How To Teach

Recap

Connect back to previous lesson.

Introduce

Optional: Use a picture, map, or engaging question to prepare the student to receive the idea from the day's lesson. Talk about one or two unknown words that will be crucial to understanding.

Read

Read the new passage out loud or have the student read it orally or silently.

Narrate

Have the student narrate orally or in writing.

Discuss

- Give students an opportunity to share their thoughts on the lesson and any connections made.

Practice

Optional: Attempt to recreate some of the problems from the stories.
