About the Course

This course includes the following topic(s): Composer Study, Hymns & Spirituals, Folk Songs, Sol-fa: Level 1, Afternoon Listening

About Hymns & Spirituals

Students sing hymns and spirituals to build their faith and appreciation of God's work across time. Hymns and spirituals are connected to the historical time period as appropriate.

About Folk Songs

Students sing folk songs connected to the time period (1800-1900).

About Composer Study

In this course students are immersed into the 19th century via it's composers, instruments, and musical performances. Term 1 focuses on several influential instruments/instrument families, including valved brass, the veena, and the guitar, and the musicians that made them famous. In Term 2, students will grow to know and love the Norwegian Romantic composer, Edvard Grieg. Students conclude the year in Term 3 with the comic operas of Gilbert & Sullivan and their choice between two composers who turned what they saw or heard into music: Modest Mussorgsky and Thomas ("Blind Tom") Wiggins.

About Sol-fa: Level 1

March, imitate, and play games with music. Explore how simple melodic patterns and rhythms build into scales. Finish with an understanding of dynamics, basic rhythms, and the sol-fa scale. Audio lessons are provided with the lesson plans.

Skill Focus: Rhythm, melody, scales, dynamics, and sol-fa syllables ("do" - "so").

Hymns & Spirituals

The Christian hymn and spiritual tradition is incredibly rich, and it is vanishing from many churches. In addition to bringing a much-needed moment of peace to your day, hymns can also introduce students to important theological ideas and church liturgy.

Folk Songs

The purpose of learning folk songs is twofold: to increase students' enjoyment of music and to situate folk music in its historical context in an effort to give students a richer understanding of the times and places that birthed the songs. A musical score is sometimes included for songs, but does not always exactly match the audio used, since folk songs are primarily oral songs and often take many different forms. Studying folk music helps students grow deep roots in our shared heritage and gives insight into historical events from the perspective of the people who were there.

Composer Study

"Music is no isolated thing. Its forms, colors, and expressive qualities do not spring from nowhere; they come out of life itself. Often, of course, they are to be enjoyed for themselves alone, in the concert hall or in one's armchair. But music also reflects human experiences, hopes, and struggles. It may give an insight into the individual and society, into the lives of those far removed from our own in time and place—an insight no other art can provide in this exact way." ~Elie Siegmeister

Placement & Combining Tips

All music lessons except sol-fa are shared between Grades 2-12, making them ideal lessons for multi-age groups.

Composer Study

These Composer Study lessons are shared across grades 2-12 with extensions provided for older students. Students in Grades 2-3 with no classical music background may choose to take Intro to Music Appreciation first, but the composers in this rotation are particularly accessible for a wide range of ages.

Sol-fa: Level 1

Grade 3 students with no experience with sol-fa or sight-reading music may start with Level 1.

Hymns & Spirituals

☐ Bookmark the Alveary hymns, spirituals, and folk song playlist for the year, or create your own YouTube, Spotify, or Amazon playlist if desired.

Composer Study

- Charlotte Mason often included more music in the program than could be covered in the lesson time. While we choose segments that fit the length of the lesson, students will develop a relationship with the term's music insofar as it is a part of their daily atmosphere.

- The YouTube playlist contains nearly the whole year's music, though lessons will occasionally have extra links to historical or musical information. Feel free to create your own playlist if you prefer other platforms to YouTube; though videos are often chosen for visual and sometimes historical interest, the crucial element is the music itself.

- Use the year's playlist to listen to previous and current pieces in the afternoons, and explore the Extra Helpings as interested (ideas which relate directly to a lesson are usually included nearby, while more general resources and activities are listed on the Extra Helpings page). Grade 5+ extensions are also usually appropriate as Extra Helpings for interested younger students.

Sol-fa: Level 1

☐ Bookmark Sol-fa playlists (see Quick Links). If you create a free account on the SoundCloud app, the Sol-Fa lessons become downloadable for offline use.

Term Prep & Teacher Tips

Composer Study

☐ Lessons on Handel's Messiah are scheduled at the beginning of Term 2, so many students will reach them around the Christmas holidays. However, depending on how you schedule your year, this may not fit. Feel free to complete the lessons whenever suits your schedule. The Messiah is as much (or more) an Easter piece as a Christmas one, so you could even bump it to Term 3!

How To Teach

Recap

- Specific recap questions are often suggested in the day's plans; ask students what they remember from the last lesson. If nothing comes to mind at first, tell them to give themselves another minute or two and to keep thinking. Our brains are amazing and can usually recall the previous lesson with a minute of effort. Refrain from doing the work of remembering yourself if you are leading the lessons.
- For composer study, a recap might look like a brief discussion about the name or sound of the piece you listened to previously.
- For hymns and folk songs, this might be an effort to hum the melody or recite the words of the song you're currently learning.
- For sol-fa, it might be a quick explanation of the sol-fa syllable you learned or a tricky rhythm or interval you were working to master.
- If students have difficulty recalling, teachers might try showing them a picture or sharing something that the teacher remembers. This will often refresh their memory enough to allow them to recall.
- If students still cannot recall anything from the last reading, then teachers may consider continuing anyway or repeating the last lesson.

Introduce

- Prepare to listen to the day's musical selection by inviting students to consider an interesting musical or historical idea in the lesson. Perhaps it's a unique word, rhythm, instrument, or piece of historical background. You might introduce it by the way, or read a selection of a composer's bio or a brief article to students.

Listen & Sing

- Listen to the day's musical selection.
- Composer study lessons will usually have you listen to a piece of music for 3-8 minutes. If students have a difficult time listening for the duration of the lesson, stop the music at their limit.
- Some students might draw, color, or engage in a handicraft while listening to help extend their listening time. Students who have a difficult time sitting still or listening may benefit from: a fidget of their choice, such as a piece of putty or clay or an afghan; flexible positioning, such as a wobble seat or inverted sitting; or sensory modulation, such as a weighted vest or blanket or adjustment of light, temperature, or sound.
- Hymn, folk song, or sol-fa lessons will sometimes have you listen to a part of the song and then practice echoing back the melody and/or words.

Discuss

- Composer Study: Talk about the musical selection you heard. What stood out to you? What did you notice? What did it make you wonder? Did it remind you of anything? Discuss the tempo, the sound of the music, the instruments used, the volume, and the mood. Why do you think the composer wrote it the way he did?
- Hymns, Spirituals, & Folk Songs: What lines strike you particularly? Is there a rhyme scheme to the lyrics? Is there a progression to each stanza? If you were to add a verse to the song, what would you

add? If you took a verse out, how do you think it would change the song? Do the melody and words go together? Why or why not?

- Sol-fa: Take a minute to reflect on what you learned in the lesson. Write down any notes you want to remember and practice any particular exercises that were tricky.

Connect

- At the end of the lesson, think about how the day's musical selection connects to other books, subjects, characters in history, etc.
- You might copy down a stanza of a hymn in your Commonplace or Copywork book, read a bit more about the history behind a piece of music, jot down a noteworthy date in your Book of Centuries, or discuss a broader question raised in the lesson.

WEEK 1 10m Sol-fa: Level 1 - Lesson 1

Humming, Lip Trills, Steady Beats

→ INTRO

We're going to start learning how to sight-sing this term. Eventually, we'll be reading music, but first, we need to train our ears! As you work on singing melodies and rhythms, notice how your sol-fa lessons can help you sing your hymns or folk songs.

→ LISTEN & PRACTICE

Repeat the notes, melodies, or rhythms as directed.

How Firm a Foundation

Materials: Our Hymns, Our Heritage, Our Work Book, and/or Music Selections Booklet

→ INTRO

Our first hymn this year is called "How Firm a Foundation." What is a foundation, and what do you think this hymn will be about?

→ LISTEN & PRACTICE

Today, focus on getting familiar with the hymn. Read the words aloud and listen to the full song. Note that various recordings sometimes use the older "thee" rather than "you" and annotate your lyrics depending on the recording you use. Notice, talk about, and look up any unfamiliar words.

∞ Audio Link: How Firm a Foundation (YouTube or Spotify)

→ READ, NARRATE, & DISCUSS

Learn the history of the song from Our Hymns, Our Heritage.

• EXTRA HELPINGS

Look at early copies of Rippon's hymnal. What differences and similarities do you notice between it and hymnals today? If interested, read the original hymn (note the extra verses which are less common today) and the prefaces.

Sing the tune of How Firm a Foundation on "hoo" and read the words aloud. Pay attention to the meaning and punctuation as you read.

→ SING & DISCUSS

Today, listen to a line of the song, then pause the video and echo it back, working your way line by line through the song. This will help you focus on each line of the song, not just the ones which come easily to you.

∞ Video Link: How Firm a Foundation Full Song

- What images or lines in the song do you like best?

→ COPYWORK (GRADE 4+)

Copy a line of the melody into your music journal and (if you are taking sol-fa), see if you can label the notes with the sol-fa syllables. Hint: it is written in the key of G, and the first note is "So." Count up how many different sol-fa syllables you used in the song [there should be five]. This hymn is written using the pentatonic scale (often a major scale omitting fa and ti). Many other hymns (like Amazing Grace) are also written with only these five different sol-fa syllables. Explore Extra Helpings to explore a music theory rabbit hole on pentatonic music.

→ ILLUSTRATE

With remaining time (and feel free to continue on your own time if desired), sketch or paint an illustration for each verse in your music notebook or alongside your lyrics.

★ TEACHER TIP

If a student has a hard time coming up with an idea for an illustration, encourage them to focus on just one image from a verse to illustrate.

There are no wrong illustrations as long as the student connects it to an aspect of the verse in their mind. The purpose is simply to help them inhabit and reflect on the verse in a different way.

WEEK 4 10m Folk Songs - Lesson 4

→ DISCUSS

Can you imagine being a soldier and first hearing this tune as an insult? Can you think of any other examples of something that started as a put-down but was then reclaimed to mean something else?

How Firm a Foundation (cont.)

Materials: Our Hymns, Our Heritage and/or Music PDF or Our Work Book

→ RECAP

Sing hymn from memory (as able).

→ SING

Now that you know the words better, experiment with how you sing the song. Pick a few ideas to try or come up with your own. Think about how to emphasize the meaning of the words by the way you sing different verses. Are there other instruments you would use? Use the recording as needed.

- Sing some verses faster or slower.
- Sing some parts soft and some loud.
- Sing the song as a 2-part canon. To do this, divide into two groups (if with at least two people) or use the recording as your second person if solo. Group 1 should start singing, and then Group 2 begins at the beginning when Group 1 hits the "tion" in "foundation" in the first line (see #57 in Our Hymns, Our Heritage to see where Group 2 comes in). Because of the way the song is composed, the two groups will sound nice together even while singing different words!

∞ Audio Link: How Firm a Foundation Tune

• EXTRA HELPINGS

Experiment with more than two groups singing this hymn in a canon or round, and try starting at different places to see what sounds best. For instance, Group 2 could wait to start until Group 1 begins the second line of music in your hymnal. Or you could try having four different groups!

WEEK 5 10m Folk Songs - Lesson 5

Yankee Doodle (cont.)

Materials: Our Work or Music PDF

→ RECAP

Sing as much of Yankee Doodle as you can from memory.

→ SING & PRACTICE

Work on any spots you struggled with in the recap. Then, using the instrumental track or just your voice, sing all of Yankee Doodle (use lyrics if needed). Experiment with how you sing each verse. Try singing one loud and proud, another like you're telling a secret to a friend, etc. If you wrote any of your own verses, add them in as well!

→ READ & DISCUSS

Tell what you know about events happening around the world in the 1800s from anything you've learned in other subjects.

One of the reasons this hymn became so popular not only in Swedish but in English was due to two things: the famous soprano Jenny Lind who toured in North America and sang some of Lina's songs and the number of Swedes who immigrated to North America. We'll learn more about Jenny Lind next lesson.

→ RECAP

Sing "Yankee Doodle" from earlier in the term. Can you remember it?

→ LISTEN & SING

Listen to the full song once, following along with the words. Then try to sing the song yourself a cappella (with just your voice).

∞ Video Link: Sakura, Sakura

→ STUDY

If you take sol-fa or an instrument, look at the sheet music of this folk song and count how many different tones are used. The same note in a different octave doesn't add to the count (for instance, just count one B). How many different tones did you find? [Answer: 5] Much of Japanese music is composed with a scale of five notes, and this song uses the hirajoshi scale (see examples in the link below). This scale is a default scale for the koto instrument as standardized by a famous Koto player in the 17th century, Yatsuhashi Kengyō. Play around with these five notes and see what other

Angels We Have Heard On High (cont.)

📄 Materials: Our Hymns, Our Heritage and/or Our Work or Music PDF

→ RECAP

What is "Angels We Have Heard On High" about?

→ STUDY & SING

Today, we're focusing on learning the tune and words separately.

- Even if you can't read music, look at the music in your hymnal and notice that the shape of the top notes in the first line is the same as the second line. So once you learn the tune of the first line of music, you've learned the tune for the rest of the verse!
- Now find the first "Deo" you see in the sheet music. Even though it looks like a lot of notes, you'll see in your Our Work book or Music PDF and notice in the music that for the chorus you sing "Gloria in excelsis Deo" twice. And the only note that is different the second time is the very last note of the song.
- Now listen to the song and pay attention to those repeated lines (feel free to highlight them with different colors or make a note in your lyrics if desired)! Hum along with the recording as you pick up the tune.

∞ Video Link: Angels We Have Heard (YouTube or Spotify)

→ READ & DISCUSS

Read the words of the song aloud either in your hymnal, Our Work, or Music pdf.

• MUSICAL NOTE

When you sing "Gloria" in the chorus, you are singing a melisma – many notes on one syllable. While this is common for songs featuring just one artist, it is uncommon for congregational songs. Can you think of any other melismas in songs you've sung? Melismas are sometimes called "runs" or "riffs" in pop music.

Can you sing the chorus of "Angels We Have Heard on High"?

→ SING

We're putting the tune and text together today, so listen to a line of the hymn, then pause and sing it back. If you feel confident in the words, you can sing along; echoing helps us pay attention to each line.

∞ Video Link: Angels We Have Heard (YouTube or Spotify)

→ DISCUSS

Look back at the story in Luke 2 about the angels coming to the shepherds. If you wrote your own poetic/musical retelling of the story, what aspects of the story would you write about in your verses?

• COMPOSITION (Grades 7+)

Write your own retelling of the angels' and shepherds' meeting. You can write it as a poem or carol like "Angels We Have Heard on High," a play, a picture book, or a short story.

Extra challenge: Use a commentary or other study helps from Bible lessons to read more about shepherds in NT times and other aspects of Luke's narrative. Work to incorporate these details into your composition as you imagine what that meeting between angels and shepherds was like for those who were there.

En roulant ma boule

Materials: Our Work or Music PDF, colored pencils, or markers

→ RECAP

Sing Amazing Grace from memory (or look at lyrics if needed). Think about the words and try to sing in a way that matches them!

→ INTRO

We're learning a new folk song today! In the 17th and 18th centuries, France claimed a significant portion of land in North America (see map link below). France's financial situation eventually collapsed, and they lost the Seven Years' War with England in 1763, but French voyageurs spent decades paddling through the Great Lakes and down the Mississippi and Missouri rivers (see Extra Helpings for more on the Voyageurs!) to transport furs. As they paddled, they sang to pass the time and keep their strokes even. Our folk song for the rest of this term was one of the songs the voyageurs sang.

∞ Map Link: New France in its Heyday

→ STUDY

The story of this song is odd and looks long, but you'll notice why it's a good paddling song when you listen to the tune and rhythm. But first, look at the lyrics in your Our Work/Music book. With your colored pencils or markers, mark, highlight, or underline the lines which are repeated (for instance, use the same color to highlight/mark the second and fourth line of each verse, which are ALWAYS the same).

→ LISTEN

If you can, follow along with the lyrics in your book as you listen. Pay attention especially to the refrain today and focus just on learning those words.

- Read Psalm 104:1-4 (or further if you like) and discuss the ways you see Grant working the ideas from the psalm into his poetry. Do you see echoes of any other Bible passages?

• EXTRA HELPINGS

The image of God riding upon the wind is common in both Scripture and in other hymns. If you learned "God Moves in a Mysterious Way" in Alveary hymn lessons last year, you might remember the line "he plants his footsteps in the sea and rides upon the storm." Look up Psalm 19, Isaiah 19, and Nahum 1 for other Bible passages with this imagery. Why do you think God is described this way?

En roulant ma boule

📄 Materials: Our Work or Music PDF

→ RECAP

Tell what you remember about the people who often sang "En roulant ma boule" in the 1600s and 1700s.

→ LISTEN & PRACTICE

As French voyageurs paddled, they often sang in a call-and-response format where the leader sang one line and the rest of the men responded. Try singing "En roulant ma boule" in this style by singing along on repeated sections. For instance, let the singer sing the first two lines of the refrain, then you join in when it's repeated. Similarly, listen to the first two lines of each verse and then try joining in when they are repeated. (The singer tries to naturally mimic this call-and-response style by singing louder on the repeated sections.)
