

# Story of Geometry

Part 1

## About the Course

This course gives students a glimpse into how the ideas that guide our study of geometry were first discovered.

## Placement & Combining Tips

This course is intended as a precursor to Part 2; however, the order may be reversed to facilitate combining students.

SAMPLE

# Story of Geometry: Part 1

## How To Teach

### Recap

Connect back to previous lesson.

### Introduce

Optional: Use a picture, map, or engaging question to prepare the student to receive the idea from the day's lesson. Talk about one or two unknown words that will be crucial to understanding.

### Read

Read the new passage out loud or have the student read it orally or silently.

### Narrate

Have the student narrate orally or in writing.

### Discuss

- Give students an opportunity to share their thoughts on the lesson and any connections made.

### Practice

Optional: Attempt to recreate some of the problems from the stories.

## Term 1

### WEEK 1 15m Story of Geometry: Part 1 - Lesson 1

#### *Introduction*

Materials: String, Straight-Edge, and Shadow

#### → INTRO

As you begin your study of geometry, this book will help you understand some concepts better by showing you how they were discovered and used to solve real problems.

#### → READ, NARRATE, & DISCUSS

"Prologue" p.7-10 (UK 7-9) "The string, the" - "and the shadow."

### WEEK 2 15m Story of Geometry: Part 1 - Lesson 2

#### *The Natural Sense of Order*

Materials: String, Straight-Edge, and Shadow

#### → RECAP

What did you read last time?

#### → READ, NARRATE, & DISCUSS

Ch.1 p.12-13 (UK 12-13) "Geometry itself" - "built into them."

- Look around the room in which you are sitting or outside. Write a paragraph telling what elements of mathematics (including geometry) you see.

### WEEK 3 15m Story of Geometry: Part 1 - Lesson 3

#### *Mathematics as Beauty*

Materials: String, Straight-Edge, and Shadow

#### → RECAP

What did you read last time?

#### → READ, NARRATE, & DISCUSS

Ch.1 p.13-14 (UK 13-14) "Within ourselves" - "geometry really began."
