson 6

Color Theory: Introduction to Color Charting

Materials: spray bottle, watercolor palette, brushes, water, cloth, 12" x 18" white paper, ruler, pencil, separate palette for mixing (i.e., Styrofoam plate, etc.)

→ NOTE

This lesson will take the term to complete.

→ RECAP

- Recall the colors that you have been given this year in your palette (Quinacridone Gold, Quinacridone Red, Phthalo blue, and neutral).
- Recall all 12 colors on your color wheel.

→ INTRO

You will begin color charting in order to learn the range of colors that you can get from your palette.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Setting Up Your Color Chart L8, L6
∞ Video Link: Color Charting L8, L6

→ PRACTICE

- You have 12 colors in your color wheel, and so you will need to draw a 12 by 12 chart. You will draw the boxes 1" square.
- It may take you an entire class time to set up your color chart. This is to be expected.
- Follow the instructions on the video.

→ NOTE

Students may refer to the sample color chart if they need further guidance.
∞ Link: How to Make a Watercolor Mixing Chart Step-by-Step

→ DISCUSS

Tell the process that you went through.

• **OBSERVE & DISCUSS** Practice identifying Art skills.
Look for and collect items on your nature walk that are interesting in color.

• **OCCUPATIONS** You can do this color charting with your old palette of Prussian Blue, Quinacridone Pink, and Hansa yellow. Read the article if you need more help understanding.
∞ **Article Link:** How to Make a Watercolor Mixing Chart Step-by-Step

Term 1

WEEK 4

45m Art: Level 8 - Lesson 7

Color Theory: Color Charting

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color chart

→ RECAP

- Recall the colors that you have been given this year in your palette (Quinacridone Gold, Quinacridone Red, phthalo blue, and neutral).
- Recall all 12 colors on your color wheel.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Color Charting L8 L6

→ PRACTICE

- Work on your color charting.
- Follow the instructions on the video.

→ DISCUSS

Tell the process that you went through. Share your thoughts with your teacher.

- OBSERVE & DISCUSS Practice identifying Art skills. Look for and collect items on your nature walk that are interesting in their color.

WEEK 4

45m Art: Level 8 - Lesson 8

Color Theory: Color Charting

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color chart

→ RECAP

- Recall the colors that you have been given this year in your palette (Quinacridone Gold, Quinacridone Red, phthalo blue, and neutral).
- Recall all 12 colors on your color wheel.

→ PRACTICE

- Work on your color charting.
- Follow the instructions on the video.

∞ Video Link: Color Charting L8 L6

→ DISCUSS

Tell the process that you went through. Share your thoughts with your teacher.

WEEK 5

45m Art: Level 8 - Lesson 9

Color Theory: Color Charting

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color chart

→ RECAP

- Recall the colors that you have been given this year in your palette (Quinacridone Gold, Quinacridone Red, phthalo blue, and neutral).
- Recall all 12 colors on your color wheel.

→ PRACTICE

- Work on your color charting.
- Follow the instructions on the video.

∞ Video Link: Color Charting L8 L6

→ DISCUSS

Tell the process that you went through. Share your thoughts with your teacher.

WEEK 5

45m Art: Level 8 - Lesson 10

Color Theory: Color Charting

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color chart

→ RECAP

- Recall the colors that you have been given this year in your palette (Quinacridone Gold, Quinacridone Red, phthalo blue, and neutral).
- Recall all 12 colors on your color wheel.

→ PRACTICE

- Finish your color charting.
- Follow the instructions on the video.

∞ Video Link: Color Charting L8 L6

→ DISCUSS

Tell the process that you went through. Share your thoughts with your teacher.

Term 1

WEEK 6

45m Art: Level 8 - Lesson 11

Color Theory: Introduction to Split-Complementary Color Schemes

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color wheel

→ RECAP

- Recall the twelve colors that you have on your color wheel.
- Recall complementary colors.

→ INTRO

Split-complementary is a color scheme using one color and two colors that are adjacent to its complementary color. Split-complementary colors provide visual contrast but less tension than complementary colors.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Split-Complements L8 L11

→ PRACTICE

Do a design of your name using blue-green, Quinacridone Red, and orange.

→ DISCUSS

Tell the process that you went through. Share your thoughts with your teacher.

• **OBSERVE & DISCUSS** Practice identifying Art skills. Look for split complements in nature.

• **OCCUPATIONS** Draw a still life of fruit using split-complements in your Art book with pastels.

WEEK 6

45m Art: Level 8 - Lesson 12

Color Theory: Split-Complements

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color wheel

→ RECAP

- Recall the twelve colors that you have on your color wheel.
- Recall complementary and split-complementary colors.

→ PRACTICE

Do a different design of your name using the split-complements of Phthalo Blue, red-orange, and yellow-orange.

→ DISCUSS

Using your color wheel, walk through the process to find colors that are split-complements. Explain the process to your teacher. Find additional split-complements.

• **OBSERVE & DISCUSS** Practice identifying Art skills. Look for split complements in nature.

• **OCCUPATIONS** Draw a portrait of a friend using split-complements in your Art book with pastels.

WEEK 7

45m Art: Level 8 - Lesson 13

Color Theory: Split-Complements

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color wheel

→ RECAP

- Recall the twelve colors that you have on your color wheel.
- Recall complementary colors.

→ PRACTICE

Do one last design of your name using Quinacridone Red, yellow-green, and blue-green.

→ SELF-EVALUATE

Display all three of your name designs next to each other. Compare and contrast the color combinations.

• **OBSERVE & DISCUSS** Practice identifying Art skills. Look for split complements in nature.

• **OCCUPATIONS** Look for a bush or plant that displays split-complements and draw it in your Art book with pastels.

WEEK 7

45m Art: Level 8 - Lesson 14

Color Theory: Introduction to Analogous Colors

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, color wheel

→ NOTE

Students will need analogous colored flowers to work with for Lesson 15. Analogous colors are three or four colors beside each other on the color wheel; i.e., blue, purple, red, OR green, blue-green, blue, OR Red-Orange, Orange, Yellow-Orange, Yellow. Students are always encouraged to work from life, but if it is not possible, then they can refer to this link:

∞ Image Link: Analogous Colored Flowers in a Vase

→ RECAP

Recall the twelve colors on your color wheel.

→ INTRO

Analogous colors are groups of three colors that are next to each other on the color wheel. An analogous color scheme can have a harmonious, monochromatic effect.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Analogous Colors L8 L14

→ PRACTICE

• **OBSERVE & DISCUSS** Practice identifying Art skills. Look for a photo of a landscape that uses the same three colors that you chose.

Term 1

Do a landscape painting using any three analogous colors that you choose.

→ DISCUSS

What effect did the analogous colors have on your landscape painting?

WEEK 8

45m Art: Level 8 - Lesson 15

Color Theory: Analogous Colors

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book, analogous colored flowers, vase (something to put the flowers in)

PREP: Students will need access to analogous colored flowers (such as Zinnias, Carnations, Dahlias, Petunias, Vincas, Impatiens) that they can place in a vase for this lesson.

→ RECAP

Recall the twelve colors on your color wheel.

→ PRACTICE

- Arrange analogous colored flowers in a vase.
- Do an observational painting of this still life.

→ SELF-EVALUATE

Compare your drawing to the still life. How well did you color match? What did you do well? What could you improve next time?

• OBSERVE & DISCUSS Practice identifying Art skills. Look for analogous colors when walking by the way.

WEEK 8

45m Art: Level 8 - Lesson 16

Color Theory: Analogous Colors

Materials: pastels, erasers, blending stumps, cloth, Art book

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Analogous Colors/ Painting with a Limited Color Palette

→ PRACTICE

- Watch the video tutorial for this lesson.

WEEK 9

45m Art: Level 8 - Lesson 17

Color Theory: Analogous Colors

Materials: pastels, erasers, blending stumps, cloth, 11x14 watercolor or pastel paper

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall the video tutorial you watched in the last lesson.

→ NOTE

You will have four total lesson times to render your analogous color painting. Take your time and pace yourself well.

→ PRACTICE

- Choose a reference photo to work from.
- Decide on an analogous color scheme to render your composition in.
- Create swatches of your chosen colors.
- Begin sketching in your composition with pastel.

→ SELF-EVALUATE

What did you do well? What could you improve next time?

WEEK 9

45m Art: Level 8 - Lesson 18

Color Theory: Analogous Colors

Materials: pastels, erasers, blending stumps, cloth, 11x14 watercolor or pastel paper

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall the video tutorial on analogous colors.

→ NOTE

You will have four total lesson times to render your analogous color painting. Take your time and pace yourself well.

→ PRACTICE

Continue working on your analogous color painting.

Term 1

→ SELF-EVALUATE

What did you do well? What could you improve next time?

WEEK 10

45m Art: Level 8 - Lesson 19

Color Theory: Analogous Colors

Materials: pastels, erasers, blending stumps, cloth, 11x14 watercolor or pastel paper

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall the video tutorial on analogous colors.

→ NOTE

You will have four total lesson times to render your analogous color painting. Take your time and pace yourself well.

→ PRACTICE

Continue working on your analogous color painting.

→ SELF-EVALUATE

What did you do well? What could you improve next time?

WEEK 10

45m Art: Level 8 - Lesson 20

Color Theory: Analogous Colors

Materials: pastels, erasers, blending stumps, cloth, 11x14 watercolor or pastel paper

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall the video tutorial on analogous colors.

→ NOTE

You will have four total lesson times to render your analogous color painting. Take your time and pace yourself well.

→ PRACTICE

Finish working on your analogous color painting.

→ SELF-EVALUATE

What did you do well? What could you improve next time?

WEEK 11

45m Art: Level 8 - Lesson 21

Color Theory: Analogous, Complements, and Split- Complements

Materials: pastels, erasers, blending stumps, cloth, Art book, watercolors, brushes, water

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall complements and split-complements

→ PRACTICE

Do a work of art of your choosing in any color scheme. Use watercolors or pastels.

WEEK 11

45m Art: Level 8 - Lesson 22

Color Theory: Analogous, Complements, and Split- Complements

Materials: pastels, erasers, blending stumps, cloth, Art book, watercolors, brushes, water

→ RECAP

- Recall the twelve colors on your color wheel.
- Recall analogous colors.
- Recall complements and split-complements

→ PRACTICE

Do a work of art of your choosing in any color scheme. Use watercolors or pastels.

Term 2

WEEK 1

45m Art: Level 8 - Lesson 25

Drawing: Introduction to Hatching

Materials: Charcoal, Art book, drawing board, erasers, still life pieces, light source

→ RECAP

- Recall how to create values with charcoal.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.

→ INTRO

We are going to learn a new technique called hatching. Hatching is used to create tonal or shading effects by drawing closely spaced parallel lines.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Hatching with Charcoal L8 L25

→ PRACTICE

- Set up a value scale with six 3" squares.
- Use the hatching technique to apply value to your scale.
- Set up a still life.
- Draw the still life using hatching to add value to your objects.

→ SELF-EVALUATE

How well did you use the new hatching technique? How could you improve next time?

• OCCUPATIONS Draw fabric using the hatching technique to add value.

WEEK 1

45m Art: Level 8 - Lesson 26

Drawing: Hatching

Materials: Pencil, Art book, drawing board, erasers, still life pieces, light source

→ RECAP

- Recall how to create values with a pencil.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.
- Recall hatching.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Hatching in Pencil L8 L26

→ PRACTICE

- Set up a value scale with ten 1" squares.
- Use the hatching technique to apply value to your scale.
- Set up a still life.
- Draw the still life using hatching to add value.

• OCCUPATIONS Set up a new still life and use hatching with the pencil to shade and create shadows.

WEEK 2

45m Art: Level 8 - Lesson 27

Drawing: Hatching with Pastels

Materials: Pastel, Art book, drawing board, erasers

→ RECAP

- Recall how to create values with pastel.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.

→ INTRO

Today, we will learn how to do hatching with pastels.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Hatching in Pastel L8 L27

→ PRACTICE

- Use three different color pastels to create three different pastel scales. (Only one color per scale.)
- Set up three value scales with six 2" squares each. Leave at least an inch of space between the scales.
- Use the hatching technique to apply value to your scales.

→ DISCUSS

Which medium do you prefer to do hatching in?

WEEK 2

45m Art: Level 8 - Lesson 28

Drawing: Cross Hatching Value Scales

Materials: Charcoal, Art book, drawing board, erasers, and a tree to observe

→ RECAP

- Recall how to create values with hatching in charcoal.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.

→ INTRO

Term 2

Cross hatching is similar to hatching except lines are placed on top of each other going in opposite directions to create shading or value changes.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Cross-Hatching in Charcoal L8 L28

→ PRACTICE

- Set up a value scale with six 3" squares.
- Use the cross-hatching technique to apply value to your scale.
- Draw a tree using cross-hatching to add value to your objects.

WEEK 3

45m Art: Level 8 - Lesson 29

Drawing: Cross-hatch Value Scales with Pencil

Materials: Pencil, Art book, drawing board, erasers, still life pieces, light source

→ RECAP

- Recall how to create values with hatching in pencil.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.
- Recall cross-hatching.

→ INTRO

Today, we will learn how to cross-hatch with pencil.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Cross-Hatching in Pencil L8 L29

→ PRACTICE

- Set up a value scale with ten 1" squares.
- Use the cross-hatching technique to apply value to your scale.
- Set up a still life.
- Draw the still life using cross-hatching to add value.

→ DISCUSS

Compare and contrast shading with hatching and cross-hatching.

• OCCUPATIONS Set up a new still life and use cross-hatching with the pencil to shade and create shadows.

WEEK 3

45m Art: Level 8 - Lesson 30

Drawing: Cross Hatch Scales with Pastels

Materials: Pastel, Art book, drawing board, erasers

→ RECAP

- Recall how to create values with hatching in pastel.
- Recall how to use your pink pearl and kneaded erasers as drawing tools.

→ INTRO

Today, we will learn how to cross-hatch with pastels.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Cross-Hatching in Pastel L8 L30

→ PRACTICE

- Set up three value scales with six 2" squares each. Leave at least an inch of space between the scales.
- Use only one color of pastel per value scale
- Use the cross-hatching technique to apply value to your scales.

→ DISCUSS

Which medium do you prefer to use for cross-hatching?

• OCCUPATIONS Do a self-portrait using stippling for adding value. Remember to hold your pencil properly. Continue this for next lesson as well.

WEEK 4

45m Art: Level 8 - Lesson 31

Drawing: Introduction to Stippling

Materials: Chalk, chalkboard, pencil, drawing board, Art book

→ WARM UP

Spend three or four minutes at the chalkboard drawing with large arm motions.

→ RECAP

- Recall line and value.
- Recall proper technique in holding the pencil for art.

→ INTRO

Stippling is an art technique that uses small dots or specks to add shading or tone.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Stippling in Pencil L8 L31

→ PRACTICE

- Set up a value scale with eight 1" squares.

Term 2

- Complete the value scale with stippling in pencil.

→ DISCUSS

Tell what was noticed or discovered.

WEEK 4

45m Art: Level 8 - Lesson 32

Drawing: Stippling

Materials: Chalk, chalkboard, pencil, drawing board, Art book

→ WARM UP

Spend three or four minutes at the chalkboard drawing with large arm motions.

→ RECAP

- Recall line and design.
- Recall stippling.

→ PRACTICE

Find an object in your classroom to look at and draw, holding your pencil properly. Try to add shading by stippling. Do not use erasers for mistakes! Use them as drawing tools and for highlights.

→ SELF-EVALUATE

Compare your drawing to the object. How well did you apply shading and stippling?

- OCCUPATIONS Continue working on your self-portrait.

WEEK 5

45m Art: Level 8 - Lesson 33

Drawing: Stippling

Materials: Chalk, chalkboard, pencil, drawing board, Art book

→ WARM UP

Spend three to four minutes drawing at the board using large arm motion.

→ RECAP

- Recall value and shading.
- Recall holding your pencil properly.

→ PRACTICE

- Do a memory drawing of a plant that you have observed recently.
- Use stippling in pencil to add value to your drawing.

→ DISCUSS

Tell what was noticed or discovered.

- OBSERVE & DISCUSS Practice identifying Art skills. Study these value scales and discuss your observations. The "smooth shading" one is tonal value.

- OCCUPATIONS Do a value scale with stippling in ink. A gel type or any free flowing ink pen would work best. Ball point pens are not as satisfying for stippling.

WEEK 5

45m Art: Level 8 - Lesson 34

Drawing: Stippling Value Scale

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book

→ RECAP

- Recall stippling.
- Recall monochromatic and underpainting.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Stippling in Watercolor L8 L34

→ PRACTICE

- You will practice the stippling technique with your brush and one color of watercolor.
- Create a value scale with eight 1" squares.
- Fill it in using stippling in watercolor.

→ DISCUSS

Tell what was noticed or discovered.

- OCCUPATIONS Find other mediums that you can practice stippling with.

WEEK 6

45m Art: Level 8 - Lesson 35

Memory Drawing: Bird with Stippling

Materials: spray bottle, watercolor palette, brushes, water, cloth, Art book

→ RECAP

- Recall stippling.
- Recall monochromatic and underpainting.

→ NOTE

Work on this for two lessons. Take your time and pace yourself well.

→ WARM UP

Spend three to four minutes drawing by stippling. Use one color of watercolor and the tip of your

Term 2

brush.

→ VIEW, NARRATE, & DISCUSS

∞ Video Link: Stippled Bird in Watercolor

→ PRACTICE
